Report 2022

A Message from the President

Student success is at the core of everything we do at Galveston College. Ensuring that our campuses are safe for all (students, employees, and visitors) is an important and integral part of that student success. The preparation and diligence of the Galveston College Security Department affords us the opportunity to enjoy a safe learning and working environment.

The campuses are patrolled 24 hours a day, seven days a week, 365 days a year, by security officers committed to providing the highest quality of public safety. Our officers are ready and willing to help our students and employees, whether in an emergency or simply for an escort before or after hours.

Safety is best achieved when everyone participates. It is important to remember that personal safety begins with you, and each member of the Galveston College community. By working with our professional and dedicated security department staff, each of us can help maintain personal safety and the security of personal property.

We are committed to your safety. Please help by remaining vigilant and aware of your surroundings whenever you are at either of our Galveston College locations. Report any suspicious activity immediately to the College Security Department. Together we can all make a difference in the safety of our community.

Sincerely,

Dr. Myles Shelton
President, Galveston College

A Message from the Vice President for Administration and Student Services

Welcome to Galveston College! Whatever your goals, the Galveston College Security Department is here to provide you with a safe and secure learning environment.

Galveston College is comprised of highly educated faculty and a strong professional staff that support the mission of the College. The Security Department is no exception. Our deputies and security personnel reflect the community they serve. Many have years of varied law enforcement experience, and others are first-time security officers developing a strong sense of community service. In either case, they provide a high level of caring professional service to the Galveston College community.

The Security Department uses video surveillance at the two Galveston College locations to enhance safety and provide documentation of activity occurring in the public spaces of the College. This video surveillance system is both a deterrent to criminal activity and a tool for investigating crimes that may occur. The video surveillance system complements the emergency telephones in all College elevators that ring to the Galveston College Security Communications Center. The communications center is staffed eight hours a day, five days a week, with trained operators who coordinate the flow of information for services between the members of the community and the security personnel out on the campuses.

Although the College provides a well-staffed, trained, and professional security department to keep the campus safe, your safety and security at the College begins with you. Please be aware of the activity around you and contact the Galveston College Security Department if you are concerned about your safety or have an unsafe condition to report. Simply dial 0 from any College phone, use an elevator phone, or call 409-944-4242 or 409-996-7663 from your cell phone. True safety on campus is a partnership between you and us.

GALVESTON COLLEGE SECURITY DEPARTMENT

Annual Security Report – 2022

The Galveston College Security Department is responsible for preparing and distributing the Annual Security Report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act). The Annual Security Report is published every year by Oct. 1 and contains three years of selected campus crime statistics and certain campus security policy statements in accordance with the Clery Act.

The Galveston College Security Department prepares the Annual Security Report and

statistical information with input from various sources such as local law enforcement agencies, physical plant, division of Student Services, and campus officials.

Designated campus officials or “campus security authorities” include, but are not limited to, directors, deans, department heads, and designated Human Resource department personnel, advisors to students and student organizations, and coaches.

Purpose of the Annual Security Report

Enacted in 1990, The Student Right to Know and the Campus Security Act was designed to assist students in making decisions that affect their personal safety and to ensure institutions of higher education provide students, staff, and faculty and prospective students, staff and faculty the information they need to avoid becoming victims of campus crime.

The Higher Education Act of 1998 and the subsequent amendment of the implementing regulations (34 C.F.R.668.46) significantly expanded the institutions’ obligations under the Act. The Act was also renamed the “Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act” (hereafter the Clery Act). The Clery Act requires colleges and universities to:

- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities. The statistics must be gathered from campus security, local law enforcement, and other college officials who have “significant responsibility for student and campus activities.”
- Provide “timely warning” notices of those crimes that have occurred and pose an on-going “threat to students and employees.”
- Disclose in a public crime log “any crime that occurred on campus . . . or within the patrol jurisdiction of the campus security department and is reported to the security department.”

- Publish an annual report every year by Oct. 1 that contains three years of selected campus crime statistics and certain campus security statements.

