INDEPENDENT AUDITOR'S REPORT

Board of Regents
Galveston Community College District
Galveston, Texas

We have audited the accompanying financial statements of Galveston Community College District (the "College") as of and for the years ended August 31, 2011 and 2010, as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Galveston Community College District as of August 31, 2011 and 2010, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 27, 2011 on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 16 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements of the College as a whole. The required supplemental schedules on pages 36 through 39 are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The required supplemental schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The statistical section, shown on pages 50 through 70, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the financial statements. The statistical section has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

GALVESTON COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Galveston Community College District (the "College") Annual Financial Report presents management's discussion and analysis of the College's financial activity during the fiscal years ended August 31, 2011 and 2010. Since management's discussion and analysis is designed to focus on current activities, and currently known facts, please read this in conjunction with the College's financial statements and the notes thereto. Responsibility for the completeness and fairness of this information rests with the management of the College.

Financial Highlights for 2011

- The College's net assets as of August 31, 2011 are reported at \$25.2 million. This represents a 7.6% increase from the prior year.
- The College decreased its annual tax rate from \$0.19 to \$0.189475 per \$100 assessed valuation. However, due to an increase in the overall tax base, an additional \$803,000 in property tax revenue was received over the previous period.
- In September 2010, the execution of a general construction contract valued at \$1,044,181 for additional renovations to the largest of the four buildings (Building #2) of the Vocational-Technical Training Center was approved by the Board. The facility is located on a 4.3 acre tract three miles from the main campus. The Board also approved an \$87,500 contract for a related roof replacement. Spring 2011 semester classes began in the newly renovated space, and as of August 31, 2011 the punch-list phase was nearing an end.
- In September 2010 the College purchased a house located at 3920 Avenue R for \$106,000. The house will be utilized for additional student housing, and represents the last parcel within the footprint of the main campus that was not in the possession of the College.
- In October 2010, the College entered into a new contract effective December 1, 2010 with EduServe International for I.T. management, replacing SunGard Higher Education. An annual fee of \$581,600 was approved.
- Construction of the Abe and Annie Seibel Wing of the Cheney Student Center was completed, and the building was formally accepted by the Board of Regents at its February 2011 meeting. The total cost of construction was \$1,570,208. This expenditure was offset by a \$1,500,000 gift from the Abe and Annie Seibel Foundation, plus \$107,000 of cumulative interest earned since July 2005.
- Facility upgrades during the year included the expansion, repaving and upgrading of a 52 space parking lot across Avenue Q from Moody Hall at a cost of \$71,284.
- During 2011 the Board approved (1) a Technology Refresh plan in the amount of \$123,000 to purchase 142 personal computers, and (2) a \$50,000 expenditure to purchase computer server equipment.
- In June 2011 the Board approved the updating of the College's Facilities Master Plan, including a contract with Morris Architects for up to \$45,000 in related professional services. The initial workshop was held in August 2011, with completion of the updated plan scheduled for January 2012.

Financial Highlights for 2010

- The College's net assets as of August 31, 2010 are reported at \$23.5 million. This represents a 13% increase from the prior year.
- In an effort to be sensitive to effects of Hurricane Ike on the Galveston community, the Board of Regents adopted a tax rate resulting in a decrease of property tax revenue of \$700,000 compared to the prior year.
- Construction on the Abe and Annie Seibel Wing began in January 2010 as an addition to the existing Cheney Student Center. The total cost of construction was budgeted at \$1,606,000. The total cost of construction is being offset by a \$1,500,000 gift from the Abe and Annie Seibel Foundation, plus \$107,000 of cumulative interest earned since July 2005.

GALVESTON COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Highlights for 2010 – Continued

- In March 2010, a 4.3 acre industrial site in Galveston was purchased for the development of a Vocational-Technical Training Center. The \$1,250,000 cost was paid from College reserves. The first phase of renovation was started in April 2010 and was completed in June 2010 at a cost of \$150,000. Further renovations of the property will run through 2011.
- Federal funding has covered the cost of approximately \$442,000 of the new equipment for the Vocational-Technical Training Center.
- The new Datatel Colleague Enterprise Resource Planning (ERP) system implementation was substantially complete as of August 31, 2010, with a total disbursed to-date of \$1,125,000 on the project that was contracted in June 2008.

Overview of Financial Statements

The College qualifies as a special purpose government engaged in business-type activities and the financial statements are prepared on that basis. The financial statements include a statement of net assets, a statement of revenues, expenses and changes in net assets, a statement of cash flows and notes to the financial statements. Comparative data from the prior year is shown in a separate column on the face of each of the statements.

