

**INSTRUCTIONAL AGREEMENT
FOR DUAL CREDIT/EARLY ADMISSIONS ENROLLMENT CLASSES
BETWEEN
GALVESTON COLLEGE
AND
HAMSHIRE-FANNETT INDEPENDENT SCHOOL DISTRICT
ACADEMIC YEAR: 2022-2023**

This agreement, made and entered into, by and between Galveston College, a Texas political subdivision of higher education (referred to herein as the "College," the "College District," or "Galveston College"), and Hamshire-Fannett Independent School District, a Texas public charter district (referred to herein as the "School"), evidences the following:

I. PURPOSE

Galveston College and Hamshire-Fannett Independent School District support and believe in a partnership that will provide opportunities for qualified high school students to participate in early admission classes, to participate in dual credit classes, and to participate in dual credit occupational-technical classes, all of which may allow the high school student to receive both high school and college-level credit for successfully completing college-level courses. Therefore, Galveston College agrees to provide college-level instruction for the School. Further, the College and the School agree that it is the responsibility of the College to grant college credit, and it is the responsibility of the School to grant high school credit.

II. DUAL CREDIT PROGRAM GOALS

According to Texas HB 1638, Galveston College has established four overall goals that guide every facet of the Dual Credit program:

Goal 1: In conjunction with partner independent school districts and institutions, Galveston College will utilize meaningful and relevant outreach strategies to ensure that students and parents are given information regarding all aspects of the Dual Credit program, including benefits of participation, enrollment and financial policies.

Goal 2: The Dual Credit program will facilitate effective and collaborative procedures that ensure students successfully transition to post-secondary education as well as accelerate through degree programs for maximum student success and achievement.

Goal 3: Every Dual Credit student will receive and have continual access to advising in academic and college readiness domains as well as support services that will help in the successful completion of post-secondary courses.

Goal 4: Dual Credit courses offered will be of the highest academic quality and offer a rigorous post-secondary curriculum that will be sufficient enough to ensure student success in all other post-secondary courses taken.

6. In the case of an emergency such as hurricane, pandemic or other force closures and the previously mentioned measurements are not available, both the College and Hamshire-Fannett Independent School District will employ holistic advising to ensure proper student eligibility.

IV. LOCATION AND STUDENT COMPOSITION OF CLASSES

1. Dual credit/concurrent credit courses may be taught on the College campus or on the high school campus. Early admissions courses will be taught at Galveston College. 2. Dual credit courses may be composed of dual credit students only or a class may be composed of dual credit students and regular college-credit students. 4. It is the responsibility of the high school to certify to the College that these requirements have been met, and it is the responsibility of the College to verify that classes are taught in compliance with this section. Further, should it be determined that this section has been violated, at the sole discretion of the College, the College may deny credit to any

single student and/or all students who participated in an unapproved mixed class.

5. Early Admissions/Dual Credit classes regardless of location will follow an approved College calendar.

V. FACULTY SELECTION, SUPERVISION, AND EVALUATION

1. The College will select, supervise, and evaluate instructors for courses which result in the award of college credit. The College shall supervise and evaluate instructors of dual credit courses using the same or comparable procedures used for faculty at the main campus of the College.
2. All instructors must meet the requirements of the College and the minimal requirements as specified by the Commission on Colleges of the Southern Association of Colleges and Schools.
3. Instructors teaching courses which result in the award of college credit will be regularly employed faculty members of the College or must meet the same standards, review, and approval procedures used by the College to select faculty responsible for teaching the courses at the main campus of the College. All faculty selected by the College to teach early admission or concurrent enrollment classes will be considered employees of the College and will be compensated by the College in accordance with College policy, procedures, and guidelines.
4. Applications for employment and official transcripts from each college or university attended will be kept on file at the College.
5. The College and the School District agree to share information regarding Dual Credit faculty through safe and discreet methods. These methods will include password protected documents, collaboration with appropriate College and School District personnel to ensure confidentiality among others to ensure all information is transmitted and shared securely.