Disclosure Notification

Each year, an email notification is sent to all current students, faculty, and staff providing the website address to access this report: www.gc.edu. Upon request, prospective students and employees may obtain a written paper copy of the Annual Security Report that also includes the Fire Safety Report at the Galveston College Security Department located at 4015 Avenue Q in Galveston, TX 77550, or by calling (409) 944-1361.

Enforcement Authority

The Galveston College Security Department is the primary security authority for Galveston College. Its Sheriff's Deputies are certified Texas Security Officers as defined in article 2.12 of the Texas Code of Criminal Procedure. Pursuant to Section 51.203 of the Texas Education Code, the primary jurisdiction of Galveston College officers includes all counties in which property is owned, leased, or otherwise under the control of Galveston College. Within their primary jurisdiction, Sheriff's Deputies assigned to Galveston College:

- Are vested with all the powers, privileges, and immunities of peace officers;
- May arrest without warrant any person who violates state law, in accordance with chapter 14, of the Texas Code of Criminal Procedure.

- May enforce all traffic laws on streets and highways.

Pursuant to Section 51.210 of the Texas Education Code, Galveston College officers are also empowered to enforce the rules and regulations of Galveston College. The Galveston College Security Department also works regularly with the City of Galveston Police Department, and other local law enforcement agencies on criminal investigations.

The Galveston College Security Department will provide and seek assistance from other federal, state, county, and local law enforcement agencies and maintains Memorandums of Understanding with local law enforcement agencies.

Professional Standards

All members of the Galveston College community can expect to be treated in a courteous and professional manner by members of our department.

The Galveston College Security Department will not tolerate an employee who acts unprofessionally or who does not provide an appropriate and reasonable level of service. We also wish to recognize instances where our employees have been especially helpful or have exceeded your expectations in the service they have provided.

The foundational dynamic of the relationship between the security and the public requires interdependence, not independence. It is essential that the services provided to the Galveston College community are acceptable. Thus, it is important that we obtain feedback from the community we serve regarding the quality of service deliverables.

We strongly encourage you to help us improve your Security Department by bringing any complaints and compliments to the attention of any of the following individuals in a timely manner:

Incident Reporting and Response

Any on-campus emergency, criminal offense, or suspected criminal activity should be reported immediately to the College Security Department by dialing 0 or Ext. 361 from any campus phone. Campus elevators are equipped with emergency phones. Upon receipt of the call, the Galveston College Security Communications Center personnel can supply information or dispatch officers as necessary. For **non-emergencies, dial (409) 944-1361**.

To contact College Security from an off-campus phone or cell phone, please call **(409) 944-4242**. Galveston College Security personnel will respond as quickly and safely as possible to any request for assistance, whether it is an emergency or not.

Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries, and medical assists have a higher priority than other types of calls.

Members of the Galveston College Security Department conduct high visibility patrols and are accessible to the College community through the use of marked security vehicles and foot patrols of the campus and buildings. Security officers are encouraged to make frequent contact with members of the College community.

If you have witnessed, received information of criminal activity or been the victim of a crime, please contact the Galveston College Security Department immediately.

Reporting Off-Campus Crimes

Members of the College community are encouraged to report crimes that occur off campus to the local law enforcement agency serving that jurisdiction. If you are unsure which jurisdiction the crime should be reported, you may contact the Galveston College

Security Department for assistance in determining to which law enforcement jurisdiction you should report the crime.

Daily Crime Log

Each day, the Galveston College Security Department compiles a "Daily Crime Log" that is available to the public. This summary identifies the type, location, time, and date the crime was reported to the

College's Security Department. You may view a printed copy of this report at the Galveston College Security Department records office located at 4015 Avenue Q, Galveston, TX 77550.

Confidential Reporting of Crimes

The College Security Department is committed to protecting the privacy of individuals who report incidents of abuse, violence or other crimes, to the extent permitted by law and subject to the College's need to protect the safety of others in the college

community. The security department encourages anyone who is the victim or witness to any crime to promptly report the incident. Felony crimes may be reported anonymously by calling Crime Stoppers at (713) 222-TIPS (8477).

