Dr. Elva Concha LeBlanc

Dr. Elva Concha LeBlanc was appointed President of Galveston College in April of 2001.

PRESIDENT’S MESSAGE

Galveston College is your community college. Opened in 1967, Galveston College has an overriding purpose to provide access to a quality education for residents of Galveston Island, Bolivar Peninsula, and neighboring Chambers and Jefferson Counties. The College provides high-quality learning opportunities and services that allow students in a multicultural community to realize their potential and achieve their dreams.

We embrace the life-long learning concept and offer programs and courses that prepare students for successful transfer to four-year institutions and/or prepare them for entry into the workforce. In addition, the College provides Adult Basic Education, GED preparation, ESL instruction and developmental studies that provide a gateway to employment and further education. This catalog highlights the many degree and certificate programs available as well as non-credit instructional programs with a focus on workplace skills or simply for enrichment.

Galveston College has numerous partnerships with area colleges and universities (articulation agreements), Independent School Districts (dual enrollment, Tech Prep), and businesses (partnerships) to ensure a seamless transition for students as they meet their educational goals.

Everything needed for your success is present, a caring atmosphere, a place which rewards intellectual curiosity and creativity, student oriented faculty and staff, support services, and modern facilities.

On behalf of our Board of Regents, faculty and staff, I welcome you to Galveston College. Your future is now—Your future is at Galveston College.
The Board of Regents of Galveston College are elected at-large by position by residents of the city of Galveston and Bolivar Peninsula. These Regents give unselfishly of their time and represent their constituents for six-year terms.

Phyllis H. Moore, Chairperson

John E. Walker, Vice Chairperson

John L. Sullivan, Secretary

Paul Cunningham, M.D.

Carl E. Kelly

*College offices will be closed on these dates.*
MISSION

The Board of Regents, faculty and staff of Galveston College believe the present and future vitality of the College and that of its service area of Galveston Island and the Bolivar Peninsula are wholly interdependent. Consequently the College is and must continue to enhance its role as a principal community resource, responding to both individual and collective need through the provision of educational opportunity and commitment to community development.

GOALS

A. To provide educational opportunity for a student body reflective of the diverse population which we serve differing as it does in educational preparation and intent, demographic and socio-economic background, and cultural and ethnic influence.

B. To provide high quality, flexible educational programs and support services which are academically, geographically, and financially accessible to our students and which meet their personal, vocational, and professional goals of preparing for a first career, a career change, career advancement, or personal enrichment.

C. To provide community-wide opportunity for lifelong educational development through conferences workshops, speakers and cultural events, community forums and civic education, professional and technical assistance, and other activities and services consistent with the needs, interests, and abilities of our service population.

D. To serve as a catalyst for the formation of partnerships with business, public agencies, civic organizations, other educational institutions to foster the more efficient and effective use of community resources while improving employment opportunities and the quality of life for our service population

E. To employ a process for assessing community and student needs, as well as our own effectiveness in meeting needs, so that educational programs, support services, and administrative processes may be continually strengthened.

F. To provide administrative leadership which adheres to open communication, shared planning, and participative management while accepting responsibility for the efficient and effective use of the College's human, physical, and financial resources.

PROGRAMS

A. Transfer programs establish a foundation of college-level academic skills and lead to the associate of arts degree (AA); they parallel the first two years required for the baccalaureate degrees at senior colleges and universities.

B. Technical-vocational programs lead to certificates of proficiency and the associate of applied science degree (AAS) and are primarily intended to prepare students for immediate employment through a combination of marketable employment skills and college-level academic skills; in some cases, these degree programs and classes transfer to senior colleges and universities
MISSION AND GOALS

C. Adult vocational education programs lead to the development of marketable skills and provide specialized training as defined by business and industry for immediate employment; these programs assist non-degree seeking students with career advancement, the updating of job skills, and re-entry into the workforce.

D. Adult Basic Education (ABE) programs provide basic literacy instruction and may lead to the completion of the General Educational Development (GED) diploma; developmental programs strengthen the basic skills of those persons lacking adequate preparation for college-level courses.

E. Personal enrichment programs provide non-credit cultural, social, recreational and vocational activities that intended to improve the quality of life of the student and to encourage lifelong learning.

F. Student activities provide opportunities for students to participate in campus life through clubs, student government, cultural and social events, and educational programs outside the classroom; athletic competition is available through campus intramurals and a program of intercollegiate athletics.

SERVICES

A. Instructional support services are provided through the library, the media and copy center, the Skills Enrichment Center (learning assistance), technology within the classroom, distance learning technology, assistance with instructional computing, and secretarial assistance.

B. Student-centered support services include recruitment, enrollment, assessment, retention, financial assistance, academic advisement and career exploration, academic alert, academic and personal counseling, job placement and student activities.

C. Community support services include the hosting of cultural, professional, and civic events; assistance to business, industry, agencies, and organizations in defining their training needs; assistance to small business through the Small Business Development Center; and participation in the formulation of strategies for economic development.

D. Administrative support services are provided through business services; accounting services; personnel services; computer services; institutional research, planning and development; public affairs; physical plant and grounds maintenance; evening services and auxiliary enterprises; and secretarial assistance.

VALUES

The shared values listed below are among the beliefs which guide Galveston College in the development of its mission, goals, programs, and services:

A. The open and honest interchange of ideas and beliefs.

B. The worth and potential of each individual.

C. An appreciation of ethnic and cultural diversity, and the opportunity for inclusion of those not historically served by higher education.

D. Active participation by students in the learning process and adherence to defined standards for educational achievement.
E. A campus environment conducive to both formal and informal learning and to cross-cultural, global, and environmental awareness.

F. Teaching excellence and the support of teaching through opportunities for professional development and the encouragement of innovation, creativity, and responsible risk-taking.

G. The highest levels of professionalism, competence, and productivity in combination with honesty and integrity as standards for the College.

H. Commitment to the policies of equal opportunity and affirmative action including the active recruitment minority faculty and administrative staff.

I. A work environment that affirms the importance and contribution of each member of the faculty and staff encourages their responsible participation in planning and decision-making, and promotes their wellness and job satisfaction.

J. Competitive compensation for employees, with encouragement of their educational advancement and rewards for exceptional performance.

K. The formation of partnerships within our service area and beyond to avoid unnecessary duplication and to enhance the delivery of programs and services.

L. Commitment to the well-being of the communities within our service area and the active civic participation of College employees.
HISTORY OF GALVESTON COLLEGE

Galveston College has served the learning interests of Galveston residents, businesses and industries for nearly thirty years. Many groups and individuals, both past and present, have played an important part in the development of Galveston College.

It is known that as early as 1934 there was considerable local interest in a community junior college for Galveston. Interested citizens were able to call and hold an election on November 2, 1935, which created a junior college district with geographical boundaries coterminous with those of the Galveston Independent School District.

Attempts to activate the district included a June 27, 1936, tax proposal, which met with failure at the polls. Community leaders did not relax their efforts during the ensuing years, despite another unsuccessful election in 1958 which proposed a county-wide junior college district.

In 1965, a Union Junior College District, composed of all but three of the independent school districts in the county, was organized.

On April 2, 1966, the Union Junior College District unsuccessfully submitted bond and tax proposals to the voters.

In July of 1966, the Commissioner’s Court of Galveston County considered favorably a resolution by the Union Junior College District to disannex the territory comprising the Galveston Junior College District from the territory comprising the newly organized Union Junior College District. This act provided the avenue by which the original district could be activated.

That same year, Galveston leaders renewed their drive to obtain a college for the Island. An attorney general’s opinion was sought and it determined that the original district was still in legal existence.

The original Board of Regents was appointed on September 21, 1966, by the Public School District Trustees.

On December 3, 1966, an election was held to establish a maintenance tax for the operation of the College. An annual ad valorem tax was authorized at a rate not to exceed $0.27 per each $100 valuation of the taxable property within the College district.

For the opening of the College in September 1967, through the spring of 1970, the College occupied Moody Hall, a refurbished orphanage, as its only campus facility. The initial academic offerings were fairly broad in scope, while the occupational program was minimal but with strong offerings in vocational nursing, office occupations, engineering/drafting and law enforcement.

During this period, the College implemented cooperative agreements with the University of Texas Medical Branch hospitals resulting in programs in associate degree nursing and associated health occupations, received a gift from the Moody Foundation for one million dollars and achieved its initial accreditation by the Southern Association of Colleges and Schools.

By the fall of 1970, the College’s initial enrollment of 730 had grown to 1,245. During the next two years, the College expanded into temporary buildings, several of
which were new, others the result of adjacent property acquisitions. Additional
programs were established in mid-management and nursing assistant.

Notable developments during this period were a cooperative nursing program
with Brazosport College, a five-year federal allied health grant of a quarter of a million
dollars, and during the summer of 1972, occupancy of the Mary Moody Northen
Center for occupational education.

Enrollment for the fall semester 1972 was 1,717. During the period 1972-76, many
new occupational programs were added, including offset printing, industrial engine
mechanics, refrigeration mechanics, banking, fashion merchandising, office simulation,
and a certificate program in hospital unit clerk training. Added to these was an
academic program in cooperative education.

During this latest period, the College inaugurated several contract services begin-
ing with offset printing instruction to Ball High School students, acquired a 5.2 acre
portion of the old Fort Crockett military installation, initiated concurrent enrollment
agreements with city high schools, and attained accreditation reaffirmation from the
Southern Association of Colleges and Schools.

In May 1977, the College opened its Fort Crockett campus at which some 600
students received course work in health care programs, fine arts, physical education
and various other credit and adult educational offerings. Since 1977, the College has
added courses in computer science, child development, human development, television
and surgical technology. Also, a grant from the National Science Foundation has
enabled mathematics and science instructors to employ the computer as an instruc-
tional tool.

The second floor of the Shearn Moody Plaza was opened for selected programs in
September 1981. This facility accommodated the following programs: mid-manage-
ment, mini-course in clerical occupations, nurse assistant, surgical technology, unit
clerk and vocational nursing. In addition, photography, metals and printmaking were
taught on this campus.

With a generous gift from the Meadows Foundation, the College dedicated the
Eudine Meadows Cheney Student Center in October of 1982.

In September of 1984, the College's decision to move from the Shearn Moody
Plaza location required maximum utilization of all campus facilities with the major-
ity of management and health care courses being located at the Fort Crockett campus.

In addition, the Fort Crockett campus facilities were expanded to accommodate
the arts, photography, metals and printmaking. The fall of 1984 also provided the
opening of new physical education facilities in the renovated basement of the Fort
Crockett building and a newly constructed annex complete with racquetball courts,
showers, weight training facility and exercise areas.

The fall of 1984 marked the beginning of the College's new hotel/restaurant
management curriculum which received an overwhelming response from the hospi-
tality industry in Galveston and interested students. During the same period, an
expanded emphasis was put on adult/continuing education to offer a multitude of
courses for community interests and individual development.

In the fall of 1985, the food service management/culinary arts program opened
classes to complement the Island's growing tourism and hospitality industry. In the spring of 1986, a state-of-the-art laboratory for food preparation and culinary training was opened in the Mary Moody Northen Center at the College's Main Campus.

During its twentieth anniversary celebration in 1987, the College enjoyed an expansion in programs, facilities and student enrollment. The College's new degree programs of horticulture, fast food management, criminal justice and microcomputer applications were accompanied by huge increases in community education students and course offerings.

In March of 1990 after two and a half years of planning and construction, the College held gala opening ceremonies for the new Regent's Hall and rededication of the David Glenn Hunt Memorial Library at the Main Campus. Soon to follow in December of 1990, the faculty, student services and administration would occupy a completely remodeled Moody Hall, the site of the old orphanage and the College's once meager beginnings.

In the course of twenty-five years, the College came full circle to better serve its constituents. In the earlier years, efforts were made to establish beginnings with strong faculty and personnel in comfortable surroundings. The next decade was spent developing strong academic and vocational programs and the years towards the silver anniversary were marked by new programs, community service and enhancement of the College campus environment.

In the fall of 1994, Galveston College's credit headcount reached an all-time high with 2,477 enrollments. Community education non-credit student numbers also reached record highs with increased efforts in contract training with local businesses and through activities of the College's Small Business Development Center.

By early 1995, Galveston College's Board of Regents had approved campus expansion plans at the Main Campus that involved the 3.1 million dollar development of a new fine arts building and gymnasium. The increasing demand for parking due to record enrollments required the purchase of several residences for the provision of satellite parking adjacent to the Main Campus.

In August 1996, Galveston College opened its newest facilities; a fine arts complex and the relocation of the Hermes Fitness Center to the 4015 Avenue Q campus. The College's expansion plans called for the sale of the Fort Crockett Avenue U campus and the consolidation of all administrative, classroom and auxiliary facilities to the 39th Street campus.

During the fall semester of 1996, the College formed the Galveston College Foundation whose initial campaign of "Universal Access" earned Galveston College the top award for innovation in all Texas Higher Education. College and community leadership had conceived of an unique plan to enhance the human resources of the economically and socially challenged Island community. Universal Access proposed to raise $9.3 million to provide free tuition and fees for every local high school graduate to attend Galveston College beginning in the fall semester of 2001.

The 1997 college year was a year of program development and refinement. Galveston College's Addiction Technology Transfer Center maintained its status as one of the largest training centers for addiction counselors in the United States. The College's
Leadership Institute entered its second year of reviving an adult service learning academy and workforce development programs that had gained notoriety for police academy, culinary arts and fast track health careers were joined by a truck driving school, building trades, welding classes and the creation of American National University.

In early 1998 the Board of Regents of the Galveston Community College District continued sessions for long-range planning and development of the single multifaceted campus concept. The College celebrated its 30th anniversary with a reception for the college community and a variety of special events. A President's Report to the Community showed the remarkable evolution of a small community college that has become proactive and transformed into one of the most core elements for improvement and service to our community.

By the fall of 1998 and the early months of 1999, Galveston College had fielded its third competitive collegiate sport—the Galveston College Whitecaps women's softball team—joining the nationally recognized women's volleyball and men's baseball programs that had earned a national reputation for Galveston College.

In the fall of 1999, Galveston College unveiled the Moody Hospitality Institute and Professional Development Center at Moody Gardens that would be promoted around the world as an educational training center for students and professionals. The Institute trains local workers and Galveston College students utilizing strong partnerships with Texas Tech University interns and the Moody Gardens Hotel management.

As Galveston College headed to the year 2000, strong enrollments in credit and non-credit programs were sustained. Workforce development efforts, including the Craftsman's Institute, attracted students to building trades, welding programs, and truck driving careers. In late fall 2000, the Galveston College Board of Regents began a national search for its seventh sitting President and also introduced a nationally anticipated two-year degree Emergency Medical Services program.

As Regents, faculty, staff, and students entered the new millennium and Galveston College's 34th year, the College was fiscally sound and strongly supported by local citizens who had come to recognize Galveston College as an integral part of the growth and prosperity of the community.
GALVESTON COLLEGE FOUNDATION

In the fall of 2001, Universal Access to higher education and workforce training at Galveston College will become available to all Galveston Island high school graduates. The Universal Access Scholarship Endowment Funds are being raised by the Board of Directors of the Galveston College Foundation to provide all within our community the opportunity for a brighter future through higher education.

Universal Access, a two-year educational opportunity with a lifetime of benefits, will provide each local high school graduate up to $1,000 per year from private, state and/or federal sources. These funds will cover tuition and fees for full-time study for up to two years. In addition, Universal Access makes this same guarantee to those, within our community, who will commit themselves to returning to Galveston College and completing their high school equivalency diploma (G.E.D.). This commitment will have to be accessed within 12 months of completion of the high school diploma or G.E.D. and will be good for two consecutive years.

The recipients will be required to outline a plan of study, to maintain timely successful academic progress and to participate in a service-based program giving of their time to assist those less fortunate within our community.

The goal behind the Universal Access program is to rebuild the Galveston community by investing in its most precious resource, its people. Universal Access students will acquire the skills necessary to become self-sufficient, productive members of the community.

The vision of Universal Access will be achieved through the development of a $9.3 million endowment which will provide to each high school and G.E.D. graduate the financial aid necessary to support up to two years of post secondary education and training. This program will be carried down to the elementary students of our community as a motivation – a light at the end of the tunnel – to encourage and inspire them to persevere and stay in school. An endowment sufficient to support 610 students per year will be needed.

The Universal Access Campaign is an investment in the future of our Island community. Participation of all within our community, at whatever level of support, is critical to making this vision a reality. All gifts to the Galveston College Foundation are fully tax deductible and most warmly appreciated. Gifts to the Universal Access Campaign can be made in a variety of ways including annual pledges, planned gifts, and gifts of appreciated assets. Perpetually-named scholarships in memory or honor of someone may be established as a part of the Universal Access program. Each named scholarship will require and investment of $15,000 to provide the income necessary to endow this effort. Numerous major gift and naming options are available as a part of the Universal Access Campaign. Contributions may also be given to support other programs at the College. Please contact the Galveston College Foundation at (409) 763-6551, extension 303, for further information or assistance.
Galveston College's Main Campus, inclusive of satellite parking, occupies a full city block in the heart of one of the city's major residential areas just six blocks north of the Gulf of Mexico and Seawall Boulevard. A completely modern campus environment, with exquisite architectural design, provides classrooms and commons in a blend of new and renovated buildings. As part of Galveston College's master plan to consolidate to one campus site, new facilities housing fine arts and the Sarah H. Hermes Fitness Center were dedicated and opened in August, 1996. Campus facilities are described below.

**MOODY HALL**

Moody Hall is the oldest of the five major buildings at the Main Campus. It was once the St. Mary's Orphanage in Galveston and it was the College's first building acquisition. It is modernly appointed and completely renovated with the following features:

**ADMISSIONS**

The College's Admissions Office provides admissions applications and forms to the public and houses current and former student records and transcripts. The Admissions Office is on the first floor, east wing.

**BOOKSTORE**

Galveston College's Bookstore is open to the public and provides required textbooks, supplies and variety items as a student service. It is located on the first floor, west wing.

**COUNSELING CENTER**

Galveston College provides counseling service to students including general academic counseling, services for the disabled and special populations, job placement services and testing. The Counseling Center is on the first floor, east wing.

**FINANCIAL AID**

The financial aid program at Galveston College attempts to provide financial assistance to those students who, without such aid, would not be able to attend college. Financial assistance is offered in the form of grants, scholarships, loans and work. For an application, contact the Financial Aid Office which is located on the first floor, west wing.

**WORKFORCE DEVELOPMENT AND CONTINUING EDUCATION**

Workforce Development and Continuing Education provides classes in various program areas including business and industry training, children's classes, leisure learning and physical fitness with the goal of providing opportunities for life-long learning in personal development, skill development, cultural enrichment and recreational enjoyment. Offices are on the first floor, east wing.
ADMINISTRATION
The College administrative offices are located on the second floor, east wing. The President, Vice President of Instruction, Vice President for Administrative Services, Vice President for Student Development Services and Enrollment Management, Assistant to the President for Research and Planning, Executive Director of the Galveston College Foundation and Public Affairs Offices are housed in this area along with support staff.

BUSINESS OFFICE
The College's Business Office handles most daily transactions of a financial nature. The mail services, telephone operator and Personnel Office are all in the same general location. The Business Office is located on the second floor, west wing.

LECTURE ROOM
The Moody Hall lecture room on the second floor (M-220) seats a minimum of 106 in theatre-style seating and is equipped with public address and audio-visual systems. This room doubles as a teaching auditorium and the Board of Regents meeting location.

REGENTS HALL
Regents Hall is located in the center of the College campus. A multitude of classrooms, conference rooms, faculty offices and science and computer laboratories make this flagship facility one of the College's major assets. Below are some of the Regents Hall facility highlights of interest to students and visitors:

DAVID GLENN HUNT MEMORIAL LIBRARY
The College's Library, named for its first president, was rededicated during the opening of Regents Hall in March, 1990. The facility is equipped to handle a minimum of 70,000 volumes and offers computer-assisted cataloging and search methods. The Library features attractive appointments, conference rooms, carrels and a student-use computer center.

ATRIUM
The College's Regents Hall adjoins the Mary Moody Northen Vocational Center by a three-story atrium complete with skylights, sky walk, fountain and fauna. The atrium is a common gathering place for students and visitors and features a magnificent mural done by the College's ceramics specialist and former associate professor of fine arts, Martha Denman. Both the Culinary Arts lab and the College's Community Room are accessed by the atrium but are actually on the first floor of the Northen Center.

TELECONFERENCE ROOM
The College's second floor Regents Hall is the location of a 76-seat teleconference room (R-250) that is available for lecture and community use during international, national and regional satellite teleconferences at the College.
SMALL BUSINESS DEVELOPMENT CENTER  
Galveston College's highly successful Center to provide education and assistance for development or operation of small businesses in conjunction with the SBA national and regional programs is located on the second floor of the campus on the west wing.

ADVANCED COMPUTER CENTER  
The College has a variety of computer-equipped classrooms. The third floor Advanced Computer Center (R-376) is but one of these rooms available for classroom/student use. It features state-of-the-art equipment stations utilized for advanced computer skills.

MARY MOODY NORTHEN VOCATIONAL CENTER  
The Northen Vocational Center is a three-story major facility on the south side of the Main Campus. The Northen Center features large classrooms, faculty offices and a variety of special uses as highlighted below:

COMMUNITY ROOM  
A well-appointed community room is located on the first floor of the Northen Center and is accessed by the Main Campus Atrium entrance on the campus' west side. The facility is available for student, faculty, and community reserved use. The community room will accommodate up to 200 seated persons in a round table format and it is equipped with extraordinary audio-visual and public address capabilities. It is also adjacent to and serviced by the College's Culinary Arts Laboratory.

CULINARY ARTS LAB  
Located on the first floor of the Northen Center and accessed by the College Atrium is a full service kitchen/instructional laboratory for the College's Culinary Arts program. The laboratory is well equipped with storage freezers, utensils, and culinary work stations and provides a small classroom on-site for student instruction and small group gatherings.

ADULT LEARNING CENTER  
Galveston College offers high school equivalency (GED), English as a Second Language (ESL) and Adult Basic Education programs on the second floor of the Northen Center (N-217).

SKILLS ENRICHMENT CENTER  
The College has developed a special service area dedicated to developmental and advanced learning that is located on the second floor of the Northen Center (N-213). Renovated in the summer of 1996, the Skills Enrichment Center is fully staffed and well appointed for testing, tutoring and individual studies. Study carrels and media-based learning programs are features of this area.

EVENING SUPERVISED PLAYROOM/STUDY HALL  
The College provides evening supervised babysitting for children of single parents who are vocational majors with documented financial need. Eligible children must be
between the ages of three and seven years. The playroom/study hall is located on the third floor of the Northern Center (N-338).

**OFFICE TECHNOLOGY LABORATORIES**
The third floor is the location of several well equipped laboratories designed especially for training students in modern office technology skills.

**EUDINE MEADOWS CHENEY STUDENT CENTER**
The Eudine Meadows Cheney Student Center is located east of Moody Hall on the Main Campus. It houses a snack bar, a student lounge with television and restrooms. The Building Bridges to Success Information Center is also located in the Student Center.

**SARAH H. HERMES FITNESS CENTER/ FINE ARTS BUILDING**
The Fine Arts Building has two floors of general classrooms and laboratories. The second floor has a performing arts room and stage plus rooms specifically designed for music teaching and practice. The third floor has ceramics, photography and art labs plus an art gallery for the display of student art and other exhibits. The Sarah H. Hermes Fitness Center connected to the Fine Arts Building features a gymnasium, weight training equipment in a mirrored exercise room, showers and locker rooms on the first floor. An aerobics room and spectator seating for viewing events in the gymnasium are located on the second floor.

**WORKFORCE TRAINING CENTER – 47TH & BROADWAY**
The latest addition to the Galveston College facilities is the Workforce Training Center located at 47th and Broadway. The facility includes training for the following areas: welding, truck driving, computer-aided drafting and building trades.

**GENERAL INFORMATION**

**Room Symbols:** These symbols are used in the class schedules that are printed for distribution each semester. An explanation is as follows: M-222 means Moody Hall, Room 222; N-240 means Mary Moody Northen Center, Room 240; R-300 means Regents Hall, Room 300; FA-207 means Fine Arts Building, Room 207; H-100 means Hermes Fitness Center, Room 100; and SC means Eudine Meadows Cheney Student Center.

**First Aid Facilities:** In the event of serious illness or severe injury, the family and/or family doctor and/or hospital of the injured party will be notified by Security. Commercial first aid kits are kept in Admissions, Business Office, Hermes Fitness Center and Security Office.

**Facilities for Disabled:** Special facilities are available to the disabled which include wheelchair ramps to all buildings (handrails on stairs and ramps), elevators that will
accommodate wheelchairs in all multi-story buildings, toilets and drinking fountains for disabled and reserved parking spaces.

**Phones:** There are pay phones in the student lounges in Moody Hall, in the Student Center, in the elevator lobby (ground floor) of the Mary Moody Northen Center, first floor of the Hermes Fitness Center and second and third floors of the Fine Arts Building. No message will be accepted at the College switchboard for students unless it is an emergency.

**Lost and Found:** Personal items, articles or books left on College property should be turned in to the Security Office (N-105). All persons wishing in (form)ation on lost or found items should contact ext. 364.

**Security Services:** Uniformed security personnel provide coverage for campus-wide facilities. Students, faculty, and staff can contact the Security Office by dialing the campus operator. In addition, security phones are available for immediate contact with the security dispatch in the case of an emergency.

The security force provides an escort service to the 39th Street parking lot at various times during the evening. Please contact the Security Office for an escort. The security force is duly authorized to enforce policies, including parking and traffic control and other institutional or student conduct policies.

The security force may request identification of any person on campus at any time. To contact security, please dial the operator. All emergencies or reports of inappropriate or criminal behavior should be made to the Security Office immediately.

**Galveston College Marquee:** The College's marquee is located on the south corner of the 39th Street Parking Lot. The marquee displays current activities and calendar events and may be scheduled through the Administrative Assistant to the Vice President for Student Development Services and Enrollment Management.

**Galveston College TV:** The College maintains an in-house closed circuit TV with monitors displayed throughout the campus. College activities and calendar events are displayed on a continuous program screen. Requests to list activities and announcements on GCTV may be made through the Administrative Assistant to the Vice President for Student Development Services and Enrollment Management.

**Housing:** The College currently operates one small dormitory which houses student athletes. Students who do not reside in the area should plan on making their own arrangements for housing.

**Drinking, Eating and Smoking:** There will be no eating or drinking in classrooms. The use or possession of intoxicating beverages or drugs is prohibited in buildings and all other public campus areas. Cigarette smoking is not permitted inside classrooms or buildings.

**Posting of Notices:** No public notice of any kind will be posted in College buildings or on College property without approval of the Vice President for Student Development Services and Enrollment Management. Notices will be posted on bulletin
boards or other appropriate fixtures. Notices will not be posted on walls, doors or windows, or any other surface or area not specifically approved by the Vice President for Student Development Services and Enrollment Management.

**Bulletin Boards:** Bulletin boards are located throughout the campus. Please contact the Student Development Services Office for information on posting.

**Parking Regulations:** Galveston College offers parking spaces to its students, employees and visitors. Parking is a privilege granted to the college community, and special areas have been designated for parking for students, faculty and staff. All faculty, staff, and students at Galveston College are requested to identify their cars on campus through use of the Galveston College parking decal. The parking decal is used by College security personnel to identify cars that are parked illegally or to assist in emergency situations.

Automobile and truck parking spaces are marked by parallel yellow lines approximately 10 feet apart for angle and head-in parking and approximately 20 feet apart for parallel parking. These spaces will not be used for parking motorcycles and bicycles.

Motorcycles and bicycles may be parked in the odd-spaced areas marked by yellow, parallel lines approximately 3 feet apart. Automobiles and trucks will not park here.

Disabled parking spaces are marked with “Disabled” signs. These are the only “reserved” spaces and are to be used only by people who use wheelchairs. If you are disabled, obtain a parking permit from the Galveston County Courthouse and display it on the left-hand of your dashboard when using these spaces.

All vehicles parked in parking spaces must be parked within the described boundaries.

Any person who violates provisions of these Parking Regulations is guilty of a misdemeanor and on conviction is punishable by a fine of not more than $200.00. Vehicles parked in violation of these rules are subject to being removed (towed away) at the expense of the violator or ticketed with a traffic ticket or summons of the type issued by the Texas Highway Patrol.

A traffic ticket is usually issued on the first violation. A second violation may result in the vehicle being towed away.

A vehicle will be towed away on the first violation if it is parked in an area reserved for the disabled, parked on a walk or crosswalk, parked in a way which seriously impedes traffic or is parked in a way which prevents ready access to College machine/equipment rooms or trash containers.

Inquiries concerning parking rules and regulations or violations may be made by contacting the Coordinator of Security in N-105 or by calling ext. 364.

**Emergency Announcements:** In any emergency situations such as a hurricane or flooding, students and employees are to follow these directions:

If dismissal or cancellation of activities occurs during the time classes are in session, the announcement will be made on the campus as appropriate.
Any other emergency announcements of cancellations or reopening of the College may be accessed by calling the College's main phone number at (409) 763-6551 to receive a message update. Announcements will also be made on the following radio stations:

- Galveston – KGBC (1540 AM on the dial)
- KRTX (101.5 FM on the dial)
- Brazosport/Freeport – KBRZ (1460 AM on the dial).

The decision to dismiss classes and to reopen Galveston College will rest with the President.

All students should follow the national weather advisory regarding evacuation of the area by listening to the above radio stations.

In addition to the radio stations listed above, the following radio and TV stations may broadcast information regarding local conditions and advisability of returning to the area after a hurricane.

- Houston – KPRC (950 AM on the dial), KTRH (740 AM on the dial)
- KHOU (TV Channel 11 – CBS), KPRC (TV Channel 2 – NBC)
- KTRK (TV Channel 13 – ABC)

**Equal Educational and Employment Opportunity Policy:** Galveston College is committed to providing equal educational and employment opportunity regardless of sex, marital or parental status, race, color, religion, age, national origin, or disability. The District provides equal opportunity in accord with federal and state laws. Equal educational opportunity includes admission, recruitment, extracurricular programs and activities, access to course offerings, counseling and testing, financial aid, employment, health and insurance services, and athletics. Existing administrative procedures of the College are used to handle student grievances. When a student believes a condition of the College is unfair or discriminatory, the student can appeal to the administrator in charge of that area.

**Family Educational Rights and Privacy Act of 1974:** In compliance with the Family Educational Rights and Privacy Act of 1974, the College may release information classified as “directory information” to the general public without the written consent of the student. Directory information includes (1) student name, (2) student address, (3) telephone number, (4) dates of attendance, (5) educational institution most recently attended, and (6) other information, including major field of study and degrees and awards received.

A student may request that all or any part of the directory information be withheld from the public by giving written notice to the Admissions Office during the first 12 class days of a fall or spring semester or the first four class days of a summer session. If no request is filed, directory information is released upon inquiry. No transcript or academic record is released without written consent from the student stating the information to be given, except as specified by law.
Student Consumer Information Services: Pursuant to Public Law 178, the College provides all students with information about its academic programs and financial aid available to students.

Alcohol and Drug Abuse Education Program: In compliance with the re-authorization of the Higher Education Act Program Participation Agreement required by institutions participating in programs of student financial assistance authorized under Title IV of the Act, Galveston College provides an Alcohol and Drug Abuse Education Program. A series of lectures and activities are presented throughout the year to promote awareness of risk factors and encourage preventable measures to decrease alcohol and drug abuse.

The Alcohol and Drug Abuse Education Program is designed to provide an institution-wide program to aid students, faculty and staff. The major emphasis is focused on education and prevention activities. Assistance is also provided to students and employees through meaningful and helpful referral services in local community agencies.

The Causeway College: Galveston College and College of the Mainland have developed a cooperative agreement regarding the non-duplication of vocational programs at each college. The Causeway College program allows students the opportunity to take general education courses on one campus, then cross the causeway to enroll in vocational courses at the other college. In addition to the vocational programs offered at Galveston College, College of the Mainland offers the following programs:

- Automotive Mechanic Technology
- Child Development
- Diesel Mechanics
- Drafting and Design Technology
- Thermal Technology
- Graphic Arts
- Electrical Construction Technology
- Welding Technology

For more information, call the College of the Mainland Counseling Center at (409) 938-1211.

Administrative Interpretation and Change: The administration of Galveston College reserves the right to act as final interpreter of all catalog content. Furthermore, the College reserves the right to change without notice tuition, fees and other charges, and related requirements and regulations as necessitated by College or legislative action.

Galveston College does not guarantee that courses listed in this catalog will be offered in any given term or year, on a specific campus. Registration for a particular course, section of a course, or, in some cases, a program may be limited by the College. Galveston College reserves the right to cancel any course or section of a course, to change the instructor of a course, or to delete or change a program in keeping with prudent instructional and financial management.
General admission to the College, but not necessarily to specific courses or programs, may be achieved by one of the following methods:

1. Graduation from an accredited high school.
2. Graduation from a non-accredited high school with the condition of scholastic probation imposed on the student for one semester.
3. Successful completion of the General Education Development (GED) Test, as certified by the State of Texas.
4. Transfer "in good standing" (student is eligible to re-enroll for course work) from another college or university.
5. Individual approval by the Vice President for Student Development Services and Enrollment Management for early admission and for certain students 18 years old or older. Specific requirements for each of these strategies are listed below:

(a) Early Admission Program – Galveston area high school juniors and seniors may get a head start on earning transferable college credit at minimal cost before graduation from high school. In addition to the applications, students must submit a letter of permission from the high school principal and pass both the TAAS and appropriate section(s) of the TASP tests. After high school graduation, students must submit a second transcript showing the date of graduation. College credit earned under the Early Admission program will not be valid until the second transcript is received by the Admissions Office at Galveston College. (Approval may be requested by the student for dual credit). While attending Galveston College, the student will be expected to adhere to all policies of the College.

(b) Tech-Prep/School to Work Programs – Galveston College, in partnership with the Galveston Independent School District, has developed Tech Prep programs which provide high school students an unique opportunity to begin to prepare for their careers while they are still in high school. Tech Prep students complete a sequence of courses necessary for success in their chosen occupations. Existing Tech Prep programs include health occupations, criminal justice, office technology and hospitality services. Students enrolling for college courses through the Tech Prep programs are subject to Early Admissions provisions. For further information regarding enrollment in a Tech Prep program, students should contact the GISD Career and Technology Education Office or the Ball High School Career Center.

(c) Persons who do not hold a high school diploma or GED (but who are 18 years of age or older and whose high school class has graduated) may be admitted by giving evidence of an ability to benefit from college instruction. Such admission will be on a probationary basis.

(d) Home schooled students may apply for admission by completing an Application for Admission, taking the TASP test (placement testing may be required thereafter), and submitting a high school transcript. The transcript must be notarized and should include, but is not limited to:
GENERAL ADMISSION INFORMATION

<table>
<thead>
<tr>
<th>Course/class title</th>
<th>Grading Scale</th>
<th>Text/Resources used.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Length of course and date completed</td>
<td>Curriculum</td>
<td>Course description</td>
</tr>
</tbody>
</table>

Home schooled students enter the college on a probationary status. A personal interview may be necessary for Early Admission home schooled students who have not completed the 10th grade.

6. Non-traditional or non-degree seeking student who may be classified:
   An individual 18 years or older who wishes to enroll in a course for professional review, cultural or personal growth and achievement may be classified as a non-traditional or non-degree seeking student.

How to apply:
   (a) Complete an application at the Admissions Office.
   (b) Request classification as "non-traditional" or "non-degree" seeking student.
   (c) Furnish appropriate transcript(s) for placement or TASP status.

Notes: If a student wishes to change to a "degree-seeking status" at a later date, the student will be required to furnish all previous college transcripts and meet entrance requirements for specific courses or programs outlined in this catalog or as required by departmental testing, required placement scores, or the TASP test.

7. Authorization from Galveston College to enroll as a non-resident international student. All correspondence relating to admissions for international students should be addressed to the Admissions Office; Galveston College; 4015 Avenue Q; Galveston, Texas; 77550; U.S.A. (Refer to Admissions Procedure).

SPECIAL ADMISSIONS

For admissions requirements to specific occupational/technical programs, please refer to the sections of this catalog devoted to the degree or certificate.

IMPORTANT POLICY REGARDING ADMISSION REQUIREMENTS FOR OCCUPATIONAL/TECHNICAL PROGRAMS WHICH HAVE LICENSING AND/OR ACCREDITING AGENCY REQUIREMENTS:

Because licensing and/or accrediting agencies periodically change their requirements, Galveston College may have to change BOTH admissions and curricula in these special programs. Therefore, a student taking PREPARATORY courses for entry into one of these fields may have to change plans to meet any new requirements. The college cannot guarantee "future entrance requirements" for these programs.

UNDERGRADUATE LIMIT

There is a limit on the number of undergraduate hours that the state will fund for a student who initially enrolls in a Texas public college or university in the Fall 1999 semester or thereafter. Universities and health related institutions may not submit for funding any hours after the student has attempted 45 non-exempt semester credit hours beyond the minimum number of hours required for completion of the
GENERAL ADMISSION INFORMATION

student's baccalaureate degree program. Students should be aware that an institution of higher education might charge a higher tuition rate once the extra 45 hours have been attempted. Students should check with the Registrar of their senior institution if they desire more details.

FRESH START

An applicant for admission who is a Texas resident may seek to enter this institution pursuant to the "academic fresh start" status, Texas Education Code, 51.931. If applicant informs the admissions office in writing of this election, the institution will not consider academic course credits or grades earned by the applicant 10 or more years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant who makes the election to apply under this statute may not receive any course credits for courses taken 10 or more years prior to enrollment.

TASP TESTING

In spring 1987, the Texas Legislature passed House Bill 2182 which mandated and made law the development of TASP (Texas Academic Skills Program) and the accompanying TASP test. All new students entering public institutions of higher education in Texas in fall 1989 and thereafter are under TASP guidelines.

Detailed information on TASP is available to Galveston College students in the Counseling Center through a brochure prepared jointly by the Texas Education Agency, the Texas Higher Education Coordinating Board, and National Evaluation Systems (the testing company). Information on registering for the exam and for obtaining a detailed study guide is also available in the Counseling Center.

This brochure will concentrate on the broad effects of the TASP test on Galveston College students, including local guidelines which Galveston College students must meet.

WHO MUST TAKE THE TASP TEST?

All full and part-time students enrolling in Galveston College in fall 1989 and thereafter, except:
(a) Those who have received at least 3 hours of college-level credit (approved by Galveston College) prior to fall 1989.
(b) Those who enroll in a level-one certificate program. (NOTE: Once a student enrolls in a course that will cause him/her to exceed six hours outside of the certificate program, all TASP test requirements apply.)
(c) A student who is 55 years of age or older, with verification, on the first class day of the term or semester for which they enroll and is non-degree or non-certificate seeking may be TASP exempt (waived). If a student becomes degree or certificate seeking, the student must take the TASP prior to the end of the first academic term. (Senate Bill 1491 of the 74th Texas Legislature)
(d) Transient students from private or out-of-state schools who attended their primary institution the preceding semester and are returning to it the next semes-
GENERAL ADMISSION INFORMATION

These students must file a waiver with the Counseling Office:

(e) Students who received a baccalaureate degree
(f) Students who are blind or deaf and completed three semester hours of college-level work prior to September 1995.
(g) Students who have an ACT composite score of 23 or higher, and a Math and English score of 19 (effective for five years.)
(h) Students who have a recentered SAT score of 1070 or higher with at least 500 on both the math and verbal sections (effective for five years.)
(i) Students who scored at least TLI X-89 in reading, TLI X-86 in math and 1770 in writing on the TAAS test (effective for five years.)

WHEN MUST THE TEST BE TAKEN?

(a) Non-exempt students must take the TASP test prior to enrolling for any collegiate level course work.
(b) A student in a level-one certificate program who accumulates more than six (6) semester hours outside the specified curriculum.

WHAT IF A STUDENT FAILS TO TAKE THE TEST AT THE REQUIRED TIME?

The student will not be allowed to enroll at Galveston College for courses other than those designated as developmental courses.

Galveston College also offers the Quick TASP at various times during the semester. The Quick TASP is an alternative method of taking the TASP in that it is scored more quickly than the traditional TASP test. Students may register for the Quick TASP through the Counseling Center. Results are usually available within five to seven days of receipt of scores by the testing center.

If a student is found to be in violation of TASP requirements, the student may be withdrawn.

WHAT IS COVERED ON THE TEST?

The TASP test includes mathematics, reading, and writing (objective test and a writing sample) sections. Detailed information on test content can be obtained from the Counseling Center.

WHAT CONSTITUTES PASSING THE TEST?

The TASP test has been successfully passed when a student has passed all three parts of the exam. A student must repeat the sections of the test that are not passed. Once a section is passed, it never has to be retaken. For additional details regarding other methods of meeting TASP requirements, please contact the Registrar’s Office.
WHAT IF A STUDENT DOES NOT PASS THE TEST?

Any Galveston College student who does not pass one or more areas of the test:

(a) Must enroll continuously in developmental instruction directly related to the section(s) of the test not passed, and must give priority in course selection to the corresponding developmental course(s). (NOTE: Students will not be permitted to withdraw from developmental instruction required because of failing TASP. Students not attending developmental classes assigned because of failing TASP may be administratively withdrawn from ALL classes in which they are enrolled.)

(b) Will face restrictions in attempting to enroll in courses requiring a performance level of 3 in mathematics or language skills, depending upon the sections of the TASP test not passed.

(c) Cannot graduate from an associate degree program, or from a level-two certificate program.

(d) Cannot enroll at a senior institution in upper-division courses, the completion of which would give the student 60 or more semester credit hours.

Galveston College will make every effort to prepare students for the TASP test through its own Placement testing, through formal courses, and through additional learning assistance provided by the Skills Enrichment Center and the Counseling Center. Students are encouraged to carefully monitor their own progress through Placement and TASP requirements and to consult often with counselors and faculty advisors. Students should not be fearful of TASP requirements but they must take them very seriously since their academic progress is contingent upon performance on the TASP test.

PLEASE CONTACT THE COUNSELING CENTER FOR INFORMATION ON TESTING DATES, REGISTRATION, FEES, FINANCIAL ASSISTANCE, AND TEST PREPARATION.

ALTERNATIVE TESTS USED TO SATISFY TASP REQUIREMENTS

(1) Alternative tests used to satisfy TASP requirements are the ASSET, COMPASS, ACCUPLACER, MAPS, and QUICK TASP.

(2) Alternative tests may be used only for initial testing. Only the TASP or Quick TASP may be used for retakes.

GENERAL ADMISSION INFORMATION

PLACEMENT TEST
Students who do not pass any or all sections of the TASP are required to take the placement test. Each credit course in the Galveston College catalog has been assigned a performance level in mathematics and language skills. Students wishing to enroll in these courses must demonstrate the assigned competency level on a required placement test and/or the TASP. If that competency level is not achieved on a placement test, the alternative is to pass an appropriate developmental course or courses.

PROFICIENCY LEVEL CODES
For each course in the catalog, competency levels are listed. An explanation of each competency level is listed below with the placement test score and the alternative developmental course listed for each:

MATHEMATICS COMPETENCY
0 = No assigned competency level in mathematics
1 = ASSET mathematics (20+) or pass MATH 0300, or a score of 220 on the TASP
2 = Pass departmental exam or pass MATH 0303, or a score of 250 on the TASP
3 = Pass departmental exam or pass MATH 0304, or a score of 270 on the TASP

LANGUAGE COMPETENCY
0 = No assigned competency level in language
1 = Stanford (reading and English 9th-12th grade) or pass READ 0301 and ENGL 0301
2 = Stanford (reading Post High School) or pass READ 0302
3 = Stanford (reading and English Post High School) or pass Read 0302 and ENGL 0302

ADMISSIONS PROCEDURE
The procedures for admission into a College credit program of study are as follows:
(a) Obtain application forms from the Admissions Office.
(b) Return completed forms to the Admissions Office. Note: The submission of the application form automatically authorizes the College to access the state TASP database for the student's scores.
(c) Arrange for appropriate official transcripts from all schools (high school and colleges) attended to be sent to the Admissions Office. Returning students who have not attended Galveston College within the last five years may be required to again furnish official copies of coursework at other schools attended. Transfer students with a minimum of 15 college level hours will not be required to provide high school transcripts (except for special admissions programs).
(d) Submit appropriate placement test scores.
(e) Arrange a counseling interview prior to formal registration.