VI. ELIGIBLE COURSES

1. Academic courses offered for Dual Credit must be identified as a college-level academic course in the current edition of the Community College General Academic Course Guide Manual (ACGM) and be identified by the College as a course that has been included in the College's core curriculum, or foreign language course, or state approved FOSC or POSC. Courses offered as early admission courses and taken at the College's main campus must be identified as a college-level academic course in the current edition of the ACGM and may or may not be included in the College's core curriculum. College-level technical courses offered by the College must be included in an approved Associate of Applied Science (AAS) Degree, or certificate program.

2. Remedial and developmental courses may not be offered for concurrent course credit and are not eligible courses under this agreement.
3. Approved courses being taught for dual credit (academic or technical) and/or early admission credit, courses which result in college-level credit, must follow the College syllabus. It is the responsibility of the School to work with the College to align the high school curriculum with the college course syllabus.
4. A course equivalency crosswalk of dual credit courses and high school classes are included in Exhibit A.

VII. COURSE CURRICULUM, INSTRUCTION, AND GRADING

The College shall ensure that a dual credit course and the corresponding course offered at the main campus of the College are equivalent with respect to the curriculum, materials, instruction, rigor, and method of student evaluation. These standards shall be upheld regardless of the student composition of the class.
2. Identified course outcomes/learning objectives must meet all college requirements.
3. The regular academic policies applicable to courses taught at the College's main campus will apply to the dual credit and early admissions courses. These policies include an appeal process for disputed grades, drop policy, the communication of the grading policy to students, when the syllabus must be distributed, etc.
4. Textbooks should be identical to those approved for use on the main campus. Should an instructor propose an alternative textbook, the textbook must be approved in advance by the appropriate instructional department of the College and the Vice President of Instruction. Other instructional materials for early admission or concurrent courses must be identical or at an equivalent level to materials used on the main campus of the College. Textbooks purchases, aside from those made by grants, scholarships and other financial aid, will be made by the student and/or guardian.
5. Courses which result in college-level credit will follow the standard grading practices of the College, as identified in College policy and as set forth in the appropriate course syllabus. (Whereas, the College uses a letter grade and the ISD requires a numeric grade, faculty teaching dual credit courses will report a letter grade as required by College policy and as outlined in the syllabus to the College, and will report a numeric grade to the ISD. The ISD is responsible for recording the numeric grade in accordance with their established policies and guidelines.)
6. The College and Hamshire-Fannett Independent School District agree to provide quality online learning experiences for all Dual Credit students. As online instructional needs arise, the College and Hamshire-Fannett Independent School District will collaborate on

ways to ensure that all Dual Credit students are provided the means to succeed.

7. In addition, Galveston College will offer these students access to the library's electronic information resources through the Internet, subject to the College's licensing contracts with its vendors and available technology.
 - b. The School agrees to allow those students currently enrolled in Galveston College courses, within the School's facilities, access to the information resources

available in the School. These students are under the same rules and regulations as other students of the School and are subject to the same fines and penalties.

- c. Galveston College and the School agree that if at the end of a semester, there are overdue materials belonging to one institution which were used in the completion of the other's course, the lending library will notify the other so that the student's record will show the obligation. Each library will take steps consistent with their policies and procedures to ensure that the past due books and/or materials are returned in as an expedient a manner as possible. Upon return of the material the lending library will notify the other that the student has cleared their obligation.
- d. Galveston College will, in conjunction with the partner institution, consider the use of free or low-cost open educational resources in courses offered via the Dual Credit program.
- e. To be eligible for these privileges a Galveston College student must present proof of current enrollment. This may take the form of, but is not limited to, a current student ID card, bill for registration, or a class schedule.

IX. TRANSCRIPTING OF CREDIT

1. For technical and academic dual credit and/or early admission courses which may result in college-level credit, Galveston College will transcript all course work in accordance with the College's normal policies and procedures immediately following the end date of the course. Further, the College agrees to make available in the same manner as it does to its regular college students an official college transcript of credits that may be sent to the college, university, or other location of the student's choice.
2. For technical and academic early admission or concurrent courses which may result in high school-level credit, the School will transcript all course work in accordance with the School's normal policies and procedures immediately following the end date of the course. - b. Galveston College agrees to charge the standard tuition and fees, excluding out-of-district and non-resident fees, unless noted otherwise in Addendum A, as approved by the Galveston College Board of Regents and as published in the Galveston College Catalog.