Other Considerations

The Associate Vice President of Student Services can assist a crime victim with issues including, but not limited to, class schedule changes, housing changes, or withdrawal procedures. Retaliation against any employee or

student for reporting a crime in good faith, or for participating in an investigation of such crimes, is prohibited. Any employee or student who does so may be subject to disciplinary and or legal action.

Reporting Criminal Offenses to Campus Security

Faculty, staff, and students are encouraged to report any criminal offenses occurring on or near the Galveston College campus to the College Security Department. The College Security Department will assist you in reporting off-campus criminal offenses to the proper law enforcement agency. You may also report criminal offenses to designated campus officials including, but not limited to, directors, deans, department heads, human resources, advisors to students, athletic

coaches, or to local law enforcement agencies.

Although exempt from the reporting requirements of the Clery Act, pastoral and professional mental health counselors are encouraged to refer persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual statistics, especially if the incident may pose an ongoing threat to the campus community.

Timely Warnings

In consultation with the Vice President for Administration and Student Services or his/her designee, Galveston College is responsible for issuing timely warnings in compliance with the Jeanne Clery Act, 20 U.S.C. §1092(f) et seq. Jeanne Clery Act, 20 U.S.C. § 1092. The Galveston College Security Department will continuously and diligently work and coordinate with local, state, and federal law enforcement agencies to address exigent public safety concerns.

The Galveston College Security Department, designated campus safety authorities and Galveston College administrators will collaborate regarding if and when a timely warning should be issued. The decision to issue a timely warning shall be made on a case-by-case basis in

compliance with the Clery Act and will consider all available facts.

The issuance of the notification shall be based upon whether the crime is considered a serious ongoing threat to members and guests of the College community with consideration given to whether it will compromise law enforcement efforts.

Anyone with information warranting a timely warning should report the circumstances immediately to the Galveston College Security Department by phone at (409) 944-4242 or in person at the Galveston College Security Department 4015 Avenue Q, Galveston, TX 77550.

Procedure

When a determination has been made that a timely warning should be issued, Galveston College Security, in collaboration with the Marketing and Communications department, will inform the campus community of the incident by taking one or more appropriate steps to ensure timely notification:

- Members of the campus community will receive phone notification through their contact phone number(s). It is their responsibility to ensure contact information remains current (students - update their numbers through the Whitecaps Portal, employees - through the ADP Portal).
- Warning will also be posted on the Galveston College website www.gc.edu. Such warning(s) may include, but are not limited to, the following information: Type of crime, date, time, and location of the incident, suspect description, public safety reminder(s).

College Emergency Notifications

The Galveston College's emergency preparedness, response, and evacuation protocols are published online and accessible at www.gc.edu. The protocols require authorized Galveston College officials to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation occurring on the campus involving an immediate threat to the health and safety of students, faculty, and staff, unless issuing a notification will compromise efforts to contain the emergency. All students and employees are highly encouraged to read and review these protocols regularly.

Emergency response and evacuation procedures are tested annually. The Emergency Operations Plan designates the Galveston College Security Department (by dialing **0** from a campus phone or calling **409-944-4242** or **409-996-7663**) as the initial contact for reporting all emergency

situations and for response to and resolution of all emergencies. Upon receiving the report of an emergency, the responding officer will determine the appropriate level of response required and will communicate with appropriate personnel at the scene.

Emergency messages will include information detailing what has occurred and directions to the community regarding what to do next. The GC Connect ED system will be activated to provide an emergency notification to registered users through voice message. The emergency notification process does not replace the timely warning requirement. Instead, the emergency notification addresses a much wider range of threats such as gas leaks, fires, weather (tornado/hurricane), bomb threats, contagious viruses, etc.

GC Connect ED

Providing a safe and secure environment for our students, faculty, staff, and community is a top priority at Galveston College. Galveston College has partnered with Blackboard Connect to create GC Connect ED, which will contact members of the College community through voice messages, text messages, and email messages in the event of an emergency situation.

GC Connect ED provides Galveston College with another communication tool to keep students, faculty, staff, and the community informed during threatening situations and weather-related closings. In order to receive messages, you must provide your current, up-to-date, personal contact information.