APPLICANTS WHO HAVE NOT COMPLETED THEIR ADMISSION FILES PRIOR TO REGISTRATION MAY BE ADMITTED ON A PROVISIONAL BASIS
AFTER SIGNING THE MISSING CREDENTIALS FORM. THIS FORM WILL BE COMPLETED IN THE ADMISSIONS OFFICE.

Applicants unsure of admission requirements should contact the Office of Admissions for clarification. When exceptional circumstances necessitate variations from normal admission requirements, applicants are referred to the Director of Admissions/Registrar. If it is determined that the request is reasonable, an exception may be authorized.

RESIDENT CLASSIFICATION STUDENT RESPONSIBILITY
The responsibility of registering under the proper classification is that of the student, and if there is any question of a student's right to classification as a resident of Texas, it is the student's obligation, prior to or at the time of registration, to raise the question with the administrative officials of the institution in which the student is registering and have such officially determined.

Every student who is classified as a resident, but who becomes a non-resident at any time by virtue of a change of legal address by a personal action or by the person controlling the student's domicile, is required to notify the proper administrative officials of this institution at once. Please contact the Admissions Office for complete residency information.

FORMER STUDENT
A student shall not be readmitted to the College until unsettled financial debts at the College are cleared.

INTERNATIONAL STUDENT ADMISSION
Admission of international students shall be subject to the following:
(a) Statement of Financial Support which must be signed by a parent, relative, or sponsor.
(b) Certificate of Immunizations. (Use forms provided by the Office of Admissions.)
(c) National Test Score of Test of English as a Foreign Language (TOEFL). A minimum score of 500 on the written test and on the computerized TOEFL is required of all students whose native language is not English or ELS Language Centers Level score of 109. English speaking international students should submit appropriate placement test scores.
(d) Evidence of U.S. medical insurance coverage.

INTERNATIONAL APPLICANTS MUST COMPLETE ALL REQUIRED ADMISSION PROCEDURES AT LEAST 30 DAYS PRIOR TO REGISTRATION.
CHANGING INFORMATION

1. **Address:** Any student with a change of mailing address and/or place of residence must notify the Admissions Office as soon as possible.

2. **Name:** The listing of a student’s name at Galveston College is originally recorded from the admission application. A legal document confirming change will be required.

3. **Major:** A student’s major is originally recorded from the admission application. A student wishing to change his major should complete the Change of Major form in the Admissions Office.

4. **Social Security Number:** A student must provide proof of any change from that which was reported on his original application on entry to Galveston College. The social security number will be used as the student’s identification number at Galveston College.

REGISTRATION

The formal registration of students is held prior to the beginning of classes each semester. The registration is simplified if students have completed admission procedures before registration begins. Details for registration procedures and course offerings are published each semester.
TUITION AND FEES
TUITION AND FEES

General Information
The College reserves the right to change, without notice, tuition, other charges, and related requirements and regulations as necessitated by College or legislative action. The tuition charged per long-term semester is set forth in the itemized schedule following and may be subject to change. Tuition and fees must be paid at the time of registration. NO REGISTRATION MATERIALS WILL BE HELD FOR LATE PAYMENT. All scholarship and financial aid recipients must have completed financial arrangements prior to registration.

A student who is enrolled in a public university or a Texas public community college may be eligible to receive a reduction in tuition charges upon concurrently enrolling in another Texas public institution of higher education. This adjustment will be in accordance with Section 54.062 of the Education Code. In order to qualify, the student must bring a copy of the receipt for payment of tuition from the institution in which enrollment was first made. Tuition adjustments must be processed prior to the official reporting date of that semester.

STUDENTS WHO ARE EXEMPT FROM TUITION AND/OR FEES FOR ANY REASON, MUST PRESENT PROOF OF SUCH EXEMPTION AT EACH REGISTRATION TO THE PAY STATION.

---

**Galveston College Fees**

Fees vary and are subject to change without notice. A copy of the current fee schedule can be obtained from the Business Office on the second floor of Moody Hall. Lab fees are charged for various courses at Galveston College to offset expenses for materials and supplies used in classroom instruction or laboratory assignments.

- **Building Use Fee** – $12.00 per semester credit hour.
- **Health Fee** – $76.45 for fall and $76.45 for spring, $38.50 for each 6-week summer semester and $76.45 for 9 and 12-week semesters for all students in health related programs.
- **Insurance fees** are $15.00 for Health Occupation Students per year and $149.00 for Radiation Therapy Students per year.
- **Student Services Fees** – $10.00 for 1-8 semester hours, $15.00 for 9 semester hours and above.
- **Registration Fee** – $20.00
- **Technology Fee** – $3.00 per semester hour
- **Other Fees** – Other fees may be charged for courses such as private music lessons, scuba diving, bowling, etc. where the cost of instruction includes outside payments to vendors or other related costs.
Continuing Education

Tuition and fees for Continuing Education courses depend largely upon:
1. Length of Courses (in hours and weeks).
2. Number of meeting sessions.
3. Need for related study aids beyond the normal text of reference.

Returned Checks

Galveston College will assess a twenty-five dollar ($25) handling fee for each check. Each individual will be notified by certified mail and given a final settlement date. After this date, the matter will be referred to the District Attorney's office for prosecution. The student will be responsible for the payment of all collection fees. In addition, no grades or transcripts will be released and future enrollments will not be allowed until the matter is settled.

Refund Policy

1. College Credit and Certificate Program Courses
   A. Students who officially withdraw from the institution will have their tuition and fees (except the registration fee) refunded according to the following schedule:

      Fall and Spring Semesters (16-week courses)
      Prior to the first college class day 100%
      During the first fifteen college class days 70%
      During the next five college class days 25%
      After the twentieth college class day NONE

      Summer Semesters (six-week courses)
      Prior to the first college class day 100%
      During the first, fifth college class day 70%
      During the sixth and seventh college class days 25%
      After the seventh college class day NONE

   B. Students who reduce their semester credit hour load by officially dropping a course or courses and remain enrolled at the institution will have applicable tuition and fees refunded according to the withdrawal schedule.
   C. For those students who paid by cash, a refund will be given at the time they withdraw if cash is available. At the time of withdrawal, credit cards will be credited per student request. All other refunds will be processed and mailed after the official State reporting period.
2. Continuing Education Courses
   A. Full (100%) refund will be made to students dropping a course prior to the second class meeting following their registration. The student has the immediate responsibility to decide after the first class period attended to continue or drop the course in question.
   B. All refund requests and questions will be handled by the Continuing Education Office.

Financial Obligations

Students are expected to pay all financial obligations to the College when due. Failure to pay such obligations may result in the student not being allowed to take final examinations, receive an official transcript or enroll for another semester. Financial obligations include, but are not limited to: (1) returned checks, (2) returned check charges, (3) library fines or lost or damaged book charges, (4) loss or breakage of instructional material or equipment, (5) short-term loans and (6) over payment of financial assistance.

Student Services Fees

Funds accumulated by the College through student services fees are used to support or partially underwrite student extracurricular functions, such as equipment and supplies for student activities; school sponsored activities; membership in state and regional associations; travel for delegates to state and regional meetings; partial funding for approved clubs and organizations; student government activities; and cultural activities (films, speakers, etc.).

Fee Changes

Tuition amounts are subject to change with the approval of the Board of Regents. Fees described in this Catalog are subject to change based upon the cost for providing materials (Lab Fees or Services, Other Fees, Insurance, etc.).

Professional & Personal Liability Insurance for Health Occupations Students

Galveston College provides a Blanket Student Liability program for all students in Health Occupations programs. The insurance is required for students to participate in clinical experiences in all affiliated hospitals and agencies. The amount of liability coverage is $1,000,000 per individual claim and $3,000,000 per aggregate claim.

Students enrolled in Radiation Therapy programs will pay liability insurance fees on an annual basis. The cost of this coverage is currently $149.00. All other Health Occupations program students will pay by the semester. The cost of this coverage is currently $7.50 in the fall semester and $7.50 in the spring semester.
TUITION AND FEES

Students must maintain this insurance coverage to participate in clinical experiences.

Transcripts

All requests for transcripts must be made in writing by the student either by completing the transcript request form in the Admissions Office or by letter. The letter must include the student's name at the time of last attendance, current name (if a name change has occurred), social security number, date of birth, and signature. All requests must provide a complete address to which the transcripts is to be sent.

Incomplete requests will be returned to the requestor. No requests will be taken over the telephone. Transcript services will normally be provided within 1-2 days of receipt of the request, EXCEPT DURING REGISTRATION and SEMESTER CLOSINGS.

Students with an outstanding debt to Galveston College or who have a "hold" on their record will not be issued an official transcript until the indebtedness or the "hold" is cleared. Students who are in default on student loans obtained through Galveston College are subject to this policy.
ACADEMIC STANDARDS

CREDIT FOR COURSES

The semester hour is the unit of measurement at Galveston College and is defined generally as one clock hour of class per week for a sixteen week semester, or its equivalent.

The number of clock hours of laboratory work equated to one clock hour of lecture will vary with the special requirements of the course.

Normally, it is the student's responsibility to take courses in sequence and at the proper level.

CREDIT BY EXAMINATION

A person who believes he is qualified by experience or previous training is provided with an opportunity to establish college credit in specific courses through a variety of testing programs. Credit established through examination becomes part of the student's record following successful completion of six (6) semester hours of credit at Galveston College. Semester credit hours and grade points will apply toward graduation requirements. Not all courses offered at Galveston College are approved for credit by examination. A list of those credits which may be established through this method is available in the Counseling Office.

Request for examination should be made to a counselor who will provide the necessary petition forms and advise the student of the procedure. A non-refundable fee will be charged for locally prepared and administered examinations in accordance with the prevailing fiscal policy.

Students will be allowed to earn a maximum of twenty-four (24) semester credit hours, through examination. Credit by examination may be attempted only one time in any given course. Students may not establish credit by examination for any course which has been previously attempted at this College or elsewhere.

A student may establish no more than three (3) credit hours earned by credit by examination for the degree requirement in History and no more than three (3) credit hours earned by credit by examination for the degree requirement in Government. Though great effort has been made to interrelate our credit by examination program with transferring four-year institutions, final acceptance of these credits for specific degree purposes is determined by that institution.

The following credit by examination programs are recognized by Galveston College.

1. Galveston College Locally Prepared Examinations

Students desiring to take an examination for credit in occupational-technical or specific university-parallel courses, which are on the College approved list, are to complete the following steps:
   a. Obtain a permit For Credit by Examination form from the Counseling Office.
   b. Obtain approval from the appropriate Dean and schedule test.
   c. Pay the required fee in the Business Office.
   d. Take the form to the examination room on the scheduled date and complete the examination.
Locally developed examinations will be prepared by the appropriate Dean. Administering these examinations will be the responsibility of the appropriate Dean or his designated representative. Scoring and grade determination procedures will be identified by the Dean. The Dean will retain all examination materials in a secured file for at least one calendar year. The student, upon request, will be afforded the opportunity to discuss examination results with the Dean. Credit will be granted for a grade of "A" or "B". The student's transcript will carry the notation "credit by examination."

2. The College Entrance Examination Board Achievement Tests

These tests are different from the Advanced Placement Tests. Counselors in local high schools will furnish information concerning registration for the tests which are administered several times each year.

Students desiring to establish credit as outlined above must complete a Petition for Credit form which is available in the Counseling Office. The student's transcript will carry the notation "Credit based on CEEB Achievement Test."

* In addition, the student must achieve a grade of "B" or better on an essay administered and graded by the Galveston College English instructional area.

3. The College Entrance Examination Board, College Level Examination Program (CLEP)

Some subject examinations will be recognized for credit. Students desiring credit for a subject examination should contact a Galveston College counselor prior to taking the examination.

EXPLANATION OF THE COURSE NUMBER SYSTEM

The courses offered by Galveston College carry a four letter prefix and four-digit number (for example, ENGL 1301 for a course in English and HIST 1301 for a course in History).

In this system of course numbering, the first numeral indicates the level of the course ("0" indicates developmental level, "1" indicates freshman level and "2" indicates sophomore level).

The second numeral in the course number indicates the semester-hour credit assigned to the course ("0" indicates no credit value, "1" indicates one semester hour credit, "2" indicates two semester hours credit, "3" indicates three semester hours credit, "4" indicates four semester hours credit, etc.).

The third and fourth numerals give specific course identification and often indicate the sequence in which the course should be taken (for example, English 1301 is understood to precede English 1302).

CLASSIFICATION OF STUDENTS

A student who has completed less than 30 semester hours is classified as a freshman.

A student who has completed 30 or more semester credit hours and has not received a degree is classified as a sophomore.

NOTE TO NURSING STUDENTS: Students are classified as freshman or first year students when enrolled in a course with a nursing prefix and a course number starting with one. Sophomore or the second year classification begins when a student enrolls in a course with a nursing prefix and a course number starting with two.

A student may also be classified as a full-time student or a part-time student according to the criteria listed below:

Full-time student:

1. During the Regular Semester:
   a. A student registered for twelve (12) or more semester hours is defined as a full-time student of Galveston College.
   b. A student registered for twelve (12) or more semester hours is defined as a full-time student by the Veterans Administration.
   c. See Financial Aid Information for requirements for students receiving financial aid.

2. During the Summer Terms:
   a. A student registered for six (6) or more semester hours each term is defined as a full-time student by Galveston College.
   b. See Veterans Information for classification of veterans.
   c. See Financial Aid Information for requirements for students receiving financial aid.
Part-time student:

1. During the Regular Semester:
   a. A student registered for less than twelve (12) semester hours is defined as a part-time student by Galveston College.
   b. See Veterans Information for classification of veterans.
   c. See Financial Aid Information for requirements for students receiving financial aid.

2. During the Summer Terms:
   a. A student registered for less than six (6) semester hours is defined as a part-time student by Galveston College.
   b. See Veterans Information for classification of veterans.
   c. See Financial Aid Information for requirements for students receiving financial aid.

COURSE LOAD

Students who are employed or who plan to seek employment are cautioned to consider carefully the amount of college work they attempt in relation to the number of hours they are employed each week and to the student activities in which they participate. A student who overloads in these areas is likely to have scholastic difficulties. A good rule to remember is that a minimum of two hours of preparation outside class is necessary for each hour of class time.

The counseling staff or a student's program advisor will recommend a course load for each student. It is recommended that students enrolled in remedial courses limit their course load to 12-13 hours or less.

The College reserves the right to limit the course load carried by any student.

CLASS ATTENDANCE

Students are expected to attend all lectures and laboratory periods and an accurate record of each student's attendance is kept by each instructor for the duration of the course.

Any student who has missed 10% of the total clock hours of instruction, not excused by the instructor, may be withdrawn from class by the instructor with a grade of "AWF" or "AWN" (only for some developmental courses).

Students are expected to report to class on time. At the discretion of the instructor, tardiness may be treated the same as an absence and the AWF/AWN policy may be applied.

If an AWF/AWN is processed before a student completes the drop procedures, the AWF/AWN will become the grade of record.

The student, instructor and financial aid office will receive copies of the AWF/AWN form.

Programs with special attendance requirements mandated by local, state or national accrediting or professional agencies will observe the agency attendance requirements which affect student certification, registry or licensure, as well as those of the College.
Any such special attendance requirements must be approved in writing by the Vice President of Instruction.

**STUDENT ABSENCE ON RELIGIOUS HOLY DAY**

Under Texas Education Code 51.911, a student who is absent from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence if, not later than the fifteenth day after the first day of the semester, the student notified the instructor of each class scheduled on the date that the student would be absent for a religious holy day.

A religious holy day means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

The notice shall be in writing and shall be delivered by the student personally to the instructor of each class, with receipt of the notice acknowledged and dated by the instructor or by certified mail, return receipt requested, addressed to the instructor of each class.

A student who is excused under this section may not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination.

**EXAMINATIONS**

The preparation and administration of examinations is the responsibility of the instructor who teaches the course. The number and kind of examinations will be determined by the nature of the specific course.

Mid-semester and final examinations are usually the minimum required of any course.

**SCHOLASTIC INTEGRITY**

Each student is charged with the responsibility of maintaining scholastic integrity. When written assignments require excerpts from material published by others, the student must give full credit to the author to avoid the possibility of plagiarism. Also, see under "Students Rights and Responsibilities" on page 99.

Any student violation of scholastic integrity for plagiarism or cheating falls properly within the realm of student/faculty relations and is subject to faculty recommendation to the college administration for loss of credit for a particular assignment, examination, or unit of work; failure in a course; or dismissal from the college.
STUDENT RECORDS

Galveston College has established policies and procedures to comply with the "Family Educational Rights and Privacy Act of 1974" and the "Texas Open Records Law" (State Senate Bill 1071 and House Bill 6).

A brief summary of this policy is as follows:

Student records are released only for the use by faculty and professional staff for authorized College-related purposes. The release of student records for off-campus use occurs only with the student's knowledge and consent, or where required by law, or upon subpoena.

Review of Record — Any student who desires to review his record may do so upon request to the appropriate office immediately responsible for the record.

Challenge to Accuracy of Records — Any student who desires to challenge accuracy of his record should follow the procedure as outlined below:

Formal Review — If the Informal Review does not clarify the question of accuracy of the record, the student may request a Formal Review. The President will appoint an institutional official, committee or other party who does not have a direct interest in the outcome of the hearing to hear challenges concerning the student's record. A written decision will be sent to all interested parties at the conclusion of the hearing.

The following categories of information in the student records are considered Directory Information and may be released to the general public without the written consent of the student. A student may request that all or any part of the Directory Information be withheld from the public by making WRITTEN REQUEST to the Admissions Office during the FIRST 12 CLASS DAYS of a fall or spring semester or the FIRST 4 DAYS of a summer semester. This request will apply only to the current enrollment period. The following is included as Directory Information:

(a) Name
(b) Current and permanent address
(c) Telephone listing
(d) Date and place of birth
(e) Major field of study
(f) Participation in officially recognized activities
(g) Dates of attendance
(h) Degrees and awards received
(i) Most recent and previous institutions attended
(j) Courses currently enrolled in
(k) Number of hours enrolled in current semester
(l) Classification

</tr>
</tbody>
</table>

*Note 1: Incomplete work must be completed on or before the end of the next long term semester. Work not completed by the end of the next long semester (summers do not count) will automatically be changed to a grade of “F” or “NC”. Students with grade of “I” will not be eligible for “Honors” until “I” has been completed.

*Note 2: The last day to drop a course with a grade of “W” is noted in the College Calendar.

*Note 3: See Administrative Withdrawal section in catalog.

*Note 4: Developmental courses that begin with 0 are graded as credit/no credit and are not counted in semester or cumulative GPA or hours earned, and are not counted for honors-effective spring 1988.

*Note 5: Students who do not complete course requirements may receive a "WX" grade when the instructor determines that reasonable progress has been made and when the student can re-enroll for course completion prior to the certification date in the next regular semester. If the student re-enrolls and completes the course requirements, the "WX" is converted to a performance grade.

**Repeated Courses:** If a student repeats a course at Galveston College, the hours and grade earned on only the last enrollment will be used in computing the cumulative grade point average, even when the last grade earned is lower. This is a Galveston College Policy. This policy is not necessarily honored at other colleges.
Adding and Dropping of Courses: Students who add courses will be subject to any additional tuition and fees as outlined in the current Galveston College Catalog. Refund information should be obtained from the Business Office.

Courses may be added on the dates outlined in each semester schedule. Courses may be dropped without notation on the student's record before the permanent recording date of each semester. After that day, courses will be dropped with a grade of "W" (Withdrawn). The last day to drop a course with a "W" is listed in each semester's published schedule.

If an AWF/AWN is processed before a student completes the drop procedure, the AWF/AWN will become the grade of record.

Forms for dropping or adding courses may be obtained from the Counselor's Office. A drop form requires the signature of the instructor or the appropriate Dean. The drop form does not become official until it is received in the Admissions Office with the required signatures.

ADMINISTRATIVE WITHDRAWAL

A student who registers and does not attend class in accordance with Galveston College attendance policy will be administratively withdrawn upon written recommendation of the instructor. A grade of AWF/AWN will be assigned to the student. The grade of AWF will have a grade point value of "0" and will be computed in a student's grade point average. The grade of AWN is used only for some developmental courses and is not computed in a student's grade point average or semester hours earned.

If an AWF/AWN is processed before a student completes the drop procedures, the AWF/AWN will become the grade of record.

The student, instructor, and financial aid officer will receive copies of the AWF/AWN form.

Withdrawal from College: Any student withdrawing from the College must obtain the proper forms from the Counselor's Office and secure clearance as indicated on the forms. Students must turn in identification cards to the Business Office at the time of withdrawal. All indebtedness to the College must be satisfied in the Business Office prior to withdrawal. When all financial affairs are satisfactorily arranged, student grades and transcripts will become available. Students who do not complete all forms will receive a grade(s) of "F." The date of withdrawal will be the date the form is completed and the above conditions are satisfied. The last day to completely withdraw from school is noted in each semester calendar.

Withdrawal for Military Service: If a student withdraws because he or she is called to military service, the District, at the student's option, shall:
1. Grant a student, who is eligible under the District's guidelines, an incomplete grade in all courses by designing "withdrawn-military" on the student's transcript, or
2. As determined by the instructor, assign an appropriate final grade or credit to a student who has satisfactorily completed a substantial amount of coursework and demonstrated sufficient mastery of the course material.
GRADE POINT AVERAGE (GPA)

Four grade points are awarded for each semester hour in which the student receives an “A,” three grade points for each hour of “B,” two grade points for each hour of “C,” one grade point for each hour of “D,” and 0 grade points for an “F” or “WF.” The grade point average is the quotient obtained by dividing the total number of grade points earned by the number of semester hours which a student has attempted (excluding developmental courses). Grades of “Audit,” “I,” “IP,” “AWN,” “CR,” “NC,” “NR,” “WX,” are not assigned grade point values.

For repeated courses, only the latest grade earned is included in cumulative grade point averages. Transcripts do, however, indicate all work completed, even if the latest grade is lower than a preceding grade.

A student’s grade point average is computed by adding the total grade point values for all courses and dividing by the number of credit hours attempted during the same period. For example, a student who takes the following courses and earns the following grades has a grade point average of 2.52:

<table>

Total Credit Hours: 17
Total Grade Points: 43+17=2.52

Cumulative Grade Point Average

The cumulative grade point average is based upon all of the student’s work taken at Galveston College. However, when courses are repeated only the most recent grade will be used to calculate grade points and semester hours.

Transfer students must meet the grade point requirements corresponding to the number of semester hours for which they have received transfer credit. No grade lower than a “C” is acceptable for transfer credit.

Academic Probation and Suspension

Students must meet the grade point requirements listed in Table 1 or be placed on academic probation for the succeeding long-term semester or the succeeding summer term for which the student is registered.

A student who does not have the required number of cumulative grade points but who meets the grade point requirements on the current work attempted, will be allowed to continue on an academic probation status.
Students who have been placed on academic probation and who fail to meet the grade point requirements in the next semester hours attempted will be suspended for one long-term semester or the combined summer terms, as applicable. VETERANS SHALL BE REPORTED TO THE VA AS MAKING UNSATISFACTORY PROGRESS AND WILL NOT BE CERTIFIED UNTIL PROBATION HAS BEEN REMOVED.

Students who have been placed on academic probation by another institution at the close of the last semester during which they attended that institution will be placed on academic probation upon their entrance at Galveston College. Students who have been suspended for academic reasons from other colleges for at least one long-term semester will be placed on academic probation upon admission to Galveston College.

A student who has been suspended twice from any college must obtain special permission to enter Galveston College. Such permission may be granted by the Director of Admissions.

To be removed from academic probation, a student must:

1. Meet the grade point requirements on the current work attempted (see Table 1), and

2. Meet the cumulative grade point requirements on all work attempted at Galveston College. (see Table 1).

</table>
GRADE APPEAL

Students who wish to appeal a final grade must do so through petition to the appropriate instructor and/or the Dean WITHIN thirty calendar days of the end of the term in which the grade was assigned. After that time period, the grade is considered final and not open to further appeal.

GRADE REPORTS

A grade report is issued to each student at the end of each semester and gives the grade earned in each course that semester. A transcript is the official record of college work and gives all grades earned throughout the college career. Transcripts and grade reports are withheld from students who have not met financial or other obligations to the College.

HONOR STUDENTS

A President's List is published each fall and spring semester listing the names of full-time students who achieve a grade point average of 3.5 or better in that semester. A Dean's List is published each fall and spring semester listing the names of full-time students who achieve a grade point average of 3.0 to 3.49 in that semester. An Honors List for Part-Time students is published each fall and spring semester listing the names of students taking between 6 and 11 semester credit hours who achieve a grade point average of 3.5 or better. Developmental courses are not counted for Honors. An Honors list is not compiled for the summer semesters.

Note: Students with a grade of "I" will not be eligible for any "Honors" until the "I" has been completed.

REQUIREMENTS FOR GRADUATION

All students interested in obtaining a degree from Galveston College should file a degree plan. Certificate applicants should file early in the semester for the one semester certificate and according to the published deadline for the one year certificate programs.

Eighteen (18) of the last 36 semester hours prior to graduation must be completed in residence at Galveston College. Exceptions may be considered and granted by mutual consent of the Vice President of Student Development Services and Enrollment Management and the Vice President of Instruction. A minimum grade point average of 2.0 ("C") is required on all course work applying toward a degree and/or a certificate. DEVELOPMENTAL COURSES MAY NOT BE APPLIED TOWARD DEGREES.

Only those candidates who have fulfilled all proficiency-level and scholastic requirements for a degree or certificate and who have met the TASP requirements and have met their financial obligations to the College will be recommended for the degree or certificate sought. Any variation from the requirements of a specific degree or program must be approved by the appropriate Dean and the Vice President of Instruction.
GRADUATION UNDER A PARTICULAR CATALOG/DEGREE PLAN

The student is responsible for all requirements of the catalog under which that student is graduating. To graduate, students must complete the course requirements of the GC Catalog in effect at the time a degree or certificate program is filed. To change majors, a new degree or certificate plan must be filed with the Counseling Center. The program of the student who changes a major within the college shall be governed by the degree requirements in effect at the time the change of major becomes effective. These exceptions apply:

A catalog more than 10 years old shall not be used.

The program of the student who interrupts enrollment for more than twelve months shall be governed by the catalog in effect at the time of the student's re-entrance to the College. For these purposes, enrollment shall be defined as registration for and successful completion of at least one course during an academic term.

GRADUATION PROCEDURES

FILING FOR DEGREE OR CERTIFICATE

The procedures for filing for degree or certificate and graduation are enumerated below:

PICK-UP THE DEGREE/CERTIFICATE APPLICATION FROM THE COUNSELING OFFICE. PICK-UP REQUIRED GRADUATION INFORMATION FROM THE ADMISSIONS OFFICE. WHEN COMPLETED:

1. Return to Admissions Office
   a. degree/certificate application
   b. degree plan

INSTRUCTIONS TO STUDENT

1. Student should have an up-to-date degree plan prepared and checked by the Counseling Office in his student record in the Admissions Office. A copy of that plan should be attached to the form. That plan should list all courses completed toward the degree with ONLY those in progress THIS semester without grades.

2. STUDENT is responsible to see that all requirements for graduation as outlined in the college catalog will have been met by the graduation date. These include: passing the TASP or be TASP exempt, a minimum cumulative grade point average of 2.0 (C) and completion of 18 of the last 36 semester hours in residence.

3. There is a $5 fee to cover the cost of processing and mailing diplomas for students unable to participate or pick up diplomas.

4. There is one formal graduation exercise held at the end of the spring semester. ALL GRADUATING STUDENTS (Spring) MUST ATTEND GRADUATION unless specifically excused IN WRITING by the Director of Admissions. Fall and summer graduates are encouraged to participate and should request special instructions regarding participation from the Admissions Office.

5. Students who fail to qualify for graduation must reapply.
Cap and Gown, invitations, and other graduation items may be purchased through the College Bookstore.

**GRADUATION WITH HONORS**

Students who graduate from Galveston College in an associate degree program with an overall grade point average of 3.0 to 3.49 on all work taken at Galveston College will be graduated with "Honors." Students achieving an overall grade point average of 3.5 or better on all work taken at Galveston College in an associate degree program will be graduated with "High Honors." Notations of such honors will be made on the student's permanent record. A student must complete at least 18 semester hours (not counting developmental courses) at Galveston College to be eligible for "Graduation with Honors" listing.
The College is committed to providing opportunities for each individual student’s total educational development. Student Development Services are provided by the Admissions Office, Financial Aid, Placement Services, Counseling, Student Life, Special Services, Library and Media Services, Public Affairs and the Vice President for Student Development Services and Enrollment Management. Student Development Services are integrated with the programs of the College to address the individual needs for educational, personal, social, cultural, and career development.

**ADMISSIONS AND STUDENT RECORDS**

The Admissions and Student Records Office is responsible for the collection and maintenance of student records. A variety of local, state and federal reports are compiled by this office.

Pre-Admissions: Prospective students are provided information on the College through an on-going distribution of college publications (Galveston College catalog; fall, spring, and summer class schedules; department brochures; publicity pamphlets; and news releases on new and developing programs.)

Admissions: The office provides written and oral information to students as listed in pre-admissions. Student records are created which may include: the application and student information forms, official transcripts from all schools (high school or GED and colleges), and appropriate placement test scores. Transcripts are copies of a student’s academic records and may be obtained in the Admissions Office. Information is also maintained and provided on special admissions programs, international students, veterans, and residency.

Registration: The formal registration of students is held prior to the beginning of classes each semester. Details for registration procedures and course offerings are published each semester.

**COUNSELING CENTER**

The offices of Counseling, Career Services, Placement Services and Special Services are located in the Galveston College Counseling Center on the first floor of Moody Hall.

**Counseling Services**

The Counseling Office is responsible for the appropriate counseling, testing, placement and follow-up services at Galveston College. Individuals may find the counseling services helpful as they make plans and decisions in various phases of their development. Assistance is provided by the counseling staff in the following areas:

Academic advisement to examine appropriate choices of courses, educational plans, study skills, and transferability of courses.

Confidential personal counseling to make adjustment and life decisions about personal concerns.
Career Services
Career assistance is available for all students at Galveston College. The Career Information Center, located in the Counseling Center, provides various resources to help with career decision making (i.e., college catalogs, occupational information, resume writing, etc.). The following career assistance is provided by the Counseling Center:
1. Career counseling to explore possible vocational directions, occupational information, and self appraisals of interests, personality and abilities.
2. Workshops and seminars conducted by counselors focusing on such areas as study skills, test anxiety, choosing a career, job search techniques, and resume writing, etc. Counselors will consider offering a workshop on any topic for which there is a demand.
3. CHOICES, an interactive computerized career planning tool, is available in the Counseling Center, the College library and terminals in selected computer labs.

Special Services
The Office of Special Services major goal is to increase the admission, retention and graduation rates of students who, by traditional academic, social and cultural measures, would have difficulty succeeding in college. A variety of programs, services, and related activities are designed to provide educational support such as academic advising, class scheduling, dependent care, referrals to local community agencies, mentor, and campus support groups.

Students with special needs are requested to notify the Counselor for Special Services about assistance and/or special accommodations. Students with disabilities, impairments, or other health conditions are required to provide documentation from medical physician(s), and/or referral agency, i.e., Texas Rehabilitation Commission, Texas Commission for the Blind, etc.

Special Services For Students With Disabilities
1. Brochure – This resource describes the services for students with disabilities, lists campus resources and identifies local community referral agencies.
2. Pre-enrollment advising, class scheduling, and priority registration are available. Students must notify the Counselor for Special Services about special needs or accommodations.
3. Special Orientation – is provided to familiarize students with the campus and inform them of the support services available to meet their needs.
4. Special Equipment – cassette recorders, Visual Tek machine, and Kurtzwell Reading machine are available to students with disabilities who provide appropriate documentation.
5. Sign Interpreters – In conjunction with the Texas Rehabilitation Commission, assistance is given to locating speech interpreters to translate information to the hearing impaired.
6. Tutors – Tutoring services are provided by the College's Skills Enrichment Center.
7. Personal Counseling – The Counselor for Special Services assists with referrals to appropriate local agencies and organizations, and also serves as liaison to the Texas Rehabilitation Commission, Texas Commission for the Blind, the local high schools, etc.

Services for Single Parents and Single Pregnant Women

With funds from the Carl Perkins Discretionary Grant for Single Parents and Single Pregnant Women, Galveston College, in collaboration with local community agencies and organizations, other educational institutions, and the private sector, develop and implement a variety of activities to help single parents and single pregnant women, i.e., textbooks and other educational materials, child care assistance, tutoring, personal counseling, job placement, etc.

To be eligible for services and/or assistance, the student must be (1) a single parent and/or a single pregnant female, (2) economically disadvantaged, and (3) a declared vocational or technical major.

Building Bridges to Success

The Building Bridges to Success program at Galveston College is a federally-funded student support services program, designed for matriculating students who need additional assistance and innovative curricula to ensure their success in a post-secondary academic environment. Eligibility requirements include currently enrolled students who represent first generation college students, low income/economically dependent or disabled.

Program Activities

Program activities include personal counseling, career guidance and exploration, academic advising and assistance in course selection, tutoring, mentoring (campus, peer, and community volunteers), and admissions and financial assistance to transfer to a four year college/university.

Job Placement

The main purpose of the Job Placement Services area is to develop job opportunities for Galveston College students and alumni. Employment opportunities are posted on the Job Placement Boards located in the Counseling Center and Student Center. Referral information is provided to qualified candidates who have applied to receive job placement assistance from the College.

Job Placement Services provides a comprehensive job placement service in coordination with the Counseling Center to the following groups of students, former students, and alumni:
All students currently enrolled at Galveston College;
All students who have attended Galveston College in the twelve (12) month period preceding their application-inquiry date, provided that during that twelve (12) month period the student did not graduate from another institution; and
All Galveston College Alumni.

FINANCIAL AID

The financial aid program at Galveston College attempts to provide financial assistance to those students, who without such aid, would not be able to pursue a higher education. The primary responsibility for financing an education rests with the student and his family, and Galveston College is aware that assistance beyond the family's resources sometimes becomes necessary. In cases wherein financial need for eligible students is documented, Galveston College will assist, as far as possible, using all available local, state, and federal funds.

Financial assistance is offered in many forms, such as grants, scholarships, loans, and employment, or a combination of these aids.

In general, to be considered for financial aid you must:
1. be a United States citizen or a permanent resident,
2. have been accepted for admission,
3. be enrolled as a regular student in an eligible program and pursuing a degree/certificate,
4. have a high school diploma or GED (students may be eligible for aid if enrolled in developmental studies courses, but for no more than a total of 30 semester hours of such courses),
5. demonstrate financial need as described by program guidelines,
6. register with Selective Service, if required,
7. be making progress toward the completion of your course of study according to the "Academic Requirements for Receiving Financial Aid;"
8. not be in default on a federal student loan,
9. not owe a refund on any grant received under Title IV programs at any institution and meet program regulations.

Each student requesting consideration for financial assistance must, at a minimum, submit the following forms:
2. Free Application for Federal Student Aid.
3. Request that a Financial Aid Transcript be submitted to the Galveston College Financial Aid Office from each school attended since high school, whether financial aid was received or not if entering Galveston College in a spring or summer semester.
4. Any other forms that may be requested by either the Federal government or our office.

5. Application for Admissions. 
   Academic Transcripts from all previously attended post-secondary schools.
   All application forms are available from the Galveston College Financial Aid Office.

   Information obtained from the financial aid application forms is used to determine the student's need and the types of awards for which he qualifies. Awards made through the office fall into two categories: 1) gift aid, which includes grants and/or scholarships, and 2) self-help funds from Work-Study and student loans. The amount offered as a financial aid award plus the student's resources and those of his parents (if applicable) cannot exceed the cost of attendance for a student as determined by the Financial Aid Office.

FIRST PRIORITY DATE: MAY 8

Applicants may apply throughout the year but should apply before May 8th for the following fall semester. Students whose files are completed by this date will be given priority in processing. Files completed after this date will be processed as time and funds permit. Generally, applicants who do not complete the application process by August 1 should be prepared to pay all educational costs incurred until their application is processed and eligibility is determined but are encouraged to contact the Financial Aid Office to discuss other options. A file is complete when all necessary paperwork has been received, the information verified, and the file reviewed. Minimum processing time on a file is four weeks.
TYPES OF FINANCIAL AID

Federal Pell Grant:
The Federal Pell Grant is awarded only to undergraduate students who have not earned a bachelor's or professional degree. Pell Grant eligibility is determined by a standard formula used to evaluate the information reported on the Free Application for Federal Student Aid. The amount of Pell Grant awards are from $400 to $3,300 per academic year according to the Federal Pell Payment Schedule and also depending on enrollment status, full-time or part-time. This is an entitlement program with funding available to eligible applicants, including those who apply after priority deadlines.

College Access Loan (Hinson-Hazlewood)
This is an alternative loan through the state of Texas which students may apply for if not eligible for the Stafford Loan. This loan has a higher interest rate and requires a co-signer. Applications are available in the Financial Aid Office.

Federal Family Educational Loans (FFEL):
Student loans will help you finance your college education, but they will have a long-term impact on your financial future. You should investigate all available resources before you consider applying for a student loan. The amount of money you borrow may affect your ability to borrow money to purchase a car or house after college. Familiarize yourself with the terms of your loans, their repayment procedures, and how borrowing today will affect your future. As a part of our Federally Mandated Default Management Plan, Galveston College has implemented special procedures for students who want consideration for a Stafford loan. A copy of these procedures is available from the Financial Aid Office, upon request.

Federal Stafford Loan (subsidized):
Repayment of this loan is deferred while the student is attending school. Interest rates are variable but will be no more than 8.25 percent. There is a loan origination fee totaling 3.5 percent, which will be subtracted from each loan disbursement. The amount the student may borrow depends on grade level, other financial aid the student receives, and the expected family contribution, as determined through the Free Application for Federal Student Aid.

Federal Parent Loan for Undergraduate Students (PLUS):
Parents of a dependent student can borrow under this program to help pay the student’s cost of attendance. Repayment begins 60 days after the second disbursement. The interest rate is variable, but will be no more than 9 percent. As a part of our Federally Mandated Default Management Plan, Galveston College has implemented special procedures for students who want consideration for a student loan. A copy of these procedures is available from the Financial Aid Office, upon request.
Federal Supplemental Educational Opportunity Grant (FSEOG):
The Federal FSEOG program provides assistance for eligible undergraduate students who show financial need and are making satisfactory progress toward their educational goal. The actual amount of the grant will vary depending on the availability of funds at the school, the student's family financial condition and other financial aid the student is receiving.

Texas Public Educational Grant (TPEG):
The TPEG program is a state financial aid program to assist students attending state-supported colleges. To be eligible students must show financial need and be making satisfactory progress toward their educational goal. The actual amount of the grant will vary depending on the availability of funds at the school, the student's family financial condition and other financial aid the student is receiving.

Texas Grant
The Texas Grant is for new high school graduates or continuing students who have previously received the Texas Grant and have maintained academic eligibility. Students must apply for financial aid, have completed the advanced or recommended curriculum at their high school, and have less than 5000 EFC on their financial aid report. The amount of the grant at Galveston College is about $480 for a full-time student, $360 for three-quarter time. Eligible students must be at least 3/4 time and maintain satisfactory academic progress.

State Student Incentive Grant (SSIG):
The SSIG is a federal/state program. To qualify, students must enroll for at least six credit hours per semester, make satisfactory progress toward their educational goal, be a Texas resident, and have financial need. The amount of the grant will vary depending on the availability of funds, the student’s family financial condition and other financial aid the student is receiving.

Federal College Work/Study
The College Work/Study Program is a federal program to assist students with jobs. To be eligible, students must demonstrate financial need, and be making satisfactory progress toward their educational goal. Students will generally work 12-15 hours per week.

Hazlewood Act:
Under the Hazlewood Act certain veterans who have exhausted remaining educational benefits from the Veterans Administration can attend Texas state-supported institutions and have tuition and certain fees waived. To be eligible, students must have been residents of Texas at the time they entered the service, have an honorable discharge or have been discharged under honorable conditions, must now be residents of Texas, and be ineligible for federal financial aid. Applications are available in the Financial
Aid Office. To apply, students must submit a Hazlewood Act application, a copy of their Form DD214 and a Student Aid Report stating ineligibility to the Financial Aid Office. Application processing must be completed prior to the semester the veteran wishes to use this benefit. Please allow four weeks.

Institutional Scholarships:
Students interested in the following scholarships should complete a scholarship application prior to the April deadline.
- Sister Mary Agnesita Edmonds/Nelson/Craft
- Laura Mae Elrod Greenwood/Mills/Pattinson
- Lambdin
- Drs. Eric and Octavia Hall
- Buell Humphries Memorial
- Michael Hodge
- Jean Morgan
- Jesse Murillo
- John Parker Davie Trust
- GladneiO Parker
- Larry Patton
- Rudy Tomjanovich
- University Federal Credit Union
- Kempner Fund for Workforce Development
- Addiction Technology Transfer Center

Recipients of the following scholarships are selected by the:

Faculty
- William Maury Darst Memorial
- Marionette Beyah Memorial
- Galveston College Faculty Council

Short-Term Loans:
The College has a limited amount of short-term loan funds available to assist eligible students pay a portion of their tuition/fees or book charges. Applications, which are accepted during the registration process, and further details are available in the Financial Aid Office.

STATE TUITION EXEMPTION PROGRAMS

Mature Citizen Students:
All United States citizens who are residents of Galveston Community College District who have attained the age of 55 years are entitled to enroll for classes at 1/2 the regular cost of tuition and fees, except those listed hereafter (when applicable): individual music instruction, liability insurance, health fees, and testing fees.
Outside Aid Sources

Veterans Administration Educational Benefits:
The purpose of this program is to assist veterans, widows or children of certain deceased or disabled veterans. For specific information, contact the nearest Veterans Administration Field Office, or the Veterans Affairs Assistant in the Admissions Office.

Students With Physical Handicaps (Vocational Rehabilitation):
The State Board for Vocational Education through the Vocational Rehabilitation Division offers assistance on tuition to students who have certain physical disabilities provided the vocational objective selected by the disabled person has been approved by a representative of the Division. Applications for vocational rehabilitation assistance should be made to the nearest Vocational Rehabilitation Office.

The Service Employment Redevelopment – Job Training Partnership Act (SER – JTPA) Operation SER:
Jobs for Progress is the subcontractor and administers the adjunct program of the Job Training Partnership Act of 1982 (JTPA) at Galveston College under sponsorship of the Houston-Galveston Area Council (HGAC) Private Industry Council (PIC). JTPA is federal legislation authorizing job training programs for economically disadvantaged individuals who face serious barriers to employment. JTPA replaces the Comprehensive Employment and Training Act (CETA).

Under this program eligible persons are provided with all training costs – tuition, fees, books, supplies, uniforms and tools as required. The SER-JTPA Counselor is provided office space on campus and is available for counseling and supportive services necessary to enable individuals to participate in the program.

CONCURRENT INSTITUTIONAL ENROLLMENT TUTION ADJUSTMENT

When a student registers at more than one public institution of higher education at the same time (i.e., enrolled at Texas A & M at Galveston and Galveston College or UTMB and Galveston College), he may be eligible for a reduction in tuition. This adjustment will be in accordance with Section 54.0602 of the Education Code which establishes, in essence, that once a student has enrolled at one public institution, and paid the required minimum tuition, he/she will be charged tuition at the credit rate only when enrolling at a second public institution, and will not have to pay the minimum tuition charge a second time. IN ORDER TO QUALIFY THE STUDENT MUST BRING A COPY OF THE RECEIPT FOR PAYMENT OF TUITION FROM THE INSTITUTION IN WHICH ENROLLMENT WAS FIRST MADE.

