

IRB Completion Report

Instructions: This form must be completed to inform the IRB of a completed study. The Completion Report should include a summary of the overall conduct of the study. The investigator must provide proper assurance that there are no active participants or potential risks to prior participants. The Completion Report should also identify the measures taken to prevent any potential risks to prior participants.

Section I: General Information

Report Date:

Original Approval Date:

IRB Expiration Date:

Title of Study:

Principal Investigator:

Section II: Study Status

Attach an abstract or provide a brief summary of the results of the research project below.