GC Connect ED is prepopulated regularly with student, faculty, and staff phone numbers and email addresses. It is recommended that students, faculty, and staff not opt-out of the text messages.

GC Connect ED will notify current students via Whitecaps email, phone or text message if there is a campus emergency. Students should update their address and phone number in the admission's office.

To receive emergency notices and College status updates from the College's automated phone notice system, Connect ED, all employees must provide the HR Department with their current cell phone number, home email address, and residence address.

GC Connect ED will be activated when the College determines a serious threat exists and the College community must take immediate action to remain safe and secure. The system will also be used to announce an unscheduled College and/or campus closing or cancellation of classes due to situations such as severe weather.

Email is the official form of communication with Galveston College students, faculty, staff, and community.

GC Connect ED alerts will be sent via voice message. GC Connect ED will call each phone number that you provide regardless of whether or not the call is answered. Text messages will only be sent once.

There is no cost to receive the notification service. However, when the system sends a message to your personal phone, you are responsible for any charges from your phone service provider associated with receiving voice/text messages.

In addition to GC Connect ED, the College will continue to use its well-established communications methods including:

- The Galveston College website (www.gc.edu.)
- The Galveston College emergency information line at: 1-866-483-4242
- Official Galveston College Facebook, Twitter, and Instagram sites
- Local media

Emergency Response and Evacuation Procedures

In some emergency situations, such as severe weather, utility failures, etc., an evacuation of the campus may be ordered by the President or his/ her designee.

A campus evacuation or closure is an organized withdrawal from campus facilities where the time of return is determined by the circumstances of the emergency or event. When such action is warranted, you will be appropriately advised by the College Emergency Notification System.

When notified to evacuate the campus because of inclement weather, immediately proceed with Back-Up and Pack-Up Procedures securing offices and instructional areas to protect equipment and critical documents.

Procedures

When a determination has been made that an emergency notification should be issued, the Galveston College Marketing and Communications department will inform the campus community by taking the appropriate steps to ensure timely notification:

All decisions concerning the discontinuation of college functions, cancellation of classes, or cessation of operations rest with the President or his designee. After consulting with the Emergency Management Team, the President shall be responsible for declaring a major institutional emergency. Should it be deemed necessary to warn the College community of an impending threat or emergency situation the College Emergency Notification System will be activated.

The College Emergency Notification System consists of a voice, text, and email messaging system through Connect ED.

Status reports will be updated and posted continuously on the following:

- College Emergency Information Line
1-866-483-4242
- College website
www.gc.edu

Building Evacuations

A building evacuation is most commonly initiated by the building's fire alarm system. When the building fire alarm sounds:

- Evacuate the building immediately, calmly, and quickly.
- Carry all personal items, i.e. books, purses, etc. as you may not be allowed back in the building.
- Walk to the nearest exit/stairwell (close doors behind you).
- Do not use elevators.
- Proceed to designated area outside the building moving as far away from the building as possible. Do not stand on porch areas.
- Keep streets, fire lanes, hydrant areas, and walkways clear for emergency vehicles and personnel.
- Do not re-enter building until cleared by authorized personnel.
- Assist with the evacuation of individuals with special needs.

Alcoholic Beverages, Illegal Drugs, and Weapons

As an institution interested in the intellectual, physical, and psychological well-being of the campus community, Galveston College deems it important to curtail the abusive or illegal use of alcoholic beverages. All members of the College

community and guests are required to comply with federal, state, and local laws regarding the distribution, possession, or consumption of alcoholic beverages, illegal drugs or weapons.

Alcohol

The possession of alcohol by anyone under 21 years of age in a public place or a place open to the public is illegal. It is also a violation of law and student rules to possess or consume alcoholic beverages on any of the College's campuses. Consequences could result in criminal charges or arrest and/or sanctions by the College.

The office of the Associate Vice President of Student Services is committed to promoting responsible decision-making regarding alcohol and drugs through educational programming, resources, and referrals.