Students who are EXEMPT from tuition for any reason, must present proof of such exemption at the pay station at EACH REGISTRATION.
ACADEMIC REQUIREMENTS FOR RECEIVING FINANCIAL AID

SATISFACTORY ACADEMIC REQUIREMENTS

The Higher Education Act of 1965, as amended, mandates institutions of higher education to establish a standard of satisfactory academic progress for students who receive financial aid. This standard must apply to the student’s entire academic history, whether Title IV financial aid was received or not. In order to remain eligible to receive aid at Galveston College, students must meet the standards specified for acceptable academic performance and for satisfactory progress toward completion of their program of study. This standard should not be confused with Probation or Good Standing as defined by academic regulations, nor is satisfactory progress affected by “academic fresh start.”

Components

The Galveston College definition of satisfactory academic progress for receiving financial aid includes the following components:

I. Academic Standard Component
   Galveston College uses the 4.0 grade point average system and numerical code:
   4.0=A 3.0=B 2.0=C 1.0=D 0.0=F 0.0=AWF
   Students are expected to maintain a minimum overall cumulative grade point average (GPA) that is consistent with the requirements listed under the title “Academic Probation and Suspension” in this catalog.

II. Maximum Time Frame Component
   Students may receive consideration for financial aid during the first 90 hours attempted at all post-secondary schools attended. If the student exceeds 90 hours, but has changed academic programs, aid may continue.

III. Incremental Progress Component
   Students overall completion rate (percentage) of all hours attempted at Galveston College is expected to be:
   1-24 hours at least 65 percent
   25-66 hours at least 75 percent
   67-90 hours at least 85 percent

Review Procedures

Academic Standards and Incremental Progress

The Financial Aid Office staff will determine each semester whether the student has successfully completed the minimum expected number of hours with the required grade points average and shows progress toward the educational objective for all completed semesters.
The following will be considered as semester hours successfully completed:

- "A" through "D" grades
- "CR" credit

The following shall be considered as semester hours not completed:

- "I" grade
- "I" Incomplete
- "AWF" Administrative Withdrawal-Failing
- "IP" In Progress
- "W" Withdrawal
- "WX" Progress
- "AUDIT" No Credit
- "AWN" Administrative Withdrawal-No Credit
- "NC" No Credit
- "NR" Not Reported

For repeated courses, only the latest grade earned is included in cumulative grade point averages, but both courses will remain as a part of the aggregate hours attempted.

Financial Aid will not be provided for courses taken by audit or credit hours earned by placement tests.

**Time Frame**

At the end of each semester, the Financial Aid Office staff will determine the aggregate number of hours the student has attempted. Once a student has attempted 90 hours, he/she is ineligible to receive consideration for financial aid after that semester unless the student has changed academic programs.

**FINANCIAL AID PROBATION/SUSPENSION**

Following the first semester in which the standards of academic progress are not met, except time frame, the student will be placed on probation for the next semester. The student who fails to meet the standards of academic progress during the semester of attendance while on probation will be placed on suspension and denied further funding. Students who are suspended may become eligible again, except for time frame, by bringing themselves into compliance with the requirements at their own expense.

**APPEAL**

A student whose financial aid has been suspended may submit an appeal through the Financial Aid Office to the Director of Financial Aid/Student Welfare Committee. The appeal must be in writing and supporting documentation regarding special circumstances must be provided. Appeals are considered for extenuating circumstances such as injury, illness, death in the immediate family, or undue hardship. Students who have their appeals approved will continue on financial aid probation for as long as they maintain satisfactory academic progress for each semester attempted. A student wishing to appeal the decision of the Financial Aid Director/Student Welfare Committee may do so, in writing, to the Vice President of Student Development Services and
Enrollment Management. All appeals are to be submitted within ten school days after
suspension from financial aid.

GALVESTON COLLEGE FINANCIAL AID REFUND
AND REPAYMENT PROCEDURES

Student financial aid funds received from the Federally-sponsored Pell Grant, Federal
Family Educational Loans, Supplemental Educational Opportunity Grant, and from
the State Student Incentive Grant, Texas Public Education Grant, and scholarships are
used for costs incurred to attend college. These costs are considered as either
direct costs (tuition, fees) or indirect costs (books, supplies, room, board, transporta-
tion and personal items.)

Typical cost-of-education for students attending Galveston College during the
academic year are (1999-2000 figures):

<table>
<thead>
<tr>
<th></th>
<th>Away from home</th>
<th>With parents</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition/fees</td>
<td>$ 820</td>
<td>$ 820</td>
</tr>
<tr>
<td>Books/Supplies</td>
<td>$ 816</td>
<td>$ 816</td>
</tr>
<tr>
<td>Room/Board</td>
<td>$4,722</td>
<td>$2,216</td>
</tr>
<tr>
<td>Transportation</td>
<td>$1,408</td>
<td>$1,408</td>
</tr>
<tr>
<td>Miscellaneous</td>
<td>$1,672</td>
<td>$1,282</td>
</tr>
<tr>
<td>Sub-total</td>
<td>$9,438</td>
<td>$6,542</td>
</tr>
</tbody>
</table>

For out-of-state students, add $360 out-of-state tuition. Dependent care expenses,
also added to the cost-of-education, begins at $1,800 for the first dependent and
increase with each additional dependent.

Students who register for classes, benefit from financial aid, then drop out or with-
draw, are subject to the following refund/repayment procedures:

Refund — the amount paid for institutional charges by aid and/or cash payment
minus the amount retained by the institution for the student's period of enrollment.

Repayment — the amount that a student must repay of the fund received in cash
that could not have reasonably been spent for non-institutional costs during the
portion of the time the student was enrolled.

FOREIGN STUDENTS

Students holding permanent visas (1-151 or certain endorsed I-94 cards) are eligible
to receive financial aid. Non-citizens holding only student visas are not eligible for
federal and state financial aid through this office. They may apply for a scholarship.

VETERANS INFORMATION

Veterans Benefits Program

The Veterans Benefits Program is coordinated by the Veterans Affairs Assistant in the
Admissions Office of the College. Services of this office include counseling the veteran
concerning benefits. Tutoring services are also available to the veteran who is having
learning difficulties in one or more subjects.
Veterans who wish to apply for educational benefits should see the Veterans Affairs Assistant in the Admissions Office prior to the time of registration. The veteran is responsible for payment of all fees, tuition, and books at the time of registration.

Certification requests must be made each semester, and it is the responsibility of the veteran to contact the Veterans Affairs Assistant in the Admissions Office.

**Special Classification of Students for Veterans Purposes:**

*Fall, Spring and Summer Semesters:*

- **Full-time** 12 or more semester hours
- **3/4 time** 9, 10, or 11 semester hours
- **1/2 time** 6, 7, or 8 semester hours
- **Less than 1/2 time** 5 hours or less

The veteran student should be aware of some of the Veterans Administration guidelines. Violation of these guidelines causes complications in receiving monthly benefits or loss of those benefits.

1. Class attendance is mandatory. Failure to attend class results in suspension from class.
2. A veteran student who plans to enroll in developmental courses must be tested and show a need in basic skills before enrolling in these courses.
3. "When a VA student is enrolled in open circuit television courses, a portion of the credit hours being taken during the semester must be offered through conventional classroom or laboratory instruction or both and the VA student must be pursuing a standard college degree program."
4. A veteran student who has successfully completed credit hours at another college or university must submit a transcript from that college or university before applying for VA benefits. The transcript is evaluated and credit granted when applicable.
5. A veteran student will be certified only for the courses as specified on the degree plan. Information on degree requirements may be obtained from the Counseling Office.
6. A veteran student who withdraws or who is dropped from all courses attempted during a semester is considered as making unsatisfactory progress by the VA and may lose future benefits. A veteran student must also maintain a satisfactory grade point average of 2.00 or higher.

**ACADEMIC STANDARDS FOR STUDENTS RECEIVING VA EDUCATIONAL BENEFITS**

**SATISFACTORY PROGRESS**

A student who is receiving VA educational benefits must meet a cumulative grade point average of 2.00.
PROBATION

Students who fail to maintain a cumulative grade point average of 2.00 shall be placed on academic probation for the succeeding semester.

UNSATISFACTORY PROGRESS

A student who fails to achieve the required cumulative grade point average of 2.00 at the end of the probationary period shall be reported to the VA as making unsatisfactory progress.

SERVICEMEMBER'S OPPORTUNITY COLLEGE

In cooperation with other community colleges in the United States, Galveston Community College District participates in the Servicemen's Opportunity College. Through this program, students can plan an educational experience regardless of location requirements of the military. For further information, contact the Admissions Office.

LIBRARY AND MEDIA SERVICES

The David Glenn Hunt Memorial Library and Media Services are part of the Galveston College instructional system. The Library is located on the first floor of Regents Hall at the Main Campus. The Library serves all education program areas of the College including university parallel, occupational education, and adult/continuing education.

The Library provides computerized on-line public access stations to its book collection and computerized indexes and full text to its magazines and newspapers. Several periodical databases are available on the web, located in the Library home page. Books are arranged according to the Library of Congress Classification system. Periodicals and newspapers, with back issues on open shelves and on microforms, are available for the users. The Library has a book collection of over 40,000 volumes and more than 1,000 periodical titles, plus more than 5,000 electronic books. The software collection includes video tapes, motion pictures, audio tapes, microforms, and slides. Special subject collections include Texana, Galveston History, and health occupations materials.

The book collection is divided into a reference section and a circulating area. In addition to an open, well-organized and accessible collection, the Library provides other services including reference assistance, group and individual orientations, preparation of subject lists and bibliographies, and an interlibrary loan system covering the other academic libraries in the area.

An ID card provides students with borrowing privileges and allows them to use the Library. The ID card must be left at the circulation desk when borrowing reserve and audiovisual materials. Most materials are borrowed for two weeks. Renewals may be requested. Damaged, mutilated, late or lost materials will be subject to fines and/or replacement costs. Official records and grades will be held until obligations are
cleared at the end of each term. Out of consideration for others, a quiet and orderly behavior is expected. Smoking, food or drinks are not allowed in the Library area.

Copying machines for students are available at a nominal fee. All materials copied are subject to the copyright law (Title 17, U.S. Code). The Library also provides a laboratory room housing computers for student use. A number of computer programs are available on the college network. Additionally, the Library provides Galveston College with a broad range of services which support students, faculty, and staff.

FACULTY ADVISORY SYSTEM

In order that the faculty may be of service to Galveston College students in planning and attaining their academic and vocational goals, “core advisors” from each division are available to advise students. Students should meet with their advisors to plan each semester’s schedule prior to each registration.

STUDENT ACTIVITIES

Purposes and General Information

Only currently enrolled students in good standing who have paid the assessed tuition and student activity fee for credit hours are eligible for membership in recognized campus organizations. No officer of any campus organization may be on academic or disciplinary probation.

Galveston College promotes various types of student organizations which offer training in responsible leadership.

Information about participation in any student organization may be obtained through the Office of the Vice President for Student Development Services and Enrollment Management. Copies of procedures for establishing a new student organization, student organization rules and regulations, and student organization advisory guidelines are also available in the Office of the Vice President for Student Development Services and Enrollment Management. The development of student organizations is determined by student interest. Categories of organizations include:

Co-Curricular organizations which are pertinent to the educational goals and purposes of the College.

Social organizations which provide an opportunity for friendships and promote a sense of community among students.

Service organizations which promote student involvement in the community.

Pre-professional and academic organizations which contribute to the development of students in their career fields.

Student Activities Council (Student Government): The purpose of the student activities council is to plan and organize activities for the student body, develop and enhance meaningful activities and student educational opportunities outside the classroom, serve as a voice for the concerns of the student body, and serve as a channel of communication to the student body concerning decisions made by the administration, faculty, and the Board of Regents which affect the student body. The
Student Development Services

Membership consists of one student representative from each recognized student organization. The president of the student activities council will represent the students (as a non-voting participant) and give periodic reports at Board of Regents meetings.

Able to Support Group: The Able to Support Group was organized in September, 1991. The club provides an opportunity for students with disabilities, impairments, and other health conditions to interact among themselves, with other members of the College, and with citizens in the community. The club sponsors a variety of campus activities throughout the year, inclusive of special programs during October (American Disabilities Month).

Athletics: The intercollegiate athletic program at Galveston College was reestablished in 1991 as a result of a grant provided by the Moody Foundation of Galveston, Texas. Sports selected for sponsorship by the Foundation and the College are: women's volleyball, which plays its schedule in the fall; women's fast pitch softball and men's baseball, which is contested during the spring. Whitecaps athletic teams compete locally in the nationally prominent and highly competitive National Junior College Athletic Association – Region XIV. The governing body for two-year college athletics in the United States is the National Junior College Athletic Association (NJCAA). Galveston College is active in the NJCAA and abides by its regulations and policies in the operation of its intercollegiate athletic programs. For additional information regarding the intercollegiate athletic program, please contact the Director of Intercollegiate Athletics at Galveston College.

Galveston College is a member of the Gulf Coast Intercollegiate Conference which provides its students the opportunity to compete on an extramural level. Each fall the conference hosts a Bowling Tournament as well as a Sports Day. In the spring a beach volleyball and golf tournament are added to the schedule. Sports Day competition includes such activities as tennis, co-ed volleyball, table tennis, softball and racquetball. Tournaments are rotated throughout the membership of the G.C.I.C.

African-American Club: The African-American Club, formerly known as the Afro-American Club, was first established in September of 1976. The purpose of this organization is to provide members an opportunity to interact with other students, faculty, staff, and the community in promoting an awareness of African-American culture and its contribution to society. Membership is open to all Galveston College students.

International Relations Organization: The International Relations Organization, formerly the Asian Student Organization, was organized on April 8, 1996. The purpose of this organization is to foster communication among various groups of International students, promote and disseminate cultural awareness and to provide a strong, social and academic support to its members. Meetings are held monthly. Membership is open to all students of Galveston College.
Campus Crusade for Christ: An interdenominational, student, Christian organization seeking to provide a spiritual environment for students. Membership is open to anyone having an active interest in its activities, and who are in agreement with the policies of the organization.

Galveston College Ambassadors: The Galveston College Ambassadors serve as a public relations group made up of students of all ages and ethnic representations that are utilized at and for special events coordinated by the Office of Public Affairs. The Director of Public Affairs serves as the staff advisor for this organization and the group's efforts are enhanced by public relations training and support while the individuals enjoy the experience of promotional activities that are designed for the mutual benefit of the participants and the College image. Membership is open to the entire College student body.

Galveston College Nuclear Medicine Club: This organization of fellowship is primarily for students preparing for nuclear medicine careers. The club will strive to develop stronger and more professional character in its members and will promote communication and dissemination of knowledge in the field of Nuclear Medicine.

Galveston College – Social Work – ATTC Student Organization: This organization was established in the fall of 1995 to empower students with information, motivation and social awareness in the Social Work: Chemical Dependency Program and the Addiction Technology Transfer Center for ensuring a higher quality of education at Galveston College. The organization meets monthly to update students regarding current issues that they will face with the educational process and prepare to use these educational skills for employment opportunities.

Hispanic Student Organization: The Hispanic Student Organization was originally founded as the Mexican-American Student Organization in October, 1971. It was renamed in October of 1992 because of the diverse Latin cultures at Galveston College. Membership is open to any credit student. HSO meets at least once a month. The organization’s main purpose is to provide Hispanics an opportunity to meet and discuss issues on culture, education, careers, community and social issues, and communicating with other Hispanic organizations from different colleges.

Intramurals: Intramural activity at the College includes such activities as: volleyball, table tennis, golf, darts, beach volleyball and softball. All activities are run with both male and female divisions or co-ed. Galveston College students compete with other member institutions of the Gulf Coast Intercollegiate Conference. There are three Gulf Coast Intercollegiate Conference Sports Days where students compete with other member institutions within the Conference.

Island Potters: This organization was established in October of 1981. It is composed of students enrolled in ceramic courses who are interested in selling their works,
taking educational trips, bringing guest artists to the College, and sponsoring social activities. Meetings are held monthly.

**Exposures Unlimited**: This organization, established in 1992, is composed of dedicated radiography students to foster professional and academic excellence in radiography through social interaction and support. The club encourages students to participate in local, state, and national radiography organizations. Meetings are held monthly and dues are charged.

**Phi Theta Kappa**: Phi Theta Kappa was established in 1918 and is recognized by the American Association of Community Colleges as the official international honor society of the two-year college. Galveston College's chapter, Sigma Gamma, was chartered in February, 1968. The purpose of this organization is to recognize and encourage scholarship among associate degree students. To achieve this purpose, Phi Theta Kappa provides opportunity for the development of leadership and service, for an intellectual climate to exchange ideas and ideals, for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence. Membership is by invitation only. There is an initiation fee. In order to be invited to join, a student must fulfill the following requirements: (1) Each candidate for membership must have completed fifteen semester hours of associate degree course work at Galveston College, (2) Each candidate must be taking at least nine semester hours during the semester to be inducted (3) Each candidate for membership must have a GPA of 3.5 on a 4.0 scale for the qualifying (Fall or Spring) semester. (4) Each candidate must have a cumulative GPA of 3.0 on a 4.0 scale. And (5) Each candidate must adhere to the school conduct code and possess recognized qualities of citizenship. Once a student becomes a member, they must maintain a 3.0 cumulative GPA on a 4.0 scale in order to be considered a member in good standing. An induction ceremony will be held once in the Fall and Spring Semester. Early admission students are not eligible. Membership from another junior college may be transferred to Sigma Gamma (Galveston College). See sponsor for procedures.

**Ritmo Isleño Dance Group**: This organization was established in the Fall of 2000. The purpose of the Ritmo Isleño Dance Group is to promote cultural awareness among students attending Galveston College as well as in the community through dance. Along with social interaction, Ritmo Isleño will serve as a servicable organization and will help raise funds for the less fortunate through pre-existing non-profit organizations. Our organization will also promote volunteer work among its membership.

**Student Nurses Association**: The Student Nurses Association was established in February, 1968. It is composed of students in the Associate Degree Nursing Program classified as active members and pre-nursing students classified as associate members. The organization seeks to assume responsibility for contributing to nursing education in order to provide for the highest quality health care, to provide programs representative of fundamental and current professional interests and concerns and aid in the
development of the whole person, his professional role, and his responsibility for the health care of people in all walks of life.

Single Parents Organization: The Single Parents Organization was organized in October 1992. Membership is open to single mothers and single pregnant women between the ages of seventeen and twenty-three. The club's activities provide an opportunity for the young parents/students to promote a sense of community among themselves and student involvement in the community. The Single Parents host the Galveston County Teen Parent Round-Up in May.
STUDENT RIGHTS AND RESPONSIBILITIES
The role of Galveston College is to encourage people of all ages to develop their skills and talents differently, each according to abilities and interests, so that collectively they may contribute to the growth and development of this democracy. College policies, procedures, and regulations are formulated so as to guarantee each student's freedom to learn and to protect the constitutional rights of others.

The concept of rights and freedoms, no matter how basic or widely accepted, carries with it corresponding responsibilities. Students, as well as other members of the college community, enjoy the same constitutional and civil rights guaranteed all citizens; at the same time, they are subject to the laws of the nation, the State of Texas, and the local community. All members of the college community have a strong responsibility to protect and maintain an academic climate in which the freedom to learn can be enjoyed by all. To this end, certain basic regulations and policies have been developed to govern the behavior of students as members of the college community.

Violations of student conduct regulations will be handled through the office of the Vice President for Student Development Services and Enrollment Management. Violations of federal, state, and/or local laws make a student subject to civil or criminal action in addition to disciplinary action by the college. Each student is responsible for knowing the policies and regulations of the college. These policies and regulations may be found in the Galveston College Catalog, and in the Office of the Vice President for Student Development Services and Enrollment Management.

A. Freedom of Expression

The rights of free speech and peaceable assembly are fundamental to the democratic process. The college supports the right of students of the college community to express their views and opinions on actions or ideas, to associate freely with others, and to assemble peacefully.

Whether expressing themselves as individuals or in organized groups, members of the college community are expected to conduct themselves responsibly, according to law, and to respect the basic educational goals of the college. Accordingly, the college insists that free express not violate the rights of others. Disruption of the educational process and functions of the college, or violation of law, would constitute such a violation.

B. Freedom of Access

Within the limits of its resources, Galveston College shall be open to all applicants who are qualified according to current admission requirements. Galveston College does not discriminate on the basis of race, creed, color, national origin, mental or physical disabilities, age, or sex in any of its policies, practices, or procedures. This includes, but is not limited to, admissions, employment, financial aid, and educational services, programs, and activities.

C. Freedom of Association

Students are free to associate to promote their common interests. They have the right to seek through official procedures to establish organizations of their choos-
ing so long as such are not in conflict with the educational purposes of the college. Students have the right to affiliate with officially recognized campus organizations of their choice, within the requirements of those organizations relative to membership.

D. Academic Rights of Students
The college has the responsibility of providing a program of quality education in keeping with its financial resources; students have protection through campus designed procedures against prejudiced or capricious academic evaluation. Student performance shall be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards. Students are responsible for the proper completion of their academic program, for familiarity with all requirements of the college catalog and for maintaining an acceptable grade point average for degree requirements.

E. Student Records
Student records are maintained for the benefit of the student. They are used to promote the instruction, career development, guidance, and educational progress of the student. In accordance with the Family Educational Rights and Privacy Act of 1974, Public Law 93-380, as amended, the student has access to specific information contained in his or her official records as specified by that act. Student records may be released to other persons, agencies, or institutions with a demonstrated interest in the student only if a written release has been signed by the student. College staff shall have access to student records when there is a demonstrated educational interest in the student.

E. Standards of Conduct
The college considers the following code of standards and expectations as being consistent with its purpose as an educational institution. It is not a comprehensive code of conduct, but a prescription of procedures necessary for meeting practical, routine requirements of an academic community. Disciplinary action may result from any violation of civil or criminal law while on college property, or the commission of any of the following actions:

1. Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the college (plagiarism and cheating refer to use of unauthorized books, notes, or otherwise securing help in a test; copying tests, assignments, reports or term papers).

2. Forgery, alteration or misuse of college documents, records, funds or identification.

3. Conduct which materially or substantially disrupts the educational process of the college.

4. Physical abuse or harassment of another person, or conduct which threatens or endangers the health and safety of others.

5. Theft or malicious destruction, damage, or misuse of college or private property (including library materials).
6. Failure to comply with the lawful directions of college personnel acting in performance of their duties.

7. Disorderly, lewd, indecent or obscene conduct or behavior which interfere with the functioning of the academic community during an authorized college class, field trip, seminar, competition or other meeting or sponsored activity on or off college property.

8. Unauthorized entry to or use of college facilities.

9. Possession or use of firearms, explosives, dangerous chemicals or other dangerous weapons on college property except as expressly authorized by campus procedures.

10. Possession, consumption, being perceptibly under the influence, or furnishing of alcoholic beverages on campus property or student organization supervised functions, except as provided by rules and procedures of Galveston College.

11. Possession, consumption, being perceptibly under the influence or furnishing of any narcotic or dangerous drugs except when use or possession is lawfully prescribed by an authorized medical doctor or dentist.

12. Unauthorized use of college funds, equipment and supplies (including falsely representing oneself as an agent of the college) incurring debts and entering into contract on behalf of the college.

13. Failure to be responsible for financial obligations to the college, including failure to repay loans and deferred payment agreements. (Issuing dishonored checks to the college)

14. Violations of published college regulations, including those related to entry and use of college facilities, the rules in this section, and any other regulations which may be enacted with this document.

G. Disciplinary Procedures

A student, faculty, or staff member of Galveston College may initiate disciplinary action against a student for violation of the campus Code of Conduct. Allegations concerning student misconduct must be in writing and signed by the complaining party.

1. The Vice President for Student Development Services and Enrollment Management shall receive and investigate allegations of misconduct. The student shall be summoned to meet with the Vice President for Student Development Services and Enrollment Management to determine whether disciplinary action is required. The summons may be transmitted by letter, by telephone, or by other means of communication. The student may present any explanations, defenses, and/or mitigation of his/her conduct at the time of the conference.

2. If, after this conference, the Vice President for Student Development Services and Enrollment Management finds disciplinary action appropriate, he/she shall notify the student of the findings and disciplinary actions taken as a result of the investigation.

3. If a student disagrees with the findings and desires a hearing, he/she shall, within five days of receipt of the Vice President's written notification, file a
written request in the Office of Vice President for Student Development Services and Enrollment Management. If a request is not filed within the time specified, the request for hearing shall be deemed waived.

4. The Student Welfare Committee shall be convened ten working days after receipt of the student's request for hearing as set by the Vice President for Student Development Services and Enrollment Management.

5. The Student Welfare Committee shall render a written decision to the College President as to the accused student's guilt or innocence of the charges and shall recommend what level of disciplinary action should be taken. The President will notify the student of his/her decision in writing within fifteen (15) calendar days of receiving the Student Welfare Committee recommendations.

H. Sanctions
The following are disciplinary measures that may be taken by the Vice President for Student Development Services and Enrollment Management, and/or the President of the College.

1. Censure: A written warning by the Vice President for Student Development Services and Enrollment Management.

2. Disciplinary Probation: Probation status for a specified period of time, ranging from a minimum of one semester to as long as a student is enrolled at the College depending on the seriousness of the offense. Students on disciplinary probation may not hold office in any student organization and/or represent the College in any official capacity, including travel with student organizations.

3. Suspension: Forbidden to attend classes for the remainder of the term, but permitted to register for the following term.

4. Expulsion: Termination of student status.

5. Restitution: Reimbursement for damage to or misappropriation of property.

I. Summary Suspension
Summary suspension may be used to protect the school from clear and present danger of disorder or threat to safety of students or staff and/or property. A suspended student is not to occupy any portion of the campus. Summary suspension shall be for the purpose of investigations of the event or events in which the student or students were allegedly involved.

STUDENT GRIEVANCE PROCEDURES
The filing of a student grievance should be the result of a college-related internal problem or condition which a student believes to be inequitable, discriminatory, or a hindrance to the educational process.

This student grievance procedure is not designed to include changes in policy nor does it apply to grading practices. Recommendations for initiating new policy or changing established policy are handled through normal administrative channels. The Student Grievance Procedure is not intended to supplant campus administrative procedures that address matters of student grades. Problems with grades will be dealt with first by the instructor, then by the appropriate Dean, and finally by the Vice Pres-
STUDENT RIGHTS AND RESPONSIBILITIES

ident of instruction, and so forth to the President if necessary. (Refer to "Grade Appeal" in the current Galveston College Catalog).

Students are encouraged to resolve grievances informally through the employee directly involved and to use the formal student grievance procedures only as a last resort.

A. Procedures to be Followed Prior to the Formal Filing of a Grievance

If a student believes he/she has appropriate grounds for a grievance, he/she must attempt to resolve the grievance with the employee directly involved prior to the formal filing of a grievance.

1. Resolution of a grievance against a faculty member must be attempted with the faculty member involved first. If resolution cannot be reached, the student may then schedule a conference with the appropriate Dean. If resolution is not reached, the student may then schedule a conference with the appropriate Vice President.

2. Resolution of a grievance against a supervisor or administrator must be attempted with the supervisor or administrator involved first. If resolution cannot be reached, the student may then schedule a conference with the next level administrator or the appropriate Vice President.

3. Prior to a conference with the appropriate Vice President, the student shall submit a written complaint that includes a statement written with sufficient clarity to enable reviewing parties to understand the issues presented, any evidence to support the complaint, the solution sought, the student's signature, and the dates of the conferences with the grievor and the grievor's supervisor. Copies of the written complaint are to be submitted to the grievor and the grievor's supervisor, as well as to the appropriate Vice President. After the conference with the appropriate Vice President, the Vice President will respond to the grievant in writing with copies of the recommendation to the appropriate person in the next step of the appeal process, as well as to the grievor and the grievor's supervisor.

B. Filing of Formal Grievance

If resolution is not reached, the student shall obtain within 15 calendar days a Student Grievance Form from the office of the Vice President for Student Development Services and Enrollment Management. Upon completion of this form, the student shall make an appointment with the Vice President for Student Development Services and Enrollment Management and submit the completed form within ten working days. The Vice President will then forward the completed form to the Chairperson of the Student Welfare Committee who will schedule a hearing to be held within ten working days of the submission of the completed Student Grievance Form.

C. Student Welfare Committee Hearings

1. Hearings need not be conducted according to technical rules of evidence and witnesses. Proceedings will be as simple and informal as possible.
2. At hearings, each party will have these rights:
   a. To call and examine witnesses,
   b. To introduce exhibits,
   c. To cross-examine opposing witnesses on any matter relevant to the issues, even though that matter was not covered in the direct examination,
   d. To request that the hearing be open to the public,
   e. To rebut evidence against him/her.
3. If a party does not testify in his/her own behalf, he/she may be called and examined as if under cross-examination.
4. The parties may be advised or represented by legal counsel, but legal counsel may not speak or ask questions in a party's behalf.
5. If the grievant is unable to effectively present his/her case for reasons acceptable to the Student Welfare Committee, the grievant may choose to have his/her case presented by another person, who will not be a lawyer.

D. Committee Recommendations
1. The Committee will submit a report of its deliberations and recommendations to the President within five (5) working days after the conclusion of the hearing.
2. The report will include a copy of the grievant's written complaint; a supplemental statement of issues by the Committee, if necessary, and a summary of facts determined pertinent by the Committee through its investigation and hearing.
3. The President will notify the student of his/her decision in writing within fifteen (15) calendar days of receiving the Student Welfare Committee recommendations.
4. If the outcome of the President's decision is not to the student's satisfaction, the student may submit to the President, in writing and within ten (10) calendar days, a request to place the matter on the agenda of the Board of Regents of Galveston College.

E. Board of Regents Hearing
1. The College President or designee shall inform the student of the date, time, and place of the hearing. The Board Chair shall establish a reasonable time limit for complaint presentations. The Board shall listen to the student’s complaint and take whatever action it deems appropriate in accordance with Board Policy.
2. The Board's consideration shall be based on the complaint records developed at the administrative reviews and no new evidence shall be received by the Board. Each side shall be entitled to make oral arguments based on the complaint record within the time restrictions established by the Board.
3. If the complaint involves complaints or charges about an employee, it will be heard by the Board in executive session unless the employee complained about requests it to be public.
STUDENT-FACULTY CLASSROOM RELATIONSHIP: The student-teacher relationship is a very delicate one and normally should be treated as one adult to another in face-to-face dealing. However, any disruptive influences exhibited by a student in a classroom may be cause for his being barred from further attendance in the class. This is strictly a determination by the teacher and good judgment should be exercised in this action. When, in the teacher’s judgment, it becomes necessary to bar a student from further class attendance, the facts of the situation should be reported to the Vice President for Student Development Services and Enrollment Management for possible investigation or disciplinary action. Normally, the College expects such difficulties to be handled by the instructor without resort to such measures.

STUDENT WELFARE COMMITTEE: The Student Welfare Committee consists of at least one faculty member from each of the instructional divisions, Director of Admissions and Registrar, Director of Counseling, Director of Financial Aid, and two students. This committee may review procedures in the areas of admission, residency, retention, academic probation and suspension, and financial aid. Student appeals of academic suspension will be processed by the Director of Admissions in conference with a counselor. Students appealing financial aid suspension may be processed by a hearing committee composed from members of the Student Welfare Committee. A student’s next step in these appeal procedures would be to the Vice President for Student Development Services and Enrollment Management. The committee may also conduct a hearing after a student has filed a formal grievance (See STUDENT GRIEVANCE PROCEDURES).

HAZING: Student hazing is prohibited according to the Articles 1152-1155 (inclusive) of the Texas Criminal Law Code.

SUMMONS TO ADMINISTRATIVE OFFICES: At times it becomes necessary that a student be requested to report to an administrative office for a conference. The summons may be transmitted by letter, by telephone, or by other means of communication. A student who receives a summons is expected to report immediately. Failure to heed such summons may make a student liable for suspension.

STUDENT CODE OF CONDUCT: Students are asked to turn off their cell phones and pagers when they enter class. This request is made in courtesy for the instructor, fellow students, and to enhance the teaching-learning process. If a unique situation warrants a student being contacted during class by phone or pager, the student must notify the instructor in advance of the situation.

RESOLUTION OF TRANSFER DISPUTES

The following procedures will be followed by public institutions of higher education in the resolution of credit transfer disputes involving lower division courses:
1. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution will give written notice to the student and to the sending institution that the transfer
of the course credit is denied. A receiving institution will also provide written notice of the reasons for denying credit for a particular course or set of courses at the request of the sending institution.

2. A student who receives the notice of denial for transfer credit may dispute the denial of credit by contacting a designated official at either the sending institution or the receiving institution.

3. The two institutions and the student will attempt to resolve transfer of the course credit in accordance with Board rules and regulations.

4. If the transfer dispute is not resolved to the satisfaction of the student or sending institution within 45 days after the date the student received written notice of denial, the institution that denies the course credit for transfer will notify the Commission of its denial and the reason for its denial.

5. The Commissioner of Higher Education or the Commissioner's designee will make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

6. The Board will collect data on the types of transfer disputes that are reported and the disposition of each case that is considered by the Commissioner or the Commissioner's designee.

7. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should first contact the sending institution and attempt to resolve the problem. In the event that the two institutions are unable to come to a satisfactory resolution, the receiving institution may notify the Commissioner of Higher Education, who may investigate the course. If the quality is found to be unacceptable, the Board may discontinue funding for the course.

More information on the guidelines of the resolution of transfer disputes is available in the office of the Vice President of Instruction.
WORKFORCE DEVELOPMENT AND CONTINUING EDUCATION

Workforce Development and Continuing Education is an important element in Galveston College's commitment to develop and deliver educational programs for its diverse community. This program greatly expands the available opportunities for persons of all ages (from the very young to senior citizens) to participate in lifelong learning programs which cultivate a vocational interest, self-expression and personal enrichment. Many opportunities are also available for those individuals who wish to add, update or expand occupational skills.

The division offers opportunities for non-traditional adult learners who wish to:
- Learn new occupational skills, meet the changing requirements of their present employment or broaden their knowledge.
- Build or rebuild a foundation from which to pursue further academic studies.
- Strengthen or broaden their education as a means of enriching their lives or improving their personal efficiency.
- Experience new learning activities and ideas for their own personal enjoyment.

PROGRAM AREAS

Workforce Development and Continuing Education provides courses in four (4) program areas:

Workforce Development

The primary function of Workforce Development is to teach individuals specific skills that will ultimately prepare them for employment or teach them skills that will lead to an upgraded position in their present employment. Workforce Development offers special training seminars and services to businesses and industries. In-house programs are regularly conducted for local businesses; new programs will, upon request, be created to specifically address businesses training needs. As with the College's accredited degree programs, all classes are conducted by professionals teaching in their field of expertise, enabling participants to gain practical up-to-date knowledge. The Workforce Development staff works with individual companies to develop seminars and workshops that specifically meet company objectives of quality, format, schedule and cost. The training may be held at Galveston College or at off-campus company facilities.

A partial list of Workforce Development classes is as follows:

- Bookkeeping
- Business Writing
- Building Trades
- Cabinet Making, Plumbing, Sheetrock
- Clerical Skills
- Computer Keyboarding, Computer Software, Word Processing
SPECIAL INSTRUCTIONAL AREAS

Computers
- Data Base/File Management, Data Entry, Electronic Spreadsheets, Internet, Introduction to Personal Computers, Online Computer Classes Programming Languages, Self-Paced Programs, Webpage Construction, Windows, Word Processing
- Computer-aided Drafting
- Cook and Chef Training
  - Apprenticeship, Baking and Pastry, Banquets and Catering, Bartending, Cold Foods, Hot Foods, Specialty Foods, Texas Foodservice Workers
- Criminal Justice
  - In-service Training, Police Academy, Security Academy
- Hospitality
- Languages
  - ESL, Sign Language, Spanish, Spanish: Work Specific
- Marine
- Medical
  - Ambulatory Payment Groups, Cardiopulmonary Resuscitation, CPR Instructor, Diagnostic Related Groups, Emergency Care Attendant, Emergency Medical Technician-Basic, EMT-Intermediate, EMT-Paramedic, First Aid, Hospital Technical Assistant, Health Unit Coordinator, ICD-9/CPT Coding, Certified Medication Aide, Medical Receptionist, Medical Record Coding Specialist, Medical Transcription, Certified Nurse Assistant, Patient Care Attendant, Phlebotomy, Spanish for Health Skills
- Safety
- Bank Teller Training
- Truck Driver Training
- Welding
- Workforce Literacy
SPECIAL INSTRUCTIONAL AREAS

CENTER FOR PROFESSIONAL DEVELOPMENT

The Center for Professional Development creates seminars, workshops and classes to serve various individuals who need Continuing Education Units (CEUs) as well as those organizations who need to impart knowledge to members of their organization such as:

- Alcohol and Drug Abuse Counselors
- Attorneys
- Business Groups
- Certified Public Accountants
- Real Estate Agents
- Child Care Workers
- Hotel/Restaurant
- Physicians
- Bankers
- Nurses
- Computer Groups
- Criminal Justice Groups
- Social Workers
- Librarians
- Educators

SMALL BUSINESS DEVELOPMENT CENTER

The Small Business Development Center (SBDC) is administered through the Division of Workforce Development and Continuing Education. Galveston College established the Galveston SBDC to provide counseling at no cost to the business community in the areas of accounting, financial analysis, exporting, management and marketing.

Counseling will be provided by experienced professionals in such areas as pre-venture feasibility, market research, cash flow analysis, production and inventory control, and general marketing for small businesses engaged in retail, wholesale, manufacturing and service industries.

The SBDC also has an International Trade Office, Government Procurement Office, Innovation Technology, at Patents Division and a professional library.

For further information contact the SBDC at (409) 762-7380.

A partial list of classes/services offered through the Small Business Development Center is as follows:

- Feasibility Assessment
- Marketing
- Business Plan
- Business Financing
- Business Expansion
- Tax Planning
- Legal Issues
- Financial Planning
- Accounting Bookkeeping
- Product Pricing
- Computers

- Managing Cash Flow
- Managing Staff
- Customer Service
- Reading Financial Statements
- How to Start a Small Business
- International Trade
- Government Procurement
- Patents
- SBA Loan Applications
- Financial Analysis
GENERAL INTEREST/LEISURE LEARNING

These classes are offered so that individuals may develop their interests or improve their quality of life as citizens in the community.

A partial list of General Interest/Leisure Learning classes is as follows:

- Art
- Bird Watching
- Dog Obedience
- Fencing
- Interior Design
- Time Management
- Stress Management
- Conversational French
- Conversational Spanish
- Reading Improvement for Children
- Country/Western Dance
- Surfing
- Cooking
- Defensive Driving
- Creative Clay for Children
- Elderhostel
- On-line Computer Classes
- Bridge
- Floral Design
- Acting
- Home Beautification
- Photography
- Kid's College
- Estate Planning
- Managing Your Money
- Senior Adult Classes
- Karate
- Stained Glass
- Tennis
- Golf
- Yoga
- Cake Finishing

ENTRANCE REQUIREMENT

Generally, there are no entrance requirements or examinations for the Workforce Development and Continuing Education courses. However, some courses have restrictions or require a certain amount of experience for enrollment. Admission is on a first-come, first-serve basis. Most classes are conducted on weekday evenings, but many are held weekdays and during the day on Saturday.

REGISTRATION

Workforce Development and Continuing Education designs classes which begin throughout the year. Registration may be completed in person, by phone or through the mail. For our participants' convenience, Workforce Development and Continuing Education will accept Visa/MasterCard, cash, or check for registration purposes. All one needs to do to register is to fill out the enrollment form and pay the fee.

COST OF CLASSES

Because the Continuing Education programs are self-supporting and do not use tax dollars to support the General Interest/Leisure Learning Classes, costs are based upon actual instructor and material fees. Workforce Development generally uses tax dollars to conduct their courses. Most of these courses are too expensive to run without aid. The development of the workforce in Galveston is very important to the health of its economy and the state and local governments recognize this need.
CERTIFICATION

Although no college transfer credit is awarded for continuing education class participation, Continuing Education Units (C.E.U.'s) are awarded for completion of most courses. The C.E.U. is a nationally recognized means of recording and accounting for the various continuing education activities one accumulates. One unit is awarded for completion of 10 hours of organized continuing education. In some specialized training programs, certificates may be earned.

CONTINUING EDUCATION SCHEDULE OF CLASSES

A schedule of Workforce Development and Continuing Education classes is published in the fall, spring and summer. Each schedule contains a list of classes to be offered and a detailed description of the classes. Schedules are mailed to approximately 18,000 addresses and will be mailed upon request.

COOPERATIVE EDUCATION

“Beyond the Classroom”

Cooperative Education at Galveston College is an educational program which supplements a student’s classroom education with practical work experience and provides opportunities to gain additional skills which enhance the possibilities for obtaining employment in his/her chosen career.

Coop internships are temporary, full or part-time positions developed with employers which allow students to gain on-the-job experience through the Cooperative Education Program. These internships are arranged through a team effort on the part of employers and Galveston College faculty members, staff and students.

Cooperative Education offers a variety of benefits for Galveston College students who qualify for participation in the program.
1. Provides realistic learning experiences and on-the-job training in the real world.
2. Helps students develop work-related habits and attitudes, human relations and leadership skills, feelings of independence and self-confidence.
3. Provides specific skills training in a chosen occupation.
4. May provide a financial reward for the co-op experience.
5. Assists students with the transition from the school environment to employment and in making knowledgeable career choices.
6. Assures students regular employment more quickly upon completion of co-op programs.

Student must meet the requirements for participation in Cooperative Education and have the approval of the faculty/coordinator in their division of occupational major to enroll in Cooperative Education courses. The guidelines for acceptance into the Cooperative Education Program, in addition to approval by the specific program coordinator and the meeting of divisional prerequisites, require that a student:
1. File a two-year degree plan, or a one-year plan to obtain a certificate.

2. Begin his/her employment at an approved training station by the 12th class day or withdraw from the Coop course.

Since the educational goal of Cooperative Education is to provide experiences in the real world of work, the faculty and Coop staff will provide the student every possible assistance in securing an appropriate training site. However, the program is educational in focus and should not be confused with the work-study program or understood to be placement service.

Once a student enters the Cooperative Education Program, he or she works with the assigned faculty/coordinator and job supervisor to develop the work/learning objectives for the semester. The achievement of the learning objectives becomes the basis for the evaluation of the student's on-the-job performance. All Coop interns must receive related course work to reinforce training site objectives.

SKILLS ENRICHMENT CENTER (SEC)

Designed to support and enhance skills in reading, writing, and mathematics, the Galveston College Skills Enrichment Center is an integral part of its instructional program. It has a commitment to diagnosis of skills deficiencies and assignment of appropriate instructional activities to enable individual students to advance to higher levels. In addition, the SEC serves as a developmental laboratory, tutoring and testing facility.

The staff-consisting of a director, assistant director, selected faculty members, tutors, paraprofessionals and student workers-offers a variety of instructional services. Instructors of laboratory developmental courses prepare individual educational programs for each student and meet with them in the SEC to furnish assistance and to monitor progress. Their students work with multi-media materials assigned by those instructors. Staff members provide personal assistance no matter which mode of instruction the student uses.

Study in the SEC, however, is not restricted to students enrolled in laboratory courses. Any Galveston College student may go to the center and request assistance. Some students work to reach the levels specified by the mandatory TASP examination required of all undergraduates attending state colleges and universities in Texas. Instructors of regular college courses assign students to the SEC for specific study. The center offers tutoring for individuals and small study groups on a "walk-in" basis and by appointment. Students may choose from video and computer programs in their particular areas of interest, or they may choose to take a computer test and let the computer design a study program based on their test results. Telecourse students may view course tapes in the center.