The statement of net assets' focus is to report the total net resources available to finance future services. This statement presents all of the College's assets and liabilities, and net assets as of the end of the fiscal year. The statement is prepared on the accrual basis of accounting, in which revenues and assets are recognized when earned, and expenses and liabilities are recognized when incurred regardless of when cash is received or paid. The difference between total assets and total liabilities is net assets, and increases and decreases to net assets is one indicator of whether the overall financial condition has improved or deteriorated during the year when considered with other factors such as enrollment, contact hours of instruction, student retention and other non-financial information. The statement of net assets is useful in determining the assets available to continue operations as well as how much the College owes to vendors, bondholders, and other entities at the end of the year.

The statement of revenues, expenses, and changes in net assets focuses on the "bottom line results" of the College's operations. This approach summarizes and simplifies the user's analysis of the cost of various College services to its students and the burden to the public. The statement is divided into operating revenues and expenses and non-operating revenues and expenses. The College (like all other community colleges) is primarily dependent upon three sources of revenue: State appropriations, tuition and fees, and local property taxes. Since the Governmental Accounting Standards Board (GASB) requires State appropriations, student financial aid (Title IV), grants and property taxes to be classified as non-operating revenues, community colleges will generally display an operating deficit before taking into account other support. Essentially, this deficit represents the net costs of services to students that must be covered by local taxpayer support, the State and other sources of revenue.

The statement of cash flows reports the cash receipts and cash payments that occurred during the fiscal year. This statement helps users assess: 1) the entity's ability to generate future cash flows; 2) its ability to meet its obligations as they come due; and 3) its needs for external financing. The statement of cash flows presents information relative to cash inflows and outflows summarized by operating, financing, and investing activities. The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the College's accounting policies, significant account balances, activities, and contingencies.

Financial Analysis – Statements of Net Assets

Fiscal Year 2011 Compared to 2010

Total net assets for fiscal year 2011 were \$25.2 million, which represents a \$1.8 million increase from fiscal year 2010. Current assets mainly consist of cash, investments in Logic and Lone Star investment pools, and receivables. Current assets remained relatively stable while capital assets grew again this year by \$1.8 million, as the College completed the first phase of renovation and equipment purchases for the Vocational -Technology Training Center (Voc-Tech Center) site and the new Abe and Annie Seibel Wing of the Cheney Student Center (See page 15 for more discussion on the change in capital assets).

Total liabilities of the College declined to \$5.4 million, while non-current liabilities decreased by \$614,000 as a result of the continuing scheduled payment on outstanding debt. The total outstanding balance on bonds payable at the end of fiscal year 2011 was \$2.63 million compared to \$3.24 for fiscal year 2010. Current liabilities increased as more fall 2011 tuition was deferred, due to an increase in tuition and fee rates.

GALVESTON COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis – Statements of Net Assets – Continued

Fiscal Year 2010 Compared to 2009

Current assets decreased as the College used \$1.25 million of reserve funds for the purchase of the Vocational - Technology Training Center (Voc-Tech Center) site. Capital assets grew as the College purchased and started renovation to the Voc-Tech Center and constructed a wing for the student center.

Liabilities remained consistent and the College continues to make scheduled debt payments on outstanding bonds.

The following is a graphic illustration of net assets (in thousands) for the years ended August 31, 2009 through 2011. Total net assets invested in capital assets, net of related debt have increased over the past three years as the College constructs new buildings and continues to make improvements to existing buildings to support student growth. The decrease in unrestricted net assets over the past three years is due to the College using reserved funds to invest in additional buildings, improvements, and equipment to better serve the College's diverse community's needs.

**Revenue by Source
Operating Revenues**

**Revenues by Source
Non-Operating Revenues**

GALVESTON COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis – Statements of Revenues, Expenses and Change in Net Assets – Continued

Fiscal Year 2011 Compared to 2010

The college has four major sources of revenues: property tax, state appropriations, grants and contracts, and tuition and fees. The largest source of revenue is property tax which increased \$802,000 compared to 2010, because of an 11% increase in the tax base that allowed the Board of Regents to lower the tax rate from \$0.19 to \$0.189475 per \$100 assessed valuation. Tuition and fees revenue increased due to increased enrollment in fiscal year 2011 and an increase in tuition and fee rates beginning spring 2011. The increase in tuition and fee was done in anticipation of future state appropriation cuts in the coming years. Federal student assistance increased by \$645,000 in fiscal year 2011 compared to 2010 due to an increase in Pell award amounts of \$600,000, and the implementation of year-round Pell awards. State appropriations remained relatively stable over the past two years, at 25% and 24% of total revenue for fiscal year 2011 and 2010, respectively.