Illegal Drugs

Texas state law prohibits the manufacture, sale, delivery, possession, or use of a controlled substance without legal authorization. A controlled substance includes any drug, substance or immediate precursor covered under the Texas Controlled Substances Act, including but not limited to opiates, barbiturates, amphetamines, marijuana, and hallucinogens. The possession of drug paraphernalia is also prohibited under Texas

state law. Drug paraphernalia includes all equipment, products and material of any kind that are used to facilitate, or intended or designed to facilitate, violations of the Texas Controlled Substances Act. Alleged violations of this policy may result in criminal charges and will also be adjudicated through the College's disciplinary process.

Weapons

In accordance with Texas Penal Code Ch. 46, it is a felony to intentionally, knowingly or recklessly possess a firearm, illegal knife or prohibited weapon (with or without a concealed handgun permit) on the physical premises of a school or

educational institution, to which includes any buildings or passenger transportation vehicles under the direct control of the educational institution.

Disciplinary Proceedings for Alleged Sex Offenses

The Galveston College Office of the Associate Vice President of Student Services will investigate and adjudicate alleged sexual offenses for violations of the Galveston College Student Code of Conduct. Please see the Student Code of Conduct for information on offenses constituting sexual misconduct.

Both the accuser and accused are entitled to the same opportunity to have others present during a disciplinary proceeding. Accuser and accused will be informed at the same time of the outcome of any institutional disciplinary proceeding in which a sexual offense is alleged.

Reporting Sexual offenses to the Galveston College Security Department

The Galveston College Security Department is available to receive and investigate reports of sexual assault, dating violence, domestic violence, and stalking. The Security Department can also assist a victim in securing medical attention, participate in evidence preservation and collection, and inform the victim of legal and administrative options both on and off campus.

Guidelines and Recommendations to follow After a Sexual Assault

- Go to a safe place as soon as you can.
- Contact the Galveston College Security Department:
From cell phones dial: (409) 944-4242
From campus phones dial: 0 or Ext. 449
- Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action.
- Try to preserve all physical evidence. Do not wash, use the toilet, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag. Evidence of violence, such as visible injuries or bruising or damage to a vehicle, will need to be photographed. Likewise, evidence of emails, text messages, or phone messages must be preserved and not deleted or altered.
- Talk with a counselor who will maintain confidentiality, help explain your options, give you information, and provide emotional support.
- Contact someone you trust to be with you and support you.

Medical Treatment

It is important to seek immediate and follow-up medical attention for several reasons: first, to assess and treat any physical injuries you may have sustained; second, to determine the risk of sexually transmitted diseases or pregnancy and take preventive measures; and third, to gather evidence that could aid criminal prosecution. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished.

Sexual Assault Prevention

The Galveston College Security Department and the Student Services Department provide annual education, prevention, and personal safety programs.

Sex Offenders Registry

The “Campus Sex Crimes Prevention Act “is a federal law enacted on Oct. 28, 2000, that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education and/or employed or volunteering on campus.

This Act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

The Texas Department of Public Safety (DPS) is the official Texas Internet source for Sex Offender Registration information. The Sex Offender Registration open record information is extracted from the DPS Sex Offender Registration Database.

The DPS maintains files based on registration information submitted by criminal justice agencies and represents a statewide source of information on sex offenders required by law to register. The DPS public Web page can be found at <https://www.dps.texas.gov/section/crime-records> .

Access and Maintenance of Campus Facilities

Access

The Dean, Director, or department head is responsible for determining access to facilities under their control. The Galveston College Security Department crime prevention unit, upon request, will prepare a security survey of the facilities to determine security coverage and appropriate access control. It is unlawful for any person to trespass on the grounds of any state of Texas institution of higher education of this state or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institutions of higher education. Texas Education Code Section 51.204)

The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board’s control, and may remove any person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property. (Texas Education Code Section 51.209)

Maintenance

The Facilities department at Galveston College maintains the buildings, grounds, utility systems, and custodial services for the College campuses. They provide electricity, running water, waste disposal, landscape maintenance, building/office renovation, custodial services, and emergency repairs. Faculty and staff are encouraged to report maintenance problems.

