

## **Career Roadmap for Nuclear Medicine Technologists**

### **Core Careers (Require CNMT/NMTCB/ARRT(N))**

- Nuclear Medicine Technologist (NMT)
- PET/CT Technologist
- Nuclear Cardiology Technologist
- Radiopharmacy Technologist
- Applications Specialist (Nuclear Medicine Equipment)
- Nuclear Medicine Educator / Program Director
- Quality Assurance Technologist (Radiopharmaceuticals)

### **Research Careers (Require or Prefer CNMT)**

- Clinical Research Technologist (Imaging Trials)
- Imaging Research Coordinator (PET/SPECT Studies)
- Translational Research Assistant (Radiotracer Development)

### **Multimodality Options for CNMTs**

- CT Technologist (ARRT(CT))
- MRI Technologist (ARRT(MR))

### **Industry & Support Roles (Credential Preferred)**

- Radiopharmaceutical Sales Representative
- Nuclear Medicine Equipment Sales
- Clinical Product Specialist
- Radiopharmacy Applications Specialist