As the campus testing center, the Skills Enrichment Center regularly schedules placement tests and gives telecourse exams. Instructors may send students to the center for make-up examinations. In addition, the Center houses the only TEA-approved GED Testing Center on Galveston Island. Tests are administered weekly in the Skills Enrichment Center's Testing facility. Information on registration and eligi-
SPECIAL INSTRUCTIONAL AREAS

bility for GED certification may be received by contacting the College's Admissions Office or the SEC director.

ADULT EDUCATION PROGRAM

The Adult Education Program includes three components: Adult Basic Education, General Educational Development (GED) and English as a Second Language. In the Adult Basic Education component, the adult studies reading, writing and arithmetic in preparation for successful completion of requirements for the GED. In the GED component the student studies Writing, Social Studies, Science, Literature and Arts and Mathematics in preparation for GED testing. Galveston College is approved by the American Council on Education as an official GED Test Center. The English as a Second Language component stresses learning to speak, read and write the English language for those whose native language is not English. Contact the Workforce Development and Continuing Education Division for more information.

DISTANCE EDUCATION

In the fall of 1987, Galveston College initiated the delivery of courses via distance education with one telecourse in history. Since that time, the telecourse inventory has grown to over two dozen courses, and more than 5,000 students have enrolled in telecourses offered by Galveston College. In the spring of 1997, Galveston College supplemented its telecourse offerings by initiating courses delivered over the internet. Currently, five courses are in this inventory, with more to be added each academic year.

Telecourses are best-suited to students who live within a 50-mile radius of Galveston College. These courses are paced, independent study, utilizing professionally produced videotapes, textbooks and a detailed study guide. Multiple ways of accessing the taped lessons are available, including on-site usage in the library, rental sets of video tapes, and broadcasts over the PBS affiliate in Houston. Testing is also flexible, featuring one-week windows of opportunity to test at any hour the Galveston College Skills Enrichment Center is open. Full-time Galveston College faculty conduct optional review sessions prior to each exam.

Internet courses are not limited by geography. Most include on-line orientations and the submission of assignments via e-mail. Though not currently functional, Galveston College will facilitate more convenient enrolling for these courses by implementing telephone and/or on-line registration in the near future.

Students wishing to enroll in distance education courses must meet the same admissions requirements, including assessment and placement, as on-campus students. Prospective students must contact a Galveston College counselor prior to registration. Additionally, all registered distance education students must participate in a course orientation conducted by the instructor for the course. These are on-campus for telecourses; for internet courses, the orientations are on-line. Information provided through orientations include course requirements, assignments, testing procedure, schedules for review sessions and telecasts, and information on how to interact with the course's instructor.
All distance education students are afforded the same library, student counseling, financial aid and other services afforded to on-campus students. Though distance education courses are more flexible and convenient than on-campus courses, one should not conclude that they are easier; distance education courses require persistence and self-discipline.

Courses available for a given semester will be listed in the regular schedule of classes. For future offerings, consult the Director of Distance Education.
DEGREE PROGRAMS

Associate of Applied Science (A.A.S.)

The Associate of Applied Science Degree (A.A.S.) is awarded to students who successfully complete an approved curriculum for a two-year technical or vocational program. Each program must include at least 15 credit hours of general education courses with at least one course taken from each of the following areas: Humanities/Fine Arts, Behavioral/Social Sciences, and Natural Science/Mathematics. In addition, evidence of computer literacy must be satisfied by completion of COSC 1101 or a higher level computer science.

NOTE: Students desiring to earn a second associate degree must complete a minimum of an additional 18 semester hours in residence.

Galveston College offers Associate of Applied Science degrees in the following areas:

- Accounting
- Computer Science Technology
  - Microcomputer Applications and Networking
- Criminal Justice
- Culinary/Hospitality Management
- Emergency Medical Services
- Hospitality Administration
- Management Development (General Management Option)
- Nursing
  - Associate Degree Nursing
- Office Administration
  - Office Administration
  - Medical Secretary Option
- Radiologic Health Sciences
  - Nuclear Medicine Technology
  - Radiation Therapy Technology
  - Radiography

Associate of Arts (A.A.)

A program of study requiring at least 60 credit hours for completion. These programs normally satisfy the requirements for the first two years of a four-year degree which may be completed by the student upon transfer to a university. Programs of study for the Associate of Arts degree parallel the first two years required for Bachelor of Arts and Bachelor of Science degrees at senior colleges and universities. However, because degree requirements sometimes vary among colleges and universities, students should select courses with the assistance of a Galveston College counselor or faculty advisor. General degree requirements are listed on page 106.
Galveston College offers Associate of Arts degrees in the following areas of concentrations:

- Applied Design and Visual Arts
- Associate of Arts (General Studies)
- Physical Education and Recreation (Kinesiology)
- Social Work
  - Social Work: Chemical Dependency Counseling
  - Social Work: General
  - Social Work: Gerontology
  - Social Work: Prevention and Intervention

**CERTIFICATE PROGRAMS**

A program of study requiring less than 60 credit hours for completion. These programs are normally designed to provide short term training necessary to develop entry-level job skills without requiring completion of an Associate Degree. Credit may be awarded toward a respective degree at Galveston College on the vast majority of work taken in the certificate program.

Galveston College offers the following certificates of completion:

- Accounting-Para Professional
- Administrative Professional
- Breast Imaging/Mammography
- Business Application Specialist
- Cardiovascular Interventional Technology
- Chemical Dependency Counseling
- Chemical Dependency Internship
- Computerized Tomography
- Criminal Justice
- Food Preparation/Culinary Arts
- General Management
- General Social Work Internship
- Gerontology
- Gerontology Internship
- Health Information Professional
- Hospitality Management Exit Point Certificate
- Magnetic Resonance Imaging
- Medical Office Assistant
- Microcomputer Applications
- Microcomputer Networking
- Office Clerk
- Phlebotomy
- Prevention and Intervention
- Prevention and Intervention Internship
- Social Work
- Vocational Nursing
Enhanced Skills Certificates

Provides advanced studies in specific associate of applied science programs. Completion of these skills certificates enhances employability and offers specialized training. In most cases, students must complete an associate degree program to enroll.

**Galveston College offers the following enhanced skills certificates:**
- Criminal Justice
- Gerontologic Health
- Perioperative Nursing

**CORE CURRICULUM**

The Texas Legislature (Senate Bill 148) has required all state college and universities to adopt a core curriculum. If the student successfully completes the entire core curriculum at Galveston College, and then transfers to a Texas public four-year university all courses in Galveston College's core curriculum will transfer and the student will receive full academic credit for the courses in the core curriculum. The student will not be required to take additional core curriculum courses at the transfer institution unless the receiving institution has a larger core curriculum.

NOTE: Students must complete the core curriculum requirements as part of completing the Associate of Arts degree. No substitutions may be made for core requirements. Deans may make substitutions for non-core curriculum requirements.

Students interested in transferring to a senior institution within Texas are encouraged to complete the entire core curriculum at Galveston College to ensure transferability and fulfill degree requirement(s) at a senior college. Please see a counselor for more details.

Students should work with counselors to select courses within each area that will most enhance their area of study at the university they plan to transfer.

GRADUATE GUARANTEE FOR TRANSFER CREDIT
Galveston College guarantees to its Associate of Arts graduates beginning December 1993 and thereafter, that course credits will transfer to other public-supported Texas colleges and universities provided that the conditions outlined in the Graduate Guarantee Agreement are met. Applications for Graduate Guarantee for transfer credit are available in the Counseling Center.

JOB SKILLS COMPETENCY GUARANTEE
If an Associate of Applied Science (A.A.S.) graduate is judged by the employer to be lacking in technical job skills identified as exit competencies for his/her specific degree program, the graduate will be provided up to nine (9) tuition-free semester credit hours or its equivalent of skill training by Galveston College under the conditions of the guarantee policy.

Special conditions which apply to the guarantee are as follows:
1. The graduate must have earned the A.A.S. degree beginning December 1993 or thereafter in an occupational program identified in the College catalog.
2. The graduate must have completed the A.A.S. degree with a majority of the degree requirements earned at Galveston College and must have completed the degree within a five-year time-span. Galveston College cannot guarantee the competencies from course work taken at another institution.
3. Employment must commence within 12 months of graduation.
4. Graduates must be employed full-time in an area directly related to the area of program concentration as certified by the Vice President of Instruction.

5. The employer must certify in writing to the Vice President of Instruction that the employee is lacking entry-level skills identified by Galveston College as the employee's program competencies and must specify the area(s) of deficiency within 90 days of the graduate's initial employment.

6. The College will develop a written educational plan for retraining in consultation with the employer and graduate.

7. Retraining will be limited to the identified area(s) of skill deficiency and to those classes regularly scheduled during the period covered by the retraining plan.

8. All retraining must be completed within one calendar year from the time the educational plan is agreed upon.

9. The graduate and/or employer will be responsible for the cost of books, insurance and uniforms.

10. The guarantee does not imply that the student will pass any licensing or qualifying examination for a particular career. A student's sole remedy against Galveston College and its employees for skill deficiencies shall be limited to tuition-free education under the conditions described above.

ADVISORY COMMITTEES

Advisory committees assist Galveston College with the identification and measurement of program needs, particularly in the applied sciences, community service and general adult educational areas. College personnel and persons representing related institutions, area schools and business and industry work together to identify relevant content for the program or course, recommend necessary equipment and evaluate program outcomes.

ARTICULATION AGREEMENTS

Articulation agreements have been made with the University of Texas Medical Branch, University of Houston-Clear Lake and Texas Tech University. Students should contact the Counseling Office for specific course requirements before making a degree plan. Articulation agreements have also been developed with service area high schools. Students who have graduated from high school within the past three years should check with their high school counselor or Galveston College counselor regarding the possibility of receiving Galveston College credit for articulated high school classes. Students must enroll at Galveston College to receive college credit for coursework taken in high school. Students must complete an equal number of credits in residence at Galveston College before the articulated hours can be posted to a student transcript.
TECH PREP

Associate degree programs designated as "Tech Prep" have been developed to assist students who begin their technical studies in high school. While any student may receive the degree, students who began a tech prep program in a high school with a Galveston College tech prep agreement may receive advanced credit for specified courses at no cost to the student. Students must have a declared major in the Galveston College tech prep program to receive credit.

Students may work towards advanced certification in tech prep programs. Advisory committees have recommended these courses as helpful to employees who are interested in job advancement.

WECM

To meet state needs for high-quality and consistent workforce education, the Coordinating Board approved a grant project in 1995, utilizing funds made available from the federal Carl D. Perkins Act, to develop the Workforce Education Course Manual (WECM). The WECM is the state inventory of workforce education courses for public two-year colleges. It contains a generic catalog of course descriptions and specifies for each course: minimum and maximum contact hours, semester credit hours (SCH) and/or continuing education units (CEU), and minimum learning outcomes. The purposes of the WECM are to:

- contribute to the quality and consistency of workforce courses;
- provide Texas colleges increased assistance and flexibility in responding to employer needs;
- enhance the portability of credits and credentials for students;
- provide increased access for students to workforce education degrees and career advancement;
- facilitate articulation with other providers of education at both the secondary and post-secondary levels; and
- incorporate industry-established skill standards into Texas workforce education.
ACCOUNTING
Associate of Applied Science Degree (520301)

Business and industry are controlled largely through the financial results determined by adequate accounting systems. Accounting is the analytical recording of financial transactions and the related interpretations of the resulting data. Discussions and policies of significance are based on information obtained from accounting procedures and practices.

In the Accounting A.A.S. degree program, the first two semesters are the courses required for the accounting para-professional certificate while the last two semesters concentrate on general education. Most of the courses taught in the last two semesters are transferable for credit to four-year institutions of study.

APPLIED DESIGN AND VISUAL ARTS
Associate of Arts Degree (1001)

The purpose of the associate degree in Applied Design and Visual Arts is to provide a solid foundation for those students planning on pursuing an art related career, transferring to a four-year institution, or improving their artistic skills. Art majors must complete freshman visual arts core (Design I and II, Drawing I and II) prior to enrolling in sophomore ARTS classes.

BIOTECHNOLOGY

Associate of Applied Science Degree (410101)
The Biotechnology Associate of Applied Science degree is a two year, five semester program to prepare the graduate to function as an entry-level research technician.

Admission Criteria:
For entrance to the Biotechnology Program at Galveston College, the applicant should contact the Counseling Center. Applicants must:
1. Complete the requirements for admission to the College. Admission to the College does not guarantee admission to the Biotechnology program.
2. Application for the Biotechnology program requires the filing of a pre-plan/degree plan which shows evidence of:
   a) TASP scores for TASP-eligible students or placement scores for TASP-exempt students which permit enrollment in college level courses.
b) Satisfactory completion of high school chemistry or CHEM 0301, Mathematical Application in Physical Science, within five years of acceptance in the Biotechnology program.

c) Satisfactory completion of MATH 0304, Intermediate Algebra, by placement or course completion within five years of acceptance into the Biotechnology program.

d) Satisfactory completion of BIOL 1406, General Biology I.

3. Achieve a grade of "C" or better in all required courses. An overall G.P.A. of 2.5 as well as a G.P.A. of 2.5 on all prerequisite courses is required for admission consideration. The cumulative G.P.A. at Galveston College must be 2.5. Science courses must have been taken within five years of acceptance into the Biotechnology program.

Curriculum
Students must complete a two-year program of study to receive an Associate of Applied Science degree. Enrolled students will be required to achieve a "C" or better in all course in the Biotechnology curriculum in order to progress in the program. All Biotechnology and science courses must be completed in sequence and within a period of five years.

BUSINESS ADMINISTRATION
Associate of Arts Degree (0506)
The program of study for the Associate of Arts degree parallel the first two years required for the Bachelor of Arts and Bachelor of Science degrees at senior colleges and universities. However, because degree requirements sometimes vary among colleges and universities, students should select courses with the assistance of a Galveston College counselor or faculty advisor. General degree requirements are listed on page 106.

COMPUTER SCIENCE TECHNOLOGY
MICROCOMPUTER APPLICATIONS AND NETWORKING
Associate of Applied Science Degree (110201)
The microcomputer has revolutionized the operations of business, industry, family and social organizations. Microcomputers are currently being used for word processing, decision making, instruction, research, communications and many other applications. Microcomputer specialists receive training in the most recent software applications, operating systems, hardware, languages and networking technologies.

FIRST YEAR

MICROCOMPUTER NETWORKING CERTIFICATE
Level-One Certificate Program (110201)

Low-cost Internet access and e-mail has brought microcomputer based communications into work and home. Society needs trained individuals to plan, implement, maintain and support these information systems in a wide range of computing environments. This certificate prepares students to become computer support specialists, network operators, network service specialists, repair technicians, system analysts assistants, along with other network-related opportunities.

MICROCOMPUTER APPLICATIONS CERTIFICATE
Level-One Certificate Program (110201)

Microcomputers have made a fundamental change in the structure of our society. Knowledge and ability to use computer hardware and software is essential to be productive in today's world. This certificate enables students to be proficient in basic operating system use, word processing, spreadsheets, databases, presentation graphics, desktop publishing, Internet search engines, e-mail and emerging applications.

CRIMINAL JUSTICE
Associate of Applied Science Degree – Tech Prep (430104)

The Criminal Justice program offers the Associate of Applied Science degree in Criminal Justice to students who are seeking careers as police officers, sheriff’s deputies, state law enforcement officers, district attorney’s investigators, and correctional officers. Most of the courses are transferable to several universities that offer a baccalaureate degree in criminal justice.

CRIMINAL JUSTICE

Level-One Certificate Program – Tech Prep(430104)

This program is an alternative to the Associate of Applied Science degree in Criminal Justice. It is aimed at those already employed in a criminal justice area and/or those seeking a short-term program.

Students must meet all placement test requirements as stated in the Galveston College catalog. Exceptionally low scores on the appropriate tests may limit or prevent a student’s entry into the certificate program until required developmental courses are completed.

Those who successfully complete the required 21 hours of college-level coursework will be awarded a Galveston College approved Certificate of Achievement in Criminal Justice. All courses in the certificate program may be applied toward the A.A.S. degree in Criminal Justice.

## Culinary Hospitality Management

**Level-One Certificate Program (120504)**

Galveston College's Culinary/Hospitality Management Certificate is ideal for people who do not have a formal culinary arts education, but who already have experience cooking in the food service industry. It provides management skills that should assist someone who is seeking to advance their position in the food service/hospitality job market. The eight management classes in this certificate meet the requirement for the Professional Management Development Program of the Educational Foundation of the National Restaurant Association. This course of study coupled with work experience can lead to certification from the National Restaurant Association and the American Culinary Federation.

MANAGEMENT DEVELOPMENT
GENERAL MANAGEMENT OPTION

Associate of Applied Science Degree (520201)

This A.A.S. degree program offers practical course instruction preparing students for management career opportunities in business and industry. The program also offers current middle managers the opportunity to further develop their managerial skills for their present position or career advancement.

NURSING

ASSOCIATE OF APPLIED SCIENCE IN NURSING
(ADN-TECH PREP)

ADMISSIONS

Admission Requirements:

All prospective candidates who wish to be admitted to the Associate Degree Nursing Program should contact the Counseling Center. Applicants must:

1. Complete the requirements for admission to the college. (Admission to Galveston College does not guarantee admission to the nursing program.) Application to the nursing program requires the filing of a pre-plan/degree plan which shows evidence of:
   a. TASP scores for TASP-eligible students or placement scores for TASP-exempt students which permit enrollment in college level courses.
   b. Satisfactory completion of high school chemistry or CHEM 0301, Mathematical Applications in Physical Sciences, within five years of acceptance into the nursing program.
   c. Satisfactory completion of an Introductory Algebra course, or a passing placement test score on the MATH 0303 placement test, within five years of acceptance into the nursing program.
   d. Satisfactory completion of BIOL 2401, Anatomy and Physiology I, within five years of acceptance into the nursing program.
   e. Satisfactory completion of PSYC 2301, Introduction to Psychology.
   f. Satisfactory completion of HPRS 1206, Medical Terminology.

2. Achieve a grade of "C" or better in all required courses. An overall G.P.A. of 2.5 as well as a G.P.A. of 2.5 on all prerequisite courses is required for admission consideration. The cumulative G.P.A. must be 2.5 at Galveston College. *Science courses must have been taken within five years of acceptance into the nursing program. Only one science course repeat is acceptable for admission. A grade of "W" in a
science course is considered as a failure unless documentation is provided by the instructor.

*Science courses include Anatomy and Physiology I and II and Microbiology.

Students who plan to enroll in first year nursing courses on the Brazosport Campus should contact the Counseling office at Brazosport College for details.

Prospective applicants who meet the above criteria will be required to pass the Nurse Entrance Test, as part of the admission criteria. Students will be notified by mail of the date and time the examination will be administered. Students who do not pass the examination will be counseled and remediation will be recommended. The student may reapply to the nursing program and retake the examination one time. A passing score on the Nurse Entrance test is valid for one year.

**Procedure After Admission:**

Successful applicants will:

1. be informed by mail of acceptance into the program. All entering students will be required to attend a departmental orientation for new students. All entering students will be notified by mail of the scheduled orientation sessions.
2. submit a personal health history form furnished by the UTMB Office of Student Health. Physical examinations and required immunizations will be at student expense.
3. be certified in Basic Life Support (CPR-Health Professional Level) at program entry and maintain certification throughout the course of study.

**State Board Requirements**

Students should be advised that permission to take the NCLEX-RN for licensure as a professional nurse is regulated by the Texas State Board of Registered Nurse Examiners. Students who have been previously convicted of a crime other than minor traffic violations or if ever hospitalized or treated for mental illness and/or chemical dependency may not be approved by the Board for licensure. For further information students may contact the Board of Nurse Examiners for the State of Texas in Austin.

**Application Requirements:**

Applications for admission to the Associate Degree Nursing Program will be accepted in the Admissions Office beginning September 15 of each year. Prospective students whose files are complete will be considered for admission throughout the year. Applications will be accepted until the class is filled.

Applicants who are not admitted to the program are not automatically considered for the next year's class and must re-apply each year. A student who is accepted for the current class but does not enroll in the program will be required to re-apply for the next class. A new pre-plan must be completed each time a student re-applies.

All students desiring admission to the Associate Degree Nursing Program should have a Pre-ADN plan on file in the Counseling Center. Only students who have
completed all admission requirements will be considered for admission to the Associate Degree Nursing Program.

TRANSFER POLICIES

Students who wish to transfer credits should apply for admission to the College in the Counseling Center. Transfer nursing courses are evaluated on a course by course basis. Transfer grades below “C” are not accepted for credit in the nursing program. Mathematics and science courses must be no more than five years old. Only one *science or nursing course repeat is allowed. (*Science courses include Anatomy and Physiology I and II and Microbiology). Transfer students from other nursing programs who meet the standard admission requirements will be admitted on a space-available basis.

The student desiring transfer credit must:
1. meet admission requirements for Galveston College and the Associate Degree Nursing Program;
2. currently hold an overall GPA of 2.5 as well as a GPA 2.5 on all prerequisite courses;
3. currently hold a cumulative G.P.A. of 2.5 at Galveston College;
4. arrange to have transcripts from former institutions including high school or G.E.D. certificate sent to the Admissions Office at Galveston College;
5. have a letter concerning eligibility from previous nursing programs sent to the Director of Admissions/Registrar;
6. submit course syllabi for review, if requested, to the Admission and Progression Committee.

ACADEMIC PROGRESSION REQUIREMENTS

Grading System and Repetition of Courses

The grading system for the Associate Degree Program Nursing Courses is:

- A = 91 – 100
- C = 75 – 80
- B = 81 – 90
- F = Below 75

The student is required to:
1. achieve a grade of “C” (75) or better in all nursing courses required in the ADN curriculum to progress in the nursing program.
2. achieve a grade of “C” or better in all science and general academic courses required in the ADN curriculum to progress in the nursing program. Students must complete all concurrent courses within a semester to progress to the next semester.
3. complete nursing and science courses in sequence and within a period of five years. Students are subject to failure or dismissal at any time for documented incidents of unsatisfactory/unsafe clinical performance.

Students with a grade of “W”, “F”, or “AWF”, in any nursing course and not dismissed must re-apply to repeat the course on a space available basis after meeting the crite-
ria for re-admission. Students must also satisfy all requirements to remove "scholastic probation" status prior to re-admission.

Students applying for transfer or readmission who do not have any failures in nursing courses will have priority over a student with one nursing failure.

Students with a total of two failures in any combination of science or nursing courses will be dismissed from the ADN program without the option of readmission for a period of five (5) years. Students who withdraw passing from required science courses must provide documentation from instructor.

Re-admission Requirements

Re-admission policies relate to students who are admitted to the Associate Degree Nursing Program, leave prior to completion and apply to return to the program. Re-admission is based upon an individual review of the student’s record and space availability. Students may re-enter the Associate Degree Nursing Program only one time if the reason for the exit was failure of a course or courses in the program. Re-admission must be within one (1) year of leaving the program. Students desiring re-admission after one (1) year must complete the entire program.

The applicant must:
1. be in academic good standing;
2. submit a written request to the Admission and Progression Committee;
3. currently hold an overall G.P.A. of 2.5 as well as G.P.A. of 2.5 on all prerequisite courses. The cumulative G.P.A. must be 2.5 on any courses taken or transferred to Galveston College. Science courses must have been taken within five years of enrolling. Only one science repeat is acceptable for admission. A grade of "W" in a science course is considered as a failure unless documentation is provided by the instructor;
4. satisfactorily complete testing re-admission requirements identified for each course.

As part of an exit interview, the faculty and/or Dean will identify in writing the exact courses (other than RNSG courses) that the student must complete with a grade of "C" or better to be considered for re-admission. The student will be required to complete at least the number of RNSG semester hours in which he received a grade of "W" or "F". If the student elects to complete more than the required hours and the courses are approved by the faculty, the student will be required to complete each course with a grade of "C" or better.

Additional re-admission requirements are dependent upon the course of re-entry and include a comprehensive math exam, a final written examination and a laboratory skills demonstration.

All requirements must be accomplished prior to completion of the preceding semester to which the student is requesting entry.

Students will be notified of admission status prior to the first day of class. If the number of students applying exceeds the number of vacancies, the selection will be determined by cumulative G.P.A. at Galveston College.
Liability Insurance

All students enrolled in Galveston College nursing programs will be required to purchase liability insurance. At the time of registration, students will automatically be assessed insurance charges. Liability insurance fees are non-refundable. Students are covered by the insurance policy not by the coverage or license of the faculty.

Nursing Organizations

Galveston College nursing students are encouraged to seek membership in college, local, state and national nursing organizations.

NURSING-ASSOCIATE DEGREE

Associate Of Applied Science Degree – Tech Prep (511601)

The Associate Degree Nursing Program is approved by the Board of Nurse Examiners for the State of Texas and Accredited by the National League for Nursing Accrediting Commission. Information regarding the program can be obtained from NLNAC at 61 Broadway, New York, NY 10016, (800) 669-9656, www.accrediting-comm

Nursing is a service to individuals, to families and, to the community of man. The individual nurse has scientifically based competencies and skills to assist people, sick or well, to cope with their health needs. Nursing is practiced in conjunction with other disciplines of the health care team.

Galveston College offers the first year nursing courses on the Galveston College and Brazosport College campuses. Nursing courses in the sophomore year are offered only on the Galveston campus. The required general education courses are available on both the Galveston and Brazosport campuses. Contact the office of Admissions for enrollment information.

Students are scheduled to begin their program in the fall and must complete all courses in the curriculum to meet requirements to take the National Council Licensure Examination for Registered Nurses. Upon completion of the two year, 72 credit hour curriculum, graduates will be awarded the Associate in Applied Science degree in Associate Degree Nursing.

LVN TO ADN TRANSITION PROGRAM

Licensed Vocational Nurses who meet the College and Nursing Program Admissions criteria are eligible to enter the second year of the nursing program via the Role Transition Course. The admission criteria includes the completion of all prerequisite and general education courses required in the first year of the Associate Degree Nursing curriculum. These courses must be completed prior to the beginning of the course. Applications will be accepted in the Admissions Office until the class is filled. For admission, the applicant should contact the Counseling Center. Applicants must:

1. **Complete the requirements for admission to the college.** (Admission to Galveston College does not guarantee admission to the nursing program.) Application to the nursing program requires the filing of a pre-plan/degree plan which shows evidence of:
   a. TASP scores for TASP-eligible students or placement scores for TASP-exempt students which permit enrollment in college level courses.
   b. Satisfactory completion of high school chemistry or CHEM 0301, Mathematical Applications in Physical Sciences, within five years of acceptance into the nursing program.
   c. Satisfactory completion of an Introductory Algebra course, or a passing placement test score on the MATH 0303 placement test, within five years of acceptance into the Role Transition program.
   d. Satisfactory completion of required prerequisite courses.

2. **Send official copies of the following to the Admissions Office:**
   a. Transcript from state board approved VN/PN nursing program
   b. High school transcript/GED scores
   c. Transcripts for all college work completed.

3. **Show proof of current licensure as an LVN/LPN.**

4. **Have one year of current work experience as an LVN/LPN defined as:**
   a. Working at least one-half time during the last calendar year or,
   b. Full-Time student pursuing general education requirements for the nursing program while working part-time.

5. **Achieve a grade of "C" or better in all required courses.** An overall G.P.A. of 2.5 as well as a G.P.A. of 2.5 on all prerequisite courses completed within the past five years is required for admission consideration. The cumulative G.P.A. at Galveston College must be 2.5.
Curriculum

Each transition class enters in the summer and completes the program of study in one year. Students must be certified in Basic Life Support, Health Care Provider (CPR) at program entry and maintain certification throughout their course of study. Enrolled students will be required to achieve a "C" or better in all courses required in the ADN curriculum in order to progress in the program. All nursing and science courses must be completed in sequence and within a period of five years.

TOTAL SEMESTER CREDIT HOURS IN PROGRAM: 72

* MATH 0303 Introductory Algebra is a requirement to be met for admission to the program by placement or course completion.
** Student receives a total of 19 credits for education and experience upon successful completion of RNSG 1191, 1262 and 2307.

***Capstone Experience.

**EMT-P TO ADN TRANSITION PROGRAM**

Paramedics who meet the College and Nursing Program Admissions criteria are eligible to enter the second year of the nursing program via the Role Transition Course. The admission criteria include the completion of all prerequisite and general education courses required in the first year of the Associate Degree Nursing curriculum. These courses must be completed prior to the beginning of the course. Applications will be accepted in the Admissions Office until the class is filled. For admission, the applicant should contact the Counseling Center. Applicants must:

1. Complete the requirements for admission to the college. (Admission to Galveston College does not guarantee admission to the nursing program.) Application to the nursing program requires the filing of a pre-plan/degree plan which shows evidence of:
   a. TASP scores for TASP-eligible students or placement scores for TASP-exempt students which permit enrollment in college level courses.
   b. Satisfactory completion of high school chemistry or CHEM 0301, Mathematical Applications in Physical Sciences, within five years of acceptance into the nursing program.
   c. Satisfactory completion of an Introductory Algebra course, or a passing placement test score on the MATH 0303 placement test, within five years of acceptance into the Role Transition program.
   d. Satisfactory completion of required prerequisite courses.

2. Send official copies of the following to the Admissions Office:
   a. Transcript showing successful completion of Basic, Intermediate and EMT-Paramedic courses.
   b. High school transcript/GED scores
   c. Transcripts for all college work completed.

3. Be a Texas certified or Licensed Paramedic or eligible for certification or licensure.

**TOTAL SEMESTER CREDIT HOURS IN PROGRAM**

72

* MATH 0303 Introductory Algebra is a requirement to be met for admission to the program by placement or course completion.

** Student receives a total of 19 credits for education and experience upon successful completion of RNSG 1191, 1140, 1262 and 2307.

***Capstone Experience.
NURSING – VOCATIONAL

ADMISSIONS

Admission Requirements:

All prospective candidates who wish to be admitted to the Vocational Nursing Program should contact the Counseling Center. Applicants must:

1. complete the requirements for admission to the College. Admission to the College does not guarantee admission to the Vocational Nursing Program. Application to the nursing program requires the filing of a pre-plan/degree plan which shows evidence of TASP scores for TASP-eligible students or placement scores for TASP-exempt students that permit enrollment in college level courses.

2. successfully complete all sections of the TASP prior to admission to the program.

3. satisfactorily complete nine credit hours of general academic college level courses with a grade of “C” or better. An overall G.P.A. of 2.0 as well as a G.P.A. of 2.25 on all prerequisite courses is required for admission consideration. Science courses must have been taken within five years of acceptance into the nursing program. Only one science course repeat is permitted.

4. The following are approved general education courses:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>*BIOL 2401</td>
<td>ENGL 1301</td>
</tr>
<tr>
<td>*BIOL 2402</td>
<td>GOVT 2305</td>
</tr>
<tr>
<td>*HPRS 1205</td>
<td>PSYC 1302</td>
</tr>
<tr>
<td>*BIOL 2410</td>
<td>GOVT 2306</td>
</tr>
<tr>
<td>*HUMA 1301</td>
<td>SOCI 1301</td>
</tr>
<tr>
<td>*Biol 1322</td>
<td>HIST 1301</td>
</tr>
<tr>
<td>*HIST 1302</td>
<td>PSYC 2301</td>
</tr>
<tr>
<td>*HIST 1302</td>
<td>PSYC 2301</td>
</tr>
<tr>
<td>*HIST 1302</td>
<td>PSYC 2301</td>
</tr>
<tr>
<td>*HIST 1302</td>
<td>PSYC 2301</td>
</tr>
</tbody>
</table>

*It is strongly recommended that the student complete these courses prior to entering the vocational nursing program.

***HPRS 1206 is required for admission. BIOL 1322, BIOL 2401, BIOL 2402, BIOL 2410 will count toward satisfaction of general academic prerequisites and will substitute for VNSG 1216, 1420, and 1425. Both BIOL 2401 and BIOL 2402 must be completed for the substitution.

Procedure After Admission:

Successful applicants will:

1. be informed by mail of acceptance to the program. All entering students will be required to attend a departmental orientation for new students. All entering students will be notified by mail of the dates and times of the scheduled orientation sessions.

2. submit a personal health history form furnished by the UTMB Office of Student Health. Physical examinations and required immunizations will be at student expense.

3. be certified in Basic Life Support (CPR-Professional Level) at program entry and maintain Certification throughout the course of study.
PROGRAMS OF STUDY

State Board Requirements:

Students should be advised that permission to take the NCLEX-PN for licensure as a vocational nurse is regulated by the Texas State Board of Vocational Nurse Examiners. Students who have been previously convicted of a crime other than minor traffic violations or if ever hospitalized or treated for mental illness and/or chemical dependency may not be approved by the Board for licensure. For further information students may contact the Board of Vocational Nurse Examiners for the State of Texas in Austin.

TRANSFER POLICIES

Students who desire to enter the Galveston College Vocational Nursing Program after taking courses at another college or university should apply for admission in the Counseling Center. Admission of transfer students is based upon an individual review of previous course work and space available.

The student desiring transfer credit must:

1. Meet admission requirements for Galveston College and the Vocational Nursing Program.
2. Currently hold an overall G.P.A. of 2.0 as well as a G.P.A. of 2.25 on all prerequisite courses.
3. Arrange to have transcripts from all former institutions including high school or a G.E.D. certificate sent to the Admissions Office at Galveston College.
4. Have a letter concerning eligibility from previous nursing programs sent to the Director of Admissions/Registrar.
5. Submit course syllabi for review, if requested, to the Admission and Progression Committee.
6. Complete examinations and skills check-offs according to the procedure for transfers.

RE-ADMISSIONS

Re-admission policies relate to students who are admitted to the Vocational Nursing Program, leave prior to completion and apply to return to the program. Re-admission is based upon an individual review of the student's record and space availability. Students may re-enter the Vocational Nursing Program only one time if the reason for exit was failure of a course or courses in the program. Re-admission must be within one (1) year of leaving the program. Students desiring re-admission after one (1) year must complete the entire program.

The applicant must:

1. Be in academic good standing;
2. Currently hold an overall G.P.A. of 2.0 as well as G.P.A. of 2.25 on all prerequisite courses;
3. Submit a written request to the Admission and Progression Committee;
4. Satisfactorily complete re-admission requirements identified at the time of exit.
5. Satisfactorily complete testing re-admission requirements identified for each course.  

As part of the exit interview, the faculty and Dean will identify in writing the exact courses (other than VNSG courses) that the student must complete with a grade of C or better to be considered for re-admission.

The student will be required to complete at least the number of VNSG semester hours in which he received a grade of "W" or "F". If the student elects to complete more than the required hours and the courses are approved by the faculty, the student will be required to complete each course with a grade of "C" or better.

Vacancies for re-admission students will be awarded on a space-available basis. If the number of students applying exceeds the number of vacancies, the selection will be determined on cumulative G.P.A. at Galveston College.

**NURSING – VOCATIONAL**

*Certificate Program (7821)*

The primary role of the licensed vocational nurse is to provide nursing care in structured health care settings, under the direction of a registered nurse or licensed physician, for clients experiencing common, well defined problems with predictable outcomes. The graduate is eligible to take the NCLEX-PN licensure examination. The program is designed to be completed within one calendar year. The curriculum is based on sequential learning; therefore, a student must have a grade of "C" or better in all courses to progress to the next sequence of VNSG courses.

**TOTAL SEMESTER CREDIT HOURS IN PROGRAM**: 29-30
PHLEBOTOMY TECHNOLOGY
Certificate Program

The Phlebotomy Technology program is a one semester, 15 credit hour program, which is designed to prepare the student for an entry level position as a phlebotomy technician. The graduate will be eligible to take the American Society of Clinical Pathologists Board of Registry examination for certification.

The primary role of the phlebotomy technician is to collect blood samples from patients, obtain and verify patient information, and transport and store blood for analysis and testing. They work closely with laboratory personnel and are employed in hospitals, clinics, physician's offices, home health agencies and blood banks. The attributes which help to be a successful phlebotomy technician include:
- Enjoy working with people
- Patience
- Ability to work under pressure
- Effective communication and listening skills
- Attention to details

Good manual dexterity

PHLEBOTOMY TECHNICIAN ADMISSION CRITERIA

All prospective candidates who wish to be admitted to the Phlebotomy Technician program should contact the Counseling Center. Applicants must:

- Complete an application for admission to the College. Admission to the College does not guarantee admission to the Phlebotomy Technician program. Application to the Phlebotomy program requires the filing of a pre-plan which demonstrates eligibility for enrollment in college level courses. This may be completed by:
  - Passing TASP scores OR
  - Placement tests – a proficiency level of reading and English post-high school or passing READ 0302 and ENGL 0302,
  - Or permission of the Dean of Health Occupations.
  - Graduation from high school or GED.
  - Current health professional level CPR (At time of entrance).
  - Submit a personal health history form furnished by the UTMB Office of Student Health. Physical examinations and required immunizations will be at students expense.

CURRICULUM

The program is designed to be completed within one semester. HPRS 1206, Medical Terminology, may be taken prior to entering the program. MLAB 1223, Phlebotomy Theory, and MLAB 1166, Phlebotomy Clinical, must be taken concurrently. MLAB 1223 and MLAB 1166 are prerequisites for MLAB 1394, Phlebotomy Seminar.

PHYSICAL EDUCATION AND RECREATION
(KINESIOLOGY)

Associate of Arts Degree (0835)

The principle objectives of this program are as follows: (1) to develop the student's neuro-muscular skill and organic system through movement experience, (2) to increase the student's knowledge, insight, understanding, and interest in movement experiences, and finally (3) to improve the student's recreational and leisure-time skills as well as their standards of behavior in these selected movement areas.

*This course meets the required computer literacy competencies and replaces COSC 1101.

+ Core curriculum courses may be substituted only with courses from the same component in the core curriculum.

---

#### RADIOLOGIC HEALTH SCIENCES

Radiologic Health Sciences courses are part of the interdisciplinary curriculum designed to provide educational experiences which are common to the imaging and therapeutic modalities of radiology.

The Radiologic Health Sciences programs are divided into two categories: Associate Degree programs and Certificate programs. The Radiologic Health Sciences programs that lead to an Associate in Applied Science degree are in Nuclear Medicine Technology, Radiation Therapy Technology and Radiography. The Radiologic Health Science programs that lead to a certificate of completion are in Breast Imaging/Mammography, Computerized Tomography and Magnetic Resonance Imaging. These are advanced programs that require credentials, such as certification or registry in a radiologic field, as a prerequisite.

Students interested in Radiologic Health Sciences courses must meet individual program entry requirements. Entry requirements for the associate and certificate programs vary.

**Admission Requirements**

All prospective candidates who wish to be admitted to an associate degree program in the Radiologic Health Sciences should contact the Counseling Center. Applicants must:
1. Complete the requirements for admission to Galveston College. Admission to Galveston College does not guarantee admission to the Radiologic Health Sciences Program.

2. Applications to the Radiologic Health Sciences program requires the filing of a pre-plan which shows evidence of:
   a. TASP scores for TASP-eligible students or placement scores for TASP-exempt students which permit enrollment in college level courses.
   b. Satisfactory completion of an Intermediate Algebra course or a passing placement test score, within five years of acceptance into Radiologic Health Sciences programs. MATH 1414-College Algebra, is strongly recommended.
   c. Satisfactory completion of BIOL 2401, Anatomy and Physiology I, within five years of acceptance into Radiologic Health Sciences programs. Due to the demanding classroom and clinical instruction in Radiography, Nuclear Medicine Technology and Radiation Therapy Technology programs, satisfactory completion of BIOL 2402-Anatomy and Physiology II, prior to starting the program is strongly recommended.
   In order for the student to get credit for science courses, the courses must have been completed within five years of acceptance into Radiologic Health Sciences programs.
   d. Satisfactory completion of HPRS 1206, Medical Terminology.

3. Completion of required courses with a grade of "C" or better.

4. An overall G.P.A. of 2.5 as well as a G.P.A. of 2.5 on all prerequisite courses is required for admission consideration. A cumulative G.P.A. of 2.5 on Galveston College courses is required.

5. Be able to comply with the technical standards.

**Program Application Requirements**

Applications for admission to a Radiologic Health Sciences program will be accepted in the Admissions Office beginning on September 15 of each year. Prospective students whose files are complete will be considered for admission throughout the year. Applications will be accepted until the programs are filled.

Applicants will be requested to interview with the respective program directors and may also be required to visit a clinical site for an assigned observation. A written summary of the site visit may be requested.

Letters of acceptance will be sent to applicants by the Galveston College Admissions Office.

Applicants who are not admitted to the Radiologic Health Sciences program are not automatically considered for the next year's class and must re-apply for each year. Applicants are required to re-apply if accepted for the current class but fail to enroll in the program.

All students requesting admission to a Radiologic Health Sciences program must have a pre-plan on file in the Counseling Center. Only applicants who have completed all admission requirements will be considered for admission to the Radiologic Health Sciences program.
Procedure After Admission

1. All entering students will be required to attend an orientation for new students. All entering students will be notified by mail of the scheduled orientation session.
2. Submit a personal health history form furnished by the UTMB Office of Student Health. Physical examinations and required immunizations will be at student's expense.
3. Be certified in Basic Life Support (CPR – Professional Level) and maintain certification throughout the course of study.

National Board Requirements

Students should be advised that permission to take the national certification examination is regulated by the American Registry of Radiologic Technologists. Candidates must be of good moral character. Generally, the conviction of either (1) a felony, or (2) any offense, misdemeanor or felony involving moral turpitude, indicates a lack of good moral character for Registry purposes. Those who have been convicted of a crime may be eligible for registration if they have served their entire sentence, including probation and parole, and have their civil rights restored. For further information, students may contact the A.R.R.T. Nuclear Medicine Technology students are also eligible to take the Nuclear Medicine Technology Certification Board Exam (NMTCB).

Transfer Policies

Those applicants who are transferring course credits from another associate degree program will be evaluated on an individual basis by the respective program director and Galveston College. Transfer courses are evaluated on a course by course basis. Transfer grades below "C" are not accepted for credit. Transfer students from other Radiologic Health Sciences programs will be admitted on a space-available basis. The student desiring transfer credit must:
1. Meet admission requirements for Galveston College and the Radiologic Health Sciences Program.
2. Currently hold a G.P.A. of 2.5.
3. Arrange to have transcripts from former institutions sent to the Admissions Office at Galveston College.
4. Submit course syllabi for review, if requested by program director to the Director of Admissions/Registrar.

The director of each respective program evaluates the documents and determines which courses may be applicable to the program. General academic courses are evaluated by the Director of Admissions/Registrar at Galveston College.

Academic Progression Requirements

The student is required to:
1. Achieve a grade of 75 or better in all Radiologic Health Sciences courses in order to progress in the program. Failure to achieve a "C" or better in any course may
result in dismissal from the program. Students must complete all concurrent courses within a semester to progress to the next semester.
2. Achieve a grade of 70 or better in all Nuclear Medicine Program specific courses. (A grade of 75 or better is required in NMTT 1311, Nuclear Medicine Patient Care.)
3. Achieve a grade of "C" or better in all general education courses required in each respective Radiologic Health Sciences Program in order to progress in program.
4. Students are subject to failure or dismissal at any time for documented incidents of unsatisfactory/unsafe clinical performance.

Re-Admission Policy

Students who fail from a Radiologic Health Sciences Program may apply for readmission. The student must:
1. Submit a written request to the Director of Admissions/Registrar.
2. Complete and pass a clinical competency exam on basic skills prior to readmission.
3. Pass a comprehensive written exam.
4. Satisfactorily complete re-admission requirements identified at the time of exit.

All students who wish to re-enter the program will be reviewed by the Radiologic Health Sciences Review Committee. Students may be considered for re-admission one time to the program pending the availability of space. If the number of students applying exceeds the number of vacancies, the selection will be determined by cumulative G.P.A. at Galveston College.

