2021
Eligibility & Participation Guidelines

Over the last 19 years, the Universal Access Community Endowment Scholarship has supported almost 1,900 students. These students were not eligible for federal or state funding—oftentimes because their income exceeded eligibility limits, yet they still needed financial assistance to complete their studies and graduate. Thanks to consistent generosity from the Galveston community, area foundations, and businesses, the Galveston College Foundation been able to raise significant sums for the Universal Access Community Endowment and individual scholarships.

NEW FOR 2021

Beginning in Spring 2021, eligible UA students will receive Non-Tuition Educational Expenses Fund (UA+) awards of $35.00 per semester hour with a lifetime limit of $2,100.

UA+ aids students with the purchase of books, related program equipment and tools including internet access codes, etc. Students must initiate the UA+ award voucher process through the Financial Aid Office and comply with the requirements as stated in the application.

Beginning in Fall 2021, eligible Universal Access Community Endowment Scholarship recipients (UA) will receive an average of $91.27 per semester credit hour to cover tuition and fees. The lifetime limit is $5,476. Unused funds in any given semester or over the lifetime of the available award will be returned to the Galveston College Foundation.

The Galveston College Foundation Board of Directors approved the increase for UA eligible students on November 05, 2020.

ACADEMIC REQUIREMENTS FOR RECEIVING FINANCIAL AID (SATISFACTORY ACADEMIC PROGRESS)

The Higher Education Act of 1965, as amended, mandates institutions of higher education to establish a standard of satisfactory academic progress for students who receive financial aid. This standard must apply to the student's entire academic history, whether Title IV financial aid was received or not. In order to remain eligible to receive aid students must meet the standard specified for acceptable academic performance and for satisfactory progress toward completion of their eligible program of study. This standard should not be confused with Probation or Good Standing as defined by academic regulations, nor is satisfactory progress affected by "academic fresh start".

Universal Access Community Endowment Scholarship recipients are subject to the Galveston College Financial Aid Standards of Academic Progress including the process of appeals related to financial aid probation and suspension. The Satisfactory Academic Progress Team will review all Universal Access Community Endowment Scholarship probation and suspension decisions each semester to confirm compliance with the guidelines. Galveston College’s definition of satisfactory academic progress for receiving financial aid includes the following components, with some exclusions:

I. Academic Standard Component
Galveston College uses the 4.0 grade point average (GPA) system and numerical code:

4.0 = A  
3.0 = B  
2.0 = C  
1.0 = D

Students are expected to maintain an overall cumulative GPA of 2.0 for all hours attempted at Galveston College.

II. Maximum Time Frame Component
Complete a degree program (certificate, associates, or bachelors) in a maximum time frame of no more than
150% of the average length of the program. The maximum number of attempted hours for the bachelors program is 180 hours. The maximum number of attempted hours for an associates program varies depending on the length of the program (90-98 hours). The maximum number of attempted hours for a certificate program varies depending on the length of the program (24-68 hours).

III. **Rate of Completion**
Students must successfully complete at least 75% of their overall cumulative hours attempted (incremental progress). Rate of completion is measured by dividing the cumulative number of hours successfully completed by the cumulative number of hours attempted.

IV. **Change of Major**
A student may change from one major to another during attendance at Galveston College. Students who change from one major to another are still expected to maintain satisfactory academic progress and complete the coursework within the time frame or hour limitation stated unless an appeal is approved. All attempted hours from a prior major(s) are included in the total maximum attempted hours.

Review Procedures:

I. **Academic Standards and Incremental Progress**

The Financial Aid Office staff will determine each semester whether the student has successfully completed at least the minimum expected percentage of hours with the required GPA and shows progress toward the educational objective for all completed semesters. The Universal Access Community Endowment Scholarship is designed to encourage students to complete their education in an efficient manner, ensuring maximum utilization of the scholarship investment. The following will be considered as semester hours successfully completed:

- “A” through “D” grades; “CR,” “CRA,” “CRB,” and “CRC” credit
The following shall be considered as semester hours not completed:

“F” Grade  “I” Incomplete
“IP” In Progress  “W” Withdrawal
“WX” Progress  “AUDIT” No Credit
“AWN” Administrative Withdrawal-No Credit
“NC”, “NCD”, “NCF” No Credit
“NR” Not Reported

II. **Repeat Courses**
For repeated courses, only the latest grade earned is included in cumulative grade point averages, but both courses will remain as a part of the aggregate hours attempted. Universal Access Community Endowment Scholarship will not be available for courses taken by audit or credit hours earned by placement tests.

III. **Time Frame**
At the end of each semester, the Financial Aid Office staff will determine the aggregate number of hours the student has attempted. The student must not exceed 150% of the required program hours to graduate from any one degree program. Once a student has attempted 90 hours, he/she is ineligible to receive consideration for Universal Access Community Endowment Scholarship after that semester unless enrolled in a baccalaureate program at Galveston College. The student may appeal to have the Universal Access Community Endowment Scholarship reinstated by providing supporting documentation.

IV. **Developmental Classes**
After a student accumulates a total of 18 (non-credit) semester hours of developmental coursework, developmental coursework may no longer be used to establish eligibility for the Universal Access Community Endowment Scholarship. No exceptions will be made.
UNIVERSAL ACCESS
COMMUNITY ENDOWMENT SCHOLARSHIP
WARNING/PROBATION/SUSPENSION

Following the first semester in which the standards of academic progress are not met, the student will be placed on a Warning status. A student who fails to meet the Galveston College Financial Aid Standards of Academic Progress during the semester of attendance while on a Warning status will be placed on suspension and denied further funding. Students who are suspended may become eligible again by bringing themselves into compliance with the requirements at their own expense.

Appeal Process
The Universal Access Community Endowment Scholarship makes use of limited private dollars to ensure that all have access to higher education regardless of ability to pay. The recipient is charged with adhering to the rules and restrictions of the Community Endowment. If students lose their Universal Access Community Endowment Scholarship because of failure to meet the requirements stated above, they may appeal their status to Satisfactory Academic Progress Team.

Information about the Satisfactory Academic Progress Team and the appeal process is available on the Galveston College Financial Aid website at https://gc.edu/financial-aid/academic-requirements

The Galveston College Foundation Board of Directors approved these guidelines on November 5, 2020 and reserves the right to change them.