Fiscal Year 2010 Compared to 2009

The largest source of revenue for both 2010 and 2009 for the College is property taxes at 33% and 41%, of total revenue, respectively. The decrease in overall tax revenue is due to the 18% decrease in assessed valuation in Galveston County due to the damages from Hurricane Ike. State appropriations are the second largest revenue source at 24% and 30% of total revenue in 2010 and 2009, respectively. The College Federal Funds increased significantly in 2010. The College received over \$1.4 million in Pell Funds. The College also received approximately \$442,000 in new Federal grants to purchase equipment for the Voc-Tech Center. The College received a \$1.5 million contribution from a private foundation for the construction of a new wing for the student center.

Below is a schedule and a graphic illustration of operating expenses for the years ended August 31:

**Operating Expenses
(in thousands)**

	2011	2010	Increase (Decrease) 2011-2010	2009	Increase (Decrease) 2010-2009
Operating Expenses:					
Instruction	\$ 6,560	\$ 5,965	\$ 595	\$ 6,057	\$ (92)

Academic Support	1,377	1,985	(608)	1,936	49
Student Services	2,330	2,305	25	2,233	72
Institutional Support	3,844	4,678	(834)	4,335	343
Operation and Maintenance of					
Plant	2,394	1,868	526	2,017	(149)
Scholarships and Fellowships	3,191	3,318	(127)	2,178	1,140
Auxiliary Enterprises	662	637	25	247	390
Depreciation	746	579	167	481	98
Total	<u>\$ 21,180</u>	<u>\$ 21,438</u>	<u>\$ (258)</u>	<u>\$ 19,567</u>	<u>\$ 1,871</u>

GALVESTON COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis - Statements of Revenues, Expenses and Change in Net Assets – Continued

Operating Expenses

Fiscal Year 2011 Compared to 2010

Overall, operating expenses decreased by \$258,000 in fiscal year 2011 as compared to fiscal year 2010. The largest category of Operating expense remains Instruction, which increased by \$595,000 in fiscal year 2011, or 10%. Operation and maintenance of plant expense increased mainly due to additional costs at the Vocational-Technical Training Center, which initiated a full program schedule in the spring 2011 semester, and the completion of several other facility upgrades as well. Institutional support expense decreased in fiscal year 2011 because most software and training costs associated with the implementation of the new ERP system were recorded in fiscal year 2010. Academic support decreased by \$608,000 mainly due to the completion of the Title V grant at the beginning of fiscal year 2011, reducing Title V expenditures from \$776,000 in fiscal year 2010 to only \$44,000 in fiscal year 2011.

GALVESTON COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis - Statements of Revenues, Expenses and Change in Net Assets – Continued

Fiscal Year 2010 Compared to 2009

Total operating expenses between fiscal years 2010 and 2009 increased \$1.87 million or 10%. The largest increase being \$1.4 million in additional Pell awards. The Pell award amount to a student increased from \$4,731 in 2009 to \$5,350 in 2010, or \$619 per student. Also approximately 300 more students applied to receive financial assistance. The increase in auxiliary enterprise expense is due to additional institutional scholarships being awarded and moving the athletic department salaries from instruction to auxiliary. The increase in institutional support relates to the cost incurred in training personnel on the College's new software.

Cash Flow Activity

The following chart summarizes the statements of cash flows (rounded to the nearest thousand) for the fiscal years ended August 31:

	2011	2010	2009
Cash Provided by (Used in):			
Operating Activities	\$(14,763)	\$(15,131)	\$(15,905)
Non-Capital Financing Activities	18,379	16,067	18,153
Capital and Related Financing Activities	(2,963)	(3,074)	(1,728)
Investing Activities	<u>23</u>	<u>30</u>	<u>4,503</u>
Net Increase (Decrease) in Cash and Cash Equivalents	676	(2,108)	5,023
Cash and Cash Equivalents – Beginning of Year	<u>10,227</u>	<u>12,335</u>	<u>7,312</u>
Cash and Cash Equivalents – End of Year	<u>\$ 10,903</u>	<u>\$ 10,227</u>	<u>\$ 12,335</u>

The College's cash flow from operations will always be a use of cash as the College relies heavily on State appropriations and property tax revenues to fund operations. The increases in cash from non-capital financing activities are a result of continued increases in property tax revenues and an increase in student financial aid (Title IV) awards. Changes in capital and related financing activities are due to construction of new facilities and yearly bond principal and interest payments.