As part of the exit interview, the program director will identify in writing the exact courses that the student must complete with a grade of "C" or better to be considered for re-admission.

Upon successful completion of the specified courses, the student will follow the procedure for re-admission. Vacancies for re-admission students will be awarded on a space-available basis. If the number of students applying exceeds the number of vacancies, the selection will be determined on cumulative G.P.A. at Galveston College.

Liability Insurance

All students enrolled in Radiologic Health Sciences will be required to purchase liability insurance. Students will be assessed an automatic charge at the time of registration for insurance coverage. Liability insurance fees are non-refundable. Students are covered by the insurance policy, not by the coverage or license of the faculty.

Radiologic Health Sciences Organizations

All students enrolled in the Radiologic Health Sciences programs are encouraged to seek membership in College, local, state, and national Radiologic Health Sciences organizations.
Pregnancy Policy

The disclosure of pregnancy is completely voluntary and it is the exclusive right of the student to declare herself as pregnant. If the student does choose to voluntarily inform program officials of her pregnancy, she must do so in writing.

Curriculum

Classroom instruction is presented at Galveston College and The University of Texas Medical Branch, while clinical training is conducted at UTMB hospitals and a number of affiliated health care institutions. Upon completion of requirements, the graduate receives the Associate of Applied Science Degree from Galveston College and a certificate of completion from the U.T. School of Allied Health Sciences at Galveston. The graduate qualifies to apply for the national certification/licensure examination.

NUCLEAR MEDICINE TECHNOLOGY

Associate of Applied Science Degree (510905)

The Nuclear Medicine Program is nationally accredited by the Joint Review Committee on Educational Programs in Nuclear Medicine Technology, (JRCNMT), PMB418, #1 2nd Ave. East, Suite C, Polson, MT 59860-2107.

Nuclear Medicine is the branch of medicine concerned with diagnostic, therapeutic, and investigative uses of radioactive materials. The results of these usages are recorded and interpreted by a licensed practitioner who has specialized in the profession of nuclear medicine. The knowledge and skills of the nuclear medicine technologist compliment those of the nuclear medicine physician and other professionals in this field.

The Nuclear Medicine Technologist is an allied health professional certified in nuclear medicine technology who, under the direction of an authorized physician user, is committed to applying the art and skill of diagnostic and therapeutic nuclear medicine procedures through safe and effective use of radionuclides. Responsibilities include but are not limited to direct patient contact, the preparation and administration of radiopharmaceuticals, patient imaging procedures including computer processing, laboratory testing, patient preparation, quality control and radiation safety. The technologist's professional development is achieved through medical and technical education and ultimately contributes to the delivery of quality patient care.

Students enroll in the Nuclear Medicine Technology program in the fall and must complete twenty-four months of study with laboratory experience to meet eligibility requirements to take the Nuclear Medicine Technology Certification Board examination in the fall of the graduating year. Upon completion of the two-year curriculum, graduates will be awarded the Associate in Applied Science degree in Nuclear Medicine Technology, and upon passing the N.M.T.C.B. examination, will be registered as a Certified Nuclear Medicine Technologist (CNMT).

RADIATION THERAPY TECHNOLOGY
Associate of Applied Science Degree (510907)

The Radiation Therapy Program is nationally accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), 20 N. Wacker Drive, Suite 900, Chicago, IL 60606-2901.

The Radiation Therapist assists in the treatment of patients with malignant diseases (cancer). Radiation is directed at the tumor site under strictly controlled circumstances in an attempt to cure or palliate the disease. The Radiation Therapist positions the patient for treatment, performs the necessary mathematical calculations to determine the radiation dosage and, under the supervision of a physician, delivers the radiation utilizing highly sophisticated equipment.

Because of sustained contact with the patients, the Radiation Therapist is given considerable responsibility in patient nursing care, dietary counseling and treatment evaluation. In addition, the Radiation Therapist must appreciate the tremendous psychological impact that cancer has on the patients and their families.

The demand for skilled registered Radiation Therapists is nationwide and is expected to increase in the future. With advanced training/education, Radiation Therapists also have opportunities to pursue careers in dosimetry, medical physics, teaching and administration.

RADIOGRAPHY

Associate of Applied Science Degree (510907)

The Radiography Program is nationally accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT), 20 N. Wacker Dr., Suite 900, Chicago, IL 60606-2901

The Radiographer is a health professional specially educated to utilize x-rays to produce images in the diagnosis of disease. By virtue of its capability to render visible otherwise hidden internal structures of the human body, Radiography is a vital part of modern medical science and the healing arts. Continuing discoveries in the field make Radiography one of the most exciting and challenging health care specialties.

The Radiographer positions the patient, provides for patient comfort and protection, and selects the proper radiation exposure levels to obtain diagnostic images which are then interpreted by the physician. In the course of these normal duties, the Radiographer deals directly with the patient, the equipment and the physician.

Frequently, the Radiographer works independently, exercising initiative and judgment in obtaining the needed radiographs which have been requested by a physician. Radiographers operate a wide variety of highly specialized equipment and computers.

CERTIFICATE PROGRAMS (RADIOLOGIC HEALTH SCIENCES)

Certificate programs which are offered through the Division of Health Occupations include:

- BREAST IMAGING/MAMMOGRAPHY
- COMPUTERIZED TOMOGRAPHY
- MAGNETIC RESONANCE IMAGING

General Procedures for all Programs:

1. Complete requirements for admission to Galveston College.
2. Arrange for official transcripts from all high schools, colleges, and/or training programs attended to be sent to the Admissions Office. Students must have an overall G.P.A. of 2.5.
3. Be a graduate of an accredited radiologic health science program and a registered technologist by the start of the program; and have a copy of current Texas Department of Health license and ARRT or NMTCB Certificate filed at Galveston College.
4. Successfully complete a course in College Algebra (MATH 1414) and College Physics (PHYS 1401) is strongly recommended.*

* MRI students only. Pending Coordinating Board Approval.
BREAST IMAGING/MAMMOGRAPHY
Certificate Program (510907)

Mammography is a branch of radiology that employs specialized x-ray equipment to produce images of the breast which aid radiologists in diagnosing breast cancer. The mammographer works closely with patients to provide instruction and ensure quality care while performing various specialized breast imaging studies.

The program is offered in the fall or spring semester and can be completed in one semester of full-time study. In an effort to offer an educational opportunity for employed registered technologists, this program will be offered in a non-traditional format.

All instruction and clinical training is conducted at UTMB hospitals and affiliated health care institutions.

Upon completion of requirements, the student receives a certificate of completion individually from the UTMB School of Allied Health Sciences at Galveston and Galveston College.

TOTAL SEMESTER CREDIT HOURS IN PROGRAM: 7

BREAST IMAGING/MAMMOGRAPHY CONTINUING EDUCATION CERTIFICATE

Mammographic Anatomy and Positioning
Breast Instrumentation and Quality Assurance
Clinical Instruction
Total Hours

104 Hrs.

Upon completion, the student receives Galveston College Continuing Education credits and a certificate of completion.
COMPUTERIZED TOMOGRAPHY
Certificate Program (510907)

Computerized Tomography (CT) is the modality of radiology that employs specialized x-ray equipment to produce sectional images of the human anatomy which aid radiologists in diagnosing a wide variety of diseases and disorders.

The CT technologist performs various diagnostic procedures under the supervision of a licensed radiologist. The CT technologist works closely with patients to provide instruction and quality care while performing the diagnostic procedures. The procedures are varied and images of virtually all parts of the body are obtainable. The most routinely imaged parts of the body are brain, eyes, neck, lungs, liver, pancreas, spine and pelvis.

In order to acquire quality images, the CT technologist must be able to work effectively with patients and health professionals, operate sophisticated computer equipment and utilize radiation protection measures.

Applications selected for matriculation may elect to complete the program in one semester or two by enrolling for full-time or part-time coursework. In either event, the program must be completed within one calendar year of the date of enrollment into the program. Upon completion of the curriculum, graduates will be awarded a certificate of completion by Galveston College and the University of Texas School of Allied Health Sciences at Galveston.

Course Description Credit
CTMT 3301 CT Instrumentation and Methodology 3
RADR 1501 CT Clinical Applications I 5
RADR 1561 CT Clinical Applications II 5
RADR 1391 Tomographic Anatomy and Pathology 3
TOTAL SEMESTER CREDIT HOURS IN PROGRAM 16

MAGNETIC RESONANCE IMAGING TECHNOLOGY
Certificate Program (510907)

Magnetic Resonance Imaging (MRI) is the modality of radiology that employs special magnetic-field-producing equipment which is used to obtain sectional images of the human anatomy that aid physicians in diagnosing diseases and disorders.

The MRI technologist performs various diagnostic procedures under the supervision of a licensed physician. The MRI technologist works closely with patients to provide instruction and quality care while performing the diagnostic procedures. The procedures are varied and images of virtually all parts of the anatomy are obtainable. This imaging modality is unique in the field of diagnostic imaging because of the way images are obtained. The patient is positioned within a magnetic field, and radio frequency signals are then used to obtain images of the internal parts of the patient's body. All of this is accomplished without using radiation.

In order to acquire quality images, the MRI technologist must be able to work effectively with patients and health professionals, operate sophisticated computer equipment.
equipment, understand complicated physics principles, and employ appropriate safety measures.

The program begins in the fall semester and can be completed in two semesters of full-time study. All classroom instruction and clinical education is conducted at UTMB hospitals and affiliated health care institutions.

Upon completion of requirements, the student receives a certificate of completion individually from the UTMB-School of Allied Health Sciences at Galveston and Galveston College.

SOCIAL WORK
CURRICULUM INFORMATION
ASSOCIATE DEGREE PROGRAMS

The associate degree in social work offers four options: Chemical Dependency Counseling, General Social Work, Gerontology and Prevention/Intervention.

The General Social Work option is designed for students interested in the field of social work (but not necessarily in the specializations of substance abuse, aging or prevention/intervention) and who plan to transfer to a university offering a baccalaureate degree in social work or a related human science field.

The associate degree options in Chemical Dependency Counseling (substance abuse), Social Work: Gerontology (aging); Social Work: Prevention/Intervention are more specific.

The "2 + 2" transfer or "articulation" agreement with the University of Houston, Clear Lake, Texas Southern University and the University of Texas–Southwestern Allied Health Sciences School allows the student selecting the General, Chemical Dependency, Social Work: Gerontology, or Social Work: Prevention/Intervention options to meet the degree requirements for the first two years of the baccalaureate degree.
PROGRAMS OF STUDY

PROGRESSION REQUIREMENTS FOR SOCIAL WORK ASSOCIATE DEGREE OR CERTIFICATE PROGRAMS

1. Consult with the faculty program manager/coordinator, college counselor, or the Dean, Division of General Studies during the registration period at the beginning of each semester of enrollment to review your degree or certificate plan of study.

2. Maintain a G.P.A. of "C" or better in all applicable psychology, science, social work, and sociology courses.

3. Meet all academic progression requirements outlined if the applicable courses in psychology, science, social work, or sociology were taken during any previous college enrollment.

CERTIFICATE PROGRAMS IN CHEMICAL DEPENDENCY COUNSELING OR GERONTOLOGY

These certificates allow students completing the program to apply for training status with the appropriate state and professional agency or organization. See the program manager/coordinator for details. The program, however, does include the required 270 clock hours of approved alcoholism and drug abuse education required for application for state or professional certification and/or licensing. Also a certificate in Internship for Chemical Dependency Counseling (Supervised practicum in the 12 core functions) is offered to provide students the 300 hour practicum necessary for the chemical dependency counselor licensure process with the Texas Commission on Alcohol and Drug Abuse. The Social Work: Gerontology certificate provides course preparation for the Texas Basic Certificate.

TRANSFER, LICENSING, AND CERTIFICATION REQUIREMENTS

Transfer, licensing, and certification requirements are changed from time to time by universities, agencies, and professional organizations. It is the responsibility of the student to contact the appropriate universities regarding transfer of credit and to contact the appropriate state and professional agency or organization regarding licensing or certification before beginning a particular course of study.

TOTAL SEMESTER CREDIT HOURS IN PROGRAM (304 CLOCK HOURS)

NOTE: Completion of the Galveston College Certificate in Prevention and Intervention or its equivalent is required. Field (practicum) placement will be with an approved facility and will require that the student have a minimum of three hundred (300) hours of supervised work experience in Prevention and Intervention.
COURSE PREREQUISITES

Certain courses in the course description section of this catalog require that a student have designated prerequisites before registering for them. That is, certain courses are "required" before the more advanced course may be taken. Course prerequisites are indicated at the beginning of each course description.

Course prerequisites may be waived only with the approval of the appropriate divisional Dean or the Vice President of Instruction. Those students seeking a prerequisite waiver should first consult with a college counselor.

CORE CURRICULUM REQUIREMENTS

The student must complete the required courses from the core curriculum (identified on page in order to be awarded the A.A. degree. These courses are identified in the following section with a (+).

Transfer Courses

Transfer courses are those that are designed to transfer to other colleges and universities. Students need to consult with an advisor or counselor about the transferability of specific courses. There is no guarantee, however, that a course which "transfers" will apply to a specific major or degree at a four year college or university.

Transfer courses are identified by a four digit course number of 1000 or above. Developmental courses do not transfer and are identified with a four digit course number beginning with 0.

EXAMPLE:

Transfer course = ENGL 1301
Non-Transfer course = MATH 0303

ACCOUNTING

ACCT 2401 PRINCIPLES OF ACCOUNTING I

(3-3) Credit: 4
Prerequisite: ACNT 1303 or permission of instructor.
(Proficiency Levels: Math 1, Language 3)
This is an introductory accounting course with emphasis on the fundamentals of financial accounting. This course introduces the basic structure of accounting, concepts and principles, the analysis of transactions, financial statement preparation and analysis, and equity accounting for sole proprietorships, partnerships, and corporations. Same as ACNT 1425. (520301)

ACCT 2402 PRINCIPLES OF ACCOUNTING II

(3-3) Credit: 4
Prerequisite: ACCT 2401 with a grade of "C" or better.
(Proficiency Levels: Math 1, Language 3)
This is an introductory accounting course with emphasis on the fundamentals of managerial accounting. Included in the course are job order costs, process costs, and standards costs, cost control, cost behavior and cost allocation, cost/volume/profit analysis, budgeting, quantitative analysis for decision-making, present values and future values, and taxes and business decisions. Same as ACNT 1426. (520301)

ACNT 1303 INTRODUCTION TO ACCOUNTING I

(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 3)
A study of analyzing, classifying and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations and payroll. (520302) (Formerly ACCT 1401)

ACNT 1329 PAYROLL AND BUSINESS TAX ACCOUNTING

(3-0) Credit: 3
Pre-Corequisite: ACNT 1303.
(Proficiency Levels: Math 1, Language 3)
A study of payroll procedures, taxing entities and reporting requirements of local, state and federal taxing authorities in a manual and computerized environment. (520301)

ACNT 1331 FEDERAL INCOME TAX: INDIVIDUAL

(3-0) Credit: 3
Pre-Corequisite: ACNT 1303.
(Proficiency Levels: Math 1, Language 3)
Basic instruction in the tax laws as currently implemented by the Internal Revenue Service,
providing a working knowledge of preparing taxes for the individual. (521601) (Replaces ACCT 2306)

ACNT 1382 COOPERATIVE EDUCATION - ACCOUNTING TECHNICIAN I
(1-20) Credit: 3
Prerequisite: ACNT 1303.
(Proniciency Levels: Math 1, Language 3)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (520301) (Formerly ACCT 2350)

ACNT 1411 INTRODUCTION TO COMPUTERIZED ACCOUNTING
(3-3) Credit: 4
Prerequisite: ACNT 1303.
(Proniciency Levels: Math 1, Language 3)
Introduction to utilizing the computer in maintaining accounting records, making management decisions and processing common business applications with primary emphasis on a general ledger package. (520301) (Formerly ACCT 2310)

ACNT 1425 PRINCIPLES OF ACCOUNTING I
(3-3) Credit: 4
Prerequisite: ACNT 1303 or permission of instructor.
(Proniciency Levels: Math 1, Language 3)
A study of accounting concepts and their application in transaction analysis and financial statement preparation and asset and equity accounting in proprietorships and corporations. Emphasis on accounting cycle for service and merchandising. Same as ACCT 2401. (520301)

ACNT 1426 PRINCIPLES OF ACCOUNTING II
(3-3) Credit: 4
Prerequisite: ACNT 1425.
(Proniciency Levels: Math 1, Language 3)
A study of the fundamentals of managerial accounting. Emphasis on accounting for manufacturing concern, budgeting, planning, management decision making and analysis of financial reports. Same as ACCT 2402. (520301)

ACNT 2382 COOPERATIVE EDUCATION - ACCOUNTING TECHNICIAN II
(1-20) Credit: 3
Prerequisite: ACNT 1303.
(Proniciency Levels: Math 1, Language 3)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (520301) (Formerly ACCT 2351)

ANTHROPOLOGY

+ANTH 2346 GENERAL ANTHROPOLOGY: INTRODUCTION TO ANTHROPOLOGY
(3-0) Credit: 3
Prerequisite: None.
(Proniciency Levels: Math 0, Language 3)
Principles of physical and cultural anthropology; analysis of the cultures of prehistoric and existing preliterate people; impact of modern western culture on preliterate societies. (4502015142)

+ANTH 2351 CULTURAL ANTHROPOLOGY
(3-0) Credit: 3
Prerequisite: None
(Proniciency Levels: Math 0, Language 3)
A study of the elements and processes that create culture, society and social interaction.
Findings from cross-cultural fieldwork and the interplay of languages across cultures is included. Emphasis is given to analysis of multicultural societies and cross-cultural comparisons of basic social institutions. (4502015342)

ART

ARTS 1301 ART APPRECIATION
E.C. (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
Exploration of purposes and processes in the visual arts, including evaluation of selected works. (500705130) (Formerly: ARTS 1300)

ARTS 1303 ART HISTORY I
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A study of the major movements of painting, sculpture, architecture, and the minor arts from prehistoric times to the 14th century. Lectures, slides, films, and discussion. (5007035230)

ARTS 1304 ART HISTORY II
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A study of the major movements of painting, sculpture, architecture, and the minor arts from the 14th century to the present. Lectures, slides, films, discussion. (5007035230)

ARTS 1311 DESIGN I
(2-4) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
A study of the function of the basic visual elements (line, shape, texture, value, form) and their interaction within a two-dimensional composition. (5004015330)

ARTS 1312 DESIGN II
(2-4) Credit: 3
Prerequisite: ARTS 1311.
(Proficiency Levels: Math 0, Language 0)
Continuation of Design I with emphasis on two- and-three dimensional concepts. (5004015330)

ARTS 1316 DRAWING I
(2-4) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
A beginning course investigating a variety of media techniques and subjects, exploring visual and descriptive possibilities with consideration of drawing as a developmental process as well as an end in itself. (5007055230)

ARTS 1317 DRAWING II
(2-4) Credit: 3
Prerequisite: ARTS 1316.
(Proficiency Levels: Math 0, Language 0)
Expansion of Drawing I stressing the expressive and conceptual aspects of drawing. (5007055230)

ARTS 2313 DESIGN (COMPUTER IMAGING I)
(3-3) Credit: 3
Prerequisite: None
A beginning course introducing digital multimedia with different still image programs, techniques, digitizing peripherals and reading material. (5004014326)

ARTS 2314 DESIGN (COMPUTER IMAGING II)
(3-3) Credit: 3
Prerequisite: ARTS 2313
A survey course introducing digital multimedia communications exploring elements of design, sound, and motion integrated with digital imagery. (5004014326)

ARTS 2316 PAINTING I
(2-4) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
Exploring the potentials of painting media with emphasis on color and composition. (5007085230)

ARTS 2317 PAINTING II
(2-4) Credit: 3
Prerequisite: ARTS 2316.
(Proficiency Levels: Math 0, Language 0)
A continuation of Painting I with emphasis on individual expression. (5007085230)
ARTS 2320  INDIVIDUALIZED STUDY IN CONTEMPORARY ART  
(2-4) Credit: 3  
Prerequisite: Six hours of studio art courses in relevant area.  
(Proficiency Levels: Math 0, Language 0)  
In depth study of contemporary concerns and practices in ceramics, design, drawing, jewelry making, painting, photography, printmaking, sculpture, or water color painting. Proposal for course work initiated by student and approved by instructor. May be repeated for credit as topics vary. (5007055330)

ARTS 2323  DRAWING III (LIFE DRAWING I)  
(2-4) Credit: 3  
Prerequisite: ARTS 1317.  
(Proficiency Levels: Math 0, Language 0)  
Previous drawing experience is required. A basic study of the human form with special attention to the proportion and distribution of the masses of the figure. (5007055330)

ARTS 2324  DRAWING IV (LIFE DRAWING II)  
(2-4) Credit: 3  
Prerequisite: ARTS 2323.  
(Proficiency Levels: Math 0, Language 0)  
A continuation of ARTS 2323. A variety of drawing materials will be explored. (5007055330)

ARTS 2326  SCULPTURE I  
(2-4) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 0)  
An exploration of various sculptural approaches in a variety of media, including additive and subtractive techniques. (5007095130)

ARTS 2327  SCULPTURE II  
(2-4) Credit: 3  
Prerequisite: ARTS 2326.  
(Proficiency Levels: Math 0, Language 0)  
A continuation of Sculpture I with emphasis on individual expression. (5007095130)

ARTS 2331  PRINTMAKING I  
(2-4) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 0)  
Introduction to relief and intaglio printmaking processes, including woodcut, linoleum cut, collograph, etching, engraving, drypoint, and monotype. Experimentation with the various media. (5007105130)

ARTS 2332  PRINTMAKING II  
(2-4) Credit: 3  
Prerequisite: ARTS 2331.  
(Proficiency Levels: Math 0, Language 0)  
A continuation of Printmaking I with opportunities for specialization and experimentation in printmaking processes. (5007105130)

ARTS 2341  JEWELRY/ METALSMITHING I  
(2-4) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 0)  
The study of metals, their properties, techniques, tools and processes involved in metalsmithing and jewelry construction. (5007135130)

ARTS 2342  JEWELRY/ METALSMITHING II  
(2-4) Credit: 3  
Prerequisite: ARTS 2341.  
(Proficiency Levels: Math 0, Language 0)  
Advanced study of Jewelry/ Metalsmithing I with emphasis on individual expression. (5007135130)

ARTS 2346  CERAMICS I  
(2-4) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 0)  
An introduction to basic ceramic processes including handbuilding, the potter's wheel and glazing. A wide variety of firing methods and temperatures will be explored, including primitive firing, low firing, low-fired salt, raku, stoneware, and porcelain. (5007115126)

ARTS 2347  CERAMICS II  
(2-4) Credit: 3  
Prerequisite: ARTS 2346.  
(Proficiency Levels: Math 0, Language 0)  
A continuation of Ceramics I with opportunities to specialize in specific ceramic processes. Individual expression is stressed. (5007115126)

The first of a two semester sequence surveying basic biological principles: cell structure, fundamental cell processes, photosynthesis, cellular respiration, mitosis, meiosis, evolution, genetics, basic inorganic and biochemistry will be introduced. Anatomy and physiology, botany, ecology and an introductory survey of selected living organisms will also be covered. (260101524)

The second of a two semester study of subjects described in BIOL 1406. (260101524)
COURSE DESCRIPTIONS

+BIOI 2401  ANATOMY AND PHYSIOLOGY I  
(3-3) Credit: 4  
Prerequisite: Completion of high school biology or SSBI 0301 within the last five years.  
(Proficiency Levels: Math 1, Language 3)  
Introduction of the normal structure of the human body, its cells, organs, systems, and the functioning of these units. Major body systems to be studied include the skeletal, muscular, nervous and endocrine systems. Coordination of body systems for integral functioning will be stressed. This course serves as a foundation for students of Associate Degree Nursing, Allied Health disciplines, and physical education majors. (2607065124)

+BIOI 2402  ANATOMY AND PHYSIOLOGY II  
(3-3) Credit: 4  
Prerequisite: BIOI 2401.  
(Proficiency Levels: Math 1, Language 3)  
A continuation of BIOI 2401 with emphasis on the circulatory, respiratory, digestive, excretory, and reproductive systems. (2607065124)

BIOL 2420  MICROBIOLOGY  
(3-3) Credit: 4  
Prerequisite: BIOI 1406 or BIOI 2401.  
(Proficiency Levels: Math 1, Language 3)  
Principles of microbiology including historical concepts, survey of nature and activities of microorganisms, host defense mechanisms, and prevention of diseases. Laboratory methods stress studies of pure cultures, the use of laboratory apparatus, staining, and identification of microbial populations in the environment. (2605015124)

BITC 1411  INTRODUCTION TO BIOTECHNOLOGY  
(3-2) Credit: 4  
Prerequisite: Acceptance into the Biotechnology program.  
Corequisite: BIOI 1407, MATH 1414 and ENGL 1301  
(Proficiency Levels: Math 2, Language 3)  
An introduction to biotechnology including career exploration, history and applications of DNA/RNA technology, molecular biology, bioethics, and laboratory safety practices. (41.0101)

BITC 1401  BIOTECHNOLOGY LAB METHODS AND TECHNIQUES  
(3-3) Credit: 4  
Prerequisite: Enrollment in the Biotechnology Program and successful completion of all 1st semester courses.  
Corequisite: COSC 1401, CHEM 1411  
(Proficiency Levels: Math 2, Language 3)  
A study of laboratory operations, management, equipment, instrumentation, quality control techniques, and safety procedures. Laboratory practice in using pH meters, mixing buffers, performing measurements, preparing solutions, and performing separatory techniques.

BITC 1402  BIOTECHNOLOGY LAB INSTRUMENTATION  
(3-3) Credit: 4  
Prerequisite: Enrollment in the Biotechnology program and successful completion of all 1st and 2nd semester courses.  
Corequisite: BIOI 2420  
(Proficiency Levels: Math 3, Language 3)  
Theory, applications, and operation of various analytical instruments. Separation and identification techniques including electrophoresis, spectrophotometry, and chromatography emphasized.

BITC 1401  MOLECULAR BIOLOGY TECHNIQUES  
(3-3) Credit: 4  
Prerequisite: Enrollment in the Biotechnology program and successful completion of all 1st year courses.  
Corequisite: BITC 1491, PSYC 1301, SPCH 1318  
(Proficiency Levels: Math 3, Language 3)  
An introduction to the theory and laboratory techniques in molecular biology with an emphasis on proteins, gene expression and regulation, recombinant DNA, and nucleic acids.

BITC 1491  SPECIAL TOPICS: BIOTECHNOLOGICAL RESEARCH  
(3-3) Credit: 4  
Prerequisite: Enrollment in the Biotechnology program and successful completion of all 1st year courses.  
Corequisite: BITC 2401, PSYC 2301, SPCH 1318
This course will address one or more topics in skills in biotechnological research relevant to the professional development of the student. Topics will be selected based on the student's interests and projected trends in workforce needs. Topics will include: preparative nucleic acid techniques, analytical nucleic acid techniques, animal handling, histology and protein manipulation.

BITC 1291 SPECIAL TOPICS: ETHICS
(2-0) Credit: 2
Prerequisite: Enrollment in the Biotechnology program and successful completion of all previous semester courses.
Corequisite: BITC 1391, BITC 2686, HUMA 1302

This course will cover ethical considerations in research. A combination of lectures and discussion sessions will be utilized to emphasize the importance of ethical behavior in the research workforce. Topics will include the use of animals and humans in research, scientific misconduct, handling of scientific data, sharing of data and materials and authorship of publication.

BITC 1391 SPECIAL TOPICS: ADVANCED BIOTECHNOLOGICAL RESEARCH
(2-2) Credit: 3
Prerequisite: Enrollment in the Biotechnology program and successful completion of all previous semester courses.
Corequisites: BITC 1291, BITC 2686, HUMA 1302

This course will address one or more topics in skills in biotechnological research relevant to the professional development of the student. Topics will be selected based on the student's interests and projected trends in workforce needs. Topics will include: preparative nucleic acid techniques, analytical nucleic acid techniques, animal handling, histology and protein manipulation.

MAMT 3101 ANATOMY/POSITIONING & PATIENT EDUCATION/ASSESSMENT
(2-1) Credit: 3
Prerequisite: Certification in a Radiologic Health Sciences program and enrollment in the Post-Associate Breast Imaging program.

This course is designed to provide the student with specialized instruction in breast imaging. Emphasis will be placed on breast anatomy, physiology, positioning, and imaging methodology. Special emphasis will be placed on patient education and necessary interpersonal skills in breast imaging. (510907)

MAMT 3102 INSTRUMENTATION/MODALITIES
(2-1) Credit: 3
Prerequisite: Certification in a Radiologic Health Sciences program and enrollment in the Post-Associate Breast Imaging program.

This course is designed to familiarize the student with the concepts, theories, and equipment employed in breast imaging. The course also provides an overview of Quality Assurance (QA) standards required in Mammography facilities. Emphasis will be placed on topics such as the operation of breast imaging equipment, selection of technical factors, use of grids, establishing a QA program, and technical testing and evaluation. (510907)
MAMT 3103 QUALITY ASSURANCE  
(0-16) Credit: 5  
Prerequisite: Certification in a Radiologic Health Sciences program and enrollment in the Post-Associate Breast Imaging program.  
(Proficiency Levels: Math 2, Language 3.)  
This course is designed to provide the student specialized instruction in Quality Control and Quality Assurance Procedures. The student will participate in the performance, evaluation and recording of QC tests as described in the Mammography Quality Control Manual (1994) published by the American College of Radiology. Quality control topics covered will include: darkroom cleanliness, processor QC, screen cleanliness, phantom images, darkroom fog, screen-film contrast, compression, repeat analysis, viewboxes and viewing conditions, analysis of fixer retention in film and visual checklists. This course will also familiarize the student with the frequency, performance criteria and corrective actions necessary when conducting quality control tests. (510907)

RADR 1260 MAMMOGRAPHIC CLINICAL APPLICATIONS I  
Prerequisite: Certification in a Radiologic Health Sciences program and enrollment in the Post-Associate Breast Imaging/Mammography program.  
(Proficiency Levels: Math 2, Language 3.)  
This course is designed to provide the student experience in the performance of routine and specialized imaging studies performed in a breast imaging facility. Students will be expected to become proficient in the performance of routine and specialty breast imaging studies. Emphasis will be placed on patient education and necessary interpersonal skills required in a Breast Imaging Department. (510907)

RADR 1262 BREAST IMAGING CLINICAL APPLICATIONS II  
(0-16) Credit: 5  
Prerequisite: Certification in a Radiologic Health Sciences program and enrollment in the Post-Associate Breast Imaging program.  
(Proficiency Levels: Math 2, Language 3.)  
This course is a continuation of RADR 1260: Mammographic Clinical Applications I. (510907)

BUSINESS ADMINISTRATION

BUSI 1301 INTRODUCTION TO BUSINESS  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 3)  
This course is designed to acquaint the student with the modern business world and the opportunities it offers. The course includes an overview of the operation of a business. It includes a history of business in the U.S. including the current business environment. The course includes an analysis of the specialized fields within business organizations, including organizational structure, the need for business plans, decision making and operations management, forms of ownership and current management problems. (520401)

BUSI 2301 BUSINESS LAW  
(3-0) Credit: 3  
Prerequisite: Sophomore standing.  
(Proficiency Levels: Math 1, Language 3)  
The student is introduced to the history and role of law in modern business and society. Emphasis is placed on legal institutions and reasoning, framework of basic legal principles and application of basic principles of contract and property law. It is acceptable as transfer credit at some schools. Check with a counselor before enrollment. (2201015125)

CHEMISTRY

CHEM 0301 MATHEMATICAL APPLICATIONS IN PHYSICAL SCIENCES  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 1)  
An introductory course to acquaint students with the basic concepts of arithmetic and introductory algebra with the purpose of showing their application to problem solving in the physical sciences. Topics include scientific notation, conversion of units, density, atoms, molecules, compounds, percent composition, calculations involving empirical and molecular formulas, chemical equations, calculations involving excess and limiting reagent, solutions and pH. (3201015139)
CHEM 1405  FUNDAMENTALS OF CHEMISTRY  
(3-3) Credit: 4  
Prerequisite: High School chemistry, CHEM 0301.  
(Proficiency Levels: Math 1, Language 2)  
A comprehensive study of the principles and laws of chemistry, with emphasis on structure of matter, the periodic table, and the behavior of solutions; introductions to equilibrium and colloids. Designed primarily for students in health occupations. (4005015139)

CHEM 1407  INTRODUCTION TO ORGANIC AND BIOLOGICAL CHEMISTRY  
(3-3) Credit: 4  
Prerequisite: CHEM 1405 or CHEM 1411. 
Credit may not be earned for both CHEM 1407 and CHEM 1412.  
(Proficiency Levels: Math 1, Language 2)  
Elementary organic chemistry, both aliphatic and aromatic; introduction to the chemistry of carbohydrates, proteins, fats, blood, urine, vitamins, hormones, metabolism, and nuclear chemistry. A continuation of CHEM 1405, designed primarily for students in health occupations. (4005015139)

CHEM 1411  GENERAL CHEMISTRY I  
(3-3) Credit: 4  
Prerequisite: High School chemistry, CHEM 0301.  
(Proficiency Levels: Math 2, Language 3)  
Principles and methods of inorganic chemistry; nature of matter; description and structure of atoms, molecules, and chemical bonds; laws governing the gaseous, liquid and solid states and changes of state; properties of solutions and dispersions; and a study of acids and bases. (4005015239)

CHEM 1412  GENERAL CHEMISTRY II  
(3-3) Credit: 4  
Prerequisite: CHEM 1411.  
(Proficiency Levels: Math 2, Language 3)  
Kinetics and equilibria of reactions; electrochemistry; thermodynamics; application of principles and methods of inorganic chemistry to the elements and the compounds; elements of Groups I, II, III, IV, V, VI, VII, transition, and rare-earth elements; and radioactivity. (4005015239)

CHEM 2423  ORGANIC CHEMISTRY I  
(3-3) Credit: 4  
Prerequisite: CHEM 1412.  
(Proficiency Levels: Math 2, Language 3)  
Principles of organic chemistry. Structure, nomenclature, occurrence and physical properties of organic compounds. Chemical bonds and stereo-chemistry in organic compounds. Introduction to organic reactions. (4005045239)

CHEM 2425  ORGANIC CHEMISTRY II  
(3-3) Credit: 4  
Prerequisite: CHEM 2423.  
(Proficiency Levels: Math 2, Language 3)  
Organic reactions; elaboration of fundamentals presented in CHEM 2423 through treatment of chemistry of natural and biological products, petroleum, polymers and other important materials. (4005045239)

COMPUTER SCIENCE

BCIS 1431  PROGRAMMING IN BASIC/VISUAL BASIC  
(3-3) Credit: 4  
Prerequisite: MATH 0304.  
(Proficiency Levels: Math 3, Language 3)  
This course is an introduction to a digital computer, fundamental programming concepts using the BASIC programming language with applications and problem solving. (5212025227)

+COSC 1101  COMPUTER LITERACY  
(0-3) Credit: 1  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
This course is an introduction to the use of computers including: terminology, basic hardware installation; fundamental keyboarding skills; operating systems like Windows and popular applications software like word processing; global electronic communications like the Internet and E-mail; and computer ethics. This course will not substitute for any computer science or computer science technology course, and is designed to meet our computer literacy requirement. Students who have successfully completed any other computer science or computer science technology course will not need to take this course. Exemption is acquired by passing each section of the departmental test. (1101015127)
+COSC 1301 INTRODUCTORY COMPUTING
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
This course teaches the basic principles of computing. Topics include: input/output media, computer software, Internet use, numbering systems, flowcharting, logic gates, programming and applications of computers in business and industry. (1101015127)

+COSC 1401 MICROCOMPUTER APPLICATIONS I
(3-3) Credit: 4
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
This course is an interactive hands-on approach to the study of microcomputer systems and their uses. Emphasis is placed on the use of a common operating system, application software (word processing, spreadsheets, databases and presentation graphics), and electronic communications (Internet browsers and e-mail). (1101015227)

+COSC 1418 PASCAL PROGRAMMING
(3-3) Credit: 4
Prerequisite: MATH 0304.
(Proficiency Levels: Math 3, Language 3)
This course is an introduction to PASCAL programming, with applications and problem solving. The course will emphasize structured programming and basic object oriented techniques. (1102015227)

+COSC 1420 PROGRAMMING IN C/C+
(3-3) Credit: 4
Prerequisite: COSC 1301.
(Proficiency Levels: Math 3, Language 3)
This is an introductory course in C Programming with applications. This course will emphasize top down problem solving techniques with several programming assignments including basic object oriented techniques. (1102015227)

+ITMC 1301 MICROSOFT WINDOWS 2000 NETWORK AND OPERATING SYSTEM ESSENTIALS
(2-2) Credit: 3
Prerequisite: ITSC 1305, ITSC 1325
(Proficiency Levels: Math 2, Language 3)
An introduction to Microsoft Windows 2000 and to the networking technologies that it supports. This course is a prerequisite for ITMC 1441 "Implementing Microsoft Windows 2000 Professional and Server." (Formerly CSCI 2408). (521204)

ITMC 1441 IMPLEMENTING MICROSOFT WINDOWS 2000 PROFESSIONAL & SERVER
(3-3) Credit: 4
Prerequisite: ITNW 1425 or ITMC 1301
(Proficiency Levels: Math 3, Language 3)
This course provides students with the knowledge and skills necessary to install and configure Microsoft Windows 2000 Professional on stand-alone computers and on client computers that are part of a workgroup or domain. It provides the skills and knowledge necessary to install and configure Windows 2000 Server to create file and print servers. It is highly recommended that students are COMPTIA A+ and Network+ certified before attempting this course. The course prepares students for the Microsoft Certified Systems Engineer (MCSE) Installing, Configuring, and Administering Windows 2000 Professional (70-210) and Server examinations (70-215). (521204)

ITMC 1442 IMPLEMENTING MICROSOFT WINDOWS 2000 NETWORK INFRASTRUCTURE
(3-3) Credit: 4
Prerequisite: ITMC 1441
(Proficiency Levels: Math 3, Language 3)
Students learn to install, configure, manage, and support a network infrastructure that uses the Microsoft Windows 2000 server family of products. The course prepares students for the Microsoft Certified Systems Engineer (MCSE) Installing, Configuring, and Administering Windows 2000 Network Infrastructure examination (70-216). (521204)
COURSE DESCRIPTIONS

ITMC 1443 IMPLEMENTING AND ADMINISTERING MICROSOFT WINDOWS 2000 DIRECTORY SERVICES (3-3) Credit: 4
Prerequisite: ITMC 1442
(Proficiency Levels: Math 3, Language 3)
This course provides students with the knowledge and skills necessary to install, configure, and administer Microsoft Windows 2000 Active Directory Service. It focuses on implementing Group Policy and understanding the Group Policy tasks required to centrally manage users and computers. The course prepares students for the Microsoft Certified Systems Engineer (MCSE) Installing, Configuring, and Administering Windows 2000 Directory Services (70-217) examination. (521204)

ITMC 2331 DESIGNING A MICROSOFT WINDOWS 2000 DIRECTORY SERVICES INFRASTRUCTURE (3-3) Credit: 4
Prerequisite: ITMC 1443.
(Proficiency Levels: Math 3, Language 3)
The course provides Microsoft senior support professionals and network architects with the knowledge and skills necessary to design a Microsoft Windows 2000 directory services infrastructure. Strategies are presented to assist the student in identifying the information technology needs of the organization and to designing the Active Directory structure that meets those needs. The course prepares students for the Microsoft Certified Systems Engineer (MCSE) Designing a Windows 2000 Directory Services Infrastructure examination (70-219). (521204)

ITMC 2332 DESIGNING A MICROSOFT WINDOWS 2000 NETWORKING SERVICES INFRASTRUCTURE (2-2) Credit: 3
Prerequisite: ITMC 1443.
(Proficiency Levels: Math 3, Language 3)
This course provides senior support professionals with the information and skills to create a networking services infrastructure design that supports the required network applications. The course prepares students for the Microsoft Certified Systems Engineer (MCSE) Designing Security for a Windows 2000 Network examination (70-220). (521204)

ITMC 2333 DESIGNING A SECURE MICROSOFT WINDOWS 2000 NETWORK (2-2) Credit: 3
Prerequisite: ITMC 1443.
(Proficiency Levels: Math 3, Language 3)
This course provides students with the knowledge and skills necessary to design a security framework for small, medium, and enterprise networks by using Microsoft Windows 2000 technologies. The course prepares students for the Microsoft Certified Systems Engineer (MCSE) Designing a Windows 2000 Network Infrastructure examination (70-221). (521204)

ITNW 1337 INTRODUCTION TO THE INTERNET (2-2) Credit: 3
Prerequisite: Competency in desktop operating systems.
(Proficiency Levels: Math 1, Language 2)
Introduction to the Internet with emphasis on using the World Wide Web to locate, transfer, and publish information. Survey of emerging technologies on the Internet. (Formerly OFAD 2300) (521204)

ITNW 1425 FUNDAMENTALS OF NETWORKING (3-3) Credit: 4
Prerequisite: ITSC 1305, ITSC 1325.
(Proficiency Levels: Math 2, Language 3)
This course provides instructions for technicians in networking technologies (both LAN and WAN) and their implementations. Students will design, install and maintain a small LAN with a variety of users, applications and devices. Topics include: OSI model, types of networks, topologies, transmission media, processing levels, utilities, security, licensing, resource integration (both hardware and software), administration, management, archiving, backups, compatibility and common networking problems. It is highly recommended that students are COMPTIA A+ certified before attempting this course. The course prepares students for the COMPTIA Network+ examination and is also preparation for the Microsoft Certified Systems Engineer (MCSE) courses. (Formerly CSCI 2408) (521204)
ITSC 1305 INTRODUCTION TO PC OPERATING SYSTEMS  
(2-2) Credit: 3  
Prerequisite: COSC 1301, (COSC 1401 Recommended)  
Corequisite: ITSC 1325.  
(Proficiency Levels: Math 1, Language 2)  
This course is a study of personal computer operating systems. Topics include: installation and configuration, file management systems, memory and storage management, control of peripheral devices, and use of utilities. The course prepares students for the COMPTIA Operating System Technologies examination which is one-half of the A+ Certification. (Formerly CSCI 2403) (521204)

ITSC 1309 INTEGRATED SOFTWARE APPLICATION I  
(2-2) Credit: 3  
Prerequisite: POFT 2301  
(Proficiency Levels: Math 1, Language 2)  
Integration of applications from popular business productivity software suites. Instruction in embedding data, linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. (Formerly BUSI 1402 or OFAD 2304) (520401)

ITSC 1313 INTERNET/WEB PAGE DEVELOPMENT  
(2-2) Credit: 3  
Prerequisite: COSC 1401.  
(Proficiency Levels: Math 1, Language 2)  
Instruction in the use of Internet services and the fundamentals of web page design and website development. The student will identify basic Internet concepts and terminology; use electronic communication methods; collect and evaluate research data using the Internet; and design, create, organize and publish web pages and sites. (521204)

ITSC 1321 PC OPERATING SYSTEMS-WINDOWS  
(2-2) Credit: 3  
Prerequisite: None  
(Proficiency Levels: Math 0, Language 1)  
Introduction to windows-based microcomputer operating systems. Topics include installation and configuration, file management, memory and storage management, peripheral device control, and use of utilities. (Formerly OFAD 1105) (10101)

ITSC 1325 PERSONAL COMPUTER HARDWARE  
(2-2) Credit: 3  
Prerequisite: COSC 1301, (COSC 1401 Recommended)  
Corequisite: ITSC 1365.  
(Proficiency Levels: Math 1, Language 2)  
This course is a study of current personal computer hardware including personal computer assembly and upgrading, set up and configuration, and troubleshooting. The course prepares students for the COMPTIA Core Hardware examination which is one-half of the A+ Certification. (Formerly CSCI 2403) (521204)

ITSC 1380 COOPERATIVE EDUCATION I  
(1-20) Credit: 3  
Prerequisite: COSC 1301, COSC 1401.  
(Proficiency Levels: Math 1, Language 2)  
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid or unpaid work experience. This course may be repeated if topics and learning outcomes vary. (Formerly CSCI 2450) (521204)

ITSC 1381 COOPERATIVE EDUCATION II  
(1-20) Credit: 3  
Prerequisite: ITSC 1305, ITSC 1325, ITSC 1380  
(Proficiency Levels: Math 3, Language 3)  
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid or unpaid work experience. This course may be repeated if topics and learning outcomes vary. (Formerly CSCI 2451) (521204)
ITSC 2431 INTEGRATED SOFTWARE APPLICATIONS  
(3-3) Credit: 4
Prerequisite: COSC 1401 or ITSC 1309  
(Proficiency Levels: Math 2, Language 2)
This course is a continuation of Microcomputer Applications (COSC 1401 or ITSC 1309). It is designed for advanced users with emphasis on a wide range of productivity tasks including complex assignments that require advanced formatting and functionality. The student will demonstrate advanced proficiency with word processing, spreadsheets, database and/or presentation media software. They will plan, create and design solutions using integrated software. (Formerly CSCI 2405) (521204)

COMPUTERIZED TOMOGRAPHY TECHNOLOGY

CTMT 3301 INSTRUMENTATION AND METHODOLOGY  
(3-0) Credit: 3
Prerequisite: Certification in a Radiologic Health Sciences program and enrollment in the Computerized Tomography Technology Program.  
(Proficiency Levels: Math 2, Language 3)
This course is designed to familiarize the student with the theory and application of computerized tomographic equipment and the basic principles of patient imaging techniques performed at a facility utilizing this equipment. (510907) (Proficiency Levels: Math 2, Language 3)

RADR 1501 CTT CLINICAL APPLICATIONS I  
(0-16) Credit: 5
Prerequisite: Certification in a Radiologic Health Sciences program and enrollment in the Computerized Tomography Technology Program.  
(Proficiency Levels: Math 2, Language 3)
This course is designed to provide the student specialized instruction and experience in the performance of the various procedures normally found in a computerized tomography facility. Students are expected to become proficient in the performance of routine CT procedures. (510907)

CRIMINAL JUSTICE

CRIJ 1301 INTRODUCTION TO CRIMINAL JUSTICE  
(3-0) Credit: 3
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)
History and philosophy of criminal justice and ethical considerations; crime defined; its nature and impact; overview of criminal justice system; prosecution and defense; trial process; corrections. (4301045142) (Formerly: CRIJ 1302)

CRIJ 1306 COURTS SYSTEMS AND PRACTICES  
(3-0) Credit: 3
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)
The judiciary in the criminal justice system; right to counsel; pre-trial release; grand juries; adjudication process; types and rules of evidence; sentencing. (2201015424) (Formerly: CRIJ 1305)

CRIJ 1307 CRIME IN AMERICA  
(3-0) Credit: 3
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)
American crime problems in historical perspective; social and public factors affecting crime; impact and crime trends; social characteristics of specific crimes; prevention of crime. (Usually taught concurrently with SOCI 2306. Credit can only be earned for one of these courses. See a counselor for registration information.) (4504015242) (Formerly: CRIJ 1301)

CRIJ 1310 FUNDAMENTALS OF CRIMINAL LAW  
(3-0) Credit: 3
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)
A study of the nature of criminal law; philosophical and historical development; major
COURSE DESCRIPTIONS

definitions and concepts; classification of crime; elements of crimes and penalties using Texas statutes as illustrations; criminal responsibility. (2201015342) (Formerly: CRIJ 1303)

CRIJ 1313 JUVENILE JUSTICE SYSTEM (3-0) Credit: 3
Prerequisite: None
(Proficiency Levels: Math 0, Language 3)
A study of the juvenile justice process to include specialized juvenile law, role of the juvenile law, role of the juvenile courts, role of police agencies, role of correctional agencies and theories concerning delinquency.

