Administrator's Statement
87th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

962 Galveston College

2020 LARS Administrative Statement:

Galveston College District respectfully supports the \$1.83 billion formula funding request submitted by the Texas Association of Community Colleges (TACC) in its letter to the Legislative Budget Board and the Governor's Office, Budget Division. State support remains critical to the district as it addresses costs related to mitigating the effects of the pandemic, including transitioning to distance education, providing for personal protection equipment, and safely delivering required in-person instruction. In the wake of COVID-19 pandemic, Texas community colleges began developing a workforce initiative aimed at providing low or no-cost short-term workforce training leading to high-demand credentials to Texans whose employment and/or academics had been recently disrupted. Galveston College District respectfully supports the \$50M exceptional item request submitted by TACC in support of this statewide workforce initiative, funded in the amount of \$1M per college district for the 2022-23 biennium.

State appropriations will be used by Galveston College to meet the purposes for a community college that are set forth in the Texas Education Code Section 130.003 with additional support from State appropriations being used to further develop and strengthen

- Institutional goals and activities that support the goals set forth in the 60 X 30 TX Higher Education Strategic Plan;
- Comprehensive academic and student support services and systems that enhance student success; and,
- Academic and technical programs so as to prepare students to compete in a 21st Century global economy.

Galveston College is committed to teaching and learning, creating accessible opportunities for students, and to providing high-quality educational programs and services that lead to student success within the purposes outlined for community colleges in the Texas Education Code, Section 130.003. Galveston College shall provide: (1) technical programs up to two years in length leading to associate degrees or certificates; (2) occupational programs leading directly to employment in semi-skilled and skilled occupations; (3) freshman and sophomore courses in arts and sciences; (4) continuing adult education programs for occupational or cultural upgrading; (5) compensatory education programs designed to fulfill the commitment of an admissions policy allowing the enrollment of disadvantaged students; (6) a continuing program of counseling and guidance designed to assist students in achieving their individual educational goals; (7) workforce development programs designed to meet local and statewide needs; (8) adult literacy programs and other basic skills programs for adults; and, (9) such other purposes as may be prescribed by the Texas Higher Education Coordinating Board or the Galveston College Board of Regents, in the best interest of post-secondary education in Texas.

Galveston College is focused on and committed to providing the programs and services to students that will help the State of Texas meet the goals that are set forth in the 60 X 30 TX higher Education Strategic Plan. Through the development and implementation of new fast-track programs, programs with stackable credentials, strong academic and technical programs and the effective use of technology, it is the intent of Galveston College to increase the number of graduates who are capable of competing in a 21st Century global economy and who can help grow the Texas economy.

In recent years, Galveston College has expanded its academic and student services support staff in an effort to decrease time to graduation, increase graduation rates, and to assure students are provided the information and services they need to be successful. Through additional support and funding, Galveston College will be able to further strengthen and develop comprehensive academic and student support services and systems that enhance student success.

Galveston College has qualified administrative officers, academic officers, faculty, and staff with the experience, competence, and capacity to lead the institution. All positions are held by individuals with appropriate professional qualifications and experience.

The College is committed to an ongoing, integrated, research-based planning and evaluation process that identifies expected outcomes, and then in turn uses the results to improve student success and to improve teaching and learning.

Background checks are conducted on all positions as permitted by the Texas Government Code, Sec. 411.094 and Texas Education Code, Section 61.003 (8), and consistent
