

# Research at Texas A&M University - Galveston

...Visit research labs, help researchers in the lab or field, ask questions about research...

Come visit us to learn more about ...

## Marine Biology - Ocean and Marine Engineering - Marine and Coastal Environmental Science and more...

### Research Opportunities:

- Organic molecules in the Ocean (MCES)
- Marine sediments (MCES)
- Water quality monitoring and animal husbandry (MARB)
- Ocean Engineering (OCEAN)
- Phytoplankton (MARB)
- Marine ecotoxicology (MARB)
- Comparative animal physiology (MARB)