CRIJ 2301 COMMUNITY RESOURCES IN CORRECTIONS (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
An introductory study of the role of the community in corrections; community programs for adults and juveniles; administration of community programs; legal issues; future trends in community treatment. (7021) (Formerly: CRIJ 2306)

CRIJ 2313 CRIMINAL JUSTICE STUDIES (3-0) Credit: 3
Prerequisite: None
(Proficiency Levels: Math 0, Language 3)
Corrections in the criminal justice system; organization of correctional systems; correctional role; institutional operations; alternatives to institutionalization; treatment and rehabilitation; current and future issues.

CRIJ 2314 CRIMINAL INVESTIGATION (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
Investigative theory; collection and preservation of evidence; sources of information; interview and interrogation; uses of forensic sciences; case and trial preparation. (7021) (Formerly: CRIJ 2302) (Proficiency Levels: Math 0, Language 3)

CRIJ 2323 LEGAL ASPECTS OF LAW ENFORCEMENT (3-0) Credit: 3
Prerequisite: None.
Police authority; responsibilities; constitutional restraints; laws of arrest, search and seizure; police liability. (7021) (Formerly: CRIJ 2304) (Proficiency Levels: Math 0, Language 3)

CRIJ 2328 POLICE SYSTEMS AND PRACTICES (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
The police profession; organization of law enforcement systems; the police role; police discretion, ethics; police-community interaction; current and future issues. (7021) (Formerly: CRIJ 2301)

CRIMINAL JUSTICE LAW ENFORCEMENT

CJSA 1382 LAW ENFORCEMENT FIELD EXPERIENCE I (1-20) Credit: 3
Prerequisites: Currently enrolled in law enforcement credit program.
(Proficiency Levels: Math 0, Language 3)
The student works with a law enforcement agency for a minimum of 20 hours per week and attends a seminar for one hour each week. The student will be receiving on-the-job training related to classroom instruction under the supervision of employer and the college coordinator. (7021)

CJLE 1506 BASIC PEACE OFFICER I (5-0) Credit: 5
Prerequisite: None.
Introduction to fitness and wellness, history of policing, professionalism and Code of Criminal Procedure, civil process, and stress management. This course taken in conjunction with Basic Peace Officer II, III, and IV will satisfy the TCLEOSE-approved Basic Peace Officer Training Academy. **THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS LICENSED AS A POLICE ACADEMY BY THE COMMISSION ON LAW ENFORCEMENT OFFICER STANDARDS AND EDUCATION (TCLEOSE)**
COURSE DESCRIPTIONS

CJLE 1512 BASIC PEACE OFFICER II
(5-0) Credit: 5
Prerequisite: CJLE 1506.
Basic preparation for a new peace officer. Covers field note taking, report writing, "use of force" law and concepts, problem solving, multiculturalism, professional policing, patrol procedures, victims of crime, family violence, MHMR, crowd management, HAZMAT, and criminal investigation. This course taken in conjunction with Basic Peace Officer I, III, and IV will satisfy the TCLEOSE-approved Basic Peace Officer Academy. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS LICENSED AS A POLICE ACADEMY BY THE COMMISSION ON LAW ENFORCEMENT OFFICER STANDARDS AND EDUCATION (TCLEOSE)***

CJLE 1518 BASIC PEACE OFFICER III
(5-0) Credit: 3
Prerequisite: CJLE 1506, CJLE 1512.
Basic preparation for a new peace officer. Covers laws pertaining to controlled substances, crowd management, personal property, and crime scene investigation. This course taken in conjunction with Basic Peace Officer I, III, and IV will satisfy the TCLEOSE-approved Basic Peace Officer Academy. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS LICENSED AS A POLICE ACADEMY BY THE COMMISSION ON LAW ENFORCEMENT OFFICER STANDARDS AND EDUCATION (TCLEOSE)***

CJLE 1524 BASIC PEACE OFFICER IV
(5-0) Credit: 5
Prerequisite: CJLE 1506, CJLE 1512, CJLE 1518.
Basic preparation for a new peace officer. Covers laws directly related to police field work. Topics include Texas Transportation Code, intoxicated driver, Texas Penal Code, elements of crimes, Texas Family Code, Texas Alcoholic Beverage Code, and civil liability. Requires the demonstration and practice of the skills of a police officer including patrol, driving, traffic stop skills, use of force, mechanics of arrest, firearm safety, and emergency medical care. Also includes study of the techniques and procedures used by police officers on patrol. Includes controlled substance identification, handling abnormal persons, traffic collision investigation, note taking and report writing, vehicle operation, traffic direction, crowd control and jail operations. This course taken in conjunction with Basic Peace Officer I, II and III will satisfy the TCLEOSE-approved Basic Peace Officer Academy. ***THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS LICENSED AS A POLICE ACADEMY BY THE COMMISSION ON LAW ENFORCEMENT OFFICER STANDARDS AND EDUCATION (TCLEOSE)***

CULINARY ARTS

CULA 1301 BASIC FOOD PREPARATION
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
A study of the fundamental principles of food preparation and cookery to include Brigade system, cooking techniques, material handling, heat transfer, sanitation, nutrition and professionalism. (120503)

CULA 1305 SANITATION AND SAFETY
(3-0) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
A study of personal cleanliness; sanitary practices in food preparation, causes, investigation, control of illness caused by food contamination (Hazard Analysis Critical Control Points); and work place safety standards. (120505)

CULA 1341 AMERICAN REGIONAL CUISINE
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
A study of the development of regional cuisine's in the United States with emphasis on the similarities in production and service of systems. Application of skills to develop, organize and build a portfolio of recipe strategies and production systems. (120503)
CULA 1345 INTERNATIONAL CUISINE
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language2)
A study of classical cooking skills associated with the preparation and service of international and ethnic cuisines. Topics include similarities between food production systems used in the United States and other regions of the world. Cuisines of Germany, Mexico, France, Italy and China and their impact in the development of classical cooking principles and food preparation. Origins of menu items. (120503)

CULA 1380 COOPERATIVE EDUCATION: CULINARY ARTS CHEF TRAINING
(1-20) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline; specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (120503)

CULA 1381 COOPERATIVE EDUCATION: FOOD AND BEVERAGE/RESTAURANT
(1-20) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language2)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline; specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (120503)

CULA 1409 GARDE MANGER
(2-4) Credit: 4
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language2)
A study of specialty foods and garnishes. Emphasis on design, techniques and display of fine foods. (120503)

CULA 2301 INTERMEDIATE FOOD PREPARATION
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language2)
Continuation of previous food preparation course. Topics include the concept of pre-cooked food items, as well as scratch preparation. Covers full range of food preparation. (120503)

CULA 2302 SAUCIER
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language2)
Instruction in the preparation of stocks, soups, classical sauces, contemporary sauces, accompaniments and the pairing of sauces with a variety of foods. (120503)

CULA 2336 CHARCUTERIE
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
Advanced concepts in the construction of sausages, pates and related forced meat products. (120503)

CULA 2341 ADVANCED Pastry CULINARY COMPETITION
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
Skill development for culinary competition by offering advanced experience in salon presentations as well as hot food competition. (120503)

DRAMA

+DRAM 1310 INTRODUCTION TO THEATRE
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 6, Language 3)
This course is designed for theatre majors and for students who are not theatre majors but who want to develop an appreciation and understanding of the theatre arts. Emphasis
will be placed on exposing the student to the major forces that have shaped the Western (European) theatrical tradition, its literature and production. (5005015130)

**DRAM 2366 INTRODUCTION TO MOTION PICTURES**

(3-0) Credit: 3

Prerequisite: None.

(Proficiency Levels: Math 0, Language 3)

Analysis of the visual and aural aspects of selected motion pictures, dramatic aspects of narrative films and historical growth and sociological effects of film as an art. (5006023130)

**ECONOMICS**

+**ECON 2301 PRINCIPLES OF ECONOMICS: MACROECONOMICS**

(3-0) Credit: 3

Prerequisite: None.

(Proficiency Levels: Math 0, Language 3)

A study of the principles of macroeconomics. The factors of production and the concepts of distribution as these factors and concepts are related to our highly industrial economy, wages, interest, rent, profit, consumption, saving, investment, the business cycle, national income, and fiscal policy. (4506015142)

+**ECON 2302 PRINCIPLES OF ECONOMICS: MICROECONOMICS**

(3-0) Credit: 3

Prerequisite: ECON 2301.

(Proficiency Levels: Math 0, Language 3)

A study of the principles of microeconomics, of production and of distribution; the fundamentals of supply and demand, labor, capital, natural resources, international trade, economic growth and current economic problems. (4506015142)

**EMERGENCY MEDICAL SERVICES**

**EMSP 1160 CLINICAL**

(0-6) Credit: 1

Prerequisite: Permission of Coordinator or Dean.

(Proficiency Levels: Math 1, Language 2)

Practical general training and experience in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (510904)

**EMSP 1162 CLINICAL**

(0-9) Credit: 2

Prerequisite: Permission of Coordinator or Dean.

(Proficiency Levels: Math 1, Language 2)

Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (510904)

**EMSP 1138 INTRODUCTION TO ADVANCED PRACTICE**

(2-2) Credit: 3

Prerequisite: Permission of Coordinator or Dean.

(Proficiency Levels: Math 1, Language 2)

An exploration of the foundations necessary for mastery of the advanced topics of clinical practice out of the hospital. (510904)

**EMSP 1355 TRAUMA MANAGEMENT**

(2-2) Credit: 3

Prerequisite: Permission of Coordinator or Dean.

(Proficiency Levels: Math 1, Language 2)

A detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with traumatic injuries. (510904)

**EMSP 1356 PATIENT ASSESSMENT AND AIRWAYS MANAGEMENT**

(2-2) Credit: 3

Prerequisite: Permission of Coordinator or Dean.

(Proficiency Levels: Math 1, Language 2)

A detailed study of the knowledge and skills required to reach competence in performing
EMSP 1501 EMU BASIC
Prerequisite: Permission of Coordinator or Dean
(Proficiency Levels: Math 1, Language 2)
Introduction to the level of Emergency Medical Technician (EMT)-Basic. Includes all the skills necessary to provide emergency medical care at a basic life support level with an ambulance service or other specialized services. (510904)

EMSP 2160 CLINICAL
Prerequisite: Permission of Coordinator or Dean
(Proficiency Levels: Math 1, Language 2)
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives developed for each course by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experience is unpaid external learning experience. Course may be repeated if topics and learning outcomes vary. (510904)

EMSP 2260 CLINICAL
Prerequisite: Permission of Coordinator or Dean
Corequisite: EMTT 2262
(Proficiency Levels: Math 1, Language 2)
An experience external to the college for an advanced student in a specialized field involving written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (510904)

EMSP 2243 ASSESSMENT BASED MANAGEMENT
(1-3) Credit: 2
Prerequisite: Permission of Coordinator or Dean
(Proficiency Levels: Math 1, Language 2)
The capstone course of the EMSP program. Designed to provide for teaching and evaluating comprehensive, assessment-based patient care and management. (510904)

EMSP 2261 CLINICAL
(0-9) Credit: 2
Prerequisite: Permission of Coordinator or Dean
(Proficiency Levels: Math 1, Language 2)
An experience external to the college for an advanced student in a specialized field involving written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. This course may be repeated if topics and learning outcomes vary. (510904)

EMSP 2338 EMS OPERATIONS
(2-2) Credit: 3
Prerequisite: Permission of Coordinator or Dean
(Proficiency Level: Math 1, Language 2)
A detailed study of the knowledge and skills necessary to reach competence to safely manage the scene of an emergency. (510904)

EMSP 2345 EMERGENCY PHARMACOLOGY
(3-0) Credit: 3
Prerequisite: Permission of Coordinator or Dean
(Proficiency Level: Math 1, Language 2)
A comprehensive course covering all aspects of the utilization of medications in treating emergency situations. Course is designed to compliment Cardiology, Special Populations, and Medical Emergency courses. (510904)
EMSP 2352  EMERGENCY MEDICAL SERVICES RESEARCH  
(2-2) Credit: 3  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Level: Math 1, Language 2)  
Primary and or secondary research in current and emerging issues in EMS. Basic research principles, scientific inquiry, and interpretation of professional literature are emphasized.  
(510904)  

EMSP 2430  SPECIAL POPULATIONS  
(3-3) Credit: 4  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Level: Math 1, Language 2)  
Instruction and scenario application of non-medical issues preparing a pre-hospital provider to safely and effectively interact with a culturally diverse population.  
(510904)  

EMSP 2434  MEDICAL EMERGENCIES  
(3-3) Credit: 4  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Level: Math 1, Language 2)  
A detailed study of the knowledge and skills necessary to reach competence to safely manage the scene of an emergency.  
(510904)  

EMSP 2544  CARDIOLOGY  
(4-4) Credit: 5  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Level: Math 1, Language 2)  
A detailed study of the knowledge and skills necessary to reach competence in the assessment and management of patients with cardiac emergencies.  
(510904)  

ENGLISH  
ENGL 0101  TASP REMEDIATION IN ENGLISH  
(0-2) Credit: 1  
Prerequisite: Credit for ENGL 0302 or ENGL 1301.  
(Proficiency Levels: Math 0, Language 3)  
An individualized program designed to prepare students to retake the English portion of the TASP examination.  
(3201085335)  

ENGL 0301  INTRODUCTION TO WRITING SKILLS  
(3-2) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 0)  
A pre-transfer level course designed to help students develop the basic skills in grammar and composition required in the next pre-transfer level English course (ENGL 0302). Students will be expected to compose a fully developed paragraph and to pass an exit examination.  
(3201085335)  

ENGL 0302  BASIC WRITING SKILLS  
(3-2) Credit: 3  
Prerequisite: ENGL 0301 or appropriate score on English placement test.  
(Proficiency Levels: Math 0, Language 1)  
A pre-transfer level course designed to help students develop basic skills in grammar and composition required in transfer-level college courses. Students will be expected to compose a short essay and to pass an exit examination.  
(3201085335)  

ENGL 1301  COLLEGE COMPOSITION  
(3-0) Credit: 3  
Prerequisite: Meet placement requirement.  
(Proficiency Levels: Math 0, Language 3)  
In this course students will learn how to generate and organize ideas, focus appropriately on a topic, develop support for points, revise for improved logic and clarity, and edit for Standard American English. Descriptive, narrative and expository techniques will be used to develop rhetorically effective essays. Some analysis of prose models.  
(2304015135)  

ENGL 1302  COMPOSITION AND RHETORIC  
(3-0) Credit: 3  
Prerequisite: ENGL 1301.  
(Proficiency Levels: Math 0, Language 3)  
A continuation of ENGL 1301, with critical analysis of selected readings; writing analytical essays; learning to quote, summarize, paraphrase, and document; writing research projects.  
(2304015135)  

Sophomore literature courses do not have to be taken in a particular sequence. The second half of a survey course may be taken prior to the first half, or a student may
choose to take any one course from a two-course survey.

**ENGL 1313** CREATIVE WRITING (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
Practical experience in the techniques of imaginative writing. May include fiction, non-fiction, poetry, or drama (2305015135)

**ENGL 2311** TECHNICAL REPORT WRITING (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
Writing technical reports; basic techniques in technical writing; practical English for the technical writer; making oral presentations. (2311015135)

**ENGL 2312** INTRODUCTION TO LITERATURE: DRAMA AND POETRY (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
A study of drama and poetry as literary forms. Readings, chiefly modern, to develop skills required to read literary materials and to understand literary terms. (2303015135)

**ENGL 2322** SURVEY OF BRITISH LITERATURE I (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
A survey of English literature with selections from old English, Middle English, the Renaissance, the Seventeenth Century, and the Eighteenth Century; may include historical background for each period; literary terms; close reading of the text. (2308015135)

**ENGL 2326** MASTERPIECES OF AMERICAN LITERATURE (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
Selected masterpieces by American essayists, poets, fiction writers and dramatists from colonial to modern times. May include historical and critical background; will include close readings of the texts. (2307015135)

**ENGL 2331** MASTERPIECES OF WORLD LITERATURE I (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
A study of the masterpieces of world literature from both Western and Eastern traditions from ancient times to the Renaissance; selections from Homer, the Greek tragedians, Confucius, Plato, Virgil, Dante, Koran, The Bhagavad-Gita, and others with an emphasis on epic, tragedy, and narrative forms. (2303015235)

**ENGL 2332** MASTERPIECES OF WORLD LITERATURE II (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
A study of the masterpieces of both the Western and Eastern traditions; literary term selections from the Renaissance to the neo-classical and the modern age, including works by Shakespeare, Voltaire, Moliere, Rousseau, Blake, Borges, Mahfouz and others. (2303015235)

**ENGL 2342** INTRODUCTION TO LITERATURE: THE SHORT STORY AND NOVEL (3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
A study of the short story, the novella, and the novel as literary forms. Readings, chiefly modern, to develop skills required to read literary materials and to understand literary terms. (2303015112)
**ENGL 2352**
SELECTED STUDIES IN LITERATURE (VARIOUS TOPICS)
(3-0) Credit: 3
Prerequisite: ENGL 1302.
(Proficiency Levels: Math 0, Language 3)
Intensive reading in single areas unified by period, genre, or theme to develop skills required to read literary materials and to understand literary terms. May be repeated for credit when topics change. (2303015312)

**ENGLISH AS A SECOND LANGUAGE**

**ESOL 0301** DEVELOPMENTAL ESOL: ORAL COMMUNICATION
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
A developmental course designed to develop listening and speaking skills in speakers of languages other than English and prepare them to function in an English speaking society. Instruction provides exercises created for oral and written responses. Proper diction, intonation, cadence, sentence structure and stress as used in American English is taught, as well as literal translation. To receive credit, students must pass an appropriate exit exam. (3201083335) (Proficiency Levels: Math 0, Language 0)

**ESOL 0302** DEVELOPMENTAL ESOL: READING AND VOCABULARY
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
A developmental course designed to develop reading fluency and vocabulary in speakers of languages other than English and prepare them to function in an English speaking society. Course provides instruction designed to increase reading comprehension, vocabulary and study skills. To receive credit, students must pass an appropriate exit exam. (3201085635)

**FIRE PROTECTION TECHNOLOGY**

**FIRT 1303** FIRE AND ARSON INVESTIGATION I
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
In depth study of basic fire and arson investigation practices. Emphasis on fire behavior principles related to fire cause and origin determination. (120503)

**FIRT 1307** FIRE PREVENTION CODES AND INSPECTIONS
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Study of local building and fire prevention codes. Emphasis on fire prevention inspections, practices and procedures. (120503)

**FIRT 1311** FIRE SERVICE HYDRAULICS
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Study of water distribution systems and fire stream development as related to fire protection and suppression. (120503)

**FIRT 1315** HAZARDOUS MATERIALS I
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Study of the chemical characteristics and behavior of various materials. Topics include storage, transportation, handling hazardous emergency situations and the most effective methods of hazard mitigation. (120503)

**FIRT 1319** FIREFIGHTER HEALTH AND SAFETY
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Study of firefighter occupational safety and health in emergency and non-emergency situations. (120503)

GERM 1412  BEGINNER'S GERMAN II
(4-0) Credit: 4
Prerequisite: GERM 1411.
(Proficiency Levels: Math 0, Language 3)
A continuation of GERM 1411. More advanced grammar, expanded vocabulary, more difficult readings. Increased emphasis on conversational skills. (1605015131)

GERM 2311 INTERMEDIATE GERMAN I
(3-0) Credit: 3
Prerequisite: GERM 1412.
(Proficiency Levels: Math 0, Language 3)
Introduction to German readings of average difficulty, principally short stories and selections from longer works. Review of grammar, composition and practice in conversation. Some scientific selections included in class readings. (1605015231)

GERM 2312 INTERMEDIATE GERMAN II
(3-0) Credit: 3
Prerequisite: GERM 2311.
(Proficiency Levels: Math 0, Language 3)
A continuation of GERM 2311. More German readings of average difficulty, principally short stories and selections from longer works. Review of grammar, composition and practice in conversation. More difficult conversational material. (1605015231)

GOVERNMENT

+GOVT 2301 AMERICAN NATIONAL AND STATE GOVERNMENT I
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A survey of national, state and local government. Topics include U.S. and Texas constitutions, democratic theory, federalism, political culture and political socialization, the media and public opinion, political participation and electoral behavior, political parties and interest groups. This course satisfies state requirements for teacher certification. (4510025142)

+GOVT 2302 AMERICAN NATIONAL AND STATE GOVERNMENT II
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A continuation of national, state and local government. Topics include political systems with an emphasis on political concepts, civil liberties and civil rights, institutions of government (executive, legislative and judicial) and the policy process at the national, state and local level. (4510025142)

Students may meet the statutory requirement by taking government courses in the following sequence: GOVT 2301 and GOVT 2302, GOVT 2305 and GOVT 2306, GOVT 2301 and GOVT 2305 or GOVT 2306.

+GOVT 2305 FEDERAL GOVERNMENT
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
Study of the government of the United States, its theory, principles and institutions: Political institutions and ideas, origins and development of the Constitution, principles, political parties, legislative, executive and judicial branches, administration, financing, foreign relations and national defense. (4510025142)
(Formerly: GOVT 2301)

+GOVT 2306 TEXAS GOVERNMENT
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
Study of the institutions of government and their functions from the local level to the national with particular emphasis on the city, county, and state governments. Examines in detail and on a comparative basis the United States and Texas Constitutions. (4510025142)
(Formerly: GOVT 2302)
HEALTH PROFESSIONS AND RELATED SCIENCES

HPRS 1206 MEDICAL TERMINOLOGY
(2-0) Credit: 2
Prerequisite: None
(Proficiency Levels: Math 1, Language 2)
Provides the student with basic language used in any health care or medically related field. Learning basic roots, prefixes, and suffixes accomplish mastery of medical terms. The course incorporates basic terms with descriptions of anatomy, physiology and pathology. Knowledge of a word-building system assists the student in learning new terms, deciphering unfamiliar terms, pronunciation and spelling. (519999)

HPRS 2200 PHARMACOLOGY
(2-0) Credit: 2
Prerequisite: Acceptance into the Associate Degree Nursing Program.
Corequisites: BIOL 2402, RNSG 1513, RNSG 1260, RNSG 1191
(Proficiency Levels: Math 2, Language 3)
Introduction to the science of pharmacology is a course for students who are entering any healthcare profession. Emphasis is placed on: how drugs work and their effects in the body, drug classifications and, laws and standards for drug administration. (519999)

HEALTH SCIENCES

HSCI 1301 PERSONAL/COMMUNITY HEALTH SERVICES
(3-0) Credit: 3
Prerequisite: PSYC 2301 and SOCI 2331 or consent of instructor.
(Proficiency Levels: Math 0, Language 3)
Investigation of the human services field including: programs available to special populations (the aged, chemical dependent, abused and neglected, mentally retarded, AIDS clients, and others), competencies including procedures and documentation necessary for services to the client, ethical training for practitioners in human services, and acquired immune deficiency (AIDS) education. (5103015128)

HSCI 1302 PREVENTION FOR COMMUNITY HEALTH
(3-0) Credit: 3
Prerequisites: PSYC 2301 and SOCI 2331 or consent of instructor.
(Proficiency Levels: Math 1, Language 3)
The study of use, abuse and misuse of drugs in today's society emphasizing the physiological, sociological and psychological factors the human service professional needs to understand. Competencies specifically focusing on: curriculum critique and design, policy development and achievement, life skills strategies for dealing with at-risk youth and other high risk populations (i.e., eating disorders, gambling, teen-pregnancy, violence, etc.), networking and resource use. (5103015228)

HISTORY

HIST 1301 UNITED STATES HISTORY TO 1877
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A survey of the political, economic, military, social and intellectual history of the United States from the discovery of America to the end of Reconstruction. (4508025142)

HIST 1302 UNITED STATES HISTORY FROM 1877
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A survey of the political, economic, military, social and intellectual history of the United States from Reconstruction to the present day. (4508025142)

HIST 2303 HISTORY OF TEXAS
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A survey of Texas history from Colonization to the present day: Exploration of rivalry, Anglo-American Colonization, relations with Mexico, the Texas Revolution, Texas as a republic, annexation, statehood, Civil War and Reconstruction, and the political, social, and economic developments to the modern period. (4508025242)
COURSE DESCRIPTIONS

**HIST 2311 WESTERN CIVILIZATION I**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
The political, economic, social and intellectual development of ancient, medieval and early modern civilizations; the ancient East, the contributions of Greece and Rome, the Church, feudalism, the commercial revolution, the Reformation and the early colonial movements. (4508015442)

**HIST 2312 WESTERN CIVILIZATION II**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
The political, economic, social and intellectual developments of modern Western civilization through the changes resulting from expansion and conflict with cultures and civilizations native to Asia, Africa, and the New World; the development of nationalism, the industrial revolution, imperialism, democracy, socialism and the conflicts of the twentieth century. (4508015442)

**HIST 2317 SELECTED TOPICS IN HISTORICAL ANALYSIS (VARIOUS TOPICS)**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
An intense reading course focused on a specific historical theme. May be repeated for credit when topics vary. (4508015642)

**HOTEL, RESTAURANT AND TOURISM MANAGEMENT**

**HAMG 1305 PRINCIPLES OF TOURISM MANAGEMENT**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Introduction to the travel and tourism industry. Topics include marketing, travel, the market, and the shape of travel demand. (520901)

**HAMG 1313 FRONT OFFICE PROCEDURES**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
A study of the flow of activities and functions in today's lodging operation. Topics include a comparison of manual, machine assisted and computer based methods for each front file function. The student will discuss the lodging industry, markets, service levels and ownership; describe hotel organization, mission and operation; and list and explain front office responsibilities. The student will explain and discuss front office accounting procedures, checkout and settlement procedures, night audit functions and verification. (520901)

**HAMG 1317 SELECTED TOPICS IN HISTORICAL ANALYSIS (VARIOUS TOPICS)**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
An intense reading course focused on a specific historical theme. May be repeated for credit when topics vary. (4508015642)

**HOTEL, RESTAURANT AND TOURISM MANAGEMENT**

**HAMG 1321 INTRODUCTION TO THE HOSPITALITY INDUSTRY**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Introduction to the elements of the hospitality industry. The student will explain the elements of the hospitality industry; discuss current issues facing food service; discuss current guest needs; and explain general hotel/motel operations. The student will explain and discuss the role of service in the hospitality industry. (520901)

**HAMG 1340 HOSPITALITY LEGAL ISSUES**
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
A course in legal and regulatory requirements that impact the hospitality industry. Topics include Occupational Safety and Health Administration (OSHA), labor regulations, tax laws, tip reporting, franchise regulations and product liability laws. The student will explain
the basic legal principles governing the hospitality industry; describe guest relationship; list and explain the various laws governing the hospitality industry; and explain the legal environment in which hotels and restaurants must exist. (520901)

HAMG 1342 GUEST ROOM MAINTENANCE  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
Demonstrates the working relationship in the lodging industry between housekeeping and maintenance. The student will discuss and explain planning, organizing and staffing in guest room operations; explain how housekeeping operations are directed and controlled; determine budgeting requirements, inventory of guest and cleaning supplies and laundry needs. (520901)

HAMG 1380 COOPERATIVE EDUCATION—HOSPITALITY ADMINISTRATION MANAGEMENT  
(1-20) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline; specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (520901)

HAMG 1391 SPECIAL TOPICS IN HOSPITALITY ADMINISTRATION AND MANAGEMENT  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (520901)

HAMG 2305 HOSPITALITY MANAGEMENT AND LEADERSHIP  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
An overview of management and leadership in the hospitality industry with an emphasis on management philosophy, policy formulation, communications, motivation and team building. (520901)

HAMG 2307 HOSPITALITY MARKETING AND SALES  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
Identification of the core principles of marketing and their impact on the hospitality industry. The student will identify and discuss the eight principles of marketing; create or critique a marketing plan as it relates to an organizational mission statement and strategy plan; and demonstrate successful approaches and techniques to sales. (520901)

HAMG 2330 CONVENTION AND GROUP MANAGEMENT AND SERVICES  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
A course in the scope of the various segments of the convention market. Exploration of individual needs, and the methods and techniques to provide better service to conventions and groups. The student will explain the importance of conventions in terms of income and economic life of the hotel. The student will recognize, review and describe convention and meeting planning. The student will describe facility types, cost factors, product analysis, marketing tools and pre-planning strategy. (520901)

HAMG 2332 HOSPITALITY FINANCIAL MANAGEMENT  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 2)  
Methods and application of financial management within the hospitality. Primary emphasis
on sales accountability, internal controls and report analysis. The student will perform various calculations; list, define and discuss management reports; and explain the importance of cost, volume, profit relationships and cost controls. (520901)

**HUMA 1301 INTRODUCTION TO THE HUMANITIES**

(3-0) Credit: 3
Prerequisite: None.
(Priority Levels: Math 0, Language 3)
An overview of the major artists, works and discourse of the fine arts, including art, music, literature, and theater; to acquaint students with the cultural heritage of Western Civilization and provide limited exposure to non-western traditions. (240105153)

**HUMA 1302 THE INDIVIDUAL AND THE COMMUNITY (MULTICULTURAL/CROSS CULTURAL)**

(3-0) Credit: 3
Prerequisite: ENGL 1301.
(Priority Levels: Math 0, Language 3)
A multi-cultural/cross-cultural course. By critically evaluating humanities texts from a variety of cultural and ethnic backgrounds, students will explore the issues confronting men, women and families, the role of education as a bridge to community, and conflicts between individual rights and community rights. The primary goal of the course will be to seek an ethical balance between the needs of the individual and the needs of the global community. Public and private attitudes toward community will be further analyzed through literary works, art, music and film. During the course, students and instructor will treat the classroom as a community to which the individual owes responsibility, respect, and participation in keeping with group norms. (2401053135)

**MRIT 3303 INTRODUCTION TO MRI PHYSICS**

(3-0) Credit: 3
Prerequisite: Enrollment in the Post-Associate Magnetic Resonance Imaging program.
(Priority Levels: Math 2, Language 3)
This course is designed to familiarize the student with the concepts, theories, and equipment employed in Nuclear Magnetic Resonance (NMR). These principles will be expanded to describe NMR spectroscopy and
Magnetic Resonance Imaging (MARI). Magnetism and the interaction of chemical elements of living matter in magnetic fields will also be emphasized. (510907) (Formerly: MAR 3201)

MRIT 3304 MRI METHODOLOGY AND INSTRUMENTATION
(3-0) Credit: 3
Prerequisite: Enrollment in the Post-Associate Magnetic Resonance Imaging program.
(Proficiency Levels: Math 2, Language 3)
This course is designed to familiarize the student with the operation and instrumentation of magnetic resonance imaging equipment and procedure protocols used in patient imaging techniques. (510907)

MRIT 3305 ADVANCED MRI PHYSICS
(3-0) Credit: 3
Prerequisite: Enrollment in the Post-Associate Magnetic Resonance Imaging program.
(Proficiency Levels: Math 2, Language 3)
An in-depth study of MRI physics that will include advanced electrodynamics, pulse sequences, sequence parameters and options, spin echo techniques, as well as gradient echo techniques. Concepts of modern algebra will be used to solve complex MRI physics electrodynamics. (510907)

RADER 1660 MRI CLINICAL APPLICATIONS I
(1-16) Credit: 6
Prerequisite: Certification in a Radiologic Health Sciences Program and enrollment in the Post-Associate Magnetic Resonance Imaging program.
(Proficiency Levels: Math 2, Language 3)
This course is designed to provide the student specialized instruction and experience in the performance of procedures normally found in a magnetic resonance imaging facility. Students will be expected to become proficient in the performance of routine MARI procedures. (510907) (Formerly: MARI 3501)

RADER 1661 MRI CLINICAL APPLICATIONS II
(1-16) Credit: 6
Prerequisite: Certification in a Radiologic Health Sciences Program and enrollment in the Post-Associate Magnetic Resonance Imaging program.

RADER 1660 MRI CLINICAL APPLICATIONS I
(1-16) Credit: 6
Prerequisite: Certification in a Radiologic Health Sciences Program and enrollment in the Post-Associate Magnetic Resonance Imaging program.

MANAGEMENT DEVELOPMENT

BMGT 1301 SUPERVISION
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
A study of the role of a supervisor. Managerial functions as applied to leadership, counseling, motivation and human skills are examined. (520201)

BMGT 1303 PRINCIPLES OF MANAGEMENT
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Concepts, terminology, principles, theory and issues that are the substance of the practice of management. Planning, organizing, leading and controlling will receive extensive treatment. (520201) (Formerly MGMT 1301)

BMGT 1305 COMMUNICATIONS IN MANAGEMENT
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Basic theory and processes of communication skills necessary for the management of an organization's workforce. Special emphasis will be placed on techniques of communication, especially oral communication and group process. (520201) (Formerly MGMT 2302)

BMGT 1382 COOPERATIVE EDUCATION—BUSINESS ADMINISTRATION AND MANAGEMENT I
(1-20) Credit: 3
Prerequisite: BMGT 1303.
(Proficiency Levels: Math 1, Language 2)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a techni-
COURSE DESCRIPTIONS

cal discipline, specific learning objectives
guide the student through the paid work expe-
rience. This course may be repeated if topics
and learning outcomes vary. (520201)
(Formerly: MGMT 2318)

BMGT 1383  COOPERATIVE
EDUCATION—BUSINESS
ADMINISTRATION AND
MANAGEMENT II
(1-20) Credit: 3
Prerequisite: BMGT 1303.
(Proficiency Levels: Math 1, Language 2)
Career related activities encountered in the
student's area of specialization are offered
through a cooperative agreement between the
college, employer and student. Under supervi-
sion of the college and the employer, the
student combines classroom learning with
work experience. Directly related to a techni-
cal discipline, specific learning objectives
guide the student through the paid work expe-
rience. This course may be repeated if topics
and learning outcomes vary. (520201)
(Formerly: MGMT 2319)

BMGT 2303  PROBLEM SOLVING AND
DECISION MAKING
(3-0) Credit: 3
Prerequisite: BMGT 1303.
(Proficiency Levels: Math 1, Language 2)
Decision making and problem solving
processes in organizations, utilizing logical
and creative problem solving techniques.
Application theory is provided by expe-
riential activities such as small group discus-
sions, case studies and the use of other managerial deci-
sion aids. (520201)

BMGT 2309  LEADERSHIP
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Concepts of leadership and its relationship to
management. Prepares the student with lead-
ership and oral communication skills needed
to inspire and influence. (520201) (Formerly: MGMT 2314)

BMGT 2331  TOTAL QUALITY
MANAGEMENT
(3-0) Credit: 3
Prerequisite: BMGT 1303 or permission of
instructor.
(Proficiency Levels: Math 1, Language 2)
Quality of productivity in organizations.
Includes planning for quality throughout the
organization, analysis of costs of quality and
employee empowerment. (520201)

BMGT 2341  STRATEGIC MANAGEMENT
(3-0) Credit: 3
Prerequisite: BMGT 1303.
(Proficiency Levels: Math 1, Language 2)
Strategic management process involving
analysis of how organizations develop and
implement a strategy for achieving organiza-
tional objectives in a changing environment.
(520201) (Formerly: MGMT 2310)

BMGT 2382  COOPERATIVE
EDUCATION—BUSINESS
ADMINISTRATION AND
MANAGEMENT III
(1-20) Credit: 3
Prerequisite: BMGT 1303.
(Proficiency Levels: Math 1, Language 2)
Career related activities encountered in the
student's area of specialization are offered
through a cooperative agreement between the
college, employer and student. Under supervi-
sion of the college and the employer, the
student combines classroom learning with
work experience. Directly related to a techni-
cal discipline, specific learning objectives
guide the student through the paid work expe-
rience. This course may be repeated if topics
and learning outcomes vary. (520201)
(Formerly: MGMT 2320)

MARKETING

MRKG 1311  PRINCIPLES OF
MARKETING
(3-0) Credit: 3
Prerequisite: None
(Proficiency Levels: Math 1, Language 2)
Introduction to basic marketing functions;
identification of consumer and organizational
needs; explanation of economic, psychologi-
cal, sociological, and global issues; and
description and analysis of the importance of marketing research. (521401)

MATHematics

MATH 0100 REVIEW OF MATHEMATICAL SKILLS FOR TASP
(0-2) Credit: 1
Prerequisite: Completion of MATH 0300 and MATH 0303 or MATH 0304.
(Proficiency Levels: Math 2, Language 2)
A remedial course designed for students who have completed MATH 0300 and MATH 0303 or MATH 0304 but who have failed the mathematics portion of the TASP exam. The course will include as needed: applications of arithmetic including percents, ratio and proportion; estimating solutions to problems; scientific notation; interpretation of data from tables, charts, and graphs; graphs of functions; polynomial operations and factoring; first and second degree equations; systems of equations in two variables; calculations involving geometric figures; and reasoning skills. (20301045137)

MATH 0300 BASIC MATHEMATICS
(4-2) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
A one semester course designed for students who need to develop or review basic mathematics skills. Topics covered include operations with fractions and decimals, percent, ratio and proportion and their applications, conversion of units, basic geometry and working with formulas; construction and interpretation of graphs; scientific notation and selected topics from algebra and study skills for mathematics. (20301045137)

MATH 0303 INTRODUCTORY ALGEBRA
(3-2) Credit: 3
Prerequisite: MATH 0300 or a score of 20 on ASSET mathematics subtest or a score of 220 on the TASP mathematics subtest.
(Proficiency Levels: Math 1, Language 1)
A one semester course covering the topics of high school algebra for the student who did not take algebra in high school or needs a review of basic algebraic concepts. Topics include signed numbers, laws of exponents, operations with polynomials, factoring and simple first degree equations, inequalities and study skills for mathematics. Throughout the course emphasis will be placed on building operational skills and math study skills. (3201045137)

MATH 0304 INTERMEDIATE ALGEBRA
(4-2) Credit: 3
Prerequisite: Two years of high school algebra, MATH 0303 or a passing score on the divisional placement test, or a score of 250 on the TASP mathematics subtest.
(Proficiency Levels: Math 1, Language 2)
A one semester course covering the topics of high school algebra for the student who needs to review algebra before continuing college level mathematics. Topics are taken from exponents and radicals, factoring, fractions, linear equations, functions, quadratic equations, complex numbers, inequalities and study skills for mathematics. (3201045137)

MATH 1414 COLLEGE ALGEBRA
(4-0) Credit: 4
Prerequisite: A grade of "C" or better in MATH 0304 or a passing score on the divisional placement test, or a score of 270 on the TASP mathematics subtest.
(Proficiency Levels: Math 3, Language 3)
An introduction to the basic concepts of modern algebra. Topics are taken from relations, functions, equations, inequalities, determinants, matrices, progressions, sequences and series. (2701015419)

MATH 1316 PLANE TRIGONOMETRY
(3-0) Credit: 3
Prerequisite: A grade of "C" or better in MATH 1314.
(Proficiency Levels: Math 3, Language 3)
Trigonometric functions and their applications, trigonometric equations and identities, solving right and oblique triangles, radian measure. (2701015337)

MATH 1324 FINITE BUSINESS MATHEMATICS
(3-0) Credit: 3
Prerequisite: A grade of "C" or better in MATH 0304.
(Proficiency Levels: Math 3, Language 3)
An introduction to topics from college algebra from the finite point of view with applications.
COURSE DESCRIPTIONS

to business. Topics include sets, inequalities, functions, linear programming, statistics, probability theory, elementary decision theory and matrices. (2703015237)

+MATH 1325 ANALYSIS FOR BUSINESS DECISIONS
(3-0) Credit: 3
Prerequisite: MATH 1324.
(Proficiency Levels: Math 3, Language 3)
An introduction to topics from analytic geometry and calculus as applied to business and economics. Topics include maxima and minima of functions, non-linear curves, and difference equations. (2703015237)

+MATH 2303 FOUNDATIONS OF MATHEMATICS
(3-0) Credit: 3
Prerequisite: MATH 1414.
(Proficiency Levels: Math 3, Language 3)
An introduction to sets, logic, numeration systems, whole numbers, integers, rational numbers, real numbers, ratio and proportion, elementary number theory, relations and functions, probability and statistics, and selected topics from informal geometry. (2701015137)

+MATH 2412 PRECALCULUS MATHEMATICS
(4-0) Credit: 4
Prerequisite: MATH 1414 and High School Trigonometry.
(Proficiency Levels: Math 3, Language 3)
A concise integrated treatment of the mathematical concepts necessary for calculus. Intended for students with good ability in mathematics. Elementary functions and their graphs, including polynomials, rational algebraic functions, exponential and logarithmic concepts, geometric and trigonometric functions, systems of equations and inequalities and topics from analytic geometry. (2701015837)

+MATH 2413 CALCULUS WITH ANALYTIC GEOMETRY I
(5-0) Credit: 4
Prerequisite: A grade of "C" or better in MATH 1316 or MATH 2412.
(Proficiency Levels: Math 3, Language 3)
Inequalities, introductory topics from analytic geometry, limits and definition of the derivative; derivative of algebraic and trigonometric functions, differentials, curve sketching, applications of derivatives, maxima and minima, the mean value theorem, introduction to integration, definite and indefinite integrals, basic applications of integration. (2701015937)

+MATH 2414 CALCULUS WITH ANALYTIC GEOMETRY II
(5-0) Credit: 4
Prerequisite: MATH 2413.
(Proficiency Levels: Math 3, Language 3)
Differentiation and integration of transcendental functions, methods of integration for more complex functions, indeterminate forms and improper integrals, applications of integration, conics, polar coordinates and parametric equations, Taylor series, infinite series, and power series. (2701015937)

+MATH 241S CALCULUS WITH ANALYTIC GEOMETRY III
(5-0) Credit: 4
Prerequisite: MATH 2414.
(Proficiency Levels: Math 3, Language 3)
Vectors in the plane and in space, vector functions, vector differentiation and integration, differentiation of functions of several variables, and multiple integrals. (2701015937)

MEDICAL RECORD MANAGEMENT TECHNOLOGY

MRMT 1101 COMPUTERS IN HEALTH CARE
(1-0) Credit: 1
Prerequisite: None
(Proficiency Levels: Math 0, Language 1)
Introduction to the concepts of computer technology related to health care and the tools and techniques for collecting, storing, and retrieving health care data. Provides a working knowledge in the use of computers, word processing, spreadsheets, presentations, using the internet, a computerized method for the management and operation of a health care delivery system. (510708)
MUSIC

MUSI 1211 MUSIC THEORY I  
(2-1) Credit: 2  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 3)  
Analysis and writing of elementary melodic and rhythmic patterns, notations, simple triads in all keys, and simple cadences. Written and keyboard exercises. (5009045130)

MUSI 1212 MUSIC THEORY II  
(2-1) Credit: 2  
Prerequisite: MUSI 1211.  
(Proficiency Levels: Math 1, Language 3)  
Intermediate written and keyboard instructions to include completion of triads and dominant seventh chords and their inversions. (5009045130)

MUSI 1216 SIGHT SINGING AND EAR TRAINING I  
(1-2) Credit: 2  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)  
Elementary singing in tonal music in treble, bass, alto, and tenor clefs. Aural study (including dictation) of rhythm, melody and diatonic harmony. A continuation of MUSI 1216. (5009045630)

MUSI 1217 SIGHT SINGING AND EAR TRAINING II  
(1-2) Credit: 2  
Prerequisite: MUSI 1216.  
(Proficiency Levels: Math 0, Language 3)  
Intermediate singing in tonal music in treble, bass, alto, and tenor clefs. Aural study (including dictation) of rhythm, melody, and diatonic harmony. A continuation of MUSI 1216. (5009045630)

MUSI 1301 FUNDAMENTALS OF MUSIC  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 1, Language 3)  
An introduction to the elements of music, including a study of the staff, clefs, key signatures, scales, time signatures, notation, rhythm and meter, major and minor chords, intervals, introduction to the keyboard, rhythmic, melodic and harmonic ear-training. Recommended for students desiring a basic course in musical skills; not applicable to a music degree. (5009045530)

MUSI 1306 MUSIC APPRECIATION  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)  
Understanding music through the study of cultural periods, major composers, and musical elements; illustrated with audio recordings and/or live performances. (5009025130)

MUSI 1308 MUSIC LITERATURE I  
(3-1) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)  
A chronological study of musical styles from antiquity through the sixteenth century. Classes include listening to recorded examples and examining printed scores. (5009025230)

MUSI 1309 MUSIC LITERATURE II  
(3-1) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)  
A chronological study of musical styles from the seventeenth century to the present. Classes include listening to recorded examples and examining printed scores. (5009025230)

ENSEMBLES: Each course listed below may be repeated once for credit.