Capital Asset and Long Term Debt Activity

As shown in Footnote 6 to the financial statements, net capital assets increased from \$14.9 million to \$16.7 million. The following is a list of some of the major projects completed during 2011:

- Land and Improvements increased by \$106,000 due to the completion of the main campus parking lot on Avenue Q and additional lighting installed at the Vocational-Technical Training Center.
- A net change of \$476,000 in construction in progress occurred from a decrease of \$1.6 million from the completions of the Abe and Annie Seibel Wing, offset by the ongoing renovations to the Vocational-Technical Training Center, which increased by \$1.1 million.
- Buildings increased by \$2.2 million due to the completion of the Abe and Annie Seibel Wing, and the property purchased on Avenue R.
- Equipment increased by \$641,000 mainly due to equipment purchases for the Vocational-Technical Training Center.

The College issued \$6,595,000 of Revenue bonds in fiscal year 2004 to refund the 1994 Revenue bonds at lower interest rates, saving approximately \$1.1 million over the remaining life of the bonds. The bonds pay off totaled \$6,795,000. Scheduled principal payments of \$610,000 and \$595,000 were made during the 2011 and 2010 fiscal years, respectively.

Currently Known Facts, Decisions & Conditions

- The College continues to sustain strong enrollment figures by being ahead of the trend line.
- A new tax rate of \$0.189450 was adopted by the Board of Regents in September 2011 for fiscal year 2012. This represents a decrease from the current fiscal year 2011 rate of \$0.189475. However, due to an improved property tax base, the new rate is estimated to provide \$384,989 in additional tax revenues.
- For fiscal year 2012, the Board of Regents approved various cost-cutting measures to address the reduction in State Appropriations both in the current biennium and the upcoming biennium. Measures included a faculty and staff hiring freeze, elimination of the volleyball program, and the elimination of other non-performing academic programs. Projected annual savings from these measures are \$1.2 million, with an additional \$600,000 from an increase in tuition and fees, and another \$400,000 from increased tax revenues.
- In September 2011, the College received notification of being awarded a \$4.02 million Hispanic-Serving Institution – Science, Technology, Engineering, and Mathematics (HIS-STEM) Grant. The total grant award will be spread over 5 years, with \$869,533 scheduled for receipt in fiscal year 2012. The grant will fund new science curriculum development, related laboratory instrumentation, joint development of Engineering, Engineering Technology, and Computer Science Technology transferrable degree programs, as well as additional comprehensive student support services to ensure accomplishment of the stated goals.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – REPORTING ENTITY

Galveston Community College District (the “College”) was established in 1967, in accordance with the laws of the State of Texas, to serve the educational needs of the City of Galveston and the surrounding communities. The College is considered to be a special purpose, primary government. While the College receives funding from local, State, and Federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

The Governmental Accounting Standards Board (GASB) gives guidance in determining whether certain organizations for which the primary government is not financially accountable should be reported as component units based on the nature and significance of their relationship with the primary government. In 2011, the College adopted Governmental Accounting Standards Statement No. 61, *The Financial Reporting Entity: Omnibus*, which changed the criteria for a component unit. The Galveston College Foundation (the “Foundation”) is a legally separate not-for-profit corporation controlled by a separate board of trustees, whose sole purpose is provide scholarships and other benefits to the students and staff of the College. The Foundation does not provide a financial benefit or impose a financial burden on the College. The College does not appoint any of the Foundation’s board members nor does it fund or is it obligated to pay debt related to the Foundation. The financial position of the Foundation as of August 31, 2011 and 2010 and the cost of services provided by the System to the Foundation during the years then ended are not significant to the System. The Foundation has therefore not been included as a component unit in the financial statements of the System. Financial information for the Foundation may be obtained from its administrative office.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Guidelines

The significant accounting policies followed by the College in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. The accompanying financial statements are also in accordance with the Texas Higher Education Coordinating Board’s *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*.

The College applies all applicable codifications of the GASB pronouncements and all applicable Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, unless they conflict or contradict GASB pronouncements. The College has elected not to apply FASB guidance issued subsequent to November 30, 1989, unless specifically adopted by the GASB. The College is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants – Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Tuition Discounting – Continued

Title IV Higher Education Act (HEA) Program Funds – Certain Title IV funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as revenue. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts – The College awards tuition and fee scholarships from institutional funds to qualifying students. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the College have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Net Assets: The College's net assets are classified as follows:

Invested in Capital Assets, Net of Related Debt: This represents the College's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted Net Assets – Expendable: Restricted expendable net assets include resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Unrestricted Net Assets: Unrestricted net assets represent resources derived from student tuition and fees, State appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises which are substantially self-supporting activities that provide services for students, faculty and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense towards unrestricted resources, and then towards restricted resources.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The governing board has designated public funds investment pools to be cash equivalents, as the investments are redeemable on demand.