Security personnel report any security problems they identify to the maintenance department for repair. If the security issue presents a high risk, security personnel will stand by until the problem is turned over to the maintenance department.

Galveston College security personnel routinely check campus lights and emergency telephones to ensure they are working properly. Any deficiencies are reported to maintenance for repair.

Crime Prevention Programs

The Galveston College Security Department offers a variety of crime prevention programs to our community members:

- Personal safety awareness
- Office security survey
- Sexual assault awareness
- Motor vehicle theft prevention
- Bicycle or personal property engraving

For additional information or to schedule a program you are encouraged to call the Galveston College Security Department at (409) 944-1361, or stop by and visit at 4015 Avenue Q, Galveston, TX 77550.

Theft Prevention

Three elements must be present for any crime to occur: desire, ability and opportunity. It is important for all of us to understand our role in the reduction of crime.

The Galveston College Security Department encourages all students and employees to take an active role in the protection of their property.

Criminal opportunities to commit theft can be minimized by taking advantage of crime prevention programs offered by the college Security Department and by not leaving property unsecured or unattended.

The Higher Education Opportunity Act of 2008 - Legal Requirements

New regulations in the Higher Education Opportunity Act of 2008 states that beginning Oct. 1, 2010, an institution that maintains any on-campus student housing facility must prepare an annual fire safety report that contains, at a minimum, the following information:

Fire statistics for each on-campus student housing facility, for the three most recent calendar years for which data are available.

- A description of each on-campus student housing facility fire safety system.
- The number of fire drills held during the previous calendar year.
- Institution's policy on portable electrical appliances, smoking, and open flames in a student housing facility.
- The institution's procedures for student housing evacuation in the case of a fire.
- The policies regarding fire safety education and training programs provided to the students and employees. In these policies, the institution must describe the procedures that students and employees should follow in the case of a fire.
- For purposes of including a fire in the statistics in the annual fire safety report, a list of the titles of each person or organization to which students and employees should report that a fire occurred.
- Plans for future improvements in fire safety, if determined necessary by the institution.
- Maintain a written, easily understood fire log that records, by the date that the fire was reported, any fire that occurred in an on-campus student housing facility. This log must include the nature, date, time, and general location of each fire.

Annual Fire Safety Report - 2022

The Galveston College Security Department is responsible for the Annual Fire Safety Report. The following Galveston College Annual Fire Safety Report discloses all information required by the Higher Education Opportunity Act (HEOA)\Clery Act as it relates to any on-campus student housing fire\fire alarm statistical information for the year of 2022.

A printed document that contains the Annual Security Report as well as the Fire Safety Report can be found at the Galveston College Security Department, located at 4015 Avenue Q, Galveston, TX 77550, on its website at <https://gc.edu/about-gc/administration/campus-safety-security/index.php>, or by calling (409) 944-1361.

Fire Safety Statistics

Galveston College maintains a fire log. The Fire Log table (Figure-1) is designed to contain a compilation of actual fire/fire alarm statistics for each calendar year (should any exist) for Galveston College on-campus student housing. The Fire Log table is designed to include statistics outlining the number of actual fires and the cause of each actual fire, the number of injuries and deaths related to actual fires and the value of property damage related to actual fires for Galveston College on-campus student housing (should any exist).

For a fire to be reportable under the Higher Education Opportunity Act of 2008 it must be an actual fire, and it must meet the federal definition of fire. The Higher Education Opportunity Act (HEOA) regulations define fire as "any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner."

(Figure 1. – is for Galveston College on-campus student housing only and does not include fire log information for other Galveston College campus buildings/facilities).

For the protection and safety of the community, fire and emergency drills will be conducted periodically, sometimes unannounced, to ensure that proper procedures are known and followed. Become familiar with the exit routes posted at focal points in each building. All residents are to comply and cooperate when a fire drill is being conducted. When the fire alarms sound, all residents and visitors must immediately exit the building and go to the designated evacuation area. Residents will be told when the building is declared “all clear” and can return to the building. Failure to evacuate during a fire alarm could result in summons, fines, or legal repercussions.