MUSI 1310 AMERICAN MUSIC (SPECIFIC TOPICS)  
(3-0) Credit: 3  
Prerequisite: None  
(Proficiency Levels: Math 0, Language 3)  
General survey of various styles of music in America. Topics may include jazz, ragtime, folk, rock, and contemporary art music. (5009025330)

MUSI 1131, INSTRUMENTAL ENSEMBLE 2131  
(0-3) Credit: 1  
Prerequisite: None for MUSI 1131; MUSI 1131 for MUSI 2131.  
(Proficiency Levels: Math 0, Language 0)  
Open to all instrumentalists. Literature will be determined by the variety of the instruments. (5009035630)
MUSI 1141 CHOIR 2141
(0-5) Credit: 1
Prerequisite: None for MUSI 1141; MUSI 1141 for MUS 2141.
(Proficiency Levels: Math 0, Language 0)
Open to all singers. Choral literature of a variety of periods and styles will be rehearsed and performed. (5009035730)

MUSI 1159, MUSICAL THEATER 2159
(0-3) Credit: 1
Prerequisite: None for MUSI 1159; MUSI II59 for MUSI 2159.
(Proficiency Levels: Math 0, Language 0)
The study and performance of works from the musical theater repertoire. (5009036130)

MUSI 2211 MUSIC THEORY III
(2-1) Credit: 2
Prerequisite: MUSI 1212.
(Proficiency Levels: Math 1, Language 3)
Harmony part writing and keyboard analysis and writing of more advanced tonal harmony.
More emphasis on writing. (5009045230)

MUSI 2212 MUSIC THEORY IV
(2-1) Credit: 2
Prerequisite: MUSI 2211.
(Proficiency Levels: Math 1, Language 3)
A continuation of MUSI 2211. Advanced instruction in part writing and keyboard skills. Includes an introduction to twentieth-century techniques. (5009045230)

MUSI 2216 SIGHT SINGING AND EAR TRAINING III
(1-2) Credit: 2
Prerequisite: MUSI 1217.
(Proficiency Levels: Math 1, Language 3)
Advanced sight singing and ear training. Singing tonal music including modal, ethnic, and twentieth-century materials. Aural study (including dictation) of rhythm, melody, chromatic harmony, and extended tertian structures. (5009045726)

MUSI 2217 SIGHT SINGING AND EAR TRAINING IV
(1-2) Credit: 2
Prerequisite: MUSI 2216.
(Proficiency Levels: Math 0, Language 3)
Advanced sight singing and ear training. A continuation of MUSI 2216. Singing more difficult tonal music including modal, ethnic, and twentieth-century materials. Aural study (including dictation) of more complex rhythm, melody, chromatic harmony, and extended tertian structures. (5009045730)

PRIVATE INSTRUCTION (5009035430):
Private instruction is offered in the following fields:
- Brass Instruments
- Flute Viola
- Guitar Violin
- Organ Voice
- Piano

First Year

MUAP 1165 ORGAN CREDIT: 1
MUAP 1169 PIANO CREDIT: 1
MUAP 1181 VOICE(0-1) CREDIT: 1
MUAP 1101 STRINGS*(0-1) CREDIT: 1
MUAP 1117 WOODWINDS CREDIT: 1
MUAP 1137 BRASS*(0-1) CREDIT: 1

(Proficiency Levels for above MUAP courses: Math 0, Language 0)

Any of the courses listed above may be repeated once for credit. Prerequisite: None (Except for Organ – Prior keyboard experience is necessary.) The student will receive 30 minutes of private instruction each week, a total of 7 1/2 hours for the semester. Each course has a practice requirement of one-half hour daily.
COURSE DESCRIPTIONS

MUAP 1201 STRINGS* (0-2) CREDIT: 2
MUAP 1217 WOODWINDS (0-2) CREDIT: 2
MUAP 1237 BRASS* (0-2) CREDIT: 2
MUAP 1265 ORGAN (0-2) CREDIT: 2
MUAP 1269 PIANO (0-2) CREDIT: 2
MUAP 1281 VOICE (0-2) CREDIT: 2

(Proficiency Levels for above MUAP courses: Math 0, Language 0)

Any of the courses listed above may be repeated once for credit. Prerequisite: None. (Except for Organ – prior keyboard experience is necessary.) The student will receive one hour of private instruction each week, a total of 15 hours for the semester. Each course has a practice requirement of one hour daily.

SECOND YEAR

MUAP 2101 STRINGS* (0-1) CREDIT: 1
MUAP 2117 WOODWINDS* (0-1) CREDIT: 1
MUAP 2137 BRASS* (0-1) CREDIT: 1
MUAP 2165 ORGAN (0-1) CREDIT: 1
MUAP 2169 PIANO (0-1) CREDIT: 1
MUAP 2181 VOICE (0-1) CREDIT: 1

(Proficiency Levels for the following MUAP courses: Math 0, Language 0)

Any of the courses listed above may be repeated once for credit. Prerequisite: A passing grade in two first year courses in the same field. A student will receive 30 minutes of private instruction each week (7 1/2 hours for the semester.) Each course has a practice requirement of one-half hour daily.

NUCLEAR MEDICINE TECHNOLOGY

NMTT 1162 CLINICAL-NUCLEAR MEDICINE TECHNOLOGY (0-6) Credit: 1

Prerequisite: Enrollment in the Nuclear Medicine Technology Program.

Corequisite: NMTT 2305, NMTT 1309, NMTT 2401, NMTT 1413

(Proficiency Levels: Math 3, Language 3)

A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary.

NMTT 1285 NUCLEAR MEDICINE DATA PROCESSING (1-2) Credit: 2

Prerequisite: Enrollment in the Nuclear Medicine Technology Program.

(Proficiency Levels: Math 3, Language 3)

Corequisite: ENGL 1301

Develops proficiency in the use of nuclear medicine computer systems including computer processing of various nuclear medicine procedures.
COURSE DESCRIPTIONS

NMTT 1291 SPECIAL TOPICS IN NUCLEAR MEDICINE TECHNOLOGY
(1-2) Credit:
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
(Proficiency Levels: Math 3, Language 3)
Corequisite: NMTT 2313, NMTT 2467
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupations and relevant to the professional development of the student. (510905)

NMTT 1301 INTRODUCTION TO NUCLEAR MEDICINE TECHNOLOGY
(1-4) Credit:
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisite: BIOL 2402, NMTT 1303, NMTT 1311, RADT 2317
(Proficiency Levels: Math 3, Language 3)
Introduction to the field of Nuclear Medicine with emphasis on the principles of radiation safety, health physics, and the various studies performed in a nuclear medicine area. (510905)

NMTT 1303 RADIATION BIOLOGY AND SAFETY
(3-0) Credit:
Prerequisite: Enrollment in the Radiological Health Sciences.
Corequisite: BIOL 2402, NMTT 1301, NMTT 1311, RADT 2317
(Proficiency Levels: Math 3, Language 3)
This course presents principles of radiation biology and safety relevant to the nuclear medicine technology student. Topics include the effects of radiation on biologic systems, genetic and subcellular interactions and occupational exposure of nuclear medicine personnel. (510905)

NMTT 1309 NUCLEAR MEDICINE INSTRUMENTATION
(3-0) Credit:
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisite: NMTT 1162, NMTT 2305, NMTT 2401, NMTT 1413
(Proficiency Levels: Math 3, Language 3)
Theory and application of electronic instrumentation used in the direction and analysis of ionizing radiation with special emphasis on gamma spectrometry and quality assurance relevant to nuclear medicine. (510905)

NMTT 1311 NUCLEAR MEDICINE PATIENT CARE
(2-2) Credit:
Prerequisite: Enrollment in the Radiologic Health Sciences Program.
Corequisites: BIOL 2402, NMTT 1301, NMTT 1303, RADR 2317
(Proficiency Levels: Math 3, Language 3)
This course includes medical terminology, an introduction to the health care team, and ethical and legal issues for health care professionals. Patient assessment, transport procedures, infection control procedures, emergency and safety procedures, communication and patient interactions skills, and phlebotomy and injection procedures. (510905)

NMTT 1413 NUCLEAR MEDICINE PHYSICS
(3-3) Credit:
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisites: NMTT 1162, NMTT 2305, NMTT 1309, NMTT 2401
(Proficiency Levels: Math 3, Language 3)
This course provides a comprehensive study of the physical principles associated with nuclear medicine. (510905)

NMTT 2305 NUCLEAR MEDICINE METHODOLOGY I
(3-0) Credit:
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisites: NMTT 1162, NMTT 1309, NMTT 2401, NMTT 1413
(Proficiency Levels: Math 3, Language 3)
Introduction to the history, theory, and use of radioassay. Topics include the hematopoietic, lymphatic, and endocrine systems. (510905)

NMTT 2309 NUCLEAR MEDICINE METHODOLOGY II
(3-0) Credit:
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisites: NMTT 1291, NMTT 2467
Focus on the basic principles involved in all diagnostic and therapeutic tests and procedures normally found in a nuclear medicine facility with emphasis on anatomy, physiology, pathology, radio pharmaceuticals, instrumentation, data analysis, and diagnostic value. Includes the cardiovascular, genitourinary, respiratory systems and miscellaneous procedures. (510905)

NMTT 2313 NUCLEAR MEDICINE METHODOLOGY III
(3-0) Credit: 3
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisites: NMTT 1291, NMTT 2467
(Proficiency Levels: Math 3, Language 3)
Focus on the basic principles involved in all diagnostic and therapeutic tests and procedures normally found in a nuclear medicine facility with emphasis on anatomy, physiology, pathology, radio pharmaceuticals, instrumentation, data analysis, and diagnostic value. Includes the gastrointestinal, central nervous, skeletal systems and tumor and inflammation. (510905)

NMTT 2361 CLINICAL-NUCLEAR MEDICINE TECHNOLOGY
(0-9) Credit: 3
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
(Proficiency Levels: Math 3, Language 3)
A method of instruction providing detailed education, training and work-based experience and direct patient care, generally at a clinical site. Specific detailed learning objectives are developed by the faculty. On-site clinical instruction, supervision, evaluation and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (510905)

NMTT 2440 RADIOCHEMISTRY AND RADIOPHARMACY
(3-3) Credit: 4
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisites: NMTT 1162, NMTT 2305, NMTT 1309, NMTT 1413
(Proficiency Levels: Math 3, Language 3)
Basic concepts of radiochemistry and radiopharmacy including the atomic structure, radioactive decay, and production of various radionuclides; emphasis on radiopharmaceuticals and their ideal characteristics, biodistribution, and clinical applications; and the various dosage forms in which they may be dispensed; quality control tests; and their formation and dispensing. (510905)

NMTT 2466 PRACTICUM-NUCLEAR MEDICINE TECHNOLOGY
(0-28) Credit: 4
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisites: NMTT 2309, HPRS 2200
(Proficiency Levels: Math 3, Language 3)
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (510905)

NMTT 2467 PRACTICUM-NUCLEAR MEDICINE TECHNOLOGY
(0-28) Credit: 4
Prerequisite: Enrollment in the Nuclear Medicine Technology Program.
Corequisites: NMTT 2313, NMTT 1291
(Proficiency Levels: Math 3, Language 3)
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (510905)

| RNSG 1260 CLINICAL NURSING (0-8) Credit: 2 |
| Prerequisites: Admission to the Associate Degree Nursing Program. |
| Co-requisites: RNSG 1513, RNSG 1191 and BIOL 2402 |
| (Proficiency Levels: Math 2, Language 3) |
| A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for the course by the faculty. On site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (511601) |

| RNSG 1191 SPECIAL TOPICS: INTRODUCTION TO NURSING PROCESS (1-0) Credit: 1 |
| Prerequisites: Acceptance into the Associate Degree Nursing Program. |
| Corequisites: BIOL 2402, RNSG 1513, RNSG 1260, HPRS 2200 |
| (Proficiency Levels: Math 2, Language 3) |
| Introduces a systematic problem-solving, critical thinking methodology used by nurses to provide competent, individualized care. Describes the five step nursing process of assessment, diagnosis, planning, implementation, and evaluation. (511601) |

| RNSG 1441 PRINCIPLES OF ADULT HEALTH (3-4) Credit: 4 |
| Prerequisites: Admission to the Associate Degree Nursing program and successful completion of the 1st semester courses. |
| Corequisites: BIOL 2420, RNSG 1360, ENGL 1301, HPRS 2200 |
| (Proficiency Levels: Math 2, Language 3) |
| Integration of previous knowledge and skills into the continued development of the associate degree nurse as a provider of care, a coordinator of care, and member of a profession in the care of adult clients. Study of the concepts and principles necessary to perform intermediate or advanced nursing skills; and demonstrates competence in the performance of nursing procedures. (511601) |

| RNSG 1360 CLINICAL-NURSING (0-16) Credit: |
| Prerequisites: Enrollment in the Associate Degree Nursing program and successful completion of 1st semester courses. |
| Corequisites: BIOL 2420, RNSG 1441, ENGL 1301, HPRS 2200 |
| (Proficiency Levels: Math 2, Language 3) |
| A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (511601) |

| RNSG 2213 MENTAL HEALTH NURSING (2-1) Credit: 2 |
| Prerequisites: Enrollment in the Associate Degree Nursing program and successful completion of first and second semester courses. |
| Corequisites: RNSG 1261, PSYC 2314 |
| (Proficiency Levels: Math 2, Language 3) |
| Principles and concepts of mental health, psychopathology, and treatment modalities related to the nursing care of clients and their families. (511601) |
COURSE DESCRIPTIONS

RNSG 1261 CLINICAL-PSYCH/MENTAL HEALTH  
(0-6) Credit: 2  
Prerequisites: Enrollment in the Associate Degree Nursing program and successful completion of first and second semester courses.  
Corequisites: RNSG 2213, PSYC 2314  
(Proficiency Levels: Math 2, Language 3)  
A method of instruction providing detailed education, training, and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (511601)

RNSG 2201 CARE OF CHILDREN AND FAMILIES  
(2-1) Credit: 2  
Prerequisites: Enrollment in the Associate Degree Nursing Program and successful completion of the 1st, 2nd, and 3rd semester nursing and science courses.  
Corequisite: RNSG 2260, RNSG 1251, RNSG 2261, SPCH 1318 or HUMA 1302  
(Proficiency Levels: Math 2, Language 3)  
Study of concepts related to the provision of nursing care for children and their families, emphasizing judgment, and professional values within a legal/ethical framework. (511601)

RNSG 2260 CLINICAL-NURSING  
(0-6) Credit: 2  
Prerequisites: Enrollment in the Associate Degree Nursing Program and successful completion of the 1st, 2nd, and 3rd semester courses.  
Corequisites: RNSG 2201, RNSG 1251, RNSG 2261, SPCH 1318 or HUMA 1302  
(Proficiency Levels: Math 2, Language 3)  
A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary. (511601)

RNSG 1443 CONCEPTS OF ADULT HEALTH  
(4-1) Credit: 4  
Prerequisites: Enrollment in the Associate Degree Nursing Program and successful completion of 1st, 2nd, 3rd, and 4th semester courses.  
Corequisites: GOVT 2305 or GOVT 2306, RNSG 2366, RNSG 2288  
(Proficiency Levels: Math 2, Language 3)
Integration of previous knowledge and skills into the continued development of the as a provider of care, coordinator of care, and member of a profession in the care of adult clients/families in structured healthcare settings. Incorporates judgments, skills, and professional values within a legal/ethical framework. Application of advanced concepts and skills for the development of the associate degree nurse's roles in complex nursing situations with adult clients/families in structured settings. (51601)

**RNSG 2360 CLINICAL-NURSING**

(0-12) Credit: 3

Pre-requisites: Enrollment in the Associate Degree Nursing Program and successful completion of 1st, 2nd, 3rd, and 4th semester courses.

Co-requisites: GOVT 2305 or GOVT 2306, RNSG 1443, RNSG 2288

(Proficiency Levels: Math 2, Language 3)

A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external experiences. Course may be repeated if topics and learning outcomes vary. (51601)

**RNSG 2288 INTERNSHIP-NURSING**

(0-7) Credit: 2

Prerequisites: Enrollment in the Associate Degree Nursing Program and successful completion of 1st, 2nd, 3rd, and 4th semester courses and completion of RNSG 1443 and RNSG 2360.

Corequisites: GOVT 2305 or GOVT 2306, RNSG 1443, RNSG 2360

(Proficiency Levels: Math 2, Language 3)

An experience external to the college for an advanced student in a specialized field involving a written agreement between the educational institution and a business or industry. Mentored and supervised by a workplace employee, the student achieves objectives that are developed and documented by the college and that are directly related to specific occupational outcomes. This may be a paid or unpaid experience. (NOTE: This is an unpaid experience to comply with the Board of Nurse Examiners Standards). (51601)

**LVN – ADN/Role Transition**

**RNSG 1262 CLINICAL-NURSING**

(0-6) Credit: 2

Prerequisites: Acceptance into the Associate Degree Nursing program and successful completion of all prerequisite courses.

Corequisites: RNSG 2307, RNSG 1191, RNSG 1140 (PMT to ADN students only)

(Proficiency Levels: Math 2, Language 3)

A method of instruction providing detailed education, training and work-based experience and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external experiences. Course may be repeated if topics and learning outcomes vary. (51601)

**RNSG 2307 TRANSITION TO NURSING PRACTICE**

(3-1) Credit: 3

Prerequisites: Acceptance into the Associate Degree Nursing program and successful completion of all prerequisite courses.

Corequisites: RNSG 1262, RNSG 1191, RNSG 1140 (PMT to ADN student only)

(Proficiency Levels: Math 2, Language 3)

Introduction to selected concepts related to the role of the associate degree nurse as a provider of care, coordinator of care, and member of the profession. Review of trends and issues impacting nursing and health care today and in the future. Topics include knowledge, judgment, skill, and professional values within a legal/ethical framework. Principles and concepts of mental health, psychopathology, and treatment modalities related to the nursing care of clients and families. (51601)
PMT – ADN Role Transition

RNSG 1140 NURSING SKILLS FOR ARTICULATING STUDENTS
(0-1) Credit: 1
Prerequisites: Enrollment in the PMT-ADN Roll Transition Option.
Corequisites: RNSG 2307, RNSG 1262, RNSG 1191
(Proficiency Levels: Math 2, Language 3)
Validation of current skills and procedures in a variety of settings; application of a systematic problem solving process and critical thinking skills; focus on the expansion of the scientific knowledge and principles underlying nursing skills and procedures; and competency in knowledge, judgment, skills, and professional values within a legal/ethical framework. (51601)

PERIOPERATIVE NURSING

RNSG 2470 INTRODUCTION TO PERIOPERATIVE NURSING
(A Tech Prep Advanced Option Course)
(3-2) Credit: 4
Prerequisites: Graduation from an accredited program in nursing or permission of the Dean of Health Occupations.
(Proficiency Levels: Math 2, Language 3)
This course provides a theoretical foundation for the practice of perioperative nursing, and introduces work-based competencies essential to the operating room circulating nurse. These competencies include patient preparation, creation and maintenance of the sterile field, and provision of a safe environment. Simulated laboratory experiences allow opportunities for application of concepts presented. (51601)

RNSG 2288 PERIOPERATIVE NURSING INTERNSHIP
(A Tech Prep Advanced Option Course)
(0-16) Credit: 2
Prerequisite: RNSG 2470
(Proficiency Levels: Math 2, Language 3)
This course provides students opportunities to apply theory and interpersonal and technical skills introduced in NURS 3601 to practice in the perioperative arena. Entry-level competencies in direct patient care including patient preparation, creation and maintenance of the sterile field, and provision of a safe perioperative environment will be developed. Through application of the nursing process, students will implement plans of care for patients during the perioperative period. (51601)

OFFICE ADMINISTRATION

POFI 1345 INTEGRATED SOFTWARE APPLICATIONS
(2-2) Credit: 3
Prerequisites: ITSC 1309 or COSC 1401
(Proficiency Levels: Math 1, Language 2)
Continued study of computer applications from business productivity software suites. Instruction in embedding data and linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. (Formerly OFAD 1105) (110101)

POFI 1349 SPREADSHEETS
(2-2) Credit 3
Prerequisite: Intro. to computer applications course or Equivalent.
(Proficiency Levels: Math 1, Language 2)
Skill development in the use of a spreadsheet software package. Topics include worksheet creation and manipulation functions, templates, macro programming database functions, data-table features, and graphics. (Formerly OFAD 2311) (110301)

POFI 2301 WORD PROCESSING
(2-2) Credit: 3
Prerequisite: Keyboarding Proficiency.
(Proficiency Levels: Math 0, Language 2)
Instruction in the various aspects of a word processing software package. Emphasis on the use of text editing features to produce business documents. (Formerly OFAD 2304) (110301)

POFM 1213 MEDICAL TERMINOLOGY I
(1-2) Credit: 2
Prerequisite: None.
(Proficiency Levels: Math 1, Language 2)
Instruction in the practical application of a medical vocabulary system. Topics include structure; recognition; analysis; definitions; spelling; pronunciation; and combination of medical terms from prefixes, suffixes, roots, and combining forms. (Formerly MDRT 1305) (520401)
POFM 1309 MEDICAL OFFICE PROCEDURES
(2-2) Credit: 3
Prerequisite: Basic Keyboarding Skills.
(Proficiency Levels: Math 1, Language 2)
Introduction to basic medical office skills including telephone techniques, filing and indexing, mail handling, appointment scheduling, travel arrangements, correspondence, and business transactions. Emphasis on human relations and customer service skills. (Replaces OFAD 2400)

POFM 1327 MEDICAL INSURANCE
(3-0) Credit: 3
Prerequisite: POFM 1213, basic keyboarding skills.
(Proficiency Levels: Math 1, Language 2)
Survey of medical insurance including the life cycle of various claim forms, terminology, litigation, patient relations, and ethical issues. (Formerly MDRT 2302) (520404)

POFM 1331 MEDICAL TRANSCRIPTION I*
(2-3) Credit: 3
Prerequisite: POFM 1213, ITSC 1309 or COSC 1401
(Proficiency Levels: Math 1, Language 3)
Fundamentals of medical transcription including basic reports such as history and physicals, discharge summaries, consultations, operative reports, and other medical reports. Emphasis on development of speed and accuracy. (Formerly MDRT 1401) (520404)
* It is recommended that students take BIOL 2401 Anatomy & Physiology I as their science elective before taking POFM 1331.

POFM 1353 MEDICAL CODING
(2-2) Credit: 3
Prerequisite: POFM 1213
(Proficiency Levels: Math 1, Language 2)
Presentation and application of basic coding rules, principles, guidelines, and conventions utilizing various coding systems. (520404)

POFM 1380 COOPERATIVE EDUCATION-MEDICAL ADMINISTRATIVE ASSISTANT/SECRETARY
(1-20) Credit: 3
Prerequisite: POFT 2333 or ITSC 1309, or COSC 1401, POFT 1313 AND POFT 1302.
(Proficiency Levels: Math 1, Language 2)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (Formerly OFAD 2350) (520404)

POFM 2313 MEDICAL TRANSCRIPTION II
(2-3) Credit: 3
Prerequisite: POFM 1213, POFM 1331, ITSC 1309 or COSC 1401.
(Proficiency Levels: Math 1, Language 3)
Skill development in the production of medical reports including history and physicals, consultations, discharge summaries, operative reports, and other medical reports. Emphasis on speed and accuracy. (Formerly MDRT 2401) (520404)

POFM 2333 MEDICAL DOCUMENT PRODUCTION
(2-2) Credit: 3
Prerequisite: POFM 1309, POFM 1331, POFM 1327, POFT 2333 OR ITSC 1309.
(Proficiency Levels: Math 1, Language 3)
Study of advanced concepts of medical office activities, practices, and procedures. Topics include advanced medical reports, transcription, coding, billing, insurance activities, and records management. (520404)

</table>
through a cooperative agreement between the college, employer, and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline, specific learning objectives guide the student through the paid or unpaid work experience. This course may be repeated if topics and learning outcomes vary. (Formerly OFAD 2350) (520401)

**POFT 2301 DOCUMENT FORMATTING & SKILL BUILDING**

(2-3) Credit: 3
Prerequisite: POFT 1228 or 30 wpm.
(Proficiency Levels: Math 0, Language 1)
A continuation of keyboarding skills in document formatting, speed, and accuracy. Emphasis on proofreading, editing, and following instructions, and keying documents from various copy. (Formerly OFAD 1400) (520408)

**POFT 2312 BUSINESS COMMUNICATIONS II**

(3-0) Credit: 3
Prerequisite: POFT 1302 or ENGL 1301
(Proficiency Levels: Math 0, Language 3)
Skill development in practical applications which emphasize the improvement of writing skills necessary for effective business communications. This course also includes the importance of cultural diversity, non-verbal and oral communication, and teamwork in business communications. (Formerly BUSI 2302) (520401)

**POFT 2331 ADMINISTRATIVE SYSTEMS**

(2-2) Credit: 3
Prerequisite: POFT 1309, POFT 2312, ITSC 1309 or COSC 1401.
(Proficiency Levels: Math 1, Language 3)
Experience in project management and office procedures utilizing integration of previously learned skills. An office simulated package will be used. (Formerly BUSI 2402) (520401)

**POFT 2333 ADVANCED DOCUMENT FORMATTING & SKILL BUILDING**

(2-3) Credit: 3
Prerequisite: POFT 2301 or equivalent.
(Proficiency Levels: Math 0, Language 1)
Study of advanced concepts in a variety of offices correspondence activities with emphasis on organization, prioritizing, decision making, composition, placement, accuracy, and speed development. (Formerly OFAD 1401) (520408)

**PASTRY**

**PSTR 1301 FUNDAMENTALS OF BAKING**

(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
Fundamentals of baking including dough, quick breads, pies, cakes, cookies, tarts and doughnut. Instruction in flours, fillings and ingredients. Topics include baking terminology, tool and equipment use, formula conversions, functions of ingredients and the use of proper flours. (120501)

**PSTR 1305 BREADS & ROLLS**

(2-4) Credit: 3
Prerequisite: Permission of Coordinator of Dean.
(Proficiency Levels: Math 1, Language 2)
Concentration on fundamentals of chemically and yeast raised breads and rolls. Instruction on commercial preparation of a wide variety of products. (120501)

**PSTR 1306 CAKE DECORATING I**

(2-4) Credit: 3
Prerequisite: Permission of Coordinator of Dean.
(Proficiency Levels: Math 1, Language 2)
Introduction to skills, concepts and techniques of cake decorating. (120501)

**PSTR 1307 CAKE DECORATING II**

(2-4) Credit: 3
(Proficiency Levels: Math 1, Language 2)
A course in decoration of specialized and seasonal products. (120501)
PSTR 1310  PIES, TARTS, TEA CAKES 
AND COOKIES 
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
Focus on preparation of American and European style pie and tart fillings and dough, cookies, tea cakes, custard and batters. Instruction in finishing and presentation techniques. (120501)

PSTR 1312  LAMINATED DOUGH, PATE 
A CHOUX AND DONUTS 
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
Focus on preparation of laminated doughs to include puff pastry, croissant and Danish and a variety of pate a choux (eclair paste) products and donuts. Fillings and finishing techniques included. (120501)

PSTR 1381  COOPERATIVE 
EDUCATION: BAKER/ 
PASTRY CHEF 
(1-20) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
Career related activities encountered in the student's area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline; specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (120501)

PSTR 2331  ADVANCED PASTRY SHOP 
(2-4) Credit: 3
Prerequisite: Permission of Coordinator or Dean.
(Proficiency Levels: Math 1, Language 2)
A study of classical desserts, French and international pastries, hot and cold desserts, ice creams and ices, chocolate work and decorations. Emphasis on advanced techniques. (120501)

PHILOSOPHY

+PHIL 1301  INTRODUCTION TO 
PHILOSOPHY 
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A survey course designed to acquaint the student with some of the fundamental problems in philosophy and with the methods used to deal with them. Some principle views, both ancient and modern, are examined as possible solutions. (3801015135) (Formerly: PHIL 1301)

+PHIL 1316  HISTORY OF RELIGIONS 
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
An historical survey of major religions. Topics may vary and could include the Old Testament, the New Testament, and the study of other major religions of the world. (3802015135)

PHIL 2306  INTRODUCTION TO 
ETHICS AND MORALITY 
(3-0) Credit: 3
Prerequisite: PHIL 1301.
(Proficiency Levels: Math 0, Language 3)
An introduction and survey of classical and contemporary theories concerning the good life, human conduct in society, and moral ethical standards. The advantages of each major theory will be thoroughly explored as well as the disadvantages they engender. A brief survey of professional ethics will also be included. Critiques of all theories will be required. (3801015335)

PHIL 2307  INTRODUCTION TO 
SOCIAL AND POLITICAL 
PHILOSOPHY 
(3-0) Credit: 3
This course entails a critical examination of the social and political philosophies espoused in particular historical time periods in Jewish history. Major theories concerning the organization of the Jewish experience from Biblical times until the present will be considered.
PHIL 2321  PHILOSOPHY OF RELIGION
     (3-0) Credit: 3
A critical investigation of major religious ideas and experiences. Topics may include philosophical and literary ideas in the classical religious literature with selections form the Bible (Old and New Testament), Koran, Talmud, Vedas, various Buddhist writings, and Patristic literature. (3802015335)

PHLEBOTOMY TECHNOLOGY

MLAB 1223  PHLEBOTOMY
     (2-0) Credit: 2
Prerequisites: None
Corequisites: HPRS 1206, HPRS 1205, HPRS 2333, MLAB 1166, MLAB 1391, MRMT 1211 (Proficiency Levels: Math 0, Language 1).
Skill development in the performance of a variety of blood collection methods using proper techniques and universal precautions. Includes vacuum collection devices, syringes, capillary skin puncture, butterfly needles and blood culture, and specimen collection on adults, children, and infants. Emphasis on infection prevention, proper patient identification, labeling of specimens and quality assurance, specimen handling, processing, and accessioning. (511004)

MLAB 1166  PRACTICUM I
     (0-8) Credit: 1
Prerequisites: Acceptance into the Phlebotomy program.
Corequisites: MLAB 1223, MLAB 1391, HPRS 1205, HPRS 1206, MRMT 1211, HPRS 2333 (Proficiency Levels: Math 0, Language 1).
Practical general training and experiences in the workplace. The college and the employer develop and document an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary. (511004)

MLAB 1391  SPECIAL TOPICS: SEMINAR
     (3-0) Credit: 3
Prerequisites: Acceptance into the Phlebotomy program.
Corequisites: HPRS 1205, HPRS 1206, MRMT 1211, MLAB 1223, MLAB 1166, HPRS 2333 (Proficiency Levels: Math 0, Language 1).
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. (511004)

HPRS 2333  CONSUMER ORIENTED HEALTH DELIVERY SYSTEMS
     (3-0) Credit: 3
Prerequisites: None.
Corequisites: HPRS 1205, HPRS 1206, MRMT 1211, MLAB 1223, MLAB 1166, MLAB 1391 (Proficiency Levels: Math 0, Language 1).
An experiential learning course involving the multidisciplinary approach to the care of persons with common diagnoses and diverse human conditions. Emphasis is placed on the role of the individual health professions, the referral relationship among the professions, and the impact of the health care environment on the consumer. (511004)

HPRS 1205  MEDICAL LAW/ETHICS FOR HEALTH PROFESSIONALS
     (2-0) Credit: 2
Pre-requisites None
Corequisites: HPRS 1206, MRMT 1211, MLAB 1223, MLAB 1166, MLAB 1391, HPRS 2333 (Proficiency Levels: Math 0, Language 1).
Introduction to the relationship between legal aspects and ethics associated with the health care field. Emphasis on the ethical and legal responsibilities of health care professionals. (511004)
PHYSICAL EDUCATION AND RECREATION THEORY COURSES

PHED 1301 FOUNDATIONS OF KINESIOLOGY AND RECREATION (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
This course is designed to give students an understanding of the historical evolution of movement, the essential component of life. Emphasis is on the physical as well as the social and emotional growth of the individual. (3105015228)

PHED 1304 PERSONAL/COMMUNITY HEALTH AND WELLNESS (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
This course is designed to increase student awareness of health concepts, fitness, and lifestyle modification. The class includes laboratories and practical activities which help students improve the quality of their lives, reduce risk factors for chronic disease, and achieve well being. (3103015128)

PHED 1306 FIRST AID AND SAFETY (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
This course is a study of emergency first aid and safety procedures as established by the American Red Cross. Instruction includes Standard First Aid and Personal Safety, and Cardiopulmonary Resuscitation (CPR). Upon successful completion of the course, American Red Cross Certifications are awarded. (3103015328)

PHED 1331 RHYTHMS, GAMES, AND ACTIVITIES FOR CHILDREN (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
This course is an introduction to motor skills, games, rhythms, sports, recreational activities, and their methods of presentation. Emphasis is on the development and interaction of children in kinesiological activities. (310015228)

PHED 2302 SPORTS OFFICIATING (3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
This course is designed to give students an understanding of the rules of various sports with emphasis on the theory and practice in the techniques of officiating team sports. (1202045128)

PHYSICAL EDUCATION AND RECREATION ACTIVITY COURSES

PHED 1100 AEROBICS I (1-2) Credit: 1
PHED 1101 GYMNASTICS (1-2) Credit: 1
PHED 1103 AEROBICS: FITNESS FOR LIFE (1-2) Credit: 1
PHED 1104 AEROBICS: FITNESS FOR LIFE II (1-2) Credit: 1
PHED 1105 ARCHERY/BADMINTON (1-2) Credit: 1
PHED 1106 AEROBICS: CROSS-TRAINING I: STEP, PUMP, KICKBOXING, WEIGHT TRAINING (1-2) Credit: 1
PHED 1107 AEROBICS II (1-2) Credit: 1
PHED 1108 BACKPACKING AND CAMPING (1-2) Credit: 1
PHED 1109 AEROBICS: CROSS-TRAINING II: STEP, PUMP, KICKBOXING, WEIGHT TRAINING (1-2) Credit: 1
PHED 1110 BOWLING I (1-2) Credit: 1
PHED 1111 BOWLING II (1-2) Credit: 1
COURSE DESCRIPTIONS

PHED 1115 CANOEING
(1-2) Credit: 1

PHED 1120 DIVEMASTER
(1-2) Credit: 1
(Prerequisite: PHED 1160)

PHED 1121 STEP AEROBICS I
(1-2) Credit: 1

PHED 1122 STEP AEROBICS II
(1-2) Credit: 1

PHED 1123 FOUNDATIONS OF
FITNESS: PUMP I
(1-2) Credit: 1

PHED 1124 FOUNDATIONS OF
FITNESS: PUMP II
(1-2) Credit: 1

PHED 1125 FOUNDATIONS OF
FITNESS I
(1-2) Credit: 1

PHED 1126 FOUNDATIONS OF
FITNESS II
(1-2) Credit: 1

PHED 1127 FOUNDATIONS OF
FITNESS I: WEIGHT
CONTROL FOR WOMEN I
(1-2) Credit: 1

PHED 1128 FOUNDATIONS OF
FITNESS I: WEIGHT
CONTROL FOR WOMEN II
(1-2) Credit: 1

PHED 1129 FOUNDATIONS OF
FITNESS I: STRETCH AND
TONE I
(1-2) Credit: 1

PHED 1130 FOUNDATIONS OF
FITNESS I: STRETCH AND
TONE II
(1-2) Credit: 1

PHED 1131 FOUNDATIONS OF
FITNESS I: WEIGHT
CONTROL FOR LIFE I
(1-2) Credit: 1

PHED 1132 FOUNDATIONS OF

CONTROL FOR LIFE II
(1-2) Credit: 1

PHED 1133 GOLF I
(1-2) Credit: 1

PHED 1134 GOLF II
(1-2) Credit: 1

PHED 1135 AEROBIC-JOGGING
(1-2) Credit: 1

PHED 1140 LEISURE TIME ACTIVITIES
(1-2) Credit: 1

DANC 1141 DANCE I
(1-2) Credit: 1

DANC 1142 DANCE II
(1-2) Credit: 1

PHED 1145 LIFE SAVING
(1-2) Credit: 1
Prerequisite: Must be able to pass a swimming test.

PHED 1150 RACQUETBALL
(1-2) Credit: 1

PHED 1155 SAILING
(1-2) Credit: 1
Prerequisite: Must be able to pass a swimming test.

PHED 1160 SCUBA DIVING
(1-2) Credit: 1
Prerequisite: Must be able to pass a swimming test.