Investments

Investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase. As of August 31, 2011 and 2010, the College held no investments.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. For equipment, the College's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations of \$100,000 to buildings and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred. Depreciation is computed using the straight-line method over the following estimated useful lives of the assets:

Buildings	45 years
Land Improvements	20 years
Library Books	15 years
Furniture, Equipment and Vehicles	5-10 years
Computer Systems	5 years

Deferred Revenues

Deferred revenues, primarily consisting of tuition and fees, relate to academic terms in the next fiscal year and as such, have been deferred. Deferred revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Classification of Revenues and Expenses

The College distinguishes operating revenues and expenses from non-operating items. The College operates as a business-type activity and as a single, proprietary fund. The College defines operating activities, for purposes of reporting on the statement of revenues, expenses, and changes in net assets, as those activities that generally result from exchange transactions, such as payments received for providing services and payments made for goods or services received. The principal operating revenues are tuition, fees and grants. With the exception of interest expense on long-term indebtedness, substantially all College expenses are considered to be operating expenses. The major non-operating revenues are State appropriations, property tax and Title IV financial aid funds (i.e. Pell grants). The operations of the bookstore and food services are performed by a third party contracted by the College.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Management Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Estimates that have the most impact on financial position and results of operations primarily relate to the collectability of tuition and taxes receivable, the useful lives of property and equipment, and the allocation of expenses among functional areas. Management believes these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Income Taxes

The College is exempt from Federal income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, Etc.*, although unrelated business income may be subject to Federal income taxes under Internal Revenue Code Section 511 (a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc., Organizations*. The College had no unrelated business income tax liability for the years ended August 31, 2011 and 2010.

Subsequent Events

The College has evaluated subsequent events through October 27, 2011, which is the date the financial statements were available to be issued. No matters were identified affecting the accompanying financial statements that have not already been disclosed elsewhere in these financial statements or related disclosures.

NOTE 3 – AUTHORIZED INVESTMENTS

The Board of Regents of the College has adopted a written investment policy regarding the investments of its funds as defined in the Public Funds Investment Act (Chapter 2256.001 Texas Government Code). The investments of the College are in compliance with the Board of Regents' investment policy and the Public Funds Investment Act. Such investments include (1) obligations of the United States and its agencies, (2) directed obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit and, (5) other instruments and obligations authorized by statute.

NOTE 4 – DEPOSITS AND INVESTMENTS

Custodial credit risk for deposits is the risk that in the event of bank failure, the College's deposits may not be returned to it. All deposits with the depository bank must be collateralized in an amount equal to at least 102% of the amount of uninsured collected funds. The collateral must be held by a third-party collateral bank in the name of the College.

At August 31, 2011 and 2010, the carrying amount of the College's deposits was \$828,832 and \$730,692, respectively; and bank balances equaled \$1,193,522 and \$1,224,824, respectively. Bank balances totaling \$250,000 were covered by Federal depository insurance and the remaining balance is collateralized with securities. The College uses a sweep agreement as a funding mechanism for its demand deposit accounts. Under this agreement the funds are swept nightly into a repurchase agreement account. As needed to cover disbursements, funds are swept into the demand deposit accounts.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – DEPOSITS AND INVESTMENTS – CONTINUED

The following table presents the cash and cash equivalents included in Exhibit 1, statement of net assets, as of August 31:

	2011	2010
Cash and Cash Equivalents:		
Petty Cash	\$ 1,455	\$ 1,456
Demand Deposits	828,832	730,692
Vanguard Admiral Treasury Money Market Fund	652,103	651,997
Investment Pools:		
Lone Star Investment Pool	4,161,313	3,594,377
Local Government Investment Cooperative	5,259,067	5,248,506
Cash and Cash Equivalents	\$ 10,902,770	\$ 10,227,028

Interest risk is the risk that changes in interest rates, will adversely affect the fair value of an investment. Investments held for longer periods can be subjected to increased risk of adverse interest rate changes. In accordance with its investment policy, the College limits its exposure to interest risk by structuring its portfolio to provide for liquidity for operating funds and maximizing yields for funds not needed within a two year period. The investment policy limits the maximum maturity length of obligations of the United States government, its agencies and instrumentalities and government sponsoring enterprises to two years.

Credit risk is the risk that the issuer of the debt security will not pay its par value upon maturity. The College's investment policy limits credit risk based on meeting requirements of State law.