PHED 1161 VARSITY SOFTBALL I
(1-2) Credit: 1

PHED 1162 VARSITY SOFTBALL II
(1-2) Credit: 1

PHED 1163 WEIGHT TRAINING
SOFTBALL I
(1-2) Credit: 1

PHED 1164 WEIGHT TRAINING
SOFTBALL II
(1-2) Credit: 1

PHED 1165 SOCIAL DANCE
(1-2) Credit: 1

PHED 1166 SCUBA II
(1-2) Credit: 1

PHED 1170 SWIMMING
(1-2) Credit: 1

PHYSICS

+PHYS 1401 GENERAL PHYSICS I
(3-3) Credit: 4
Prerequisite: MATH 1414.
(Proficiency Levels: Math 3, Language 3)
Force and motion, work, energy and power, circular motion, momentum, vibratory motion, properties of solids and liquids; fluid mechanics; heat, sound and molecular theory of matter. (4008015339)

+PHYS 1402 GENERAL PHYSICS II
(3-3) Credit: 4
Prerequisite: PHYS 1401.
(Proficiency Levels: Math 3, Language 3)
Continuation of PHYS 1401. Optics, reflection, refraction, interference, diffraction and polarization; electric charges and fields, potential, resistance, capacitance, electric currents and circuits, magnetic fields; selected topics in modern physics. (4008015339)

+PHYS 2425 MECHANICS
(3-3) Credit: 4
Prerequisite: Credit for or registration in MATH 2413.
(Proficiency Levels: Math 3, Language 3)

THIS COURSE IS DESIGNED PRIMARILY FOR STUDENTS OF SCIENCE AND ENGINEERING.
Vectors, motion in one dimension, motion in a plane rotational motion, oscillatory motion, work, energy, power and momentum, conservation laws and applications; gravitation; fluid mechanics; heat and thermodynamics. (4008015439)

+PHYS 2426 ELECTRICITY AND MAGNETISM
(3-3) Credit: 4
Prerequisite: PHYS 2425.
(Proficiency Levels: Math 3, Language 3)
Charge, electric field and potential, capacitance, dielectrics, resistance, electric circuits, magnetic field and induction, inductance, radiation. (4008015439)

PSYCHOLOGY

PSYC 0100 ORIENTATION TO COLLEGE
(1-0) Credit: 1
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
Critical thinking, academic planning, and research skills which apply to all academic disciplines. Competencies in skills to acquaint students with the higher education system, including purpose and requirements, college and university catalogs, grading systems, programs, student rights and responsibilities, and the College's services and facilities. (320101S235)

SSFC 0301 STUDY SKILLS FOR COLLEGE
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 0)
Techniques of study such as time management, listening, note-taking, text marking, library and research skills, preparing for
examinations and using learning resources. Competencies are emphasized to improve the student's college potential and enhance lifelong learning. (3200105235) (Proficiency Levels: Math 0, Language 0)

**PSYC 1300 LEARNING FRAMEWORK**  
(3-0) Credit: 3  
(Proficiency Levels: Math 0, Language 2)  
A study of the 1) research and theory in the psychology of learning, cognition and motivation; 2) factors that impact learning, and 3) application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. (4203015240)

**+PSYC 2301 INTRODUCTION TO PSYCHOLOGY**  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)  
A survey of the major topics in psychology. Introduces the study of behavior and the factors that determine and effect behavior. Competencies with the scientific approach to the study of behavior will be emphasized to develop understanding of the major theoretical models in child psychology. (4203015140)

**PSYC 2302 APPLIED PSYCHOLOGY: COUNSELING METHODS**  
(3-0) Credit: 3  
Prerequisite: PSYC 2301 and PSYC 2320 with grades of C or better in both courses.  
(Proficiency Levels: Math 1, Language 3)  
A survey of the applications of psychological concepts and principles to counseling methods. Competencies of therapeutic treatment of psychological problems. Emphasis on behavioral, cognitive, client-centered, and psychoanalytic techniques of therapy. (4201015240)

**PSYC 2306 HUMAN SEXUALITY**  
(3-0) Credit: 3  
Prerequisite: None.  
(Proficiency Levels: Math 0, Language 3)  
A study of the biological, sociological, and psychological aspects of human sexuality in an effort to increase the student's awareness of various sexual practices, to develop competencies in identifying certain diseases and dysfunction as well as the therapeutic means of dealing with them and to foster a healthy attitude and responsible approach to sexual behavior and sex education. (4201015342)

**PSYC 2308 CHILD GROWTH AND DEVELOPMENT**  
(3-0) Credit: 3  
Prerequisite: PSYC 2301.  
(Proficiency Levels: Math 0, Language 3)  
The study of the relationship of the physical, emotional, social, and mental factors of growth and development. Competencies with the scientific approach to the study of children will emphasized to develop understanding of the major theoretical models in child psychology. (4207015140)

**PSYC 2311 ADULT DEVELOPMENT**  
(3-0) Credit: 3  
Prerequisite: PSYC 2301.  
(Proficiency Levels: Math 1, Language 3)  
The study of the relationship of the physical, emotional, social, and mental factors of adulthood. Competencies with the scientific approach to the study of adults will be emphasized to develop understanding of the major theoretical models in adult psychology. (4207015140)

**PSYC 2314 LIFESPAN GROWTH AND DEVELOPMENT**  
(3-0) Credit: 3  
Prerequisite: PSYC 2301.  
(Proficiency Levels: Math 0, Language 3)  
The study of the relationship of the physical, emotional, social, and mental factors of growth and development of children and...
throughout the lifespan. Competencies with the scientific approach to the study of children, adolescents, and adults will be emphasized to develop understanding of the major theoretical models of developmental psychology. (420101540)

PSYC 2315 BEHAVIOR MODIFICATION  
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A competency based course which aims to teach the student techniques of managing his/her own behavior in everyday situations. Subject matter and programming skills include the use of learning principles such as stimulus control, shaping, relaxation training, reinforcement scheduling and token economics. (4201015640)

PSYC 2317 STATISTICAL METHODS IN PSYCHOLOGY  
(3-0) Credit: 3
Prerequisite: PSYC 2301.
(Proficiency Levels: Math 2, Language 3)
The study of the measures of central tendency and variability, statistical inference, correlation, and regression as these apply to psychology. Competencies with statistical concepts and computations will be emphasized to develop understanding of the empirical methods of research in psychology. (4201015240)

PSYC 2340 CURRENT ISSUES IN PSYCHOLOGY: BEHAVIORAL ASPECTS OF SUBSTANCE ABUSE  
(3-0) Credit: 3
Prerequisite: PSYC 2301 and PSYC 2315 with grades of "C" or better in both courses.
(Proficiency Levels: Math 1, Language 3)
An in-depth study of the behavioral aspects of alcoholism and substance abuse to familiarize the student with the latest theories and principles in behavioral science and develop competencies in the methods of modifying and controlling behavior in clinical and personal settings, especially related to chemical dependency counseling. (4201015540)

PSYC 2341 CURRENT ISSUES IN PSYCHOLOGY: BEHAVIORAL ASPECTS OF AGING  
(3-0) Credit: 3
Prerequisite: PSYC 2301 AND PSYC 2315 with a grade of "C" or better in both courses.
(Proficiency Levels: Math 1, Language 3)
An in-depth study of the behavioral aspects of aging to familiarize the student with the latest theories and principles in behavioral science and develop competencies in the methods of modifying and controlling behavior in clinical and personal settings, especially related to aging. (4201015540)

PSYC 2342 CURRENT ISSUES IN PSYCHOLOGY: INTERVENTION FOR EMPLOYEE ASSISTANCE SERVICES  
(3-0) Credit: 3
Prerequisite: PSYC 2301, SOCI 2331 with a grade of "C" or better in the courses, or consent of the instructor.
(Proficiency Levels: Math 1, Language 3)
An in-depth study of specific strategies which include: identification, intervention, referral, aftercare and support for children and youth. Focusing on at-risk factors for children and adolescents that can appear from preschool age through grade twelve. Competencies primarily applicable to middle and high schools, especially those students that have had serious school-related problems (i.e., alcohol or other drug usage) that interferes with a positive learning environment. (4201015540)

PSYC 2369 ACADEMIC COOPERATIVE IN PSYCHOLOGY: GERONTOLOGY  
(3-3) Credit: 3
Prerequisite: Completion of the Certificate in Gerontology or consent of instructor.
(Proficiency Levels: Math 1, Language 3)
An instructional program designed to integrate on-campus study with practical hands-on work experience in psychology. In conjunction with class seminars, the individual student and the instructor will set specific goals and objectives in the study of gerontology. Competencies for working with the aging will be emphasized. (4501015142)
PSYC 2379  ACADEMIC COOPERATIVE IN PSYCHOLOGY: PREVENTION AND INTERVENTION  
(3-3) Credit: 3  
Prerequisite: Completion of the Certificate in Prevention and Intervention or consent of instructor.  
(Proficiency Levels: Math 1, Language 3)  
An instructional program designed to integrate on-campus study with practical hands-on work experience in psychology. In conjunction with class seminars, the individual student and the instructor will set specific goals and objectives in the study of prevention and intervention. Competencies in the core functions for prevention and intervention will be emphasized. (4501015142)  

PSYC 2389  ACADEMIC COOPERATIVE IN PSYCHOLOGY: CHEMICAL DEPENDENCY COUNSELING  
(3-3) Credit: 3  
Prerequisite: Completion of the Certificate in Chemical Dependency Counseling or its equivalent of a Counselor In Training (CIT) status with the Texas Commission of Alcohol and Drug Abuse or consent of instructor.  
(Proficiency Levels: Math 1, Language 3)  
An instructional program designed to integrate on-campus study with practical hands-on work experience in psychology. In conjunction with class seminars, the individual student and the instructor will set specific goals and objectives in the study of chemical dependency counseling. Competencies in the twelve core functions for the addictions counselor will be emphasized. (4501015142)  

PSYC 2399  ACADEMIC COOPERATIVE IN PSYCHOLOGY: SOCIAL WORK  
(3-3) Credit: 3  
Prerequisite: Completion of the Certificate in General Social Work or consent of instructor.  
(Proficiency Levels: Math 1, Language 3)  
An instructional program designed to integrate on-campus study with practical hands-on work experience in psychology. In conjunction with class seminars, the individual student and the instructor will set specific goals and objectives in the study of general psychology. Competencies in the core functions for general psychology will be emphasized. (4502025142)  

RADIOGRAPHY  

RADR 1411  BASIC RADIOGRAPHIC PROCEDURES  
(2-4) Credit: 4  
Prerequisite: Enrollment in the Radiography Program.  
Corequisites: RADR 1301, RADR 1303, RADR 1166 and NMTT 1303  
(Proficiency Levels: Math 3, Language 3)  
This course includes an introduction to radiographic positioning terminology, the proper manipulation of equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of basic anatomy and related pathology. (510907)  

RADR 1313  PRINCIPLES OF RADIOGRAPHIC IMAGING I  
(2-2) Credit: 3  
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st semester courses.  
Corequisites: BIOL 2402, RADR 1366, RADR 2401  
(Proficiency Levels: Math 3, Language 3)  
This course will analyze radiographic image qualities and the effects of exposure variables upon these qualities. (510907)  

RADR 2401  INTERMEDIATE RADIOGRAPHIC PROCEDURES  
(2-4) Credit: 4  
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st semester courses.  
Corequisites: BIOL 2402, RADR 1366, RADR 1313  
(Proficiency Levels: Math 3, Language 3)  
A continuation of the study of the proper manipulation of radiographic equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for proper demonstration of intermediate anatomy and related pathology. (510907)
RADR 1301 INTRODUCTION TO RADIOGRAPHY  
(3-0) Credit: 3  
Prerequisite: Acceptance into the Radiography Program.  
Corequisites: RADR 1411, RADR 1166, NMTT 1303, RADR 1303  
(Proficiency Levels: Math 3, Language 3)  
This course includes the historical development of radiography, basic radiation protection, and introduction to medical terminology, ethical and legal issues for health care professionals, and an orientation to the program and the health care system. (510907)

RADR 1166 PRACTICUM I  
(0-10) Credit: 1  
Prerequisite: Acceptance into the Radiography Program.  
Corequisites: RADR 1411, 1301, 1303 and NMTT 1303  
(Proficiency Levels: Math 3, Language 3)  
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student’s general and technical course of study. This course may be repeated if topic and learning outcomes vary. (510907)

RADR 1366 PRACTICUM II  
(0-21) Credit: 3  
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st semester courses.  
Corequisites: BIOL 2402, RADR 1313 and 2401  
(Proficiency Levels: Math 3, Language 3)  
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student’s general and technical course of study. This course may be repeated if topic and learning outcomes vary. (510907)

RADR 2366 PRACTICUM III  
(0-16) Credit: 3  
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st and 2nd semester courses.  
Corequisites: ENGL 1301, SPCH 1318, HUMA 1302  
(Proficiency Levels: Math 3, Language 3)  
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student’s general and technical course of study. This course may be repeated if topic and learning outcomes vary. (510907)

RADR 2217 RADIOGRAPHIC PATHOLOGY  
(2-0) Credit: 2  
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st, 2nd and 3rd semester courses.  
Corequisites: RADR 2305, RADR 2366, PSYC 2301, COSC 1101  
(Proficiency Levels: Math 3, Language 3)  
An overview of the disease process and common diseases and their appearance on medical images. (510907)

RADR 2333 ADVANCED MEDICAL IMAGING  
(3-0) Credit: 3  
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st, 2nd, 3rd and 4th semester courses.  
Corequisites: ENGL 1302, RADR 2367, 2335, and COSC 1101  
(Proficiency Level: Math 3, Language 3)  
An introduction to the use of computers in medical imaging and a survey of specialized imaging modalities. (510907)

RADR 2335 RADIOGRAPHIC TECHNOLOGY SEMINAR  
(3-0) Credit: 3  
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st, 2nd, 3rd and 4th semester courses.  
Corequisites: ENGL 1302, RADR 2367, RADT 2333, and COSC 1101  
(Proficiency Levels: Math 3, Language 3)  
This is a capstone course focusing on the synthesis of professional knowledge, skills, and attitudes in preparation for professional employment and lifelong learning. (510907)
COURSE DESCRIPTIONS

RADR 2305  PRINCIPLES OF RADIOGRAPHIC IMAGING II  
(3-0) Credit: 3
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st, 2nd, and 3rd semester courses.
Corequisites: RADR 2217, 2366, and PSYC 2301
(Proficiency Levels: Math 3, Language 3)
A continuation of the study of radiographic imaging technique formulation, image quality assurance, and the synthesis of all variables in image production. (510907)

RADR 2366  PRACTICUM IV  
(0-21) Credit: 3
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st, 2nd, and 3rd semester courses.
Corequisites: RADR 2305, 2217, and PSYC 2301
(Proficiency Levels: Math 3, Language 3)
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. This course may be repeated if topic and learning outcomes vary. (510907)

RADR 2367  PRACTICUM V  
(0-21) Credit: 3
Prerequisite: Enrollment in the Radiography Program and successful completion of the 1st, 2nd, 3rd and 4th semester courses.
Corequisites: ENGL 1302, RADT 2333, RADR 2335, COSC 1101.
(Proficiency Levels: Math 3, Language 3)
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. This course may be repeated if topic and learning outcomes vary. (510907)

RADIOLOGIC HEALTH SCIENCES

NMTT 1303  RADIATION BIOLOGY AND SAFETY  
(3-0) Credit: 3
Prerequisite: Enrollment in a Radiologic Health Science Program
(Proficiency Levels: Math 2, Language 3)
This core course presents principles of radiation biology and safety relevant to the radiologic health science student. Topics include the effects of ionizing radiation on biological systems, genetic and subcellular interactions and occupational exposure and protection of radiologic personnel. (510905)

RADR 1303  PATIENT CARE  
(2-2) Credit: 3
Prerequisite: Enrollment in a Radiologic Health Science Program
(Proficiency Levels: Math 2, Language 3)
This core course presents patient care procedures relevant to the radiologic health science student. This course provides the student with specific knowledge and skills required of a practicing radiologic technologist. (510905)

RADT 2317  RADIOLOGICAL PHYSICS I:  
(3-0) Credit: 3
Prerequisite: Enrollment in a Radiologic Health Science Program
(Proficiency Levels: Math 2, Language 3)
This core course surveys the concepts of physics relevant to radiologic health science students. Topics include classical and atomic physics, basic electrical principles, the interaction of radiation with matter and nuclear physics. (510905)

RADIATION THERAPY TECHNOLOGY

RADT 1301  INTRODUCTION TO RADIATION THERAPY  
(3-0) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program and successful completion of the first semester courses.
Corequisite: NMTT 1303, RADR 1303, RADT 2317
(Proficiency Levels: Math 3, Language 3)
Introduction to the field of radiation therapy
with emphasis on the principles of terminology and history, as well as an orientation to clinical practices and oncological practices. (510907)

RADT 1344 INSTRUMENTATION AND METHODOLOGY
(3-0) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: BIOL 2402, MATH 1414, RADT 1266
(Proficiency Levels: Math 3, Language 3)
Presentation of the fundamentals of the technical and clinical aspects of radiation therapy. Includes principles of equipment operation, concepts of quality assurance and instruction in medical imaging. (510907)

RADT 1266 PRACTICUM I
(0-16) Credit: 2
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: BIOL 2402, MATH 1414, RADT 1344
(Proficiency Levels: Math 3, Language 3)
Practical general training and experience in the workplace. Supervised clinical practice with affiliated hospitals and clinics. (510907)

RADT 2266 PRACTICUM II
(0-16) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: ENGL 1302, RADT 1291
(Proficiency Levels: Math 3, Language 3)
Practical general training and experience in the workplace. Supervised clinical practice with affiliated hospitals and clinics. (510907)

RADT 1291 SPECIAL TOPICS: TRENDS IN RADIATION THERAPY
(3-4) Credit: 2
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: ENGL 1302, RADT 2266
(Proficiency Levels: Math 2, Language 3)
This course is designed to enable students to explore methods of professional development in the field of radiation therapy. Emphasis is placed on emerging trends in the field, including technological advances and changes. (510907)

RADT 2307 DOSIMETRY I
(2-2) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 2301, RADT 2366, SPCH 1318
(Proficiency Levels: Math 3, Language 3)
The principles, aims, and techniques of applying ionizing radiation to the human body are presented in this course. Topics include discussions of applications of radiotherapy equipment with emphasis on treatment planning and dose calculations. The physical aspects and properties of ionizing radiation are discussed. (510907)

RADT 2301 ONCOLOGY I
(3-0) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 2307, RADT 2366, SPCH 1318
(Proficiency Levels: Math 3, Language 3)
Fundamentals of radiation oncology. A study of malignant conditions, their etiology, treatment and prognosis, psycho-social effects of cancer, and specific nursing skills required to deal with cancer patients. (510907)

RADT 2306 PRACTICUM III
(0-24) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 2307, RADT 2301, SPCH 1318
(Proficiency Levels: Math 3, Language 3)
A Continuation of RADT 2266 - Supervised clinical practice with affiliated hospitals and clinics. (510905)

RADT 2309 DOSIMETRY II
(2-2) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 1391, RADT 2303, RADT 2367
(Proficiency Levels: Math 3, Language 3)
A continuation of Dosimetry I, this course presents the principles, aims and techniques of applying ionizing radiation to the human body. Topics include discussions of applications of radiotherapy equipment with emphasis on
treatment planning and dose calculations. The physical aspects and properties of ionizing radiation are discussed. (510907)

**RADT 2303 ONCOLOGY II**

(3-0) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 1391, RADT 2309, RADT 2367
(Proficiency Levels: Math 3, Language 3)
A continuing study of malignant conditions, their etiology, treatment and prognosis, psycho-social effects of cancer and specific nursing skills required to deal with cancer patients. (510907)

**RADT 2367 PRACTICUM IV**

(0-24) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
(Proficiency Levels: Math 2, Language 3)
A continuation of RADT 2366. Supervised clinical practice in affiliated hospitals and clinics. (510907)

**RADT 1391 SPECIAL TOPICS (SEMINAR)**

(3-0) Credit: 3
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 2309, RADT 2303, RADT 2367
(Proficiency Levels: Math 3, Language 3)
This course is designed to allow graduating students an opportunity to explore methods of professional development in their field. Preparation for job interviews, development of resumes will be discussed. In addition, student will be given a series of comprehensive examinations in order to prepare them for the ARRT Registry Examination, Capstone course. (510907)

**RADT 1191 SPECIAL TOPICS (ADVANCED STUDENT REVIEW)**

(2-0) Credit: 1
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 1344, RADT 2309, RADT 2303, RADT 1366
(Proficiency Levels: Math 3, Language 3)
This course will review the advanced student on the following content areas: medical terminology, patient care, ethics and law, concepts in physics and computer terminology and applications. (510907)

**RADT 1291 SPECIAL TOPICS (SEMINAR)**

(2-0) Credit: 2
Prerequisite: Enrollment in the Radiation Therapy Technology Program.
Corequisite: RADT 2267
(Proficiency Level: Math 3, Language 3)
This course will review the advanced student on the following content areas: medical terminology, patient care, ethics and law, concepts in physics and computer terminology and applications. (510907)

**RADT 2267 PRACTICUM III**

(0-16) Credit: 2
Prerequisite: Enrollment in the Radiation Therapy Program
Corequisite: RADT 1291
(Proficiency Levels: Math 3, Language 3)
Practical general training and experiences in the workplace. The college with the employer develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary.

**READING**

**READ 0101 TASP REMEDIATION IN READING**

(0-2) Credit: 1
Prerequisite: Credit in READ 0302 or ENGL 1301.
(Proficiency Level: Math 0, Language 2)
A pre-transfer level college course designed for students who have received credit for READ 0302 or ENGL 1301 but who have failed the reading portion of TASP. The course may be repeated for credit. Students will continue to enroll in the course until they pass the TASP. The instructors will work cooperatively with each student to design an individualized education program which provides practice in areas failed on the TASP. The student will work in assigned areas until she/he achieves 85% accuracy. (3201085235)
READ 0301 READING IMPROVEMENT  
(3-2) Credit: 3  
(Proficiency Levels: Math 0, Language 0)  
A development course designed to increase reading comprehension, vocabulary and study skills. Because this course is tailored to lead into READ 0302, students must pass an appropriate exit exam. (3201085235)

READ 0302 COLLEGE READING  
(3-2) Credit: 3  
(Proficiency Levels: Math 0, Language 0)  
A balanced program designed to provide training in reading comprehension, vocabulary and study skills essential to success in college-level courses. To receive credit students must pass an exit exam. (3201085235)

RESTAURANT AND TOURISM  
RSTO 1313 HOSPITALITY SUPERVISION  
(3-0) Credit: 3  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Levels: Math 1, Language 2)  
Fundamentals recruiting, selection and training of food service and hospitality personnel. Topics include job descriptions, schedules, work improvement, motivation and applicable personnel laws and regulations. Emphasis on leadership development. (4407015142)

RSTO 1317 NUTRITION FOR THE FOOD SERVICE PROFESSIONAL  
(3-0) Credit: 3  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Levels: Math 1, Language 2)  
An introduction to nutrition including nutrients, digestion and metabolism, menu planning, recipe modifications, dietary guidelines and restrictions, diet and disease, and healthy cooking techniques. (4407015142)

RSTO 1325 PURCHASING FOR HOSPITALITY OPERATIONS  
(3-0) Credit: 3  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Levels: Math 1, Language 2)  
Study of purchasing and inventory management of foods and other supplies to include development of purchase specifications, determination of order quantities, formal and informal price comparisons, proper receiving procedures, storage management, and issue procedures. Emphasis on product cost analysis, yields, pricing formulas, controls and record keeping at each state of the purchasing cycle. (4407015142)

RSTO 1381 COOPERATIVE EDUCATION-FOOD AND BEVERAGE OPERATIONS MANAGER  
(1-20) Credit: 3  
Prerequisite: Permission of Coordinator or Dean  
(Proficiency Levels: Math 1, Language 2)  
Career related activities encountered in the student’s area of specialization are offered through a cooperative agreement between the college, employer and student. Under supervision of the college and the employer, the student combines classroom learning with work experience. Directly related to a technical discipline; specific learning objectives guide the student through the paid work experience. This course may be repeated if topics and learning outcomes vary. (407015142)

SOCIAL WORK  
SOCW 2361 SOCIAL WORK I: INTRODUCTION TO SOCIAL WORK  
(3-0) Credit: 3  
Prerequisite: SOCI 1301 and/or PSYC 2301 with a grade of “C-” or better.  
(Proficiency Levels: Math 0, Language 3)  
Development of the philosophy and practice of social work in the United States, survey of the fields and techniques of social work. Competencies of the purpose and function of
professional organizations, current issues confronting the social work profession, and knowledge of populations targeted for social services will be emphasized. (4407015142)

**SOCW 2362  SOCIAL WORK II: SOCIAL WELFARE AS A SOCIAL INSTITUTION**

(3-0) Credit: 3
Prerequisite: SOCW 2361 with a grade of "C" or better.
(Proficiency Levels: Math 0, Language 3)
An introduction to the study of modern social work, the underlying philosophy and ethics of social work, and the major divisions and types of social work together with their methods and objectives. Competencies of the social welfare system, current Social Security Act provisions as well as other relevant social legislation with strategies for influencing legislation and social policy will be emphasized. (4407015242)

**SOCW 2363  SOCIAL WORK FIELD EXPERIENCE: CHEMICAL DEPENDENCY COUNSELING**

(1-4) Credit: 3
Prerequisite: SOCW 2361 with a grade of "C" or better and completion of the Certificate in Chemical Dependency Counseling or consent of instructor.
(Proficiency Levels: Math 0, Language 3)
Classroom lectures and discussion plus 64 hours of supervised observation, volunteer work, and service delivery in selected social service agencies. Competencies of basic analytical abilities, clinical practice skills, agency administration and organization, skills in observing and communicating individual, group, and community relationships and behavior, principles of ethical conduct and confidentiality for the chemical dependency counseling will be emphasized. (4407019142)

**SOCW 2364  SOCIAL WORK FIELD EXPERIENCE: PREVENTION AND INTERVENTION**

(1-4) Credit: 3
Prerequisite: SOCW 2361 with a grade of "C" or better and completion of Certificate in Prevention and Intervention or consent of instructor.
(Proficiency Levels: Math 0, Language 3)
Classroom lectures and discussion plus 64 hours of supervised observation, volunteer work, and service delivery in selected social service agencies. Competencies of basic analytical abilities, clinical practice skills, agency administration and organization, skills in observing and communicating individual, group, and community relationships and behavior, principles of ethical conduct and confidentiality for the prevention and intervention field will be emphasized. (4407019142)

**SOCW 2365  SOCIAL WORK FIELD EXPERIENCE: GERONTOLOGY**

(1-4) Credit: 3
Prerequisite: SOCW 2361 with a grade of "C" or better and completion of Certificate in Gerontology or consent of instructor.
(Proficiency Levels: Math 0, Language 3)
Classroom lectures and discussion plus 64 hours of supervised observation, volunteer work, and service delivery in selected social service agencies. Competencies of basic analytical abilities, clinical practice skills, agency administration and organization, skills in observing and communicating individual, group, and community relationships and behavior, principles of ethical conduct and confidentiality for the gerontology field will be emphasized. (4407019142)

**SOCW 2366  SOCIAL WORK FIELD EXPERIENCE: SOCIAL WORK**

(1-4) Credit: 3
Prerequisite: SOCW 2361 with a grade of "C" or better and completion of Certificate in General Social Work or consent of instructor.
(Proficiency Levels: Math 0, Language 3)
Classroom lectures and discussion plus 64 hours of supervised observation, volunteer work, and service delivery in selected social service agencies. Competencies of basic analytical abilities, clinical practice skills, agency administration and organization, skills in observing and communicating individual, group, and community relationships and behavior, principles of ethical conduct and confidentiality for the general field of social work will be emphasized. (4407019142)
SOCIETY

SOCI 1301 INTRODUCTION TO SOCIOLOGY
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math O, Language 3)
The study of human society, human behavior and personality as a product of group life, human ecology and population, social organizations, socio-cultural change, and current social problems. (4511015142)

SOCI 1306 SOCIAL PROBLEMS
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math O, Language 3)
Identification and analysis of contemporary social problems. A study of the criteria for evaluating problems of social planning and a study of conventional solutions to these problems. (4511015242)

SOCI 2301 MARRIAGE AND FAMILY
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math O, Language 3)
A study of the problems of courtship, mate selection, and marriage adjustments. (4511015442)

SOCI 2331 CURRENT ISSUES IN SOCIOLOGY: INTRODUCTION TO ALCOHOLISM AND DRUG ABUSE
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math O, Language 3)
An in-depth study of specific contemporary topics in sociology such as sociobiology, urban society, gerontology, death and dying, or sex-roles. Specifically the course focuses on chemical dependency and the factors associated with the use of chemicals. Competencies of the models associated with helping the chemically dependent person including the history, definitions, study and treatment methods, patterns and prevalence of this social problem will be emphasized. (4511015742)

SOCI 2332 CURRENT ISSUES IN SOCIOLOGY: INTRODUCTION TO GERONTOLOGY
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math O, Language 3)
An in-depth study of specific contemporary topics in sociology such as sociobiology, urban society, gerontology, death and dying, or sex-roles. Specifically the course focuses on the study of aging and the problems of the elderly. Competencies of the scope, processes, and theories of the adult population including the psychological crisis and milestones of adulthood will be emphasized. (4511015742)

SOCI 2333 CURRENT ISSUES IN SOCIOLOGY: INTERVENTION FOR CHILD AND ADOLESCENT ASSISTANCE SERVICES
(3-0) Credit: 3
Prerequisite: PSYC 2301, SOCI 1301 or SOCI 2331 with a grade of "C" or better or consent of instructor.
(Proficiency Levels: Math I, Language 3)
An in-depth study of specific strategies which include: identification, intervention, referral, aftercare and support for children and youth. Focusing on at-risk factors for children and adolescents that can appear from preschool age through grade twelve. Competencies primarily applicable to middle and high schools, especially those students that have had serious school-related problems (i.e., alcohol or other drug usage) that interferes with a positive learning environment. (4511015742)

SOCI 2336 CRIMINOLOGY
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math O, Language 3)
Current theories and empirical research pertaining to crime and criminal behavior; its causes, methods of prevention, systems of punishment and rehabilitation. (Usually offered concurrently with Crime in America – CRJ 1307. Credit can only be earned for one of these courses. See a counselor for registration information.) (4504015142)
SOCI 2369  ACADEMIC COOPERATIVE IN SOCIOLOGY: GERONTOLOGY
(3-3) Credit: 3
Prerequisite: Completion of the Certificate in Gerontology and consent of instructor.
(Proficiency levels: Math I, Language 3)
An instructional program designed to integrate on-campus study with practical hands-on work experience in sociology. In conjunction with class seminars, the individual student and instructor will set specific goals and objectives in the study of gerontology. Competencies in the functions of working with the aging will be emphasized. (4501015142)

SOCI 2379  ACADEMIC COOPERATIVE IN SOCIOLOGY: PREVENTION AND INTERVENTION
(3-3) Credit: 3
Prerequisite: Completion of the Certificate in Prevention and Intervention and consent of instructor.
(Proficiency levels: Math I, Language 3)
An instructional program designed to integrate on-campus study with practical hands-on work experience in sociology. In conjunction with class seminars, the individual student and instructor will set specific goals and objectives in the study of prevention and intervention. Competencies in the core functions for the prevention and intervention will be emphasized. (4501015142)

SOCI 2389  ACADEMIC COOPERATIVE IN SOCIOLOGY: CHEMICAL DEPENDENCY COUNSELING
(3-3) Credit: 3
Prerequisite: Completion of the Certificate in Chemical Dependency Counseling or its equivalent and Counselor In Training (CIT) status with the Texas Commission on Alcohol and Drug Abuse and consent of instructor.
(Proficiency levels: Math I, Language 3)
An instructional program designed to integrate on-campus study with practical hands-on work experience in sociology. In conjunction with class seminars, the individual student and instructor will set specific goals and objectives in the study of chemical dependency counseling. Competencies in the twelve (12) core functions for the addictions counselor will be emphasized. (4501015142)

SOCI 2399  ACADEMIC COOPERATIVE IN SOCIOLOGY: SOCIAL WORK
(3-3) Credit: 3
Prerequisite: Certificate of completion in General Social Work and consent of instructor.
(Proficiency levels: Math I, Language 3)
An instructional program designed to integrate on-campus study with practical hands-on work experience in sociology. In conjunction with class seminars, the individual student and instructor will set specific goals and objectives in the study of general sociology will be emphasized. (4501015142)

SPANISH
SPAN 1411  BEGINNER'S SPANISH I
(4-0) Credit: 4
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
Fundamentals of grammar, basic vocabulary, pronunciation, conversation, reading of elementary texts, emphasis on development of audiolingual skills. (169055131)

SPAN 1412  BEGINNER'S SPANISH II
(4-0) Credit: 4
Prerequisite: SPAN 1411.
(Proficiency Levels: Math 0, Language 3)
A continuation of more advanced grammar; continued emphasis on the spoken language; acquisition of vocabulary and idioms; reading of short stories in Spanish; composition. (169055131)

SPAN 2311  INTERMEDIATE SPANISH I
(3-0) Credit: 3
Prerequisite: SPAN 1412.
(Proficiency Levels: Math 0, Language 3)
Intensive review of grammar, reading of short stories and plays in Spanish; composition and oral reports based on a variety of topics. (169055231)
SPAN 2312  INTERMEDIATE SPANISH II
(3-0) Credit: 3
Prerequisite: SPAN 231I.
(Proficiency Levels: Math 0, Language 3)
Continuation of reading in Hispanic culture and civilization; completion of grammar review; composition and conversation.

SPEECH
+SPCH 1311  INTRODUCTION TO SPEECH COMMUNICATION
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A broad-based introduction to the field of speech communication studies. The course explores basic speech principles, theories and practices in interpersonal, small group and public speaking contexts.

+SPCH 1315  BEGINNING PUBLIC SPEAKING
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
This is an introductory course that focuses on the researching, composing, organizing, delivery and analysis of public speeches. Informative and persuasive speaking is emphasized.

+SPCH 1318  INTERPERSONAL COMMUNICATION
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
An introductory course focusing on face-to-face communication and relational development. The principles of self-concept, perception, self-disclosure, language, verbal and non-verbal communication, listening and conflict management are practically applied in this course.

+SPCH 1321  BUSINESS AND PROFESSIONAL SPEAKING
(3-0) Credit: 3
Prerequisite: None.
(Proficiency Levels: Math 0, Language 3)
A course designed to prepare students for the workforce by exposing them to the fundamentals of speech as used in communication situations such as group processes, interviews and public speaking.

+SPCH 2333  SMALL GROUP COMMUNICATION
(3-0) Credit: 3
Prerequisite: SPCH 1311, SPCH 1315 or SPCH 1321.
(Proficiency Levels: Math 0, Language 3)
This course is an introduction to group process and interaction. The course focuses on the principles of group dynamics, problem-solving, role-playing, group productivity, cohesion, norms, decision-making and leadership. Active participation in small groups will take place.

VOCATIONAL NURSING
VNSG 1115  DISEASE CONTROL AND PREVENTION
(1-0) Credit: 1
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st and 2nd semester courses.
Consequences: VNSG 1230, VNSG 1529, VNSG 1151, VNSG 2360
(Proficiency Levels: Math 1, Language 3)
Study of the general principles of prevention of illness and disease, basic microbiology and the maintenance of aseptic conditions.
COURSE DESCRIPTIONS

VNSG 1160 CLINICAL-PRACTICAL NURSING (MENTAL HEALTH) (0-3) CREDIT: 1
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st semester courses.
Corequisites: VNSG 1161, VNSG 1429, VNSG 1261, VNSG 1236, VNSG 1234, VNSG 1420
(Proficiency Levels: Math 1, Language 3)
A method of instruction providing detailed education, training and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary.

VNSG 1161 CLINICAL-PRACTICAL NURSING (PEDI) (0-4) Credit: 1
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st semester courses.
Corequisites: VNSG 1160, VNSG 1429, VNSG 1261, VNSG 1236, VNSG 1234, VNSG 1420
(Proficiency Levels: Math 1, Language 3)
A method of instruction providing detailed education, training and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary.

VNSG 1162 CLINICAL-PRACTICAL NURSING (MATERNAL-NEONATAL NURSING) (0-5) Credit: 1
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st and 2nd semester courses.
Corequisites: VNSG 1165, VNSG 1230, VNSG 1432, VNSG 2461
(Proficiency Levels: Math 1, Language 3)
A method of instruction providing detailed education, training and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary.

VNSG 1216 NUTRITION (2-0) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program.
Corequisites: VNSG 1222, VNSG 1231, VNSG 1423, VNSG 1260
(Proficiency Level: Math 1, Language 3)
Introduction to nutrients and their role in proper growth and development and the maintenance of health.

VNSG 1222 VOCATIONAL NURSING CONCEPTS (2-0) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program.
Corequisites: VNSG 1216, VNSG 1231, VNSG 1423, VNSG 1260
(Proficiency Level: Math 1, Language 3)
Introduction to the nursing profession and its responsibilities and the legal and ethical issues in nursing practice. Concepts related to the physical, emotional, and psychosocial self-care of the learner/professional.

VNSG 1227 ESSENTIALS OF MEDICATION ADMINISTRATION (0-2) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program.
Corequisites: VNSG 1222, VNSG 1231, VNSG 1423, VNSG 1260
(Proficiency Level: Math 1, Language 3)
General principles of medication administration including determination of dosage, preparation, safe administration, and documentation of multiple forms of drugs. Instruction includes various systems of measurement.
VNSG 1230  MATERNAL-NEONATAL NURSING  
(2-1) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st and 2nd semester courses.
Corequisites: VNSG 1115, VNSG 1432, VNSG 1162, VNSG 2461
(Proficiency Levels: Math 1, Language 3)
Utilization of the nursing process in the assessment and management of the childbearing family. Emphasis on the bio-psycho-socio-cultural needs of the family during the phases of pregnancy, childbirth, and the neonatal period including abnormal conditions.

VNSG 1231  PHARMACOLOGY  
(2-0) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program.
Corequisites: VNSG 1222, VNSG 1231, VNSG 1227, VNSG 1423, VNSG 1260
(Proficiency Levels: Math 1, Language 3)
Fundamentals of medications and their diagnostic, therapeutic, and curative effects. Includes nursing interventions utilizing the nursing process.

VNSG 1234  PEDIATRICS  
(2-1) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st semester courses.
Corequisites: VNSG 1161, VNSG 1429, VNSG 1261, VNSG 1160, VNSG 1236, VNSG 1420
(Proficiency Levels: Math 1, Language 3)
Study of childhood diseases and childcare from infancy through adolescence. Focus on the care of the well and the ill child utilizing the nursing process.

VNSG 1236  MENTAL HEALTH  
(1-1) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st semester courses.
Corequisites: VNSG 1161, VNSG 1429, VNSG 1261, VNSG 1160, VNSG 1234, VNSG 1420
(Proficiency Levels: Math 1, Language 3)
Introduction to the principles and theories of positive mental health and human behaviors. Topics include emotional responses, coping mechanisms, and therapeutic communication skills.

VNSG 1260  CLINICAL-PRACTICAL NURSING (BASIC NURSING SKILLS)  
(0-6) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program.
(Proficiency Levels: Math 1, Language 3)
Corequisites: VNSG 1222, VNSG 1231, VNSG 1227, VNSG 1216, VNSG 1423
A method of instruction providing detailed education, training and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary.

VNSG 1261  CLINICAL-PRACTICAL NURSING  
(0-3) Credit: 2
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st semester courses.
Corequisites: VNSG 1160, VNSG 1429, VNSG 1161, VNSG 1236, VNSG 1234, VNSG 1420
(Proficiency Levels: Math 1, Language 3)
A method of instruction providing detailed education, training and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary.

VNSG 1420  ANATOMY AND PHYSIOLOGY FOR ALLIED HEALTH  
(3-2) Credit: 4
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st semester courses.
Corequisites: VNSG 1162, VNSG 1261, VNSG 1234, VNSG 1160, VNSG 1236, VNSG 1429
(Proficiency Levels: Math 2, Language 3)
Introduces to the normal structure and function of the body including an understanding of the relationship of body systems in maintaining homeostasis.

**VNSG 1423 BASIC NURSING SKILLS**

(4-4) Credit: 4
Prerequisites: Enrollment in the Vocational Nursing Program.
Corequisites: VNSG 1222, VNSG 1231, VNSG 1227, VNSG 1260, VNSG 126
(Proficiency Levels: Math 1, Language 3)
Mastery of entry level nursing skills and competencies for a variety of health care settings. Utilization of the nursing process as the foundation for all nursing interventions.

**VNSG 1429 MEDICAL SURGICAL NURSING I**

(3-2) Credit: 4
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st semester courses.
Corequisites: VNSG 1161, VNSG 1261, VNSG 1234, VNSG 1160, VNSG 1236, VNSG 1420
(Proficiency Levels: Math 1, Language 3)
Application of the nursing process to the care of adult patients experiencing medical-surgical conditions in the health-illness continuum. A variety of health care settings are utilized.

**VNSG 1432 MEDICAL SURGICAL NURSING II**

(4-1) Credit: 4
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st and 2nd semester courses.
Corequisites: VNSG 1115, VNSG 1230, VNSG 1432, VNSG 1162
(Proficiency Levels: Math 1, Language 3)
Continuation of Medical-Surgical Nursing I with application of the nursing process to the care of adult patients experiencing medical-surgical conditions in health-illness continuum. Includes a variety of health care settings.

**VNSG 2461 CLINICAL – PRACTICAL NURSING (MEDICAL-SURGICAL NURSING II) (0-12) CREDIT: 4**
Prerequisites: Enrollment in the Vocational Nursing Program and the successful completion of 1st and 2nd semester courses.
Corequisites: VNSG 1115, VNSG 1230, VNSG 1432, VNSG 1162
(Proficiency Levels: Math 1, Language 3)
A method of instruction providing detailed education, training and work-based experience, and direct patient/client care, generally at a clinical site. Specific detailed learning objectives are developed for each course by the faculty. On-site clinical instruction, supervision, evaluation, and placement is the responsibility of the college faculty. Clinical experiences are unpaid external learning experiences. Course may be repeated if topics and learning outcomes vary.

KATHY STEPHENSON, Secretary, Galveston College
Small Business Development Center
PATRICIA TATE, Secretary, Division of General Studies
ROBERT TAYLOR, Media Specialist
A.E.S., Galveston College
MITCH THOMAS, Maintenance/Custodian
Add: To enroll in additional course(s) after regular registration.

Admission: Formal application and acceptance as a student.

Academic advisor: A member of the College staff who assists students in planning appropriate academic programs.

Audit: On a space available basis, permission to audit a course may only be granted by the Vice President of Instruction and the Vice President for Student Development Services/Enrollment Management. Such permission allows the audit student to listen and observe, but not complete assignments, or enter into class discussions. Courses that include laboratory work may not be audited.

A student may not change from audit to credit status after the census date. Full tuition and fees will be charged and these students will receive a grade of Audit. No college credit is granted.

Campus class schedule: A booklet which is published prior to each semester listing all classes, sections, dates, times, instructors' names and meeting places and which is used by students to prepare their personal class schedules each semester.

Concurrent college enrollment: Enrollment by a student in more than one college during a semester. A student who wishes to enroll concurrently at Galveston College must notify the Admissions Office and Business Office at the time of registration to participate in tuition reduction. Proof of concurrent enrollment must be verified by paid tuition receipt. The total semester hours for which the student is enrolled at both colleges may not exceed those for a full-time student as defined by Galveston College.

Core Courses: Those courses common to each of the associate degrees.

Course load: The number of hours or courses in which a student is enrolled in any given semester.

Credit: A unit measure assigned to each course. See credit hours.

Credit hours: This is normally equal to the number of hours a course meets per week. For example, a three credit hour lecture course will meet three hours per week. Courses involving laboratory time typically meet additional hours. Credit hours are sometimes referred to as semester hours.

Credit/Non-credit: Credit classes are those which award academic credit and apply toward a degree. Non-credit classes do neither and are usually offered through Community Education.

Drop: The act of officially withdrawing from a particular course.

Dual Credit: Simultaneous high school and college credit for pre-approved courses.

Early Admissions: Enrollment by a high school student in Galveston College while still enrolled in high school.

Elective: A course chosen by the student that may or may not meet student's degree requirements.

Fee: A charge which the College requires for services or equipment beyond tuition charges.

Full-time student: A student who is enrolled in at least 12 credit hours during a semester or for 6 credit hours during a summer session.

General Education Courses: Each degree plan for the associate degree includes 15 credit hours of general education courses with at least one course taken from each of the following areas: humanities/arts, behavioral/social sciences, and natural science/mathematics. In addition, evidence of computer literacy must be satisfied by completion of COSC 1101 or a higher level of computer science.

GPA: Grade Point Average.

Grade points: See Catalog section entitled Grading System.

Grades: See Catalog section entitled Grading System.

Lab hours: The number of hours a student spends each week in a laboratory or other learning environment.

Lecture hours: The number of hours a student spends each week in a classroom other than a laboratory.

Major: The subject or field of study in which the student plans to specialize. For example, one "majors" in business, microcomputer applications, etc.

Overlay: On a space available basis, permission to enroll for an approved overlay course may be granted by the instructor or dean. Such permission allows the student to participate in the class but without college credit. Enrollment is through the Community Educa-
tion division and fees are set by that division. Community education credits/certificates may be awarded.

**Part-time student:** A student who is enrolled for less than 12 credit hours during a semester or less than 6 credit hours in a summer session.

**Performance grade:** A grade of A, B, C, D, or F.

**Prerequisite:** A requirement which must be met BEFORE enrolling for a specific course. For example, the prerequisite for English 1302 is 1301.

**Registration:** The official process for enrolling in courses which includes selection of times as well as payment of fees and tuition.

**Semester:** A term denoting the length of time a student is enrolled in a specific course. For example, there are two long semesters (fall and spring) which last approximately 16 weeks. There are usually summer sessions or “semesters” which vary in length.

**Technical/Occupational courses:** Courses which lead to a certificate or two-year degree in a technical or occupational program. These courses are designed to aid the student in developing entry-level skills to be utilized in the job market.

**Transcript:** An official copy of a student's academic record which can be obtained through the Admissions Office. An official transcript must have the seal of the College affixed and the signature of the registrar.

**Transfer courses:** Transfer courses are those that are designed to transfer to other colleges and universities. Students need to consult with an advisor or counselor about the transferability of specific courses. There is no guarantee, however, that a course which “transfers” will apply toward a specific major or degree at a four-year college or university.

Transfer courses are identified by a four digit course number of 1000 or above. Developmental courses do not transfer and are identified with a four digit course number beginning with a 0. Example: Transfer course = ENGL 1301; Non-transfer course = MATH 0303.

**Withdrawal:** The act of officially dropping all courses for which a student is enrolled in a given semester or session.