The First Public (Lone Star Investment Pool or Lone Star) is a public funds investment pool established in accordance with the Inter-local Cooperation Act, Chapter 791, of the Texas Government Code, and operated under the Public Funds Investment Act, Chapter 225, of the Texas Government Code. Lone Star is governed by trustees comprised of active participants in Lone Star. The board of trustees for Lone Star has the responsibility for adopting and monitoring compliance with the investment policy, of appointing investment officers, of overseeing the selection of an investment advisor, custodian, investment consultant, administrator and other service providers. Lone Star Investment Pool is rated AAA by Standard & Poor's.

Local Government Investment Cooperative (LOGIC or the Cooperative) was organized in conformity with the Inter-local Cooperation Act, Chapter 791, of the Texas Government Code, and operated under the Public Funds Investment Act, Chapter 225, of the Texas Government Code. Participation in the Cooperative is limited to those eligible Government Entities which have become parties to the Participation Agreement. The Cooperative's governing body is a six-member Board of Directors (the Board) comprised of employees, officers or elected officials of participant Government Entities or individuals who do not have a business relationship with the Cooperative and are qualified to advise it. A maximum of two advisory board members represent the Co-Administrators of the Cooperative. The Board has entered into a contract with First Southwest Asset Management, Inc. and JPMorgan Asset Management, Inc. to provide administrative, investment management fund accounting, transfer agency, participant and marketing services for the Cooperative. In compliance with the Public Funds Investment Act, all portfolios will maintain a AAA or equivalent rating from at least one nationally recognized rating agency. LOGIC has been assigned a rating of AAA by Standard & Poor's.

NOTE 8 – BONDS PAYABLE

Bonds payable consist of Combined Fee Revenue Refunding Bonds, Series 2004. General information related to bonds payable is summarized below:

- Issued March 1, 2004.
- Refunded the 1994 Combined Revenue Bonds, and paid cost of issuing the new bonds.
- \$6,595,000, all authorized bonds have been issued.
- Interest rates range from 5.5% to 6.2%.
- Net proceeds from Refunding Series – \$682,235 after payment of \$168,285 in underwriting fees, insurance and other issuance costs.
- Additional \$680,437 of 1994 Series sinking fund monies was used to purchase U.S. Government securities which were deposited in an irrevocable trust with an escrow agent to provide for future debt payments on the 2004 Refunding Bonds Series.
- The 1994 Combined Fee Revenue Bonds are considered fully defeased and the liability for those bonds has been removed from the financial statements.
- Advanced refunding of the 1994 Series bonds reduced the College debt service payment approximately \$1,116,000 over the next 11 years.
- Economic gain – \$949,218 difference between the net present value of the old and new debt service payments.

The College is to maintain a reserve account equal to the maximum annual principal and interest requirements. The reserve balance at August 31, 2011 is \$718,590, which meets the full reserve requirement.

The principal and interest expense requirements for the next four years are as follows:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2012	\$ 625,000	\$ 93,590	\$ 718,590
2013	645,000	74,840	719,840
2014	665,000	54,200	719,200
2015	<u>690,000</u>	<u>27,600</u>	<u>717,600</u>
 Total	 <u>\$ 2,625,000</u>	 <u>\$ 250,230</u>	 <u>\$ 2,875,230</u>

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 – EMPLOYEE RETIREMENT PLANS

The State of Texas has joint contributory retirement plans for almost all its employees. One of the primary plans in which the College participates is administered by the Teacher Retirement System of Texas.

Teacher Retirement System of Texas

Plan Description. The College contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4% for fiscal years 2011 and 2010 and a state contribution rate of 6.64% and 6.66% for fiscal years 2011 and 2010, respectively. In certain instances the reporting district is required to make all or a portion of the state's 6.64% and 6.66% contribution for fiscal years 2011 and 2010, respectively.

Optional Retirement Plan

Plan Description. The state has also established an optional retirement program for institutions of higher education. Participation in the Optional Retirement Program (ORP) is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.0% and 6.65%, respectively of annual compensation. In addition, the College contributes 1.92% of annual compensation for each participant hired on or before August 31, 2005. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program.

Retirement Expense

The total payroll for all College employees was \$9,176,813 and \$8,962,165 for the fiscal years ended August 31, 2011 and 2010, respectively. The total payroll of employees covered by TRS was \$5,845,771 and \$5,714,651 and the total payroll of employees covered by ORP was \$2,305,741 and \$2,231,968 for fiscal years August 31, 2011 and 2010, respectively.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 – EMPLOYEE RETIREMENT PLANS – CONTINUED

Retirement Expense – Continued

The retirement expense to the State for the College was \$473,756 and \$441,167 for the fiscal years ended August 31, 2011 and 2010, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the College.

NOTE 10 – DEFERRED COMPENSATION PROGRAM

The College's employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code Section 609.001. The plan is essentially an unfunded promise to pay by the employer to each of the plan participants. As of August 31, 2011, the College had 27 employees participating in the program and a total of \$116,700 in contributions was invested in the plan during the fiscal year. As of August 31, 2010, the College had 28 employees participating in the program and a total of \$128,109 in contributions was invested in the plan during the fiscal year.

NOTE 11 – POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to providing pension benefits, the State provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for these benefits if they reach normal retirement age while working for the State. These and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The State recognizes the cost of providing these benefits by expending the annual insurance premiums. The State's maximum contribution per full-time employee was \$413 per month and maximum contribution for dependent coverage was \$808 per month for both years. The State's cost of providing those benefits for retirees was \$326,676 and \$331,176 for the years ended August 31, 2011 and 2010, respectively. The State's actual total cost of providing health insurance benefits to the College totaled \$857,885 and \$889,368 for the years ended August 31, 2011 and 2010, respectively.

NOTE 12 – COMPENSATED ABSENCES

The College has three ways in which compensated absences can be earned.

Sick Leave

All full-time employees earn sick leave at the rate of one day per month. Sick leave can accumulate to a maximum of 60 days for the purpose of carry-over from year to year. Unused accrued sick leave is forfeited upon termination of employment with the College with one exception. Sick leave which was accrued prior to September 1, 1989, is compensated at the rate of one-half the accrued amount up to a maximum of 60 days based on the employee's salary at separation of service. The College's policy is to recognize sick leave when paid. The liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 12 – COMPENSATED ABSENCES – CONTINUED

Vacation

Classified and administrative full-time employees are eligible for vacation benefits at a rate of one day per full month of employment; and may accrue and carry forward from one year to the next a maximum of 30 vacation days. Upon termination of employment, not more than 30 vacation days shall be compensated. The College has recognized an accrued liability for unpaid vacation leave in the amount of \$333,783 and \$322,779 as of August 31, 2011 and 2010, respectively. Faculty employees are not eligible to earn vacation benefits.

Compensatory Time

For nonexempt employees, it is the policy of the College to compensate overtime hours worked with compensatory time calculated at the rate of 1.5 times for each hour worked over 40 hours per week. All compensatory hours should be used by the end of the month following that in which it was earned; however, a maximum of 40 hours may be accrued and carried forward from year to year. The liability is not shown in the financial statements since experience indicates the expenditure of compensatory time to be minimal.

NOTE 13 – PROPERTY TAX

The College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real, business/land personal property located in the tax area of the College. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

At August 31:	<u>2011</u>	<u>2010</u>
Assessed Valuation of the College	\$4,642,447,972	\$4,523,226,284

Assessed Tax rate per \$100 Valuation	\$.1900	-
	\$.2700	\$.2700
	\$.1900	\$.1900

Taxes levied for the years ended August 31, 2011 and 2010, based on certified rolls, as reported by the taxing authorities amounted to \$8,800,902 and \$8,042,444, respectively. Galveston County Tax Assessor and Collector is the collecting agency for the levy and remits collections to the College, net of a collection fee.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 13 – PROPERTY TAX – CONTINUED

Tax collections for the years ended August 31, 2011 and 2010 were as follows:

	2011	2010
Current Taxes Collected	\$ 8,518,149	\$ 7,740,468
Delinquent Taxes Collected	253,648	271,037
Penalties and Interest Collected	161,144	143,897
 Total Collections	 \$ 8,932,941	 \$ 8,155,402

Tax collections for the years ended August 31, 2011 and 2010 were 96.49% and 96.25%, respectively of the current tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or interest and sinking fund expenditures.

NOTE 14 – CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with accounting principles generally accepted in the United States of America. Contract and grant awards are recognized as revenues as funds are actually expended. For contracts and grant awards, funds expended but not collected are reported as receivables. Funds received but not expended during the reporting period are deferred until earned. As of August 31, 2011 and 2010, \$187,114 and \$228,815, respectively, of grant funds have been received in advance.

NOTE 15 – DESIGNATED UNRESTRICTED NET ASSETS

The Board has approved \$5,128,890 of unrestricted net assets to be designated in the event of a natural disaster. This amount represents six months of fiscal year 2011 budgeted salaries and benefits.

NOTE 16 – COMMITMENTS AND CONTINGENCIES

State and Federally Assisted Programs

The College participates in a number of State and Federally assisted programs. These programs are subject to program compliance audits by the grantors or their representatives. Accordingly, the College's compliance with applicable grant requirements will be finally determined at some future date. The amount, if any, of expenditures which may be disallowed by the grantor agencies cannot be determined at this time, although the College expects such amounts, if any, to be immaterial.

GALVESTON COMMUNITY COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

NOTE 17 – GALVESTON COLLEGE FOUNDATION

The Foundation is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College.

The Foundation remitted \$130,230 and \$245,194 to the College for scholarship awards during the years ended August 31, 2011 and 2010, respectively. The Foundation remitted \$380,277 and \$250,000 to the College to fund grant programs during the years ended August 31, 2011 and 2010, respectively.

During the years ended August 31, 2011 and 2010, the College provided office space and staff assistance to the Foundation at no cost. The College's management estimates the value of the service provided to the Foundation in fiscal years 2011 and 2010 to be approximately \$237,000 and \$229,000, respectively. As of August 31, 2011 and 2010, the amount due from the Foundation was \$48,294 and \$44,191, respectively.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Regents
Galveston Community College District
Galveston, Texas

We have audited the financial statements of Galveston Community College District (the "College") as of and for the year ended August 31, 2011, and have issued our report thereon dated November 4, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Texas Public Funds Investment Act

We also performed tests of the College's compliance with the requirements of the Texas Public Funds Investment Act (the Act). The results of our tests disclosed no instances of noncompliance with the Act. However, providing an opinion on compliance with the Act was not an objective of our audit and accordingly, we do not express an opinion.

This report is intended solely for the information and use of the Board of Regents, management, others within the College, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Gainer Donnelly & Desroches LLP

November 4, 2011

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Regents
Galveston Community College District
Galveston, Texas

Compliance

We have audited the Galveston Community College District (the "College") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended August 31, 2011. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the College's management. Our responsibility is to express an opinion on the College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the College's compliance with those requirements.

In our opinion, Galveston Community College District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2011.

Internal Control over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the College's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of the Board of Regents, management, others within the College, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

GALVESTON COMMUNITY COLLEGE DISTRICT
 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
 FOR THE YEAR ENDED AUGUST 31, 2011

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULE

The schedule of expenditures of Federal awards presents the activity of Federal financial assistance programs of the College for the year ended August 31, 2011. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported represent funds which have been expended by the College for the purposes of the award and may not have been reimbursed by the funding agencies as of the end of the fiscal year. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the schedule.

NOTE 2 – FEDERAL ASSISTANCE RECONCILIATION

Federal Revenues:	
Federal Grants and Contracts – (Schedule A)	\$ 1,156,467
Federal Student Assistance, Non-Operating – (Schedule C)	<u>4,435,671</u>
 Total Federal Revenues, per Statement of Revenues, Expenses and Changes In Net Assets	 5,592,138
 Reconciling Item – Direct Student Loans	 <u>1,383,135</u>
 Total Federal Revenues per Schedule of Expenditures of Federal Awards	 <u>\$ 6,975,273</u>

NOTE 3 – RELATIONSHIP TO FEDERAL REPORTS

Differences between amounts reflected in the financial reports filed with grantor agencies for the programs and in the schedule of expenditures of Federal awards are due to different program year ends and accruals that will be reflected in the next report filed with the agencies.

GALVESTON COMMUNITY COLLEGE DISTRICT
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 FOR THE YEAR ENDED AUGUST 31, 2011

SECTION I – SUMMARY OF AUDITOR’S RESULTS

Financial Statements

Type of auditors’ report issued: Unqualified

Internal control over financial reporting:

- Material weakness(es) identified? _____ yes X no
- Significant deficiency(ies) identified that are not considered to be material weaknesses? _____ yes X none reported

Noncompliance material to financial statements noted? _____ yes X no

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? _____ yes X no
- Significant deficiency(ies) identified that are not considered to be material weaknesses? _____ yes X none reported

Type of auditors’ report issued on compliance for major programs: Unqualified

Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133? _____ yes X no

Identification of major programs:

<u>CFDA Number</u>	<u>Name of Federal Program</u>
Cluster of Programs – Student Financial Aid:	
84.007	Federal Supplemental Educational Opportunity Grants
84.033	Federal Work-Study Program
84.063	Federal Pell Grant Program
84.268	Federal Family Educational Loans
84.375	Academic Competiveness Grant

Dollar threshold used to distinguish between Type A and type B programs: \$300,000

Auditee qualified as low-risk auditee? X yes _____ no
